HANDCRAFTED SCULPTURE

Festival Exclusive

7.5" Tall Sculpture, \$35

In Celebration of 40 years of Festival of Trees, Isabel Bloom has designed this stately Christmas Tree, standing 7.5" tall, including the hand painted silver star on top. This unique sculpture is cast in green concrete with white accents exclusively for the festival, and adorned with silver glitter, reminiscent of the silver tinsel that once used by many to add shimmer to their own trees.
