

Creating a stronger and

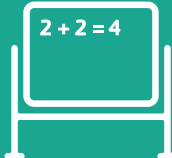

healthier Quad Cities

Since 1868, the YMCA of the Iowa Mississippi Valley has helped lead the Quad Cities to healthy bodies, minds, and spirits.

Our Y provides a wide variety of different programs to participate in, the latest in fitness technology, and a staff that truly believes in our mission. Our youth sports program continues to introduce Quad Cities kids to the world of athletics while our Early Learning Center continues to prepare them for the world ahead, because we believe building strong communities starts with building strong families.

OUR IMPACT BY THE NUMBERS

 4,693 Participants who overcame fears, gained lifelong friends, and learned new skills at camp, 33% of which were on scholarship.	 96% Participants in our Preschool program who tested as "Ready for Kindergarten," getting a true head start on their education	 70% 75% 90% Participants in the YMCA Outreach program who have attendance, improved grades, and graduated/gotten their GED.	 3,353 Participants learned life-saving skills in the water from YMCA swim lessons.
 3,797 Participants who learned the values of team work and effort in our Youth Sports program.	 108 Kids received care of the highest standard at our Early Learning Centers, many on financial assistance.	 604 Elementary school students who had a safe place to go before and after school thanks to the Y.	 \$1.21 million Amount provided in assistance to ensure cost is not a barrier to any of our high-quality programs
