Moline, IL 61265

To whom it may concern:

The Friends Circle Club has been severely affected by the restrictions placed upon us due to the COVID. We have faithfully followed guidelines put out by state and local authority. As a result, we were closed for months starting 16 Mar 2020. Upon being allowed to reopen we followed state guidelines by placing seating six feet apart. In addition, we removed some tables and additional seating that would violate guidance. We purchased cleaning supplies, hand wipes, sanitizer and promoted masks along with social distancing. We once again, following state and local guidance, closed our doors on 3 Nov 2020. We will remain closed until it is deemed safe the authoritative bodies.

As our source of income has been shut down our fixed costs continue to occur. Utilities, Insurance, property taxes to name a few. Four employees have been laid off. Despite the devastating effects we will remain closed until allowed to reopen.
