

To Whom It May Concern:

This is regarding The Great Indian Restaurant- 4400 Avenue of the Cities Moline, IL 61265. I would like to discuss how Covid-19 has affected and is affecting my business. Overall, we have lost more than 60% of our sales; it is hard to pay my employees with barely any income coming in. At the beginning of the year, we were closed from mid-March to May, and we lost more business than ever when we opened back up. This is the only source of income for my husband and myself, and we have three kids. Two of them are in college, and we pay their tuition for the most part. It is becoming harder for us to pay their tuition now with business being slow. We still have credit card debt, rent expense, utilities expense, etc. to pay off for the business and home. I'm not sure how that will be possible with the second wave of Covid-19, and dining closing once again. My family would appreciate any financial assistance to get through this hard time. We want to be able to keep the restaurant open and be able to do more for our kids.

Thank you,

Sushma Kaur
