City of Moline,

These past eight months have months have been very difficult. With dining inside limited to 50% tables, it was difficult to keep business in operation. Outside dining does help, but the impact of Covid-19 is beyond belief.

Now that the state of Illinois has decided to have no indoor dining and with the start of colder weather, outside seating will be very difficult. This only leaves us with curbside To Go program.

The impact on restaurants is devastating with 80% of employees working from home, no group gatherings, and no business from TaxSlayer and now back to no indoor seating. This is cutting 80-85% revenue.

River House Bar & Grill would appreciate any help that is currently available.

Thank you for your consideration.

Sincerely,
