

BROWN'S CREEK WATERSHED DISTRICT

NOTICE OF PUBLIC HEARING

PLEASE TAKE NOTICE that on Wednesday, January 14, 2015, at 6:30 p.m., the Brown's Creek Watershed District Board of Managers will hold a public hearing to receive comments on the District's proposed Long Lake Neighborhood Raingarden Projects.

BCWD has identified areas on the east side of Long Lake in Stillwater that directly contributes stormwater to Long Lake, a lake impaired by excess nutrients. By working with residential landowners in the neighborhood, BCWD will install 8 street side raingardens to remove sediment and nutrients. These projects are proposed to begin in 2015.

The estimated total cost for the projects is \$80,000. The projects will be funded through a county-wide ad valorem levy as authorized by Minnesota Statutes chapter 103B in the amount of \$23,000, and state Clean Water Land and Legacy grant funds in the amount of \$57,000.

The public hearing will be held at the Family Means, 1875 Northwestern Ave S, Stillwater, Minnesota.

Gerald Johnson, Secretary, Browns Creek Watershed District
