CROWDS SUNDAY AT McLELLAN PARK

Great preparations are being made by the Mclellan park company for the opening of their new addition to Camp Mclellan on the new day...

A great deal of competition is developing among burrs and large numbers of them are flying about the property...

The representatives of the company were highly gratified over the results of the showing in this regard...

A large ornamental pillar consisting of two cylindrical pillars set back and two smaller ones have been placed at the main entrance to the property...

There was an anniversary party yesterday night at three o'clock on the Jersey ridge road...

For Miss Theresa Burnett. Mrs. Edward Muller of 1121 High street gave a little supper party at her home Monday evening in honor of her sister, Miss Theresa Burnett.

IN THE SOCIAL WORLD

WHAT INDUSTRIAL RELIEF IS DOING

Do you know that the day workers for babies from one year old to school age—over 1,000,000—do not take whole milk but are fed on a mixture of milk and sugar?

Do you know that the children of the tenements in the city are suffering from lack of food and clothing?

Do you know that the children of the tenements in the city are suffering from lack of food and clothing?

Do you know that the children of the tenements in the city are suffering from lack of food and clothing?

STUDY THIS PLAT

Let your eye run over that long stretch of more than half a mile of lots on Middle Road. A macadamized street running from Jersey Ridge Road out to the city limits. Don't fail to take in the facts that the west end of this street is platted as McClellan Boulevard, 80 feet wide, which is to connect with the city's extension of Kirkwood Boulevard, and then consider that there are fine, large lots here, with splendid trees and splendid view, at from \$500 to \$600 on our easy payment plan. Lots that will be worth \$2,000 each as soon as the Boulevard is put in. Up the Middle road the street cars will soon go, the stub being already in at Jersey Ridge and Fulton Avenue. Here at the east end are lots at \$300 and \$350, just a short walk down Forest Park Avenue to Eddy Street, where are the Bettendorf cars and right past the great mansions now being built on the river front in McClellan Heights. How ridiculous to think that these lots will not be worth \$1000 each as soon as the street cars pass them! They are the best buy for investment in the whole STATE OF IOWA! As cheap as Scott County farm land would be at \$50 per acre. Farmers ought to buy these lots, and they will.

Look over the interior lots. Know that there is a river view from many lots in Blocks six and eight, and that residents along Lozest Street are laughing at us for making these lots so low.

Listen! There are 500 home-owners in Davenport whose home-sites have been ruined by building of stores, shops, etc. next door. Every one of these is a prospective buyer at McClellan Park. Dozens of them have been looking at these lots. Listen again! There are 5000 young men in Davenport looking for and needing a safe place to invest their weekly savings—every one of these is a prospective buyer at McClellan Park. A lot of them have already decided to buy. Listen once more—There are 2000 unmarried young women working in Davenport. Several hundred of them are saving from \$5.00 to \$10.00 a week. McClellan Park has attracted the attention of numbers of them, for it offers that ideal investment for the wage earners where the safety of

the principal is beyond the slightest doubt, but which will return much more than the best interest money could possibly earn.

Once again, listen! There are hundreds of thirty men living at East Davenport and working in Bettendorf and in the great mills and shops along East River Street. McClellan Park is from ten to thirty minutes nearer their work than where they now live. A score of them have already picked out their lots and determined to be one of the 240.

Hear again! There are 600 men who work at Bettendorf passing within three blocks of McClellan Park daily. They go from fifteen to forty minutes further to their homes, all in Davenport. Many of the more laconic their lots now at McClellan Park. No wonder!

Do you think in view of all this that our 240 lots will last long? If you do, just hang on to that thought and you will not be one of the 240.

Just a word about our special sale. It opens Saturday, October 15th, at 9 A. M. It continues ten days. Twenty salesmen have been engaged to wait on the people. Every lot has a banner marked with the site, lot number and price. Any one can pick out his lot as easily without a salesman as with one, for the banners are set exactly in the middle of the front, about twenty feet from the street line.

Free conveyance all over the property on all sale days. We pay for a half-holiday for every man who buys a lot on any sale day.

Prices of any unsold lots are to be advanced ten per cent Tuesday, October 25th, if any are left.

Terms are as reasonable as any could ask. Ten per cent down, one per cent a month, or one-third down, balance in ten equal semi-annual or five equal annual payments. Perfect titles and abstracts furnished. All payments made at German Savings Bank. Five per cent discount for cash.

Terms that make the best lot on McClellan Park within the reach of any reliable, honest person, and we don't care to sell to any others.

It shows the manner in which 51 acres, the highest, driest and cleanest part of historical Camp McClellan has been divided into 240 lots, every one of which will be sold at prices but little above the average price of the land.

Every lot large size, the smallest 45x140 feet in size; some as large as 75x250 feet. Many with fine river view. Many with fine oak forest trees. Every one the equal of any real estate ever put out in Davenport. Every one to be had on the easiest possible terms. Every one sure to double in value within a year or two, when home building is well under way.

Go around Davenport, look for home sites that decent, respectable home-loving men having an eye to the health and happiness of their wives and babies, (who have to spend all their time at home,) can buy at from \$250 to \$500 and then be convinced of this fact: McClellan Park is being put out at prices less than half what it is really worth.

Look at the plat. 1450 feet front on Jersey Ridge Road, paved across the whole front with asphalt pavement, and sewerage, with water at the corner all ready to extend. Covered with glorious trees, trees that alone are worth what we ask for these lots. Consider the landscape possibilities of the pretty ravine between the road and the building sites, the chance for lily ponds, rustic bridges and all that at trifling expense. And then consider the prices, which just about pay for the cost of paving and sewers. These lots are snags and will become the handsomest lots in town from the standpoint of the landscape artist.

McClellan Park is the only large tract of moderately priced property fully restricted in Davenport. It is for homes only, and no shacks or shanties will be permitted. This adds immensely to the value. If you want this advantage, McClellan Park is the only place in Davenport to get it at the prices and terms mentioned in our "ads."
