

JOE MARTUCCI'S SUMMER WEEKEND REPORT CARD

Press meteorologist Joe Martucci calculates the summer's weather, giving each weekend, Friday to Sunday (with the addition of Monday if there's a holiday), a shore report card grade. Joe's grade is based on weather conditions that make it the most pleasant to spend a day at the beach and a night strolling around town. Rain-free weather, with warm, dry air, plenty of clear sky and a gentle breeze earn the top grades. Joe will update the report card each week, with a recap video after Labor Day.

Summer 2021 GPA: 3.0 B
