Increases property tax imposed on other properties as a result of fiscal disparities contribution*:	\$0	\$0	\$0	\$0
* The fiscal disparity property tax law provides that the growth in commercial-industrial property tax values is shared throughout the area. In a tax increment financing district, this value sharing can either result in a tax increase for other properties in the municipality or result in a decrease in tax increment financing district revenue depending on how the tax increment financing district is established. For taxes payable in 2025, these districts result in no change in taxes on other properties. Additional information regarding each district may be obtained from: Tom Kelly, 1281 Hammond Road, White Bear Township, MN 55110 or at 651-747-2760. <i>Published one time in the White Bear Press on July 29, 2026.</i>
