Major Discipline Reporting

January 1, 2024- December 31, 2024

AG Directive 2021-6 required all New Jersey law enforcement agencies to submit to the Attorney General their first “Major Discipline Reporting Form,” which covered discipline imposed between January 1, 2024 and December 31, 2024. “Major discipline” is defined as terminations, reductions in rank, or suspension of more than five days. Reporting is also required for sustained findings in categories listed in AG Directive 2021-6 (e.g., excessive force).

A few notes on the submissions:

In 2021, the Attorney General’s Office updated the submission form for Major Discipline to include specification of the specific “sustained charge” for each officer. A number of agencies did not use this updated form, instead using the form from previous years. This appears on individual submissions as “2020 Form used.”

Agencies report officers serving Major Discipline only once the discipline is final. The road to a determination of final discipline may include many appeals. **Thus, officers suspended in 2024 for whom the discipline determination is not final will not appear on this form.**

Submissions appear as provided or corrected by the agency. There are no corrections to grammar or inconsistent or duplicate information.

Agencies are required to report Major Discipline for the prior year by January 31st of the following year. Below is a listing of the submissions for 2024 Major Discipline, as reported by July 1, 2025. This document will be updated as submissions are received. Refer to the left-side footer of this document for the date of update.

of Days Suspended: 6

Sustained Charge: Other Departmental Rule Violation

Description: On Wednesday, April 03, 2024, Sgt. Costagliola was notified of IA-24-04. Sgt. Costagliola has been accused of repeated acts of harassment, gender discrimination, slander and retaliation against XXXX, in violation on NJLAD, CEPA, Departmental Rules and Regulations, and Borough Employment Policies and Practices.

Based upon the interviews conducted the record reflects that Sgt. Costagliola on several separate occasions, by his actions and/or words has acted in a manner to intended to harass XXXX specially by utilizing the internal affairs process and his position as a supervisor to intimidate her because of his personal beliefs. Sgt. Costagliola filed an internal affairs complaint in regard to the Use of Force policy based on his personal beliefs/biases rather than the facts and circumstances of the events in reference to the use of a conductive energy device. Furthermore, he conducted an unauthorized internal affairs investigation in January 2024 with the purpose of seeking violations and inaccuracies of XXXX'swritten reports and body wore camera footage while dismissing other officers' actions. These such actions undermine the ability for XXXX to effectively and efficiently carry out her duties as police officer with the Harrington Park Police Department. Being that the Harrington Park Police Department is a small department and therefore it requires harmony and cooperation of its members.

There is support in the record to sustain charges against Sgt. Costagliola for the violation of the Harrington Park Police Department's Rules and Regulations (2) 3.2.6 Conduct unbecoming, (4) 3.3.10 Conduct towards superior and subordinate officers, (3) 3.3.27 harassment based upon his recent and ongoing harassment of XXXX. However, it cannot be definitively determined at this time, and is beyond on the scope of this investigation, to conclude whether such conduct is gender based. Sgt. Costagliola was suspended for six days.

However, utilizing the in-car GPS tracking record, it was determined that he was not on a traffic detail but traveling on Rt. 17 north and south to reach his required mileage for his shift. Additionally, the GPS record showed that during his twelve-hour shift, Ptl. Rodigo only patrolled 30 streets, the equivalent of 30% of the borough streets. Lastly, the investigation uncovered that Rodrigo attempted to have the dispatcher, who was working with him on the incident in question, alter her version of the event to indicate that she made an error with her entry into the CAD system.

Based on these findings Rodrigo received a forty-five-day suspension which resulted in him receiving: four unpaid days off, 15 days of banked time owed lost, and 156 hours of "Kelly time" for 2025 & 2026 surrendered.

She also complained about Sergeant Olson clandestinely recording her with his cell phone without her knowledge or consent. Another Record Support Technician is a co-complainant in this matter. The record also reflects that after being confronted by the Record Support Technicians, Sgt. Olson withdrew from his post and spent the rest of his shift in a car outside BCI, ignoring a call from his supervising Lieutenant. Sgt. Olson was also found to have questioned a witness involved in the internal affairs investigation.

The Internal Affairs investigation sustained the allegation that Sergeant Michael Olson did clandestinely record the Records Support Technicians with his cell phone without their knowledge or consent. S/O Tran admitted to referring to single mothers as "used cars" and being "devalued" in the eyes of future partners. He admitted to saying that "modern day women" have become the men who they want in their lives not the women their supposed to be. He explained during the interview that he was simply giving his opinions on how he felt women should raise their children to be successful and although he denied directing the statement towards the female officer, he was aware that she was a single mother and agreed that someone in her position would find the statements offensive.

The Internal Affairs investigation sustained the allegation that S/O Tran made disparaging and discriminatory comments about single mothers, as well as Transgender individuals.

Sustained Charge: Violation of dating policy and knowledge of laws and regulations

Description: Darren McConnell was Chief of Police in Red Bank between December 2013 and February 2024. During that time, Chief McConnell became involved in and maintained a dating relationship with a subordinate law enforcement officer in the borough. Sometime in the early to mid-part of 2023, Red Bank PBA Local #39 members became increasingly concerned about there being preferential treatment given to specific officers, one in particular being the subordinate officer who was in the dating relationship with Chief McConnell. The PBA's concerns were ultimately brought to the attention of the New Jersey Attorney General's Office. As a result of their investigation, the New Jersey Attorney General's Office found that Chief McConnell failed to report his relationship with the female subordinate officer to the Borough as required by local rules. Also uncovered were internal affair investigations that were improperly managed by Chief McConnell, where he specifically delayed or held the closing of certain investigations longer than the 45-days that is allowed by policy. By delaying these investigations in such a manner, the subordinate law enforcement officer in question benefited from this because she could no longer be disciplined due to there being a violation of the 45-day rule. Due to McConnell's failure to notify the Borough of Red Bank about his dating relationship with a subordinate officer, failure to learn and apply the 45-day rule consistent with N.J.S.A. 40A:14-118 and the New Jersey Internal Affairs Policies and Procedures, McConnell agreed to a penalty of forfeiture of four months of accrued time from his sick and vacation leave bank.

Correctional Police Sergeant Jennifer Akturk

Terminated: No

Demoted: No

Other Sanction: NA

Resigned, retired, transferred, or separated while case was pending: No

of Days Suspended: 30

Sustained Charge: N.J.A.C. 4A: 2-2.3(a) 6. Conduct unbecoming an employee E1: Violation of a rule, regulation, policy, procedure, order or administrative decision.

Description: The Sergeant was disciplined for her involvement in supervision of the escort of an inmate at Garden State Correctional Facility and an allegation of inappropriate force being used during the initial stages of the escort of the inmate. An investigation and review determined that that the escorting officers did not exhaust all other reasonable means before resorting to force, specifically, when they immediately applied wrist locks and pain compliance on the inmate. There were no de-escalation techniques, clear instructions, or warnings used to gain voluntary compliance before the use of physical force and the inmate was not given a reasonable opportunity to comply during the initial stages of the escort. The officers continued to use pain compliance throughout the escort without reassessing or determining if the compliance technique was achieving an appropriate level of control. Sgt. Akturk failed to properly supervise the escort of the inmate resulting in NJDOC procedural and UOF policy violations. Sgt. Akturk observed the officers applying force that was inconsistent with NJDOC policy and took no action to interrupt the flow of events or stop the improper use of force. She failed to intervene physically or verbally when the level of force used was not proportional to the level of resistance. When Sgt. Akturk ordered the officers to take the inmate to the ground for attempting to kick at the escorting team, she did not transfer the escort to a suited response team or use a video camera for further documentation. She also did not remove the officers involved in the initial stages of the incident from the escort. She allowed the officers to continue the escort using pain compliance techniques without seeking an appropriate alternative such as a suited response team. Her failure to separate herself and the officers from the inmate resulted in a further physical altercation when placing the inmate on another unit, which possibly could have been avoided by the use of a suited response team.
