As part of an out of court settlement we would like to publicly apologize to Mr. Keith Meyer, 1012 Marquette, who was provided service that did not meet the standard of excellence and compassion Davenport employees hold each other to. The Davenport Police Department will undertake training in an effort to ensure that all residents and visitors are provided the service demanded of those in positions of public trust. The Davenport City Attorney's Office would also like to commend Mr. Meyer for the professional manner he has undertaken to resolve this issue.
