

Rudy's Tacos Impact Letter. Nov. 9th

Sales reduced 50% or greater.

Reduced sales impacts everything.

Hourly employee hours cut. Now employees are looking elsewhere for a job. Don't know if we can sustain a workforce.

Paid for a liquor license we can't use.

Food cost margin has decreased because of paper cost because of carry-out only.

Expenses such as, insurance, gas and electric, property taxes, telephone, internet, rent, have risen.

Covid has impacted us in such a degree that this business will not survive without indoor dining or 25% - 50% seating. This business has been in Moline 39 years, and now might have to close due to parameters placed on us and not other businesses. Rudy's Tacos have followed all of the governor's rules. We have not experienced any virus incidents, employees or customers due to our strict enforcement of rules and sanitation.
