Dr. Ethan Zhang, D.M.D. and Dr. Ira Mendelson, DDS, stand in front of Mainland Dental Associates in Pleasantville.

**F**or the second consecutive year, Mainland Dental in Pleasantville has won first place in the Best of The Press Medical: Dental category. The reason, according to the office staff, is that they have the best, most loyal patients in the world and they credited those patients with continually honoring them with the Best of The Press award.

Mainland Dental is a full-service, family-oriented dental facility that has served the community, and grown with the community, for more than 35 years, including some employees who have been with them for more than 30 years. The practice, located in the old Pleasantville post office building, has two full-time dentists, four dental hygienists and a board-certified orthodontist, providing dental care to patients of all ages, from children to seniors in the Egg Harbor Township, Northfield, Pleasantville and Ventnor area.
