

PUBLIC NOTICE

BROWN'S CREEK WATERSHED DISTRICT

NOTICE OF PUBLIC HEARINGS

PLEASE TAKE NOTICE that on Wednesday, December 13, 2017, at 6:30 p.m., the Brown's Creek Watershed District Board of Managers will hold two public hearings to receive comments on the District's proposed rule changes and minor amendment to the ten-year Watershed Management Plan.

Public comment will be taken to help BCWD ensure that the proposed rules are fully protective of water resources without creating excessive administrative costs or placing an undue burden on those subject to them. Comments on specific provisions in the proposed rules and how they may apply in practice are most useful. Similarly, criticisms are most valuable when accompanied by a suggested alternative regulatory approach.

Public comment will also be taken on the proposed minor plan amendment, which addressed inclusion of the Brown's Creek Conservation Area Management Plan implementation, inclusion of a partnership with the City of Stillwater to address an existing drainage issue, removal of the septic replacement cost-share program, and removal of four specific projects that have been determined to be infeasible along Brown's Creek.

The public hearings will be held at the Family Means, 1875 Northwestern Ave, Stillwater, Minnesota.

Anne Maule Miller, Secretary, Browns Creek Watershed District
