

JIMSAM INC.
d.b.a. "Sam's" Take Time Tavern
1702 7th Street
Moline, IL 61265

To the City of Moline,

We are Sam's Take Time Tap, a.k.a. Loveless' Take Time Tavern, a.k.a. "Sam's", we have been a Moline community bar in business for 40 years. We have consistently hosted customers and regulars such as, our past local Sheriff, our local law enforcement members, several Rock Island County Judges, local business owners of all kind, and our neighborhood friends and family with the same equal cleanliness and respect throughout these 40 years. Our customers have relied on us being OPEN 365 days a year. We do not close for holidays, vacations, or any other reasons, except the rare negative 50 below zero extreme weather conditions and unfortunate power outages... and now recently the COVID-19 pandemic. At our establishment, we do not have any outdoor setup for our guests. We only have indoor service during our 11am to 3am everyday community bar style.

This program offered by the City of Moline to help Sam's Take Time Tap with \$5,000.00 of (tax free and no pay back required) funds would be very helpful with a short period of shutdown time ahead. Those funds will help pay gas and electric bill, payroll for my only 4 employees, and past liquor bills. Until Governor Pritzker moves our Region 2 or specifically Rock Island County back to Phase 4, we intend on following his present and future executive orders.

Thank you for the opportunity and we intend on continuing our community service to our beloved customers and regulars and hope to get back to normal full service and a healed City, County, State, and Country as soon as possible.

Sincerely,
Brandon J. Loveless, Owner/Manager
