

DUCT CLEANING

IMPROVING YOUR HOME AND HEALTH

87 percent of American homeowners don't know that pollution may be worse inside their homes than outside. In fact, indoor air quality is one of the EPA's top five environmental risks to public health.

AIR QUALITY AND YOUR HEALTH

DUST, DIRT, POLLEN, AND ANIMAL DANDER ARE PULLED INTO YOUR AIR DUCT SYSTEM...

...CREATING A BREEDING GROUND FOR MOLD, BACTERIA, FUNGUS, AND MILDEW.

THESE CONTAMINANTS CIRCULATE WHENEVER THE FURNACE TURNS ON.

 CLEANING THE ENTIRE AIR DUCT SYSTEM ELIMINATES POLLUTANTS. 

BENEFITS OF DUCT CLEANING

Reduces dust allergens

Improves occupant health

Heating and cooling appliances perform better for longer

Reduces your electricity bill
