

PENNINGTON COUNTY BOARD OF COMMISSIONERS
PROPOSED REGULAR MEETING AGENDA
Tuesday, February 17, 2026, 9:00 AM
Commission Chambers

Ron Weifenbach, Chair, District 2 | **Ron Rossknecht**, Vice-Chair, District 1
Deb Hadcock, District 3 | **Jerry Derr**, District 4 | **Gary Drewes**, District 5

Agenda disclaimer: The preferred practice of the Board is to proceed through the agenda in the order it is published. From time to time, agenda items may be disposed of quickly leaving a gap in the meeting agenda prior to the next advertised agenda item start time. To utilize time effectively in those circumstances, the Board may move items up on the agenda to fill those gaps.

Welcome to the Tuesday, February 17, 2026 meeting. Please silence cell phones, pagers, and other electronic communication devices. Agendas and speaker request forms are located at the back of the Chambers.

Page

- 1. Call to Order**
- 2. Roll Call and Determination of Quorum (Teleconference)**
- 3. Moment of Silent Reflection**
- 4. Pledge of Allegiance**
- 5. Review and Approve Agenda**

Procedural Motion - Move to approve agenda as presented.

6. Consent Agenda

The Board of Commissioners uses a *Consent Agenda* to act on non-controversial and routine items. The Consent Agenda is acted upon by one motion and vote of the Board. Items may be removed from the Consent Agenda and placed on the Regular Agenda at the request of a Board member or a Citizen. The consent agenda contains the following items:

Recommended Motion - Move to approve the consent agenda as presented.

- a. Approve Minutes of Regular Meeting - February 3, 2026

Recommended Motion 2 - Move to authorize the Highway Department to purchase one new 2025 Caterpillar 309-08A CR Excavator from Butler Machinery Company, Rapid City, SD, in the amount of \$134,382.85 from the Sourcewell Cooperative Purchasing Contract #011723-CAT.
Recommended Motion 3 - Move to authorize the Highway Department to purchase one new 2026 John Deere 330P skid steer from RDO Equipment Company, Rapid City, SD, in the amount of \$83,240.14 from the Sourcewell Cooperative Purchasing Contract #011723-JDC.

11. Planning - Regular Agenda - 9:30 a.m.

181 - 193

[PZ 02-17-26 agenda.pdf](#) 

[PZ 02-09-26 minutes.pdf](#) 

- a. Vacation of Plat / COVPL 26-0001: Kenneth Davis; Ron Davis – Agent. To vacate a portion of Right-of-Way along Log Porch Road 194 - 202

[COVP26-0001 Ken Davis.pdf](#) 

Recommended Motion - Move to approve COVPL 26-0001 with one (1) condition.

- b. Public Hearing of Comprehensive Plan Amendment / COCA 26-0001 - Approval by Resolution: Pennington County. To amend the existing Comprehensive Plan “View to 2040” Section 3 Land Use & Housing Element 203 - 206

[CA26-0001 Pennington County Section 3.pdf](#) 

Recommended Motion - Move to continue COCA 26-0001 to the March 3, 2026, Board of Commissioner’s meeting, due to advertising.

- c. Public Hearing of Comprehensive Plan Amendment / COCA 26-0002 - Approval by Resolution: Pennington County. To amend the existing Comprehensive Plan “View to 2040” Section 11 Implementation Element 207 - 210

[CA26-0002 Pennington County Section 11.pdf](#) 

Recommended Motion - Move to continue COCA 26-0002 to the March 3, 2026, Board of Commissioner’s meeting, due to advertising.

12. Items from Human Resources

- a. Employee Feedback Survey 211
The Human Resources Department is requesting approval to distribute a brief employee feedback survey regarding recent changes to work hours, time-tracking procedures, and the updated overtime policy.

[HR Employee Survey memo.pdf](#) 

Recommended Motion - Move to approve Human Resources to distribute the Employee Feedback Survey regarding recent

changes to work hours, time-tracking procedures, and the updated overtime policy.

- b. Preview of New County Website and Document Center 212 - 213
Pennington County Marketing Manager will provide the Commission with a sneak preview of the new county website prior to its public launch. The presentation will highlight improvements to navigation, page consolidation, and the new Document Center, designed to enhance transparency and access to public information.

[Website and Document Center Preview Memo.pdf](#) 

Informational only

- c. Compensation Administration Policy 214 - 216
Section 3.18 (Compensation Policy) of the Pennington County Employee handbook needs to be updated based on already approved policies.

[Compensation Policy.pdf](#) 

Recommended Motion - Move to approve the proposed changes to section 3.18 (Compensation Policy) of the Pennington County Employee Handbook.

- d. Interim Human Resources Director 217 - 224
For clarity of authority, the Senior HR Manager is asking for Commission direction and formal appointment of an Interim HR Director.

Documentation:

Memo from HR - [HR Interim Director.pdf](#) 

Current Position Descriptions:

[Director.pdf](#) 

[Sr HR Manager.pdf](#) 

Recommended Motion - Move to appoint Sandy Sortland as Interim HR Director effective February 15, 2026.

[If the Commission will include a pay increase for the appointment, the motion should state the current rate and approved rate for reference]

13. Items from Commission Office

- a. County Payroll Operations -*Jordan Neeb* 225 - 226
Commission Office Director Neeb is requesting Commission consideration for the transfer of payroll supervision to the Commission Office (on an interim basis), effective immediately. The Commission Office is best-suited to stabilize County payroll operations as staff is trained and policies and processes are updated.

Documents:

[Memo - Payroll Transition.pdf](#) 

Recommended Motion - Move to assign administrative oversight of County payroll operations to the Commission Office effective immediately on an interim basis. The organizational placement of payroll shall be formally reviewed by the Commission during the 2027 budget process to determine whether the interim arrangement should be continued, modified, or made permanent.

- b. Ambulance Service in Pennington County -*Jordan Neeb* 227 - 229
The Commission is being asked to discuss potential options that the County can take to ensure County residents have adequate ambulance service.

Documents:

[Memo - Ambulance Districts 021726.pdf](#) 

No specific action requested , but the Board may take action on this item, if desired.

- c. Pennington County Petition Circulator Code of Conduct 230 - 234
Since relocating to 900 Concourse Drive, the Petition Circulator Code of Conduct has not been updated to include this facility. With 2026 being a significant election year, updating the policy in a timely manner will provide clarity to petition circulators and ensure consistent application moving forward.

[Petition Circulation code of conduct Memo.pdf](#) 

[10. V. X Petition Circular Code of Conduct.pdf](#) 

[Petition Circulation Code of Conduct Changes.pdf](#) 

Recommended Motion – Move to approve the changes to the Pennington County Campus Petition Circulator Code of Conduct.

- d. 2026 Legislative Session -*Commissioner Drewes* 235 - 268
This is an opportunity for the Board to consider and take any desired action on proposed bill/session activity or any other legislation-related items as deemed necessary.

Documents:

[2026 Legislative Bills as of 2-13-26 7am.pdf](#) 

14. Updates/Reports from Commissioners

This is a time for individual members to bring forth ideas or concerns to the full Board. Official action will not be taken on any items brought forth at this time. Direction may be given to bring items back before the Board for future consideration.

Meetings/Committee Reports

- Derr - No committee meetings scheduled.
- Drewes - No committee meetings scheduled.
- Hadcock - Planning Commission, Central States Fair Board
- Rossknecht - MPO Executive Policy Committee
- Weifenbach - RC Public Library Board of Trustees, MPO Executive Policy Committee

- b. 2026 Bridge Re-inspection Program Resolution; Moved by Derr and seconded by Drewes to approve the 2026 Bridge Re-inspection Program Resolution. Vote: Unanimous

**BRIDGE RE-INSPECTION
PROGRAM RESOLUTION 2026-02-03-1
FOR USE WITH SDDOT RETAINER CONTRACTS**

WHEREAS, 23 CFR 650 Subpart C, requires initial inspection of all bridges and reinspection at intervals not to exceed two years with the exception of reinforced concrete box culverts that meet specific criteria. These culverts are reinspected at intervals not to exceed four years..

NOW, THEREFORE, BE IT RESOLVED, Pennington County is desirous of participating in the Bridge Inspection Program.

The County requests SDDOT to hire KLJ Engineering (Consulting Engineers) for the inspection work. SDDOT will secure federal approvals, make payments to the Consulting Engineer for inspection services rendered, and bill the County for 20% of the cost. The County will be responsible for the required 20% matching funds.

Approved this 3rd day of February, 2026

Pennington County Commission

February 11, 2026

Commissioners,

I've requested that this memo be attached to the list of abatements for this month. I want to explain why there are so many abatements this time of year.

We discover reasons to abate a property assessment throughout the year, but they are saved until after tax bills are printed. For example, we find a property that transferred ownership to a government agency in June of 2025. It becomes exempt from taxes for the remainder of the year. However, the tax bill for 2025 does not come due until January of 2026. We cannot abate a tax bill that does not exist. So, we save those abatements from 2025 until after January of 2026. January, February, and March see significantly more abatements for this reason.

Ownership transfers to exempt entities are a common reason for an abatement. Buildings that burn down or were otherwise destroyed are another. Failures or mistakes in the tax process are another reason to abate. You will see a few abatements for owner occupied classifications or board of equalization adjustments that were misapplied. This year you will see several abatements for renewable energy exemptions and a few disabled veteran exemptions on mobile homes, both of which were processes that were discovered to have failed.

The number of abatements this year is significantly higher than previous years due to one particular reason. Our office has been working with the offices of the Treasurer and the Sheriff on mobile home properties that have uncollected taxes that go to warrant. Many of these properties are mobile homes that have been destroyed or are in such poor condition as to have no value. Our office was not aware of these, so they have continued to go to warrant for several years in a row. We are cooperating with the Sheriff on correcting these assessments for the future and abating previous years that have gone uncollected.

Please take note of the abatement for the Cowan property. This property is an assessment appeal regarding an agricultural classification that is currently pending in circuit court. This abatement is in furtherance of resolving the appeal. The abatement will result in a change to the tax bill equal to what would have been with the agricultural classification.

Shannon Rittberger

Pennington County Director of Equalization

Sabrina Green
Pennington County Auditor

Application for an abatement/refund of taxes is being presented due to the following reason (s):

<input type="checkbox"/>	An error has been made in any identifying entry or description of the real property, in entering the valuation of the real property or in extension of the tax, to the injury of the complainant. SDCL 10-18-1 (1)
<input checked="" type="checkbox"/>	Improvements on any real property were considered or included in the valuation of the real property, which did not exist on the real property at the time fixed by law for making the assessment. SDCL 10-18-1 (2)
<input type="checkbox"/>	The property is exempt from taxes. SDCL 10-18-1 (3)
<input type="checkbox"/>	The complainant had no taxable interest in the property assessed against the complainant at the time fixed by law for making the assessment. SDCL 10-18-1 (4)
<input type="checkbox"/>	Taxes have been erroneously paid or error made in noting payment or issuing receipt for the taxes paid. SDCL 10-18-1 (5)
<input type="checkbox"/>	The same property has been assessed against the complainant more than once in the same year, and the complainant produced satisfactory evidence that the taxes for the year have been paid. SDCL 10-18-1 (6)
<input type="checkbox"/>	A loss occurred because of flood damage, fire, storm or other unavoidable casualty. SDCL 10-18-2 (4) Date and Time of Loss: _____
<input type="checkbox"/>	Structures have been removed after the assessment date (upon verification by the Director of Equalization). SDCL 10-18-2 (7) Date Structures Removed: _____
<input type="checkbox"/>	Applicant, having otherwise qualified for the Assessment Freeze for the Elderly and Disabled, but missed the deadline prescribed in § 10-6A-4. SDCL 10-18-2 (8)
<input type="checkbox"/>	Applicant, having otherwise qualified for classification of owner-occupied single family dwelling, but missed the deadline as prescribed by law due to a temporary duty assignment for the military. SDCL 10-18-2 (9)
<input type="checkbox"/>	Applicant is a veteran who would otherwise qualify for an exemption under SDCL 10-4-40, but failed to comply with the application deadline for either owner occupied classification or the disabled veteran's exemption. SDCL 10-18-2 (10)
Other/Comments: <u>Mobile home was moved, unknown location.</u>	

(No tax may be abated on any real property which has been sold for taxes, while the tax certificate is outstanding. Any abatement on property within corporate limits of a municipality must be first approved by the governing body of the municipality.)

I hereby apply for an abatement/refund of property taxes
for the above reason (s)

CONSENT AGENDA

MEMO

TO: BOARD OF COMMISSIONERS

DATE: FEBRUARY 17, 2026

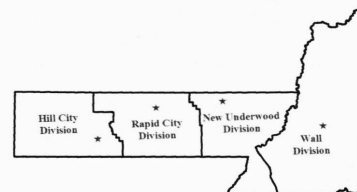

FROM: JOSEPH MILLER
SUPERINTENDENT 

RE: PERMIT TO OCCUPY RIGHT-OF-WAY
COLD TO THE BONE 13K TRAIL RACE

Our department has no objection to the requested Permit to Occupy Right-Of-Way as long as the applicant is compliant with the Manual on Uniform Traffic Control Devices.

Motion is requested approve the Permit to Occupy Right-Of-Way and road closure/traffic control for the Cold to the Bone 13K Trail Race.

JM:cjb
Attachment

**PENNINGTON COUNTY HIGHWAY DEPARTMENT
APPLICATION FOR PERMIT TO OCCUPY RIGHT-OF-WAY**

ROAD NAME(S): Norris Peak Rd

APPROXIMATE MILES: .5 miles

FROM: Rimrock Church to trail 6617

(City or Well Defined Point)

ROUTES OF OCCUPANCY: Runners will be running on the shoulder of Norris Peak Rd. Temporary cautionary signs will be on the road and flaggers in reflective gear with signs will be at the start and trailhead entrance to notify and caution drivers. Signs will be removed upon completion of the race.

PURPOSE OF OCCUPANCY: Cold to the Bone 13k trail race

DURATION OF OCCUPANCY: **PERMANENT** ☐ **TEMPORARY** ☒

IF TEMPORARY, GIVE THE ESTIMATED DATE OF REMOVAL OR COMPLETION: 3/21/26

I, the undersigned, request permission to occupy right-of-way at the above location and as shown on the attached layout sheet. In consideration for this permission, I agree to abide by all conditions as herein stated.

1. To furnish all materials, labor, incidentals, and pay all costs involved with this occupancy, including restoration of any damage to the roadway and right-of-way to equal or better conditions than existed prior to the occupancy covered by this permit.
2. To provide protection to highway traffic during occupancy by the use of proper signs, barricades, flagpersons and lights as prescribed in the "Manual of Uniform Traffic Control Devices."
3. To indemnify and hold Pennington County, its officers, employees, agents and representatives harmless from and against any and all actions, suits, claims, demands, liabilities, obligations, damages, costs, or other proceedings of any kind or nature arising out of any injuries and damage received or sustained by any person or property on account of the use or occupancy of right-of-way designated in this application.

SIGNATURE Kris Meredith **DATE** 2/4/26

ADDRESS 829 E Elk st, Rapid City SD 57701 **PHONE** 605-381-4260

REPRESENTING Black Hills Runners club. (Kris Meredith)
(Name of Individual, Company, Organization, etc.)

This permit to occupy right-of-way is granted to all conditions as herein stated on this _____ day of _____.

The County Commissioners and Pennington County staff would like to thank and recognize the following individuals for volunteering their time in the previous month. Because of their hard work and dedication, they were able to save the taxpayers of Pennington County money and services that might not have been possible otherwise. Thank you to our Volunteers for all that you do!

PENNINGTON COUNTY FIRE ADMINISTRATION
Administration - Operations - Advocacy
130 Kansas City St. STE 130B, Rapid City, SD 57701-2818; 605.394.5367; countyfire@pennco.org

The Pennington County Commissioners, Fire Service Board, Fire Administration Office, and all of Pennington County proudly recognize and thank the following volunteer firefighters for their invaluable time and service. Through your hard work, dedication, and selfless commitment, you have not only protected lives and property but have also saved the taxpayers of Pennington County significant resources. Many critical services would not be possible without your efforts. To each of the **484 volunteers**—please accept our heartfelt gratitude and deepest appreciation for all that you do.

Fax: (605) 394-6093

Pennington County Commission
900 Concourse
Rapid City, SD 57703

February 12, 2026

Dear Commission,

In the 2025 Legislative Session, the South Dakota Legislature passed the newly enacted SDCL § 1-25-13, which requires the Commission to review the explanation of the open meetings laws and any other publication specifically provided by the Attorney General annually. Additionally, the statute provides that there must be an acknowledgment within a specific meeting's minutes that an acknowledgment of review was completed to be compliant with the new requirements.

SDCL § 1-25-13 states in full:

Any agency, as defined in § 1-26-1, or political subdivision of the state, that is required to provide public notice of its meetings pursuant to § 1-25-1.1 or 1-25-1.3 must annually review the following, during an official meeting of the agency or subdivision:

- 1) The explanation of the open meeting laws of this state published by the attorney general, pursuant to § 1-11-1; and
- 2) Any other material pertaining to the open meeting laws of this state provided by the attorney general.

The agency or subdivision must include in the minutes of the official meeting an acknowledgement that the review was completed.

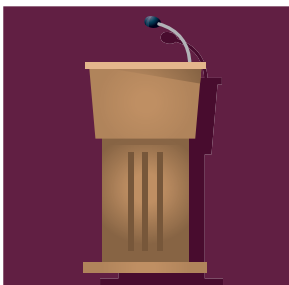

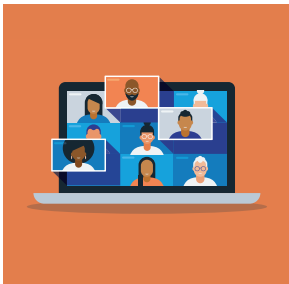

Due to the new requirements set forth in law, it is the intention during this meeting to go through the Attorney General's brochure to comply with the statute. Included in your material you will find the Guide to South Dakota's Open Meetings Laws (Revised Dec. 31. 2025), as that was the only material pertaining to open meeting laws provided and strictly endorsed by the Attorney General.

At the conclusion of the presentation, we would request a Motion to acknowledge the annual review of open meetings laws and material pursuant to SDCL § 1-25-13.

Sincerely,

A handwritten signature in black ink that reads "Tyler Sobczak".

Tyler Sobczak
Senior Deputy State's Attorney

Conducting the Public's Business in Public

A guide to South Dakota's
Open Meetings Laws
(Revised Dec. 31, 2025)

Q: WHAT ARE SOUTH DAKOTA'S OPEN MEETINGS LAWS?

A: South Dakota's open meetings laws embody the principle that the public is entitled to the greatest possible information about public affairs and are intended to encourage public participation in government. SDCL Ch. 1-25 requires that official meetings of public bodies must be public and advance notice is to be given of such meetings. The statutes define an "official meeting" as one where a quorum of the public body is present and at which official business or public policy of the body is discussed or decided. Openness in government is encouraged.

Q: WHO DOES THE OPEN MEETINGS LAWS APPLY TO?

A: The open meetings laws apply to all public bodies of the state and its political subdivisions. SDCL 1-25-1, 1-25-12(3). This includes cities, counties, school boards and other public bodies created by ordinance or resolution, such as appointed boards, task forces, and committees, so long as they have authority to exercise sovereign power. SDCL 1-25-12(2). Although no court decisions have been issued on the subject, this probably does not include bodies that serve only in an advisory capacity. The State Constitution allows the Legislature and the Unified Judicial System to create rules regarding their own separate functions.

Q: ARE TELECONFERENCES CONSIDERED PUBLIC MEETINGS?

A: Yes. The open meetings laws allow meetings, including executive or closed meetings, to be conducted by teleconference – defined as an exchange of information by audio, video, or electronic means (including the internet) – if a place is provided for the public to participate. SDCL 1-25-1.5, 1-25-12(5). In addition, for teleconferences where

less than a quorum of the public body is present at the location open to the public, arrangements must also be made for the public to listen by telephone or internet (except for portions of meetings properly closed for executive sessions). SDCL 1-25-1.6. The media and public must be notified of teleconference meetings under the same notice requirements as any other meeting.

Q: HOW ARE THE PUBLIC AND MEDIA NOTIFIED WHEN PUBLIC BUSINESS IS BEING DISCUSSED?

A: SDCL 1-25-11 requires that all political subdivisions (except the state and its boards, commissions, or departments as provided in § 1-25-1.3) prominently post a notice and copy of the proposed agenda at the political subdivision's principal office. At a minimum, the proposed agenda must include the date, time, and location of the meeting and must be visible, readable, and accessible to the public for 24 continuous hours immediately preceding the meeting. Also, if the political subdivision has its own website, the notice must be posted on the website upon dissemination of the notice. For special or rescheduled meetings, political subdivisions must comply with the regular meeting notice requirements as much as circumstances permit. The notice must be delivered in person, by mail, by email, or by telephone to all local news media who have asked to be notified. It is good practice for local media to renew requests for notification of special or rescheduled meetings at least annually.

SDCL 1-25-1.3 varies slightly from SDCL 1-25-11 and requires the State and its agencies, boards, commissions, or departments to give notice by posting a proposed agenda at least 72 continuous hours before a meeting is scheduled to start (this does not include any weekend or legal holiday). The State is also required to give notice of a public meeting by posting its proposed agenda on <http://boardsandcommissions.sd.gov>.

Q: WHO ARE LOCAL NEWS MEDIA?

A: There is no definition of “local news media” in SDCL ch. 1-25. “News media” is defined in SDCL 13-1-57 generally as those personnel of a newspaper, periodical, news service, radio station, or television station regardless of the medium through which their content is delivered. The Attorney General is of the opinion that “local news media” is all news media – broadcast and print – that regularly carry news to the community.

Q: IS A PUBLIC COMMENT PERIOD REQUIRED AT PUBLIC MEETINGS?

A: Yes. Public bodies are required to provide at every official meeting a period of time on their agenda for public comment. SDCL 1-25-1. Each public body has the discretion to limit public comment as to the time allowed for each topic commented on, and as to the total time allowed for public comment. Public comment is not required at meetings held solely for an executive session, inauguration, presentation of an annual report, or swearing in of elected officials.

Q: CAN PUBLIC MEETINGS BE RECORDED?

A: Yes, SDCL 1-25-11 requires public bodies to allow recording (audio or video) of their meetings if the recording is reasonable, obvious, and not disruptive. This requirement does not apply to those portions of a meeting confidential or closed to the public.

Q: WHEN CAN A MEETING BE CLOSED TO THE PUBLIC AND MEDIA?

A: SDCL 1-25-2 allows a public body to close a meeting for the following purposes: 1) to discuss personnel issues pertaining to officers or employees; 2) consideration of the performance or discipline of a student, or the student's participation in interscholastic activities; 3) consulting with legal counsel, or reviewing communications from legal counsel about proposed or pending litigation or

contractual matters; 4) employee contract negotiations; 5) to discuss marketing or pricing strategies of a publicly-owned competitive business; or 6) to discuss information related to the protection of public or private property such as emergency management response plans or other public safety information. The statute also recognizes that executive session may be appropriate to comport with other laws that require confidentiality or permit executive or closed meetings. Federal law pertaining to students and medical records will also cause school districts and other entities to conduct executive sessions or conduct meetings to refrain from releasing confidential information. Meetings may also be closed by cities and counties for certain economic development matters. SDCL 9-34-19.

Note that SDCL 1-25-2 and SDCL 9-34-19 do not require meetings be closed in any of these circumstances.

Any official action based on discussions in executive session must, however, be made at an open meeting.

Q: WHAT IS THE PROPER PROCEDURE FOR EXECUTIVE SESSIONS?

A: Motions for executive sessions must refer to the specific state or federal law allowing for the executive session i.e. “pursuant to SDCL 1-25-2(3).” Also, best practice to avoid public confusion would be that public bodies explain the reason for going into executive session. For example, the motion might state “motion to go into executive session pursuant to SDCL 1-25-2(1) for the purposes of discussing a personnel matter,” or “motion to go into executive session pursuant to SDCL 1-25-2(3) for the purposes of consulting with legal counsel.”

Discussion in the executive session must be strictly limited to the announced subject. No official votes may be taken on any matter during an executive session. The public body must return to open session before any official action can be taken.

Q: WHAT HAPPENS IF THE MEDIA OR PUBLIC IS IMPROPERLY EXCLUDED FROM A MEETING OR OTHER VIOLATIONS OF THE OPEN MEETING LAWS OCCUR?

A: Excluding the media or public from a meeting that has not been properly closed subjects the public body or the members involved to: (a) prosecution as a Class 2 misdemeanor punishable by a maximum sentence of 30 days in jail, a \$500 fine or both; or (b) a reprimand by the Open Meeting Commission ("OMC"). The same penalties apply if the agenda for the meeting is not properly posted, or other open meeting violations occur.

Also, action taken during any meeting that is not open or has not been properly noticed could, if challenged, be declared null and void.

Q: HOW ARE ISSUES REFERRED TO THE OPEN MEETINGS COMMISSION ("OMC")?

A: Persons alleging violations of the open meetings laws must make their complaints with law enforcement officials in the county where the offense occurred. After a signed and notarized complaint is made under oath, and any necessary investigation is conducted, the State's Attorney may: (a) prosecute the case as a misdemeanor; (b) find that the matter has no merits and file a report with the Attorney General for statistical purposes; or (c) forward the complaint to the OMC for a determination. The OMC is comprised of five State's Attorneys or Deputy State's Attorneys appointed by the Attorney General. The OMC examines whether a violation has occurred and makes written public findings explaining its reasons. If you have questions on the procedures or status of a pending case, you may contact the Attorney General's Office at 605-773-3215 to talk to an assistant for the OMC. Procedures for the OMC are posted on the website for the Office of Attorney General. <http://atg.sd.gov/>.

Q: WHAT DOES THE TERM "SOVEREIGN POWER" MEAN?

A: The open meetings laws do not define this term, but it generally means the power to levy taxes, impose penalties, make special assessments, create ordinances, abate nuisances, regulate the conduct of others, or perform other traditional government functions. The term may include the exercise of many other governmental functions. If an entity is unclear whether it is exercising "sovereign power" it should consult with legal counsel.

Q: MAY AGENDA ITEMS BE CONSIDERED IF THEY ARE ADDED LESS THAN 24 HOURS BEFORE A MEETING?

A: Proposed agendas for public meetings must be posted at least 24 hours in advance of the meeting. The purpose of providing advance notice of the topics to be discussed at a meeting is to provide information to interested members of the public concerning the governing body's anticipated business. Typically, the public body adopts the final agenda upon convening the meeting. At the time the final agenda is adopted, the governing body may add or delete agenda items and may also change the order of business. See *In re Yankton County Commission, Open Meetings Commission Decision # 20-03*, December 31, 2020. New items cannot be added after the agenda has been adopted by the governing body.

Public bodies are strongly encouraged to provide at least 24 hours' notice of all agenda items so as to be fair to the public and to avoid dispute.

For special or rescheduled meetings, public bodies are to comply to the extent circumstances permit. In other words, posting less than 24 hours in advance may be permissible in emergencies.

Q: ARE EMAIL DISCUSSIONS "MEETINGS" FOR PURPOSES OF THE OPEN MEETINGS LAWS?

A: The definition of an "official meeting" in SDCL 1-25-12(1) specifically includes meetings conducted by "electronic means, including electronic mail, instant messaging, social media, text message, or virtual meeting platform[.]" A quorum of a public body that discusses official business of that body via electronic means is conducting an official meeting for purposes of the open meetings laws. Electronic communications made solely for scheduling purposes do not fall within the definition of an official meeting.

Q: WHAT RECORDS MUST BE AVAILABLE TO THE PUBLIC IN CONJUNCTION WITH PUBLIC MEETINGS?

A: SDCL 1-25-1.4 requires state boards, commissions, or departments to make public meeting materials available on <http://boardsandcommissions.sd.gov>. SDCL 1-27-1.16 requires that any other public body must post meeting materials on the public body's website or make those materials available to the public at least twenty-four hours prior to the hearing or when made available to the members of the public body, whichever is later. Finally, SDCL 1-27-1.17 requires that draft minutes of public meetings must be made available to the public at the principal place of business for the public body within 10 business days after the meeting (or any audio and visual recording must be made available on the website for the public body within five business days).

These laws are in addition to any specific requirements for public bodies (i.e., publication requirements in state laws pertaining to cities, counties, or school districts). Enforcement of public records laws contained in SDCL Ch. 1-27 are handled by separate procedures found in SDCL 1-27-35, et. seq. rather than the open meeting procedures described above. Violations of SDCL 1-27-1.16 and 1-27-1.17 are also Class 2 misdemeanors.

Q: WHAT REQUIREMENTS APPLY TO TASK FORCES, COMMITTEES AND WORKING GROUPS?

A: Task forces and committees that exercise "sovereign power," and are created by statute, ordinance, or proclamation are required to comply with the open meetings laws. SDCL 1-25-12(1). Task forces, committees, and working groups that are not created by statute, ordinance, or proclamation, or are advisory only, may not be subject to the open meetings laws, but are encouraged to comply to the extent possible when public matters are discussed. Ultimately, if such advisory task forces, committees and working groups present any reports or recommendations to public bodies, the public bodies must wait until the next meeting (or later) before taking final action on the recommendations. SDCL 1-27-1.18.

Q: ARE PUBLIC BODIES REQUIRED TO REVIEW THE OPEN MEETINGS LAWS?

A: Public bodies must annually review an explanation of the open meetings laws provided by the Attorney General, along with any other material pertaining to the open meetings laws made available by the Attorney General. SDCL 1-25-13. Each public body must report in its minutes that the annual review of the open meetings laws was completed.

PERTINENT S.D. OPEN MEETINGS STATUTES
(other specific provisions may apply depending on the public body involved)

1-25-1. OPEN MEETINGS. An official meeting of a public body is open to the public unless a specific law is cited by the public body to close the official meeting to the public.

It is not an official meeting of one public body if its members provide information or attend the official meeting of another public body for which the notice requirements of § 1-25-1.1 or 1-25-1.3 have been met. It is not an official meeting of a public body if its members attend a press conference called by a representative of the public body.

For any event hosted by a nongovernmental entity to which a quorum of the public body is invited and public policy may be discussed, but the public body does not control the agenda, the public body may post a public notice of a quorum, in lieu of an agenda. The notice of a quorum must meet the posting requirements of § 1-25-1.1 or 1-25-1.3 and must contain, at a minimum, the date, time, and location of the event.

The public body shall reserve at every official meeting a period for public comment, limited at the public body's discretion as to the time allowed for each topic and the total time allowed for public comment, but not so limited as to provide for no public comment.

Public comment is not required at an official meeting held solely for the purpose of meeting in executive session, an inauguration, presentation of an annual report to the public body, or swearing in of a newly elected official, regardless of whether the activity takes place at the time and place usually reserved for an official meeting.

If a quorum of township supervisors, road district trustees, or trustees for a municipality of the third class meets solely for purposes of implementing previously publicly adopted policy; carrying out ministerial functions of that township, district, or municipality; or undertaking a factual investigation of conditions related to public safety; the meeting is not subject to the provisions of this chapter.

A violation of this section is a Class 2 misdemeanor.

1-25-1.1. PUBLIC NOTICE OF POLITICAL SUBDIVISIONS. Each political subdivision shall provide public notice, with proposed agenda, that is visible, readable, and accessible for at least an entire, continuous twenty-four hours immediately preceding any official meeting, by posting a copy of the notice, visible to the public, at the principal office of the political subdivision holding the meeting. The proposed agenda shall include the date, time, and location of the meeting. The notice shall also be posted on the political subdivision's website upon dissemination of the notice, if a website exists. For any special or rescheduled meeting, the information in the notice shall be delivered in person, by mail, by email, or by

telephone, to members of the local news media who have requested notice. For any special or rescheduled meeting, each political subdivision shall also comply with the public notice provisions of this section for a regular meeting to the extent that circumstances permit. A violation of this section is a Class 2 misdemeanor.

1-25-1.3. PUBLIC NOTICE OF STATE. The state shall provide public notice of a meeting by posting a copy of the proposed agenda at the principal office of the board, commission, or department holding the meeting. The proposed agenda shall include the date, time, and location of the meeting, and be visible, readable, and accessible to the public. The agenda shall be posted at least seventy-two hours before the meeting is scheduled to start according to the agenda. The seventy-two hours does not include Saturday, Sunday, or legal holidays. The notice shall also be posted on a state website, designated by the commissioner of the Bureau of Finance and Management. For any special or rescheduled meeting, the information in the notice shall be delivered in person, by mail, by email, or by telephone, to members of the local news media who have requested notice. For any special or rescheduled meeting, the state shall also comply with the public notice provisions of this section for a regular meeting to the extent that circumstances permit. A violation of this section is a Class 2 misdemeanor.

1-25-1.5. TELECONFERENCE MEETING. Any official meeting may be conducted by teleconference. A teleconference may be used to conduct a hearing or take final disposition regarding an administrative rule pursuant to § 1-26-4. A member is deemed present if the member answers present to the roll call conducted by teleconference for the purpose of determining a quorum. Each vote at an official meeting held by teleconference may be taken by voice vote. If any member votes in the negative, the vote shall proceed to a roll call vote.

1-25-1.6. TELECONFERENCE PARTICIPATION. At any official meeting conducted by teleconference, there shall be provided one or more places at which the public may listen to and participate in the teleconference meeting. For any official meeting held by teleconference, that has less than a quorum of the members of the public body participating in the meeting who are present at the location open to the public, arrangements shall be provided for the public to listen to the meeting via telephone or internet. The requirement to provide one or more places for the public to listen to the teleconference does not apply to official meetings closed to the public pursuant to specific law.

1-25-2. EXECUTIVE SESSION. Executive or closed meetings may be held for the sole purposes of:

(1) Discussing the qualifications, competence, performance, character or fitness of any public officer or employee or prospective public officer or employee. The term, employee, does not include any independent contractor;

(2) Discussing the expulsion, suspension, discipline, assignment of or the educational program of a student or the eligibility of a student to participate in interscholastic activities provided by the South Dakota High School Activities Association;

(3) Consulting with legal counsel or reviewing communications from legal counsel about proposed or pending litigation or contractual matters;

(4) Preparing for contract negotiations or negotiating with employees or employee representatives;

(5) Discussing marketing or pricing strategies by a board or commission of a business owned by the state or any of its political subdivisions, when public discussion may be harmful to the competitive position of the business; or

(6) Discussing information pertaining to the protection of public or private property and any person on or within public or private property specific to:

(a) Any vulnerability assessment or response plan intended to prevent or mitigate criminal acts;

(b) Emergency management or response;

(c) Public safety information that would create a substantial likelihood of endangering public safety or property, if disclosed;

(d) Cyber security plans, computer, communications network schema, passwords, or user identification names;

(e) Guard schedules;

(f) Lock combinations;

(g) Any blueprint, building plan, or infrastructure record regarding any building or facility that would expose or create vulnerability through disclosure of the location, configuration, or security of critical systems of the building or facility; and

(h) Any emergency or disaster response plans or protocols, safety or security audits or reviews, or lists of emergency or disaster response personnel or material; any location or listing of weapons or ammunition; nuclear, chemical, or biological agents; or other military or law enforcement equipment or personnel.

However, any official action concerning the matters pursuant to this section shall be made at an open official meeting. An executive or closed meeting must be held only upon a majority vote of the members of the public body present and voting, and discussion during the closed meeting

is restricted to the purpose specified in the closure motion. Nothing in § 1-25-1 or this section prevents an executive or closed meeting if the federal or state Constitution or the federal or state statutes require or permit it. A violation of this section is a class 2 misdemeanor.

1-25-6. DUTY OF STATE'S ATTORNEY. If a complaint alleging a violation of chapter 1-25 is made pursuant to § 23A-2-1, the state's attorney shall take one of the following actions:

(1) Prosecute the case pursuant to Title 23A;

(2) Determine that there is no merit to prosecuting the case. Upon doing so, the state's attorney shall send a copy of the complaint and any investigation file to the attorney general. The attorney general shall use the information for statistical purposes and may publish abstracts of such information, including the name of the government body involved for purposes of public education; or

(3) Send the complaint and any investigation file to the South Dakota Open Meetings Commission for further action.

1-25-6.1. DUTY OF STATE'S ATTORNEY (COUNTY COMMISSION ISSUES). If a complaint alleges a violation of this chapter by a board of county commissioners, the state's attorney shall take one of the following actions:

(1) Prosecute the case pursuant to Title 23A;

(2) Determine that there is no merit to prosecuting the case. The attorney general shall use the information for statistical purposes and may publish abstracts of the information as provided by § 1-25-6;

(3) Send the complaint and any investigation file to the South Dakota Open Meetings Commission for further action; or

(4) Refer the complaint to another state's attorney or to the attorney general for action pursuant to § 1-25-6.

1-25-7. REFERRAL TO OMC. Upon receiving a referral from a state's attorney or the attorney general, the South Dakota Open Meetings Commission shall examine the complaint and investigatory file submitted by the state's attorney or the attorney general and shall also consider signed written submissions by the persons or entities that are directly involved. Based on the investigatory file submitted by the state's attorney or the attorney general and any written responses, the commission shall issue a written determination on whether the conduct violates this chapter, including a statement of the reasons therefor and findings of fact on each issue and conclusions of law necessary for the proposed decision. The final decision shall be made by a majority of the commission members, with each member's vote set forth in the written decision. The final decision shall be filed with the attorney general and shall be provided to the public entity and or public officer involved, the state's attorney,

and any person that has made a written request for such determinations. If the commission finds a violation of this chapter, the commission shall issue a public reprimand to the offending official or governmental entity. However, no violation found by the commission may be subsequently prosecuted by the state's attorney or the attorney general. All findings and public censures of the commission shall be public records pursuant to § 1-27-1. Sections 1-25-6 to 1-25-9, inclusive, are not subject to the provisions of chapter 1-26.

1-25-8. OMC Members. The South Dakota Open Meeting Commission is comprised of five state's attorneys or deputy state's attorneys appointed by the attorney general. Each commissioner serves at the pleasure of the attorney general. The members of the commission shall choose a chair of the commission annually by majority vote.

1-25-12. DEFINITIONS. Terms used in the open meetings laws mean:

(1) "Official meeting," any meeting of a quorum of a public body at which official business or public policy of that public body is discussed or decided by the public body, whether in person or by means of teleconference or electronic means, including electronic mail, instant messaging, social media, text message, or virtual meeting platform, provided the term does not include communications solely to schedule a meeting or confirm attendance availability for a future meeting;

(2) "Political subdivision," any association, authority, board, municipality, commission, committee, council, county, school district, task force, town, township, or other local governmental entity, which is created by statute, ordinance, or resolution, and is vested with the authority to exercise any sovereign power derived from state law;

(3) "Public body," any political subdivision or the state;

(4) "State," each agency, board, commission, or department of the State of South Dakota, not including the Legislature; and

(5) "Teleconference," an exchange of information by any audio, video, or electronic medium, including the internet.

1-25-13. ANNUAL REVIEW OF OPEN MEETING LAWS. Any agency, as defined in § 1-26-1, or political subdivision of this state, that is required to provide public notice of its meetings pursuant to § 1-25-1.1 or 1-25-1.3 must annually review the following, during an official meeting of the agency or subdivision:

(1) The explanation of the open meeting laws of this state published by the attorney general, pursuant to § 1-11-1; and

(2) Any other material pertaining to the open meeting laws of this state provided by the attorney general.

The agency or subdivision must include in the minutes of the official meeting an acknowledgement that the review was completed.

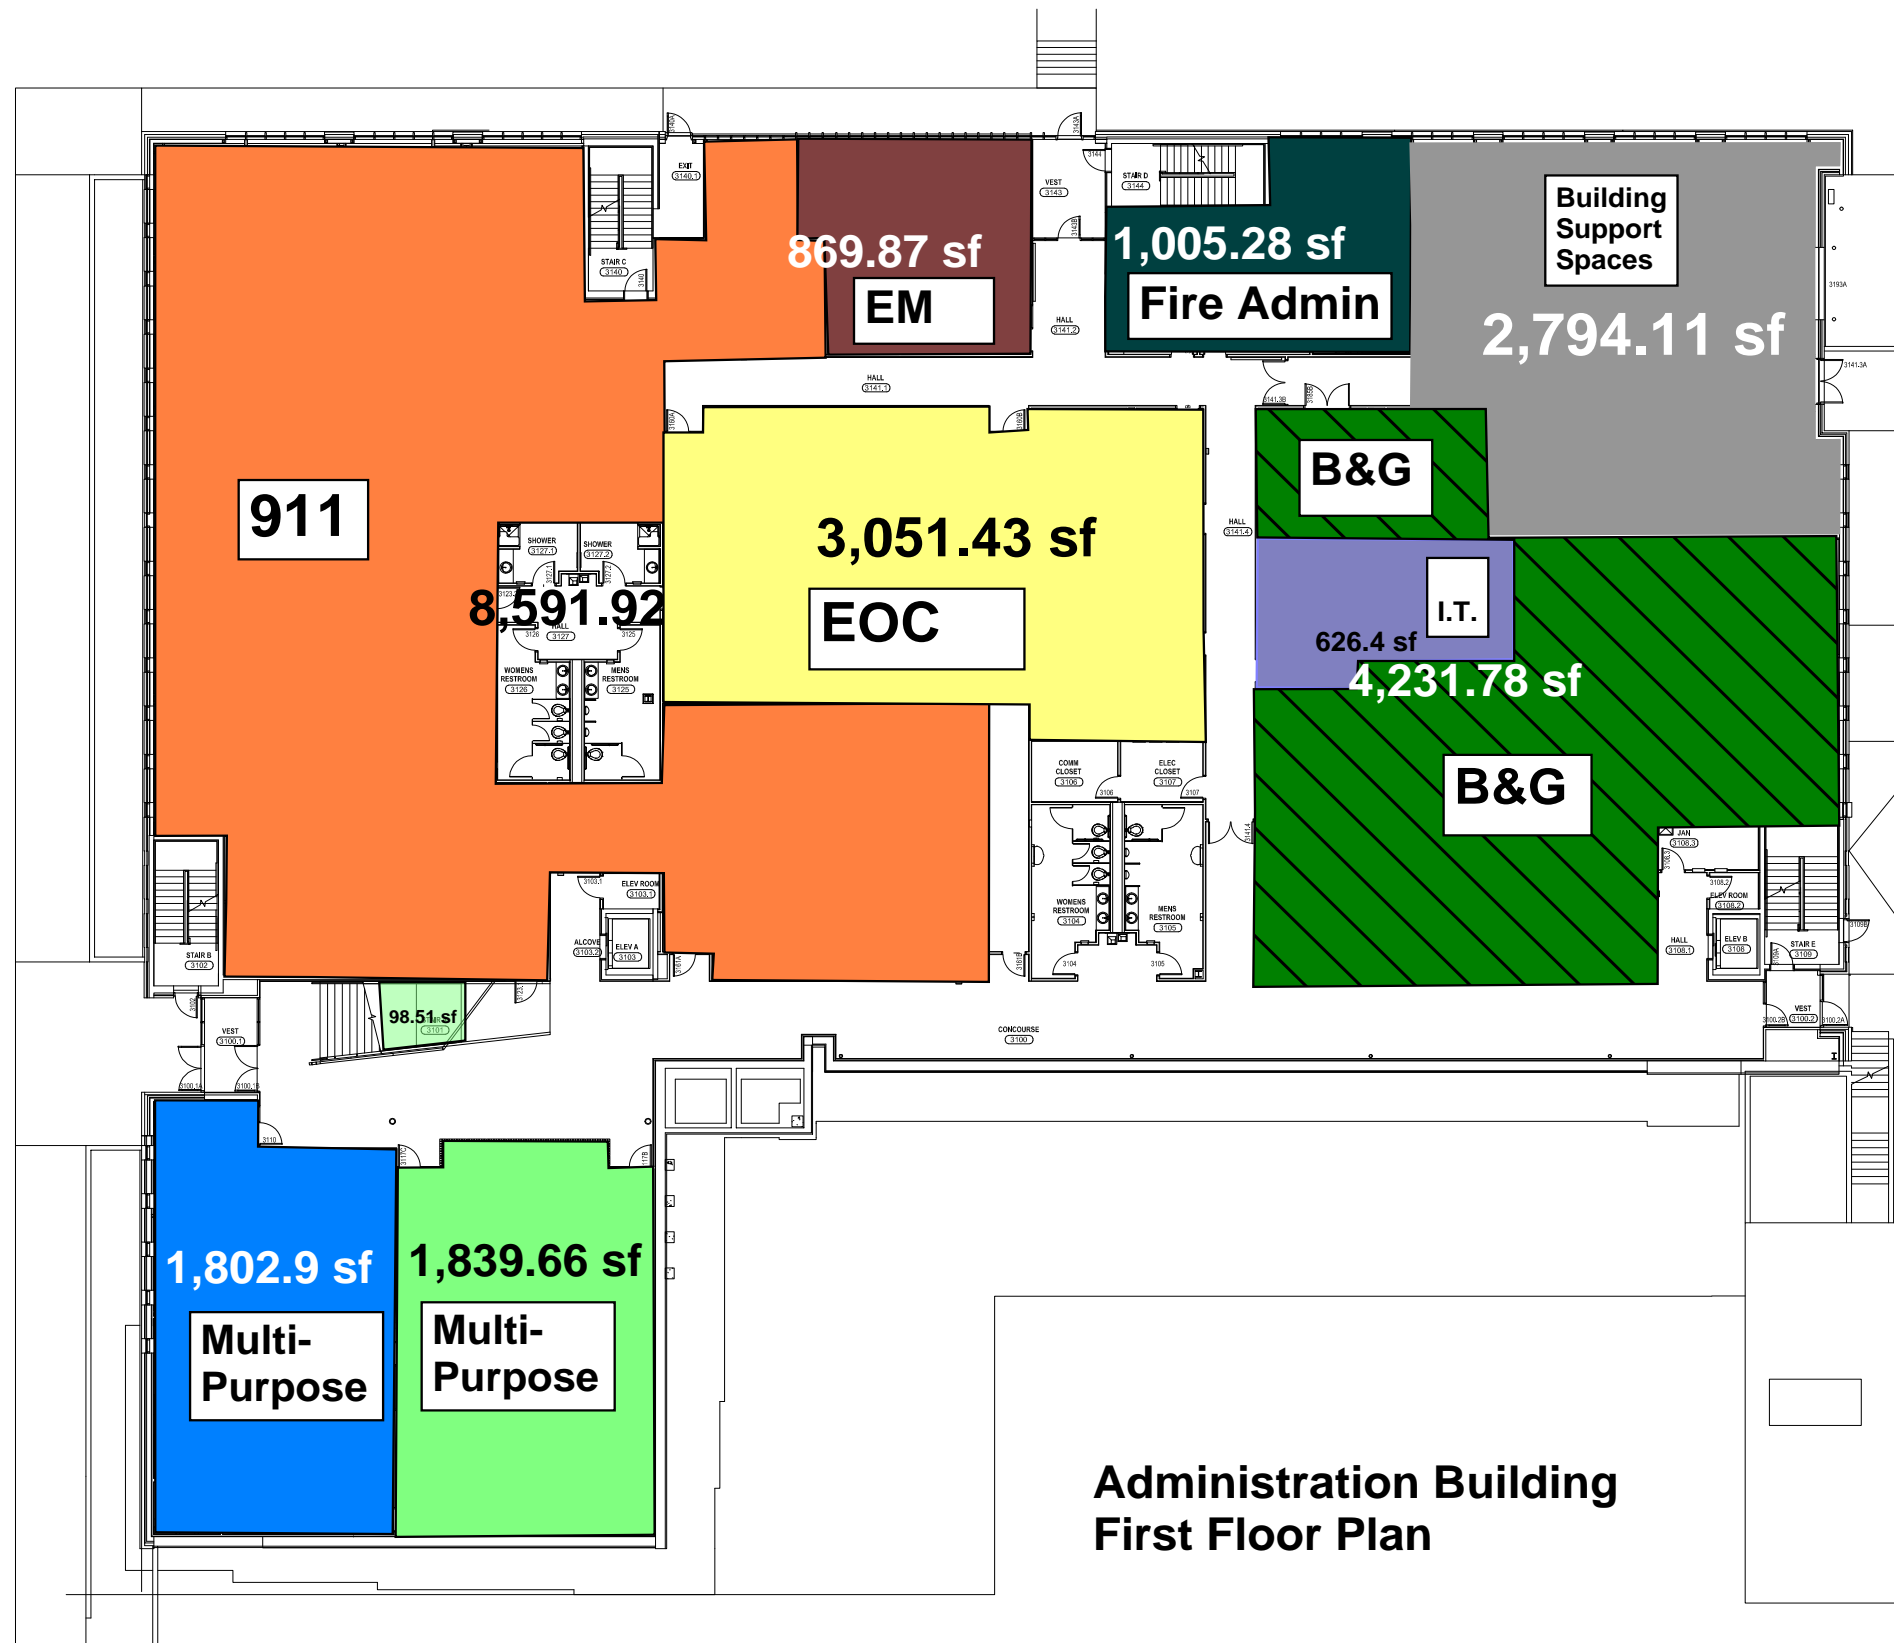

1-27-1.16. MEETING PACKETS AND MATERIALS.

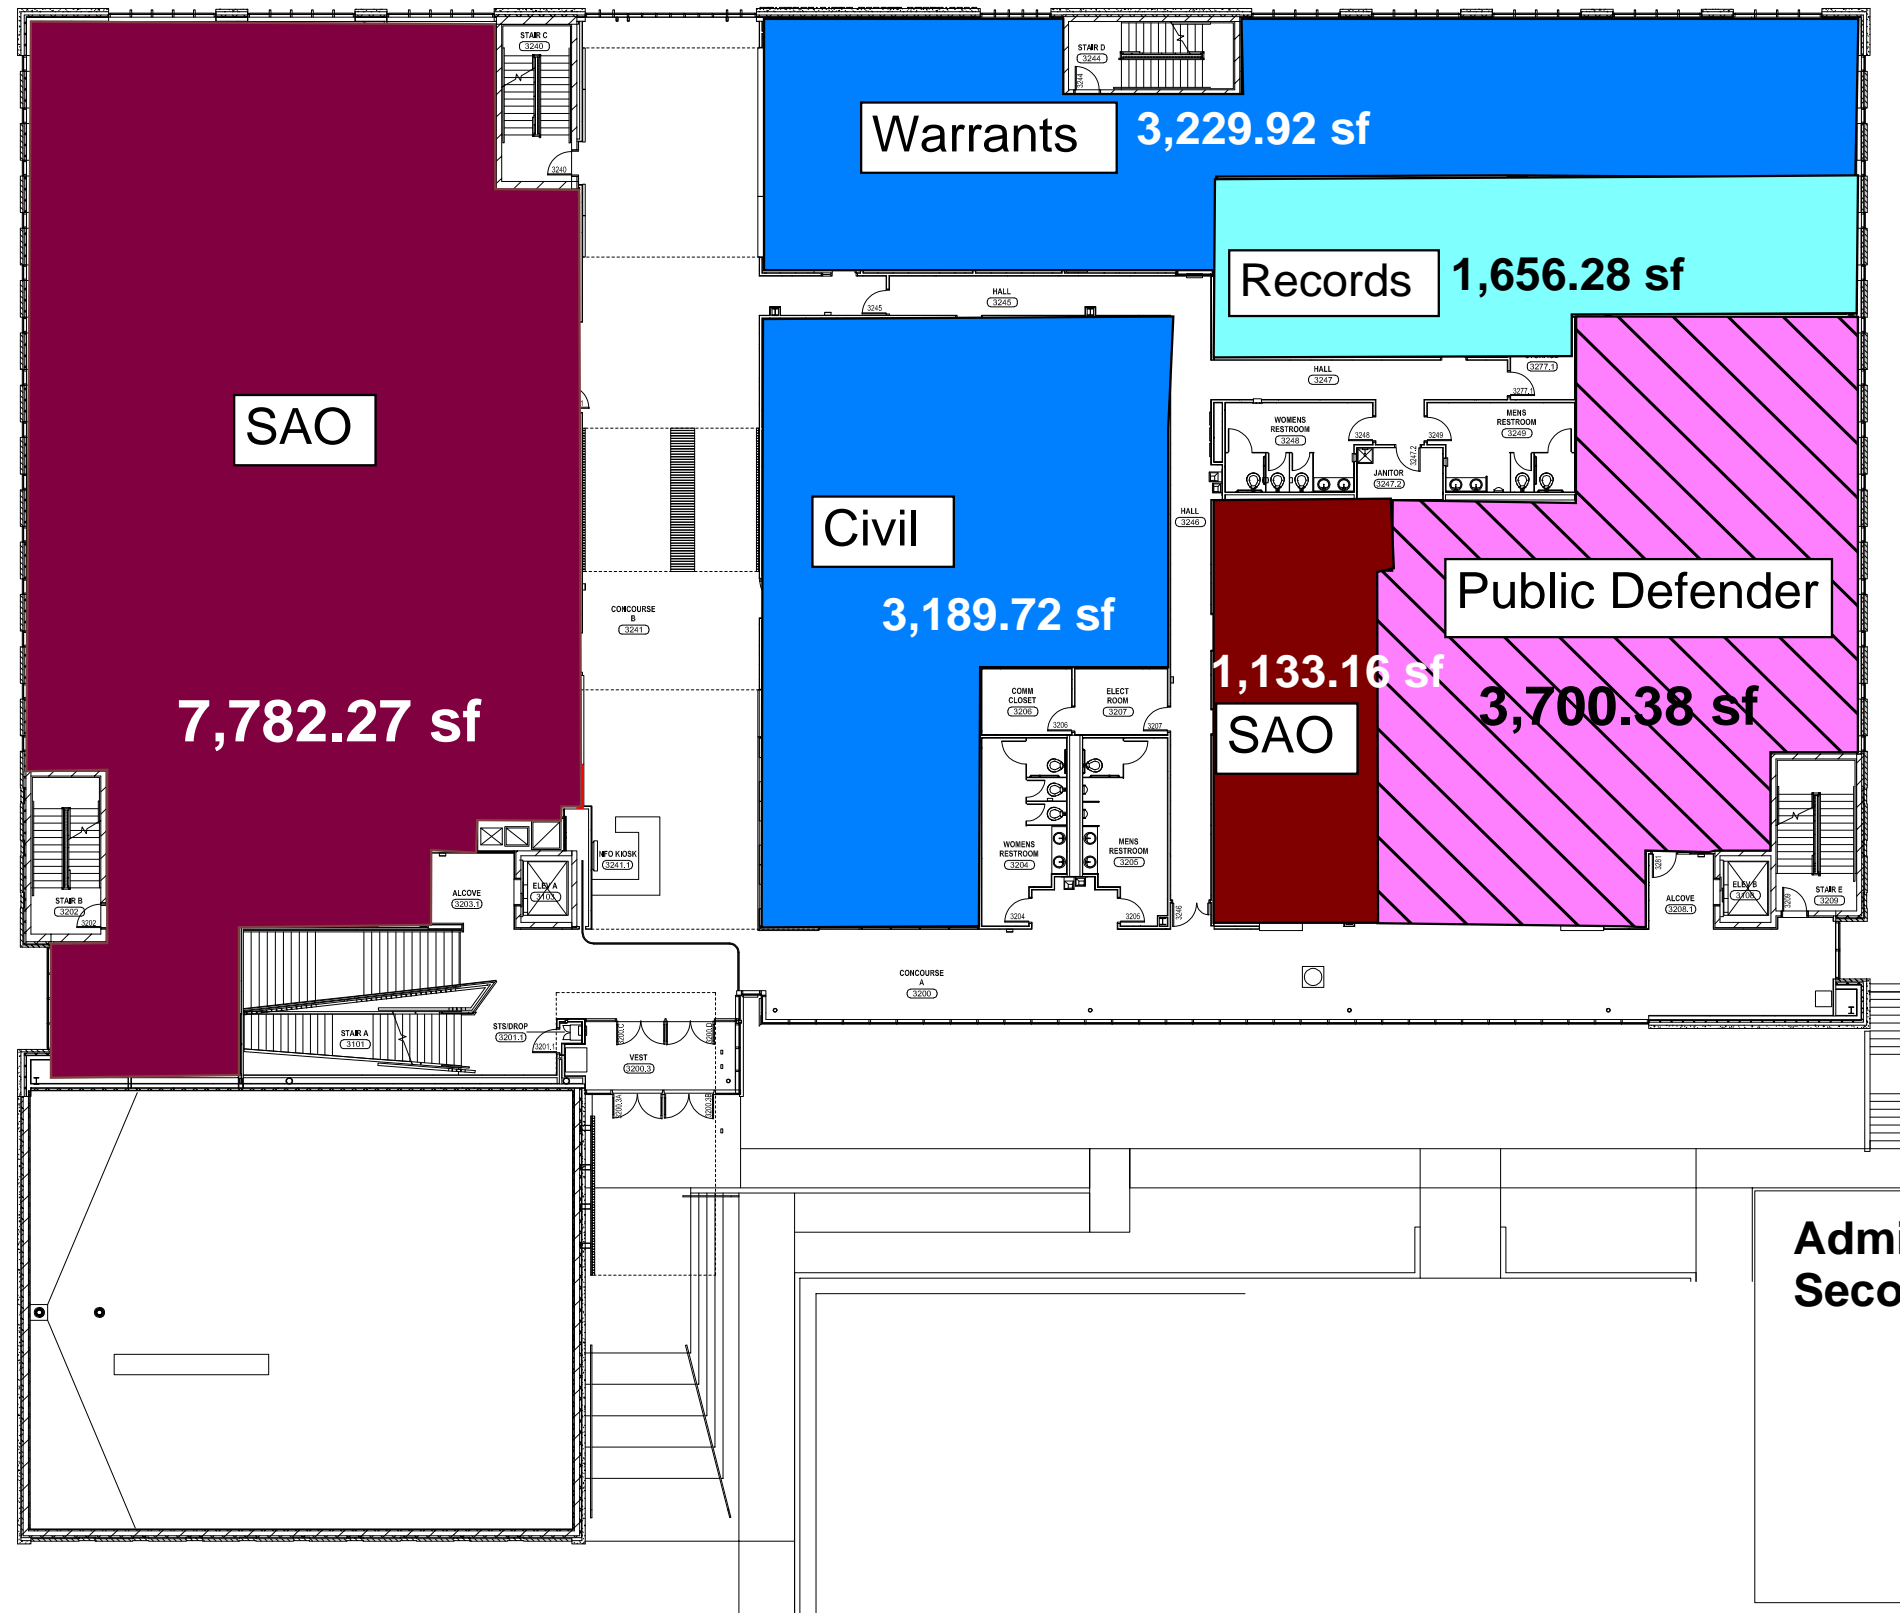

If a meeting is required to be open to the public pursuant to § 1-25-1 and if any printed material relating to an agenda item of the meeting is prepared or distributed by or at the direction of the governing body or any of its employees and the printed material is distributed before the meeting to all members of the governing body, the material shall either be posted on the governing body's website or made available at the official business office of the governing body at least twenty-four hours prior to the meeting or at the time the material is distributed to the governing body, whichever is later. If the material is not posted to the governing body's website, at least one copy of the printed material shall be available in the meeting room for inspection by any person while the governing body is considering the printed material. However, the provisions of this section do not apply to any printed material or record that is specifically exempt from disclosure under the provisions of this chapter or to any printed material or record regarding the agenda item of an executive or closed meeting held in accordance with § 1-25-2. A violation of this section is a Class 2 misdemeanor. However, the provisions of this section do not apply to printed material, records, or exhibits involving contested case proceedings held in accordance with the provisions of chapter 1-26.

1-27-1.17. DRAFT MINUTES. The unapproved, draft minutes of any public meeting held pursuant to § 1-25-1 that are required to be kept by law shall be available for inspection by any person within ten business days after the meeting. However, this section does not apply if an audio or video recording of the meeting is available to the public on the governing body's website within five business days after the meeting. A violation of this section is a Class 2 misdemeanor. However, the provisions of this section do not apply to draft minutes of contested case proceedings held in accordance with the provisions of chapter 1-26.

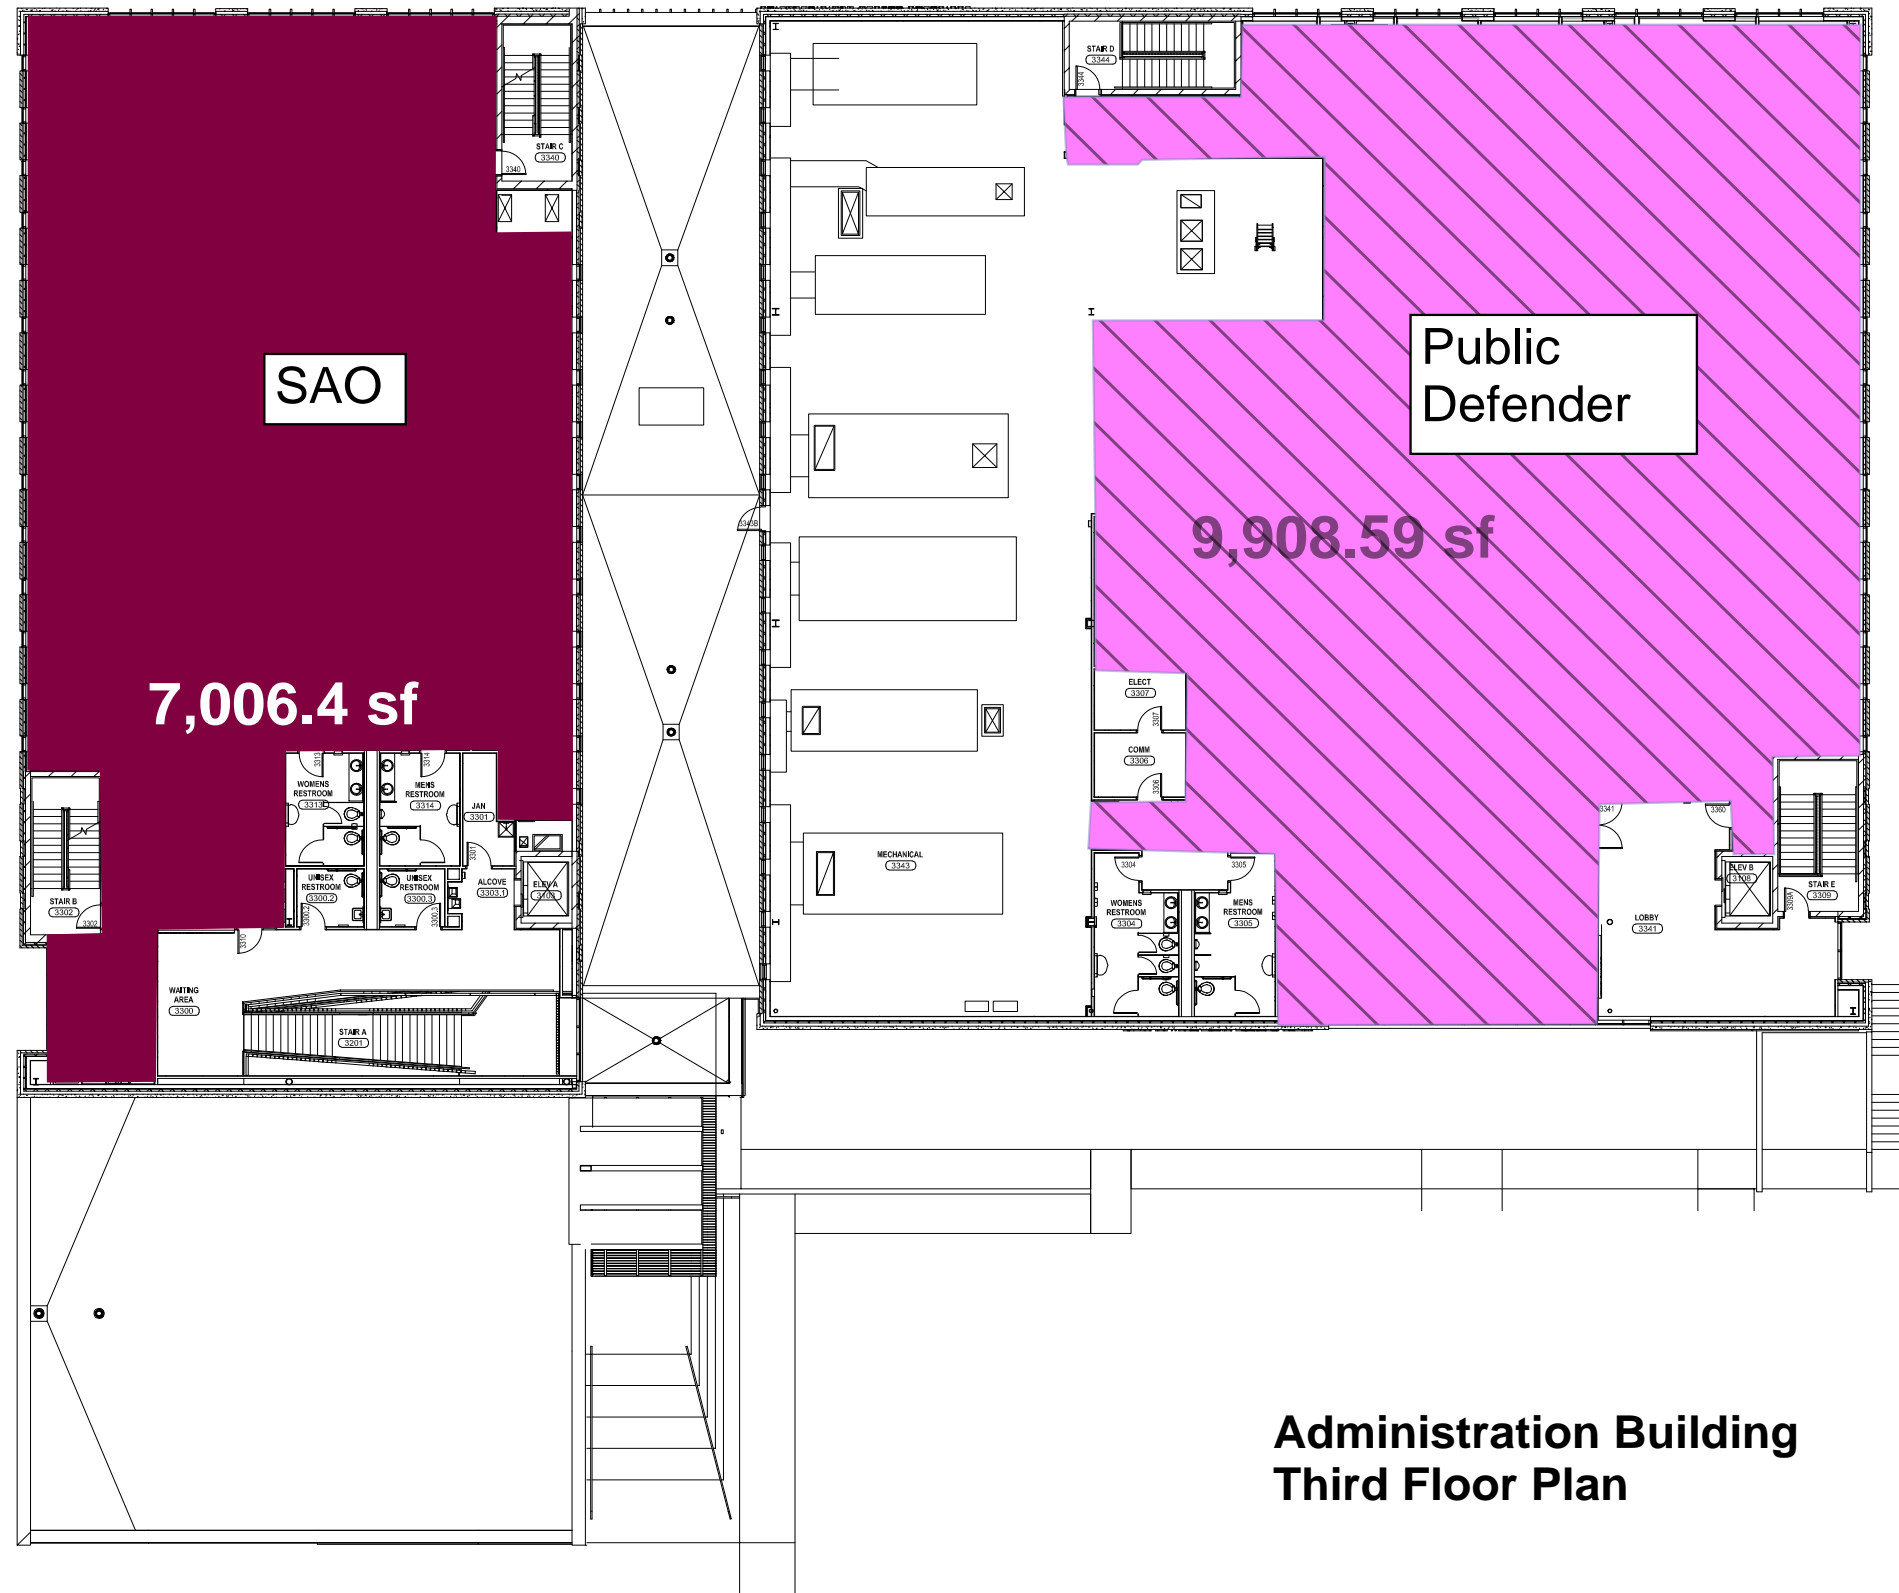

1-27-1.18. WORKING GROUP REPORTS. Any final recommendations, findings, or reports that result from a meeting of a committee, subcommittee, task force, or other working group which does not meet the definition of a political subdivision or public body pursuant to § 1-25-1, but was appointed by the governing body, shall be reported in open meeting to the governing body which appointed the committee, subcommittee, task force, or other working group. The governing body shall delay taking any official action on the recommendations, findings, or reports until the next meeting of the governing body.

MEMO

Date: February 17, 2026
To: Pennington County Board of Commissioners
From: Davis Purcell – Director of Buildings & Grounds
Re: **130 Kansas City Street Remodel – Bid Award, Overview, and Requested Action**

I. PURPOSE

Following the planned sale of the former Bank Building, Pennington County is proceeding with the renovation of the Prior Administration Building located at 130 Kansas City Street. This project allows the County to consolidate multiple departments, improve operations, and make efficient use of an existing County-owned facility.

II. SECO CONSTRUCTION – COMPLETE BID & CONTINGENCY SUMMARY

Construction bids were publicly opened on February 10, 2026.

Category	Description / Purpose	Amount
Base Bid	Complete renovation of the Prior Pennington County Administration Building, including demolition, new construction, finishes, mechanical, electrical, plumbing, and code upgrades per the bid documents.	\$2,690,000
Alternate #1	Exterior Secure Access Door (Buildings & Grounds Area): Provides a dedicated exterior entry for secure day-to-day access by staff and contractors.	\$60,000
Alternate #2	Fire Alarm System Upgrade	\$10,750
Alternate #3	Records Department (RCPD Space): Separately scoped build-out of the Records area intended for Rapid City Police Department occupancy.	\$155,000
Alternate #4	0–10V Lighting Controls (Conference Rooms): Enhanced lighting control and energy efficiency in conference and meeting spaces.	\$21,500
Construction Contingency (7%)	Standard contingency for renovation projects to address unforeseen conditions within an existing facility.	\$188,300
TOTAL CONSTRUCTION COST	Base Bid + All Alternates + Contingency	\$3,125,550

III. CONSTRUCTION FUNDING BREAKDOWN (ALL PARTIES)

This table shows who is paying for what.

Funding Source	Amount	Notes
City of Rapid City – RCPD Records	\$141,645*	70% City share; reimbursed to County
911 / Dispatch Department	\$242,450*	Anticipated to be paid from Dispatch restricted 911 fund
County – Capital Projects 303 Bond Fund	\$2,883,100	Includes the RCPD 70% portion, which will be reimbursed to the County, and excludes the 911 / Dispatch portion (\$242,450), which will be funded separately and not paid from bond proceeds. (\$3,125,550 - \$242,450 = \$2,883,100)

*Through discussions between the Sheriff's Office and the City of Rapid City, the City has agreed to fund **70% of the total** RCPD Records costs, inclusive of **construction and FFE**. The total RCPD Records cost is \$202,350 (\$155,000 construction + \$47,350 FFE), resulting in a City cost share of **\$141,645 (70%)**. Sheriff Brian Mueller will be at the meeting to discuss.

*Improvements to the 911 / Dispatch area are included in the construction contract for coordination purposes, with an estimated value of **\$242,450**. This portion of the work is **anticipated to be funded directly by the 911 / Dispatch Department through its own capital project funds and is excluded from the County bond-funded total**. Director Kevin Karley will be at the meeting to discuss.

IV. OTHER COSTS REQUIRED TO OPEN THE BUILDING

In addition to the construction contract, the following items are required to fully occupy and operate the building. These costs are **not included in the general contractor bid**.

Other Project Costs	Amount
HVAC Controls (VAV – Floors 1 & 2)	\$268,960
Cameras & Access Control	\$200,000
IT Infrastructure	\$100,000
Moving & Relocation	\$95,000
Furniture, Fixtures, Equipment & Signage	\$600,000
Total Other Project Costs	\$1,263,960

V. TOTAL COUNTY BOND FUNDED COST SUMMARY

County Bond Cost Components	Amount
Construction	\$2,883,905
Other Project Costs	\$1,263,960
Total Project Cost	\$4,147,060

VI. RECOMMENDED MOTION

Motion to award the bid and construction contract for the Prior Pennington County Administration Building Renovation, located at 130 Kansas City Street, to SECO Construction as the lowest responsive and responsible bidder in the total construction contract amount of \$2,937,250, which includes the base bid (\$2,690,000) and Alternates #1 through #4 (\$247,250), and to authorize the Director of Buildings & Grounds to execute all AIA and associated contracts necessary to complete the project.

Further, to approve an owner-held construction contingency in an amount not to exceed \$188,300.

Further, to authorize expenditures from the Capital Projects 303 Bond Fund for the project in a total amount not to exceed \$4,147,060, inclusive of construction, owner-direct, and non-construction components.

Further, to acknowledge that Alternate #3 (Records Department / RCPD space) includes a City of Rapid City cost share and reimbursement of \$141,645.

Further, to acknowledge that \$242,450 related to the 911 / Dispatch scope is anticipated to be funded separately through the Restricted 911 Fund and is excluded from bond funding.

Bond Fund as of 2.12.26 – \$30,230,370

FROM: JOSEPH MILLER 
SUPERINTENDENT

RE: SECOND READING ORDINANCE 11 AMENDMENT - CRITERIA FOR THE
INSTALLATION, RELOCATION, REPAIR OR EXPANSION OF UTILITIES
OR ANY GROUND DISTURBING ACTIVITY WITHIN PUBLIC RIGHT-OF-
WAYS UNDER PENNINGTON COUNTY'S

Ordinance 11 regulates the installation of utilities or excavation within the public right-of-way. The ordinance was originally adopted in 1978 and was amended in July of 2025 to address increasing instances of contractors performing work within the right-of-way without the required permits and, in some cases, not meeting field standards.

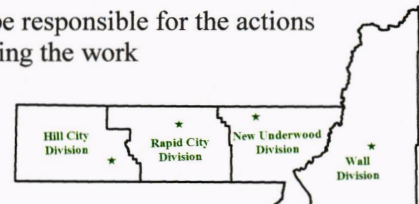

After operating under the amendment for four months and having additional meetings with local utility companies, we have worked with the State's Attorney's Office to draft an additional amendment. This amendment responds to concerns raised by rural electric cooperatives with current franchise agreements as well as concerns from Black Hills Energy and includes several clarifications. Walter McDuff, Pennington County Risk Manager was also briefed on proposed revisions related to the comments from the utility companies.

Updates to the ordinance include:

- Clarification that all ground disturbing activities within the right-of-way require a permit
- A definition of a hazardous utility
- Exemption for Federal, State, Local Government Entities, Franchisees and their subcontractors from permit fees and bonds
- Minor language revisions to ensure consistency throughout the ordinance

Utility Company Comments/Concerns and Proposed Revisions:

1. Requested exemption of Franchisees from Ordinance 11
 - a. Included in proposed amendment – Section 500
2. Requested allowing utility company to apply for permit and be responsible for the actions and/or inactions of any contractors or subcontractors performing the work

- a. Proposed ordinance amendment revision to Section 102(G) allows for Permittee to be whomever will be responsible for the actions and/or inactions of the permitted work.
3. Request clarification for permit requirements for maintenance activities on facilities previously permitted (i.e. replacement of a pole or anchor)
 - a. Verbally addressed with the utility companies. Any ground disturbances require a permit and if they are simply trimming trees around their overhead poles and lines, a permit is not required as there are no ground disturbances involved with this work.
4. Clarify when a pre-construction meeting is required
 - a. Not addressed in proposed ordinance amendment as the Highway Department would like to allow the flexibility to require one based on factors such as the size of the project, location of the project, type of work to be completed, etc. and understand that it is not feasible nor necessary to always require a pre-construction meeting.
5. Unable to provide GIS data due to cybersecurity concerns related to critical infrastructure
 - a. Not addressed in proposed ordinance amendment as the wording states “may” be required.
6. Clarify who determines durability in design, construction and maintenance in Section 201(A)
 - a. Not addressed in the proposed ordinance amendment
7. Review the use of the terms “may” and “shall” throughout the ordinance to clearly define when each applies
 - a. All instances of “shall” have been replaced with “will” as per legal advice. No other changes have been made in the proposed ordinance to allow for flexibility in issuing permits based upon size of the project, location of the project, type of work being completed, etc.
8. Request review of performance bond amount requirements. Suggest bonding restoration costs of the project rather than 100% of project cost as well as request for better clarification on when a performance bond would be required.
 - a. Proposed ordinance amendment reduces the performance bond amount from 100% to 15% of the cost of the construction within the right-of-way in an effort to avoid any disputes over what costs are considered necessary for the restoration of the right-of-way.

Attached for review is the 2007 version of Ordinance 11, the current version of Ordinance 11 amended in 2025, the proposed amendment in markup form and the current franchise agreements with Black Hills Electric Cooperative, Inc. and West River Electric Association.

Motion is requested to approve the second reading and final adoption of Ordinance 11 Amendment.

ORDINANCE NUMBER 11 REVISED

AN ORDINANCE TO REGULATE THE INSTALLATION OF UTILITIES OR EXCAVATION WITHIN THE PUBLIC RIGHT-OF-WAYS.

BE IT HEREBY ORDAINED BY THE PENNINGTON COUNTY BOARD OF COMMISSIONERS THAT PURSUANT TO ITS AUTHORITY UNDER SDCL CHAPTER 7-18A, ORDINANCE NO. 11 REGULATING THE INSTALLATION OF UTILITIES OR EXCAVATION WITHIN THE PUBLIC RIGHT-OF-WAYS BE AMENDED AS FOLLOWS:

It shall be unlawful for any association, corporation, firm, partnership, or person to tunnel under or to make any excavation or installation of any utility in or below, over or across any Pennington County Highway Right-of-Way without first applying for and obtaining a permit as provided for in the attached (EXHIBIT A) and agreeing to the following:

Prior to the issuance of any permit, a cash or surety bond must be posted with Pennington County in the sum of five thousand dollars (\$5,000.00) for faithful performance of all requirements of this permit including full restoration of the premises upon completion of the project and for repayment to the County for all damages which may occur as a result of the excavation or installation of the utility authorized by this permit. Said cash or surety shall remain in place and be warranted to Pennington County for not less than two (2) years after completion of the work permitted herein unless officially cancelled, in writing, by Pennington County prior to that date.

Excavation and trenching work shall be completed as provided in the application in order to limit inconvenience to the general public. At the completion of the work permitted herein, the public right-of-way shall be restored to its original condition as accepted by the County Highway Superintendent. At a minimum, all rock two inches (2") and larger shall be removed and all disturbed areas are to be seeded.

If one (1) or more acres will be disturbed, applicable permits in Compliance with the South Dakota Water Pollution Control Act and the Administrative Rules of South Dakota (ARSD) Chapters 74:52:01 through 74:52:11 shall be obtained.

The method of installing the utility under any public or county highway shall be by pushing and/or boring only. If it is not possible to make the installation by this method, then before any other methods are employed, the permittee shall obtain written permission from the County Highway Superintendent before proceeding. If written permission is procured, then saw cutting of the pavement structure ahead of excavation operations shall be required to confine pavement damage to the limits of the trench or excavation.

The backfilling of ditches or other excavation shall be performed in such a manner as not to permit any settling, erosion, or other damages to the public road or right-of-way. In the event of any settling occurring in the right-of-way or under the surface or pavement within two (2) years following completion of the permitted activity, the County Highway Superintendent will send a notice by certified or registered mail to the person, firm, or corporation having obtained the permit for said work. The permittee will have thirty (30) days upon receipt of the notification to correct the deficiencies or the County shall cause to have the work done. If the County must cause to have the work done, the permittee shall surrender its bond to cover the costs to the County and shall be assessed an additional fee equal to any balance remaining to complete the work. This assessment shall be paid prior to issuance of any additional permits and in no case later than thirty (30) days after receipt of a balance due.

All utility installations shall be a minimum depth of thirty six inches (36") below existing ground line and/or road surface. A minimum of five feet (5') shall be maintained from the edge of the road surface, except at crossings, a five foot (5') lateral clearance shall be maintained from drainage structures and culverts. Permittee shall be responsible and liable for any and all damages, costs, and actions for any installations less than thirty six inches (36") in depth.

The individual or entity installing the utility shall be responsible for any and all safety/work zone signs, which shall meet the requirements of the Manual on Uniform Traffic Control Devices.

Utility lines shall be moved or rearranged, if required in the future, at no expense to the County.

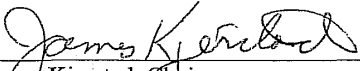

The County Highway Superintendent, or his representative, shall be permitted to make investigations of the work in progress and require such changes in procedure as may be deemed necessary to comply with this Ordinance and to best serve the interests of the County and the public.

In addition to any other penalty authorized by State law or County ordinance, each violation of this ordinance subjects the individual to a fine of five hundred (\$500.00) dollars and/or imprisonment for a period not to exceed thirty (30) days.

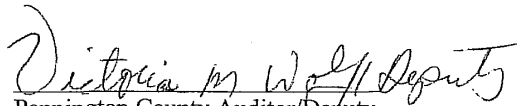

A violation of any resolution passed by the Pennington County Board of Commissioners under the authority of this ordinance is deemed to be a violation of this ordinance and punishable as provided above.

Dated this 14th day of August, 2007.

PENNINGTON COUNTY COMMISSION

James Kjerstad, Chairman

ATTEST:

Pennington County Auditor/Deputy

First Reading: August 7, 2007
Second Reading: August 14, 2007
Published: August 29, 2007
Effective: September 18, 2007

ORDINANCE NUMBER ELEVEN

CRITERIA FOR THE INSTALLATION, RELOCATION, REPAIR OR EXPANSION OF UTILITIES OR EXCAVATION WITHIN PUBLIC RIGHT-OF-WAYS UNDER PENNINGTON COUNTY'S JURISDICTION

BE IT ORDAINED by Pennington County, South Dakota that Ordinance 11 be amended to read as follows:

Section 101 – Purpose:

- A. To allow for the installation, relocation, repair or expansion of public utilities or private rural water service for agriculture purposes or excavation within the right-of-way under Pennington County's jurisdiction.
- B. To establish criteria to protect the traveling public from any of the activities outlined in Section 101 subsection A.

Section 102 – Policy:

- A. It is unlawful for any association, corporation, firm, partnership, or person to tunnel under or make any excavation or installation of any utility in or below, or over or across any Pennington County right-of-way without first applying for and obtaining a permit.
- B. Excavation or installation of utilities will be completed as provided in the application in order to limit inconvenience to the traveling public.
- C. The installation of privately-owned lines, open ditches, drainage tile, or conduits on county highway rights-of-way for the purpose of draining adjacent wetlands onto the highway right-of-way is prohibited.
- D. Utility lines in the public right-of-way will be removed or relocated, if required in the future, at no expense to the County. Pennington County will provide written notice and conduct a coordination meeting prior to any request for utility removal or relocation.
- E. Permits issued through this ordinance do not replace any other permit, license or other approval that may be required by any other entity holding a property interest in the right-of-way, including but not limited to any Federal, State, Local or Tribal government, the Office of School and Public Lands, the U.S. Forest Service and the Bureau of Indian Affairs. The issuance of a Utility Permit does not relieve the Permittee of the obligation to obtain any other approvals that might be required for use of the highway right-of-way for utility purposes. The Permittee is solely responsible for investigating whether additional approval is required and complying with any other applicable requirements. If the Permittee fails to secure all necessary approvals or comply with all applicable requirements, permits issued through this ordinance are of no effect whatsoever, and the

Pennington County Highway Department may, at the Permittee's sole expense, cause the immediate removal of the utility facilities.

- F. Wherever applicable laws, regulations, rules or guidelines differ from this ordinance, the more restrictive will apply.
- G. The Permittee must be the company or individual performing the work and will be responsible for the actions and/or inactions of any contractors or subcontractors secured for the purpose of permitted work in accordance with the permit's terms.
- H. Permittee will be required to provide a certificate of insurance providing evidence that sufficient liability insurance is carried to protect the public from injuries sustained by reason of pursuing the work. Minimum coverage will be \$1,000,000.00 for both general liability and automobile liability and Worker's Compensation that complies with statutory limits.
- I. Permittee will be required to register all utility installations, public or private, within the public right-of-way with the South Dakota 811 one call notification system as an operator.
- J. A copy of an approved Utility Permit, plans, specifications and special provisions must be available on the job site.
- K. A preconstruction meeting with the Permittee and County Highway Department may be required.
- L. Permittee may be required to provide County with Geographic Information System (GIS) data for the permitted work.
- M. The Pennington County Highway Department reserves the right to revoke or change the terms and conditions of the permit with or without cause and upon notice to the Permittee.
- N. Utility Permits are non-transferable. New applications will be required for any changes to the Permittee or for any proposed changes in size, type or location of the utility submitted on the original application.
- O. All work performed by the Permittee must be warranted for two (2) years. Warranty period will commence upon the Pennington County Highway Department's written approval of a Completion Certificate submitted by the Permittee. Any and all requirements and special conditions contained in the permit must be completed and approved by the County Highway Superintendent or designee prior to Permittee demobilizing from the site.
- P. In the event that any requested permit be related to the installation, relocation, expansion, or excavation of utilities associated with the implementation of utility-scale alternative

energy, then the requested permit will not be approved by the Highway Superintendent or his designee, and it must be brought before the Pennington County Board of Commissioners at a regularly scheduled meeting for approval or denial. However, the Pennington County Highway Department will still reserve the right to revoke or change the terms and conditions of any approved permit pursuant to Section 102(M) listed above.

Section 201 – Minimum Construction Standards and Specifications:

- A. Utility installations must be designed, constructed and maintained with durable materials.
- B. Any trenching, tunneling or excavating shall be performed in accordance with the requirements of the Occupational Safety and Health Administration (OSHA) and other South Dakota governmental departments having jurisdictional authority over such actions.
- C. Permittee will be responsible for any and all traffic control, including all safety/work zone signs, which will be in conformance with the most current published edition of the Manual on Uniform Traffic Control Devices (MUTCD). A traffic control plan will be required for any work permitted for roads with an Average Daily Traffic count of 250 or more, based upon Pennington County's most recent data. The traffic control plan must be approved by the County Highway Superintendent or designee.
- D. All workers of the Permittee within the public right-of-way will wear high-visibility safety apparel, as described in the most current published edition of the MUTCD.
- E. Skewed crossings greater than forty-five (45) degrees will not be allowed.
- F. The location of utility facilities shall comply with the most current published edition of the Americans with Disabilities Act.
- G. Electric power and communication cables, gas lines, water lines and sewer lines must be separated from one another as required by applicable codes and ordinances.
- H. If one (1) or more acres of earth disturbance or work in a waterway will occur for permitted work, Permittee will be responsible for complying with the South Dakota Water Pollution Control Act and the Administrative Rules of South Dakota, Article 74:52. County permit for excavation or installation of utilities in the public right-of-way will not be issued without Permittees proof of issuance of all applicable South Dakota Department of Agriculture and Natural Resources Permits.
- I. Permittee may be required to obtain a Storm Water Permit from the Pennington County Planning Department for land disturbances greater than or equal to 10,000 square feet.
- J. The County Highway Superintendent or designee will be permitted to document pre-existing conditions of the proposed work area prior to work commencing and will be allowed to conduct investigations while work is in progress. The County Highway Superintendent or designee may require changes in procedure or suspend permitted work

as may be deemed necessary to comply with this Ordinance and to best serve the interests of the County and the traveling public.

- K. Permittee will notify the department before spraying, cutting, or trimming vegetation in connection with construction, relocation, or maintenance activities. The department may require special procedures as necessary.
- L. At the completion of the work permitted, the public right-of-way will be restored to its original condition or better as accepted by the County Highway Superintendent or designee. The backfilling of ditches or other excavation will be performed in such a manner as not to permit any settling, erosion, or other damages to the public road or right-of-way and will conform to the most current published edition the "Standard Specifications for Roads and Bridges", South Dakota Department of Transportation.
- M. All disturbed areas will be free of rocks and seeded in conformance with the most current published edition the "Standard Specifications for Roads and Bridges", South Dakota Department of Transportation.
- N. Criteria for Protecting and Enhancing the Environment
 - 1. Designated areas including scenic strips, overlooks, rest areas, recreation areas, public parks, and historic sites are subject to limited utility installations.
 - 2. New underground utility installations may be permitted within the kinds of lands listed at the beginning of this section if they do not require extensive removal or alteration of trees or other natural features visible to the highway user and do not impair the visual quality of the lands being traversed.
 - 3. New aerial installations may be permitted by the County Highway Superintendent or designee at such locations only if other locations are unusually costly, other locations are less desirable from the standpoint of visual quality and the proposed installation can be made visually pleasing.
- O. Overhead/Aerial Facilities Design Criteria
 - 1. Ground-mounted supports for aerial facilities and other appurtenances must be located as near to the right-of-way line as possible and must provide a clear zone in accordance with the most current published edition of the American Association of State Highway and Transportation Officials (AASHTO) "Roadside Design Guide." In curb and gutter roadway sections, ground-mounted supports and other appurtenances must be located a minimum of six feet (6') beyond the back side of the curb.
 - 2. Ground-mounted supports or other protruding appurtenances within the clear zone must be constructed with a breakaway feature or be protected in accordance with the most current published edition of the AASHTO "Roadside Design Guide" when the speed limit is over thirty miles per hour.
 - 3. Aerial facilities must completely span the highway. If there is a median over eighty feet (80') wide, a supporting structure may be placed in the median if a clear zone can be

maintained in accordance with the most current published edition of the AASHTO "Roadside Design Guide."

4. The minimum vertical clearance for power and communication lines above the highway and the lateral and vertical clearance from the bridges must conform to the most current published edition of the "National Electrical Safety Code."
5. Breakaway supports or guide rails are not required when the support or appurtenance is located beyond deep drainage ditches, approaches, retaining walls, and other protected locations.
6. In urban areas, a five foot (5') minimum walkway must be clear to facilitate travel by the visually impaired and the handicapped.

P. Underground Power and Communications Design Criteria

1. Longitudinal installations will be located as near the right-of-way line as possible. The County Highway Superintendent or designee may grant an exception to this requirement if they determine the utility cannot be placed beyond the curb.
2. Installations will be in as straight a line as possible. Markers will indicate crossings and longitudinal occupation and will be placed as shown on the approved utility permit.
3. Crossings must be made by boring or jacking. Boring or jacking must be continuous from toe of inslope to toe of inslope or back of curb to back of curb.
4. Conduit is required for bored or jacked crossings except when the cable being installed is approximately of the same size as the opening being made.
5. The minimum depth of cover over the installation to the surface is four feet (4') under rural roadway sections, two feet (2') under curb and gutter roadway sections, and three feet (3') under other areas within the right-of-way. A minimum of five feet (5') will be maintained from the edge of the road surface, except at crossings and a minimum of five feet (5') of lateral clearance will be maintained from drainage structures and culverts. Permittee will be responsible and liable for any and all damages, costs and actions for any installations less than these required minimums. Deviations will not be allowed unless authorized in writing by the County Highway Superintendent or designee.

Q. Underground Pipeline Design Criteria

1. Longitudinal installations must be located as near the right-of-way line as possible. In curb and gutter highway sections, the installation may be placed under the parking lanes or, if none, the outside driving lane when it cannot be placed beyond the curb. The County Highway Superintendent or designee may grant an exception to this requirement if the utility is tying into existing pipelines.
2. Installations must be in as straight a line as possible. Installations must indicate crossings and longitudinal occupation by means of markers or manholes placed as shown on the approved utility permit.
3. Crossings must be made by boring or jacking, unless the County Highway Superintendent or designee determines diminished pavement condition, existing pipelines or other mitigating conditions make boring or jacking unnecessary. Boring or

jacking must be continuous from toe of inslope to toe of inslope or back of curb to back of curb.

4. Pipeline crossings carrying hazardous materials, rural pipeline crossings carrying nonhazardous materials, pipeline crossings with diameters of six inches (6") or more, and pipeline crossings operating at pressures of eighty pounds per square inch gauge or more must be encased. However, welded steel pipeline crossings may be installed without encasement provided that the crossings meet the following requirements:
 - a. Have increased wall thickness or higher strength steel or both;
 - b. Have increased depth of cover;
 - c. Are marked in accordance with subdivision (2) of this section; and
 - d. Are designed to withstand internal design pressures and the superimposed loads of the roadway and traffic, including that of construction machinery.

Deviations will not be allowed unless authorized in writing by the County Highway Superintendent or designee.

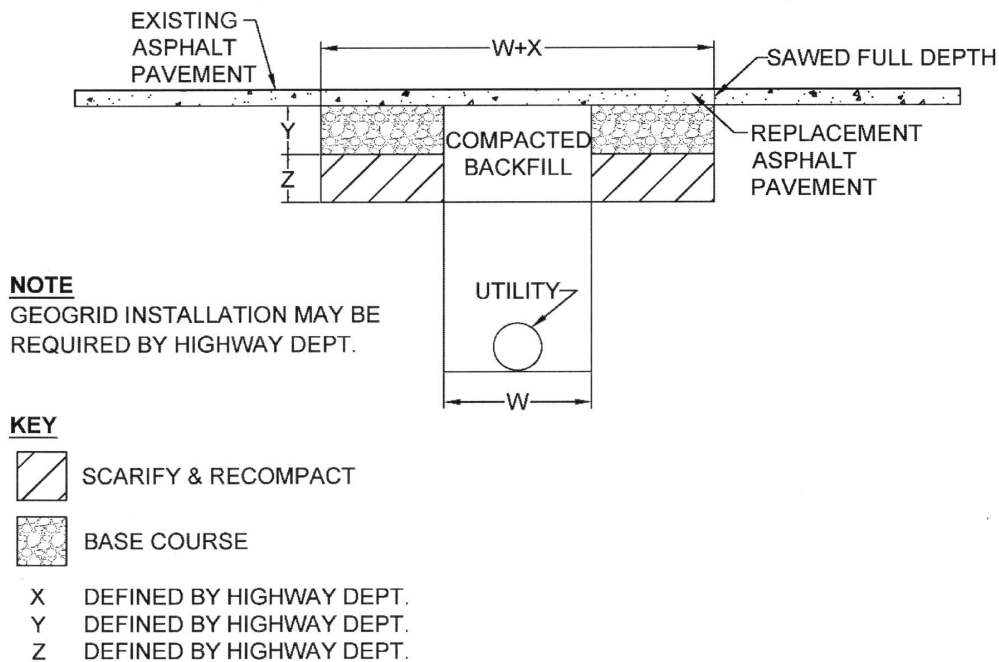

5. Pipelines carrying hazardous materials must conform with 49 C.F.R. §§ 192.1 et seq. (August 15, 2024), or 49 C.F.R. §§ 195.0 et seq. (August 15, 2024), as applicable.
6. The minimum depth of cover over the installations to the surface is four feet (4') under rural roadway sections, two feet (2') under curb and gutter roadway sections, and three feet (3') under other areas within the right-of-way. A minimum of five feet (5') will be maintained from the edge of the road surface, except at crossings and a minimum of five feet (5') of lateral clearance will be maintained from drainage structures and culverts. Permittee will be responsible and liable for any and all damages, costs and actions for any installations less than these required minimums. Deviations will not be allowed unless authorized in writing by the County Highway Superintendent or designee.
7. The location of manholes and longitudinal pipelines must be in accordance with the most current published edition of the Guide for Accommodating Utilities within Highways and Freeways.

R. Irrigation Facilities Design Criteria

1. Longitudinal installations will be located as near to the right-of-way as possible. Open ditch installations are not permitted within the right-of-way.
2. Permanent installation crossings of the right-of-way will be made with buried box culverts or pipelines. All joints must contain a seal to prevent leaking. The minimum depth of cover over the installation is three feet (3').
3. Temporary irrigation facilities, those remaining in place only for the duration of the irrigation season, may be placed on the ground surface when they are beyond the clear zone. When they are within the clear zone they must be dug in so that no more than four inches (4") of pipe extends above the ground.
4. Crossings must be made by boring or jacking. Boring or jacking must be continuous from toe of inslope to toe of inslope or back of curb to back of curb. Temporary irrigation facilities may be placed inside a highway drainage structure if the County Highway Superintendent or a designee determines that such placement does not interfere with drainage.

S. Open Cut Method of Utility Installation or Repair Criteria

1. The open cut method of installation or repair of utilities will not be allowed unless the County Highway Superintendent or designee determines, in writing, that jacking, boring, tunneling, or similar methods are not feasible or practical.
2. The opening in existing asphalt pavement must be made by sawing full depth ahead of excavation operations to confine pavement damage to the limits of the trench or excavation. The asphalt removed must be disposed of by the contractor unless otherwise specified by the County Highway Superintendent or designee.
3. All unstable excavation material, as determined by the County Highway Superintendent or designee, must be removed and disposed of by the contractor.
4. The excavated material may be used for backfill unless found to be unsuitable by the County Highway Superintendent or designee. Any other material proposed for backfill must be approved by the County Highway Superintendent or designee before being used.
5. The backfill material must be placed in layers not to exceed one foot (1') in loose depth. Each layer must be uniformly compacted to a minimum of ninety-five percent of maximum dry density before successive lifts are placed. The backfill material must be compacted at a moisture content of no less than four percentage points below the optimum moisture content.
6. The maximum dry density and optimum moisture content must be determined by T 99 Standard Method of Test for Moisture-Density Relations of Soils or T 180 Modified Method of Test for Moisture-Density Relations of Soils, AASHTO most current published edition. Testing must be done every two feet (2') of lifts. The requirement for compliance with density and moisture specifications may be waived at the option of the County Highway Superintendent or designee.
7. Granular surface material must be replaced to the previous depth with in-kind material or material which must be approved by the County Highway Superintendent or designee before being used. Materials must be satisfactorily compacted as approved by the County Highway Superintendent or designee.
8. Asphalt pavement surface material must be replaced to the previous depth with in-kind material or material approved by the County Highway Superintendent or designee. Pavement must be satisfactorily compacted as approved by the County Highway Superintendent or designee.

TYPICAL SECTION FOR ASPHALT PAVEMENT **N.T.S**

T. Attachment to Highway Structures Design Criteria

1. A utility company may not locate, relocate, expand, or otherwise place and maintain a utility on any bridge or other highway structure of the Department without first obtaining a permit.
2. Utility attachments to bridges or other highway structures are not permitted if the County Highway Superintendent or designee determines it is reasonable to locate facilities elsewhere. If other locations prove to be difficult and unreasonably costly, the Department may consider attachments of utility facilities to a bridge structure if the attachment can be made without materially affecting the structure, the safety of traffic, the efficiency of maintenance of the structure, the efficiency of bridge inspection, or the bridge's appearance and if the structure can support the additional load.
3. Utility facilities are not permitted to be attached to bridges or other highway structures on or eligible for listing on the National Register of Historic Places without prior written consent of the state historic preservation officer.
4. Utility installations must be attached to the bridge structure beneath the structure's floor, between the outer girders or beams, or within a cell of a box girder and must be at an elevation above low superstructure steel or concrete. Utility attachments to the outside of bridges are not permitted unless there is no reasonable alternative in the judgment of the County Highway Superintendent or designee. Utilities attached to the

outside of the structure must be on the downstream side of the bridge or other highway structure. Attachments of utilities to the bridge rail or guardrail or their anchorage systems is not permitted.

5. The location of utility facilities on a structure which will interfere with access to parts of the structure for inspection, painting, or repair are not permitted. Manholes for utility access are not permitted in the bridge deck.
6. Utility facilities must be firmly attached to the bridge structure and padded, where necessary, to eliminate noise and abrasion due to movements caused by temperature, wind, or traffic.
7. Installation of utility facilities through the abutment or wingwall of an existing bridge are not permitted. In locations where a utility facility, attached to a structure, is carried beyond the back of the bridge abutment, the facility must curve or angle out to its proper alignment outside the roadbed area as quickly as is practicable.
8. Utility facilities may be attached to structures by hangers or roller assemblies suspended either from inserts in the underside of the bridge floor or from hanger rods clamped to a flange of a superstructure member. Lead anchors are not allowed. Bolting through the bridge floor or concrete beams is not permitted. Welding of attachments to steel members or bolting through such members is not permitted. Where there is transverse bridge steel extending sufficiently from the underside of the bridge floor to provide adequate clearance in the judgment of the County Highway Superintendent or designee, utility facilities may be installed on rollers or neoprene padded saddles mounted atop the transverse members if the County Highway Superintendent or designee finds the members to be structurally able to carry the utility. Steel components of attachment hardware must be galvanized or of stainless steel. If these components are not commercially available as galvanized or stainless steel, the County Highway Superintendent may allow painting.
9. The design of a utility facility attached to a bridge or highway structure must include provisions for lineal expansion and contraction due to temperature changes. Line bends or expansion couplings may be used for this purpose. Materials used for attaching a utility facility to the structure must be of such composition that no deterioration of the structure due to corrosion can occur.
10. A utility facility and associated appurtenances attached to a highway structure must be painted when requested by the Highway Department. The type and color of the paint must be approved by the County Highway Superintendent or designee.
11. Attachments to structures must be inspected by the owner, and the owner must repair any deficiencies immediately.
12. Utility lines that transport materials that could pollute a stream must have a manual or automatic shutoff valve placed at each end of the structure.
13. Each proposed bridge or highway structure attachment is considered separately by the Department, and a permit application must be made for each attachment.
14. Pipelines that transport volatile, flammable, corrosive, or explosive materials may not be located, relocated, or otherwise placed and maintained on any bridge or other highway structure unless they are encased throughout the bridge, and the casing must

be carried beyond the back of the bridge abutment and effectively opened or vented at each end. The casing pipe must be capable of withstanding the same internal pressure as the carrier pipe. Each line must have a manual or automatic shut-off valve located within 300 feet (300') of each end of the structure.

15. Electric power and communication lines attached to a highway bridge or structure must be insulated from the structure and must be carried in protective conduit or pipe throughout the bridge and to underground locations at each end of the structure. Exposed metallic conduit carrying electrical cables must be grounded separately from the structure. High voltage transmission lines which cannot be placed in protective conduit or pipe must be located outside of the superstructure either on poles supported from the bridge piers or on framework attached to trusses. Attachments for electric power and communication lines must provide sufficient clearance for convenience and safety during maintenance and repair of bridge structure or other utility installations on the bridge. Metallic conduit attached to structures that are cathodically protected must meet all of the requirements in this section and may not adversely affect the cathodic protection of the structure. Such an attachment must insulate the conduit from the soil and use anodes at each end for grounding. The specific method proposed to be used must be specified in the permit application and is subject to approval by the County Highway Superintendent or designee.
16. If the Department plans to construct a new bridge structure, the design of the structure may, upon request of a utility company, be reviewed for accommodation of existing or proposed utility installations consistent with the requirements in this chapter. The utility company must reimburse the County for any additional costs associated with accommodation of the utility facility in the new structure. Installation of a facility by a utility company on a new structure must be coordinated with the bridge construction so as not to interfere with the operations of the highway contractor.

Section 300 – Amendments:

- A. The Amendment of this Ordinance may be initiated by the Pennington County Board of Commissioners under provisions of the South Dakota Codified Laws, Chapter 7-18A-2, or by individual citizens, or groups of citizens under the provisions of South Dakota Codified Laws, Chapter 7-18A-9.

Section 400 – Schedule of Fees:

<u>Type of Permit</u>	<u>Fee</u>
Private Service Line Installation/Repair Originating from Public Utility ¹	
No crossing	\$40.00
Crossing	\$80.00
Standard Utility Installation/Repair (occupancy of right-of-way)	\$120.00
Plus additional fee per each crossing	\$250.00
Plus additional fee per each longitudinal parallel mile ²	\$250.00
Hazardous Utility Installation/Repair (occupancy of right-of-way)	\$250.00
Plus additional fee per each crossing	\$1,500.00
Plus additional fee per each longitudinal parallel mile ²	\$1,800.00
Open Cut Crossing Installation/Repair ³	\$1,500.00
Plus additional fee per day road closed	\$500.00
Open Cut Partial Crossing Installation/Repair ³	\$500.00
Plus additional fee per day lane closure	\$500.00
Attachment to Highway Structure ⁴	\$varies

¹ Private service line is defined as a utility line that services a single specific private property or customer that originates from a public utility for a distance of less than or equal to the width of the public right-of-way.

² Distance in miles will always be rounded up to the nearest mile, i.e., a 400-foot (400') parallel run will be charged one (1) mile and a 1.3-mile parallel run will be charged two (2) miles, and so on. If the utility enters and leaves the right-of-way intermittently, the distance in miles will always be rounded up to the nearest mile each time it enters the right-of-way.

³ Open cuts will not be allowed unless the County Highway Superintendent or designee determines, in writing, that jacking, boring, tunneling, or similar methods are not feasible or practical.

⁴ Attachments to highway structures require review by a professional engineer. The County may provide this service and charge the cost to the Permittee or the Permittee may provide a signed and stamped review by a structural professional engineer at their expense.

- A. Permittee may be required to post a performance bond with the Pennington County Highway Department, at the discretion of the County Highway Superintendent or designee, prior to work commencing. The bond is for the faithful performance of all the requirements of the permit and for repayment to the County for all damages which may occur as a result of the permitted work. Performance bond will be in place for not less than two (2) years after the Pennington County Highway Department's written approval of a Completion Certificate unless officially canceled, in writing, by Pennington County prior to that date.

The performance bond must be in an amount equal to 100% of the estimated cost of the construction within the right-of-way. An itemized schedule showing all costs of labor, materials and equipment must be submitted as part of the permit application when a performance bond is required.

In the event that damages to the right-of-way are present as a result of permitted work within two (2) years following completion of the permitted work, the County Highway Superintendent will send notice to Permittee by certified or registered mail. Permittee will have thirty (30) days upon receipt of notification to correct deficiencies before the County completes the work itself. If the County completes work to repair damages to the right-of-way, the Permittee will surrender the performance bond to cover the costs to the County and will be assessed an additional fee equal to any balance remaining to complete the work. This assessment will be paid prior to the issuance of any additional permits to Permittee and in no case later than thirty (30) days after receipt of a balance due invoice.

- B. Federal, State and Local Government entities will be exempt from all fees and bonds associated with this ordinance if an agreement for permitted work has been reached outlining the Permittee's responsibility for damages or required restoration of the permitted premises, along with any separate bond agreement that may be required by the County Highway Superintendent or designee.

Section 500 – Penalties:

- A. Permit fees under this Ordinance are doubled for any use or work commenced prior to approval of a required permit. A Penalty Fee will not be assessed if work performed without a permit arises out of an emergency and the County Highway Superintendent or a designee concludes the work was necessary to protect public health, welfare, or safety. The Pennington County Board of Commissioners may waive penalty fees if mitigating factors are present.
- B. Any person, firm, corporation, or association violating any provision of this ordinance, or failing to comply with the conditions of an approved permit, is punishable by a fine not to exceed \$500.00 for each violation or imprisonment for a period not to exceed 30 days for each violation, or both.
- C. In addition to all other remedies available to Pennington County to prevent, restrain, or correct violations (or threatened violations) of this Pennington County Ordinance, the County Highway Superintendent may seek injunctive relief pursuant to SDCL Chapter 21-8 against any property owner, Permittee, or other person in violation of this Ordinance or in violation of the conditions of an approved permit.

APPROVED THIS 17th day of June 2025.

Amendment 4 Effective: July 23, 2025

ORDINANCE NUMBER ELEVEN

CRITERIA FOR THE INSTALLATION, RELOCATION, REPAIR OR EXPANSION OF UTILITIES OR ~~EXCAVATION~~ANY GROUND DISTURBING ACTIVITY WITHIN PUBLIC RIGHT-OF-WAYS UNDER PENNINGTON COUNTY'S JURISDICTION

BE IT ORDAINED by Pennington County, South Dakota that Ordinance 11 be amended to read as follows:

Section 101 – Purpose:

- A. To allow for the installation, relocation, repair or expansion of public utilities, rural electric cooperative service, or private rural water service for agriculture purposes ~~or excavation~~ within the right-of-way under Pennington County's jurisdiction.
- B. To allow for excavation, alteration, moderation, or any ground-disturbing activities that may alter the nature and character of any right-of-way under Pennington County's jurisdiction.
- B.C. To establish criteria to protect the traveling public from any of the activities outlined in Section 101 subsection A and B.

Section 102 – Policy:

- A. It is unlawful for any association, corporation, firm, partnership, or person to tunnel under or make any excavation or installation of any utility in or below, or over or across any Pennington County right-of-way without first applying for and obtaining a permit. It is also unlawful to perform any excavation, alteration, modification, or other ground disturbing activity that may change the nature or character of Pennington County right-of-way without first applying for and obtaining a permit.
- B. Excavation or installation of utilities will be completed as provided in the application in order to limit inconvenience to the traveling public.
- C. The installation of privately-owned lines, open ditches, drainage tile, or conduits on county highway rights-of-way for the purpose of draining adjacent wetlands onto the highway right-of-way is prohibited.
- D. Utility lines in the public right-of-way will be removed or relocated, if required in the future, at no expense to the County. Pennington County will provide written notice and conduct a coordination meeting prior to any request for utility removal or relocation.
- E. Permits issued through this ordinance do not replace any other permit, license or other approval that may be required by any other entity holding a property interest in the right-of-way, including but not limited to any Federal, State, Local or Tribal government, the Office of School and Public Lands, the U.S. Forest Service and the Bureau of Indian

Affairs. The issuance of a Utility Permit does not relieve the Permittee of the obligation to obtain any other approvals that might be required for use of the highway right-of-way for utility purposes. The Permittee is solely responsible for investigating whether additional approval is required and complying with any other applicable requirements. If the Permittee fails to secure all necessary approvals or comply with all applicable requirements, permits issued through this ordinance are of no effect whatsoever, and the Pennington County Highway Department may, at the Permittee's sole expense, cause the immediate removal of the utility facilities.

- F. Wherever applicable laws, regulations, rules or guidelines differ from this ordinance, the more restrictive will apply.
- G. The Permittee must be the company or individual ~~performing the work and~~ who will be responsible for the actions and/or inactions of any contractors or subcontractors secured for the purpose of permitted work in accordance with the permit's terms.
- H. Permittee will be required to provide a certificate of insurance providing evidence that sufficient liability insurance is carried to protect the public from injuries sustained by reason of pursuing the work. Minimum coverage will be \$1,000,000.00 for both general liability and automobile liability and Worker's Compensation that complies with statutory limits.
- I. Permittee will be required to register all utility installations, public or private, within the public right-of-way with the South Dakota 811 one call notification system as an operator.
- J. A copy of an approved Utility Permit, plans, specifications and special provisions must be available on the job site.
- K. A preconstruction meeting with the Permittee and County Highway Department may be required.
- L. Permittee may be required to provide County with Geographic Information System (GIS) data for the permitted work.
- M. The Pennington County Highway Department reserves the right to revoke or change the terms and conditions of the permit with ~~or without cause and~~ cause for failure to abide by the requirements set forth in permit and/or in this Ordinance, upon notice to the Permittee.
- N. Utility Permits are non-transferable. New applications will be required for any changes to the Permittee or for any proposed changes in size, type or location of the utility submitted on the original application.

- O. All work performed by the Permittee must be warranted for two (2) years. Warranty period will commence upon the Pennington County Highway Department's written approval of a Completion Certificate submitted by the Permittee. Any and all requirements and special conditions contained in the permit must be completed and approved by the County Highway Superintendent or designee prior to Permittee demobilizing from the site.
- P. In the event that any requested permit be related to the installation, relocation, expansion, or excavation of utilities associated with the implementation of utility-scale alternative energy, then the requested permit will not be approved by the Highway Superintendent or his designee, and it must be brought before the Pennington County Board of Commissioners at a regularly scheduled meeting for approval or denial. However, the Pennington County Highway Department will still reserve the right to revoke or change the terms and conditions of any approved permit pursuant to Section 102(M) listed above.

Section 201 – Minimum Construction Standards and Specifications:

- A. Utility installations must be designed, constructed and maintained with durable materials.
- B. Any trenching, tunneling or excavating ~~shall~~will be performed in accordance with the requirements of the Occupational Safety and Health Administration (OSHA) and other South Dakota governmental departments having jurisdictional authority over such actions.
- C. Permittee will be responsible for any and all traffic control, including all safety/work zone signs, which will be in conformance with the most current published edition of the Manual on Uniform Traffic Control Devices (MUTCD). A traffic control plan will be required for any work permitted for roads with an Average Daily Traffic count of 250 or more, based upon Pennington County's most recent data. The traffic control plan must be approved by the County Highway Superintendent or designee.
- D. All workers of the Permittee within the public right-of-way will wear high-visibility safety apparel, as described in the most current published edition of the MUTCD.
- E. Skewed crossings greater than forty-five (45) degrees will not be allowed.
- F. The location of utility facilities ~~shall~~will comply with the most current published edition of the Americans with Disabilities Act.
- G. Electric power and communication cables, gas lines, water lines and sewer lines must be separated from one another as required by applicable codes and ordinances.
- H. If one (1) or more acres of earth disturbance or work in a waterway will occur for permitted work, Permittee will be responsible for complying with the South Dakota Water Pollution Control Act and the Administrative Rules of South Dakota, Article 74:52. County permit for excavation or installation of utilities in the public right-of-way will not be issued without Permittees proof of issuance of all applicable South Dakota Department of Agriculture and Natural Resources Permits.

- I. Permittee may be required to obtain a Storm Water Permit from the Pennington County Planning Department for land disturbances greater than or equal to 10,000 square feet.
- J. The County Highway Superintendent or designee will be permitted to document pre-existing conditions of the proposed work area prior to work commencing and will be allowed to conduct investigations while work is in progress. The County Highway Superintendent or designee may require changes in procedure or suspend permitted work as may be deemed necessary to comply with this Ordinance and to best serve the interests of the County and the traveling public.
- K. Permittee will notify the department before spraying, cutting, or trimming vegetation in connection with construction, relocation, or maintenance activities. The department may require special procedures as necessary.
- L. At the completion of the work permitted, the public right-of-way will be restored to its original condition or better as accepted by the County Highway Superintendent or designee. The backfilling of ditches or other excavation will be performed in such a manner as not to permit any settling, erosion, or other damages to the public road or right-of-way and will conform to the most current published edition the "Standard Specifications for Roads and Bridges", South Dakota Department of Transportation.
- M. All disturbed areas will be free of rocks and seeded in conformance with the most current published edition the "Standard Specifications for Roads and Bridges", South Dakota Department of Transportation.
- N. Criteria for Protecting and Enhancing the Environment
 - 1. Designated areas including scenic strips, overlooks, rest areas, recreation areas, public parks, and historic sites are subject to limited utility installations.
 - 2. New underground utility installations may be permitted within the kinds of lands listed at the beginning of this section if they do not require extensive removal or alteration of trees or other natural features visible to the highway user and do not impair the visual quality of the lands being traversed.
 - 3. New aerial installations may be permitted by the County Highway Superintendent or designee at such locations only if other locations are unusually costly, other locations are less desirable from the standpoint of visual quality and the proposed installation can be made visually pleasing.
- O. Overhead/Aerial Facilities Design Criteria
 - 1. Ground-mounted supports for aerial facilities and other appurtenances must be located as near to the right-of-way line as possible and must provide a clear zone in accordance with the most current published edition of the American Association of State Highway and Transportation Officials (AASHTO) "Roadside Design Guide." In curb and gutter roadway sections, ground-mounted supports and other appurtenances must be located a minimum of six feet (6') beyond the back side of the curb.

2. Ground-mounted supports or other protruding appurtenances within the clear zone must be constructed with a breakaway feature or be protected in accordance with the most current published edition of the AASHTO "Roadside Design Guide" when the speed limit is over thirty miles per hour.
3. Aerial facilities must completely span the highway. If there is a median over eighty feet (80') wide, a supporting structure may be placed in the median if a clear zone can be maintained in accordance with the most current published edition of the AASHTO "Roadside Design Guide."
4. The minimum vertical clearance for power and communication lines above the highway and the lateral and vertical clearance from the bridges must conform to the most current published edition of the "National Electrical Safety Code."
5. Breakaway supports or guide rails are not required when the support or appurtenance is located beyond deep drainage ditches, approaches, retaining walls, and other protected locations.
6. In urban areas, a five foot (5') minimum walkway must be clear to facilitate travel by the visually impaired and the handicapped.

P. Underground Power and Communications Design Criteria

1. Longitudinal installations will be located as near the right-of-way line as possible. The County Highway Superintendent or designee may grant an exception to this requirement if they determine the utility cannot be placed beyond the curb.
2. Installations will be in as straight a line as possible. Markers will indicate crossings and longitudinal occupation and will be placed as shown on the approved utility permit.
3. Crossings must be made by boring or jacking. Boring or jacking must be continuous from toe of inslope to toe of inslope or back of curb to back of curb.
4. Conduit is required for bored or jacked crossings except when the cable being installed is approximately of the same size as the opening being made.
5. The minimum depth of cover over the installation to the surface is four feet (4') under rural roadway sections, two feet (2') under curb and gutter roadway sections, and three feet (3') under other areas within the right-of-way. A minimum of five feet (5') will be maintained from the edge of the road surface, except at crossings and a minimum of five feet (5') of lateral clearance will be maintained from drainage structures and culverts. Permittee will be responsible and liable for any and all damages, costs and actions for any installations less than these required minimums. Deviations will not be allowed unless authorized in writing by the County Highway Superintendent or designee.

Q. Underground Pipeline Design Criteria

1. Longitudinal installations must be located as near the right-of-way line as possible. In curb and gutter highway sections, the installation may be placed under the parking lanes or, if none, the outside driving lane when it cannot be placed beyond the curb. The County Highway Superintendent or designee may grant an exception to this requirement if the utility is tying into existing pipelines.

2. Installations must be in as straight a line as possible. Installations must indicate crossings and longitudinal occupation by means of markers or manholes placed as shown on the approved utility permit.
3. Crossings must be made by boring or jacking, unless the County Highway Superintendent or designee determines diminished pavement condition, existing pipelines or other mitigating conditions make boring or jacking unnecessary. Boring or jacking must be continuous from toe of inslope to toe of inslope or back of curb to back of curb.
4. Pipeline crossings carrying hazardous materials, rural pipeline crossings carrying nonhazardous materials, pipeline crossings with diameters of six inches (6") or more, and pipeline crossings operating at pressures of eighty pounds per square inch gauge or more must be encased. However, welded steel pipeline crossings may be installed without encasement provided that the crossings meet the following requirements:
 - a. Have increased wall thickness or higher strength steel or both;
 - b. Have increased depth of cover;
 - c. Are marked in accordance with subdivision (2) of this section; and
 - d. Are designed to withstand internal design pressures and the superimposed loads of the roadway and traffic, including that of construction machinery.

Deviations will not be allowed unless authorized in writing by the County Highway Superintendent or designee.
5. Pipelines carrying hazardous materials must conform with 49 C.F.R. §§ 192.1 et seq. (August 15, 2024), or 49 C.F.R. §§ 195.0 et seq. (August 15, 2024), as applicable.
6. The minimum depth of cover over the installations to the surface is four feet (4') under rural roadway sections, two feet (2') under curb and gutter roadway sections, and three feet (3') under other areas within the right-of-way. A minimum of five feet (5') will be maintained from the edge of the road surface, except at crossings and a minimum of five feet (5') of lateral clearance will be maintained from drainage structures and culverts. Permittee will be responsible and liable for any and all damages, costs and actions for any installations less than these required minimums. Deviations will not be allowed unless authorized in writing by the County Highway Superintendent or designee.
7. The location of manholes and longitudinal pipelines must be in accordance with the most current published edition of the Guide for Accommodating Utilities within Highways and Freeways.

R. Irrigation Facilities Design Criteria

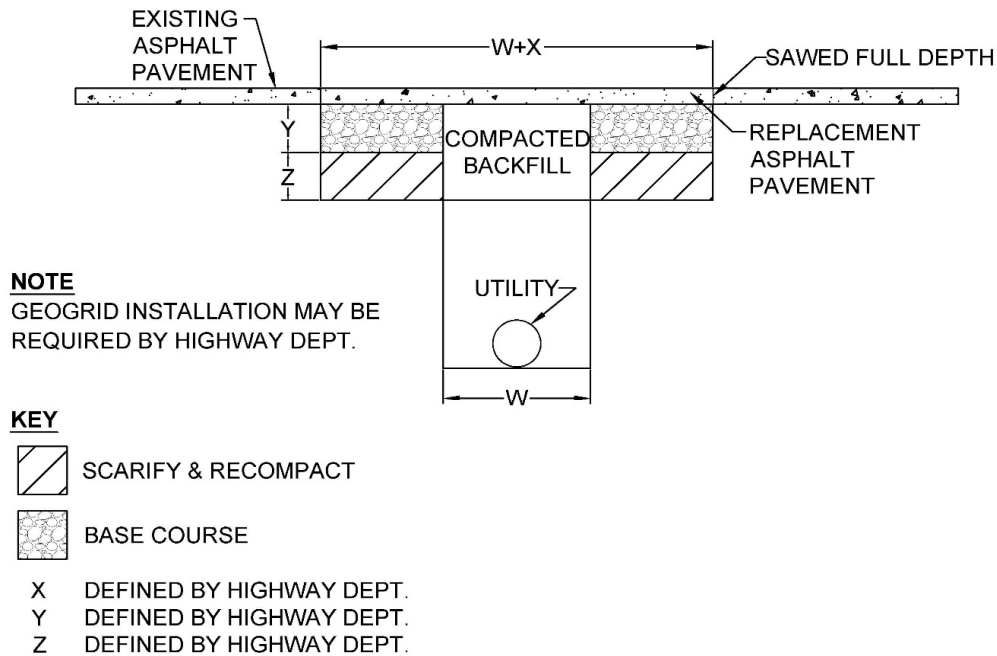

1. Longitudinal installations will be located as near to the right-of-way as possible. Open ditch installations are not permitted within the right-of-way.
2. Permanent installation crossings of the right-of-way will be made with buried box culverts or pipelines. All joints must contain a seal to prevent leaking. The minimum depth of cover over the installation is three feet (3').
3. Temporary irrigation facilities, those remaining in place only for the duration of the irrigation season, may be placed on the ground surface when they are beyond the clear

zone. When they are within the clear zone they must be dug in so that no more than four inches (4") of pipe extends above the ground.

4. Crossings must be made by boring or jacking. Boring or jacking must be continuous from toe of inslope to toe of inslope or back of curb to back of curb. Temporary irrigation facilities may be placed inside a highway drainage structure if the County Highway Superintendent or a designee determines that such placement does not interfere with drainage.

S. Open Cut Method of Utility Installation or Repair Criteria

1. The open cut method of installation or repair of utilities will not be allowed unless the County Highway Superintendent or designee determines, in writing, that jacking, boring, tunneling, or similar methods are not feasible or practical.
2. The opening in existing asphalt pavement must be made by sawing full depth ahead of excavation operations to confine pavement damage to the limits of the trench or excavation. The asphalt removed must be disposed of by the contractor unless otherwise specified by the County Highway Superintendent or designee.
3. All unstable excavation material, as determined by the County Highway Superintendent or designee, must be removed and disposed of by the contractor.
4. The excavated material may be used for backfill unless found to be unsuitable by the County Highway Superintendent or designee. Any other material proposed for backfill must be approved by the County Highway Superintendent or designee before being used.
5. The backfill material must be placed in layers not to exceed one foot (1') in loose depth. Each layer must be uniformly compacted to a minimum of ninety-five percent of maximum dry density before successive lifts are placed. The backfill material must be compacted at a moisture content of no less than four percentage points below the optimum moisture content.
6. The maximum dry density and optimum moisture content must be determined by T 99 Standard Method of Test for Moisture-Density Relations of Soils or T 180 Modified Method of Test for Moisture-Density Relations of Soils, AASHTO most current published edition. Testing must be done every two feet (2') of lifts. The requirement for compliance with density and moisture specifications may be waived at the option of the County Highway Superintendent or designee.
7. Granular surface material must be replaced to the previous depth with in-kind material or material which must be approved by the County Highway Superintendent or designee before being used. Materials must be satisfactorily compacted as approved by the County Highway Superintendent or designee.
8. Asphalt pavement surface material must be replaced to the previous depth with in-kind material or material approved by the County Highway Superintendent or designee. Pavement must be satisfactorily compacted as approved by the County Highway Superintendent or designee.

TYPICAL SECTION FOR ASPHALT PAVEMENT

N.T.S

T. Attachment to Highway Structures Design Criteria

1. A utility company may not locate, relocate, expand, or otherwise place and maintain a utility on any bridge or other highway structure of the Department without first obtaining a permit.
2. Utility attachments to bridges or other highway structures are not permitted if the County Highway Superintendent or designee determines it is reasonable to locate facilities elsewhere. If other locations prove to be difficult and unreasonably costly, the Department may consider attachments of utility facilities to a bridge structure if the attachment can be made without materially affecting the structure, the safety of traffic, the efficiency of maintenance of the structure, the efficiency of bridge inspection, or the bridge's appearance and if the structure can support the additional load.
3. Utility facilities are not permitted to be attached to bridges or other highway structures on or eligible for listing on the National Register of Historic Places without prior written consent of the state historic preservation officer.
4. Utility installations must be attached to the bridge structure beneath the structure's floor, between the outer girders or beams, or within a cell of a box girder and must be at an elevation above low superstructure steel or concrete. Utility attachments to the outside of bridges are not permitted unless there is no reasonable alternative in the judgment of the County Highway Superintendent or designee. Utilities attached to the

outside of the structure must be on the downstream side of the bridge or other highway structure. Attachments of utilities to the bridge rail or guardrail or their anchorage systems is not permitted.

5. The location of utility facilities on a structure which will interfere with access to parts of the structure for inspection, painting, or repair are not permitted. Manholes for utility access are not permitted in the bridge deck.
6. Utility facilities must be firmly attached to the bridge structure and padded, where necessary, to eliminate noise and abrasion due to movements caused by temperature, wind, or traffic.
7. Installation of utility facilities through the abutment or wingwall of an existing bridge are not permitted. In locations where a utility facility, attached to a structure, is carried beyond the back of the bridge abutment, the facility must curve or angle out to its proper alignment outside the roadbed area as quickly as is practicable.
8. Utility facilities may be attached to structures by hangers or roller assemblies suspended either from inserts in the underside of the bridge floor or from hanger rods clamped to a flange of a superstructure member. Lead anchors are not allowed. Bolting through the bridge floor or concrete beams is not permitted. Welding of attachments to steel members or bolting through such members is not permitted. Where there is transverse bridge steel extending sufficiently from the underside of the bridge floor to provide adequate clearance in the judgment of the County Highway Superintendent or designee, utility facilities may be installed on rollers or neoprene padded saddles mounted atop the transverse members if the County Highway Superintendent or designee finds the members to be structurally able to carry the utility. Steel components of attachment hardware must be galvanized or of stainless steel. If these components are not commercially available as galvanized or stainless steel, the County Highway Superintendent may allow painting.
9. The design of a utility facility attached to a bridge or highway structure must include provisions for lineal expansion and contraction due to temperature changes. Line bends or expansion couplings may be used for this purpose. Materials used for attaching a utility facility to the structure must be of such composition that no deterioration of the structure due to corrosion can occur.
10. A utility facility and associated appurtenances attached to a highway structure must be painted when requested by the Highway Department. The type and color of the paint must be approved by the County Highway Superintendent or designee.
11. Attachments to structures must be inspected by the owner, and the owner must repair any deficiencies immediately.
12. Utility lines that transport materials that could pollute a stream must have a manual or automatic shutoff valve placed at each end of the structure.
13. Each proposed bridge or highway structure attachment is considered separately by the Department, and a permit application must be made for each attachment.
14. Pipelines that transport volatile, flammable, corrosive, or explosive materials may not be located, relocated, or otherwise placed and maintained on any bridge or other highway structure unless they are encased throughout the bridge, and the casing must

be carried beyond the back of the bridge abutment and effectively opened or vented at each end. The casing pipe must be capable of withstanding the same internal pressure as the carrier pipe. Each line must have a manual or automatic shut-off valve located within 300 feet (300') of each end of the structure.

15. Electric power and communication lines attached to a highway bridge or structure must be insulated from the structure and must be carried in protective conduit or pipe throughout the bridge and to underground locations at each end of the structure. Exposed metallic conduit carrying electrical cables must be grounded separately from the structure. High voltage transmission lines which cannot be placed in protective conduit or pipe must be located outside of the superstructure either on poles supported from the bridge piers or on framework attached to trusses. Attachments for electric power and communication lines must provide sufficient clearance for convenience and safety during maintenance and repair of bridge structure or other utility installations on the bridge. Metallic conduit attached to structures that are cathodically protected must meet all of the requirements in this section and may not adversely affect the cathodic protection of the structure. Such an attachment must insulate the conduit from the soil and use anodes at each end for grounding. The specific method proposed to be used must be specified in the permit application and is subject to approval by the County Highway Superintendent or designee.
16. If the Department plans to construct a new bridge structure, the design of the structure may, upon request of a utility company, be reviewed for accommodation of existing or proposed utility installations consistent with the requirements in this chapter. The utility company must reimburse the County for any additional costs associated with accommodation of the utility facility in the new structure. Installation of a facility by a utility company on a new structure must be coordinated with the bridge construction so as not to interfere with the operations of the highway contractor.

Section 300 – Amendments:

- A. The Amendment of this Ordinance may be initiated by the Pennington County Board of Commissioners under provisions of the South Dakota Codified Laws, Chapter 7-18A-2, or by individual citizens, or groups of citizens under the provisions of South Dakota Codified Laws, Chapter 7-18A-9.

Section 400 – Schedule of Fees:

<u>Type of Permit</u>	<u>Fee</u>
Private Service Line Installation/Repair Originating from Public Utility ¹	
No crossing	\$40.00
Crossing	\$80.00
Standard Utility Installation/Repair (occupancy of right-of-way)	\$120.00
Plus additional fee per each crossing	\$250.00
Plus additional fee per each longitudinal parallel mile ²	\$250.00
Hazardous Utility Installation/Repair ³ (occupancy of right-of-way)	\$250.00
Plus additional fee per each crossing	\$1,500.00
Plus additional fee per each longitudinal parallel mile ²	\$1,800.00
Open Cut Crossing Installation/ Repair ³ Repair ⁴	\$1,500.00
Plus additional fee per day road closed	\$500.00
Open Cut Partial Crossing Installation/ Repair ³ Repair ⁴	\$500.00
Plus additional fee per day lane closure	\$500.00
Attachment to Highway Structure ⁴ Structure ⁵	\$varies

¹ Private service line is defined as a utility line that services a single specific private property or customer that originates from a public utility for a distance of less than or equal to the width of the public right-of-way.

² Distance in miles will always be rounded up to the nearest mile, i.e., a 400-foot (400') parallel run will be charged one (1) mile and a 1.3-mile parallel run will be charged two (2) miles, and so on. If the utility enters and leaves the right-of-way intermittently, the distance in miles will always be rounded up to the nearest mile each time it enters the right-of-way.

³³ A hazardous utility is defined as any utility line that carries hazardous substances, hazardous waste, marine pollutants, elevated-temperature materials, flammable or combustible liquids or gases, corrosive, explosive, toxic materials or any material designated as hazardous by the U.S. Department of Transportation.

⁴ Open cuts will not be allowed unless the County Highway Superintendent or designee determines, in writing, that jacking, boring, tunneling, or similar methods are not feasible or practical.

⁴⁵ Attachments to highway structures require review by a professional engineer. The County may provide this service and charge the cost to the Permittee or the Permittee may provide a signed and stamped review by a structural professional engineer at their expense.

- A. Permittee may be required to post a performance bond with the Pennington County Highway Department, at the discretion of the County Highway Superintendent or designee, prior to work commencing. The bond is for the faithful performance of all the requirements of the permit and for repayment to the County for all damages which may occur as a result of the permitted work. Performance bond will be in place for not less than two (2) years after the Pennington County Highway Department's written approval of a Completion Certificate unless officially canceled, in writing, by Pennington County prior to that date.

The performance bond must be in an amount equal to ~~1500~~100% of the estimated cost of the construction within the right-of-way. An itemized schedule showing all costs of labor, materials and equipment must be submitted as part of the permit application when a performance bond is required.

In the event that damages to the right-of-way are present as a result of permitted work within two (2) years following completion of the permitted work, the County Highway Superintendent will send notice to Permittee by certified or registered mail. Permittee will have thirty (30) days upon receipt of notification to correct deficiencies before the County completes the work itself. If the County completes work to repair damages to the right-of-way, the Permittee will surrender the performance bond to cover the costs to the County and will be assessed an additional fee equal to any balance remaining to complete the work. This assessment will be paid prior to the issuance of any additional permits to Permittee and in no case later than thirty (30) days after receipt of a balance due invoice.

- B. Federal, State and Local Government entities, and their subcontractors, will be exempt from all fees and bonds associated with this Ordinance if an agreement for permitted work has been reached outlining the Permittee's responsibility for damages or required restoration of the permitted premises, along with any separate bond agreement that may be required by the County Highway Superintendent or designee.

Section 500 – Franchise Agreements:

- A. This Ordinance does not apply to Franchisees who have received Pennington County Franchise Agreements pursuant to the provisions set forth in SDCL § 31-26.
- B. In the event that a Franchisee seeks a permit related to the Installation, Relocation, Repair or Expansion of Utilities or any Ground Disturbing Activity within Public Right-of-Ways under Pennington County's Jurisdiction, a permit will be granted, upon application. Any permit requirements, involving a Franchisee under this section will be consistent with SDCL § 31-26 and limited to joint field supervision.
- C. Franchisees who currently hold a Pennington County Franchise Agreement pursuant to the provisions set forth in SDCL § 31-26, and their subcontractors, are exempt from all fees and bonds associated with this ordinance up until the time such Franchise Agreement is expired pursuant to the terms of the applicable Franchise Agreement. Nothing in this Ordinance will preclude any future Franchise applicant from seeking a waiver of fees in

any Franchise Agreement through request to the Pennington County Board of County Commissioners; however, the waiving of fees is not guaranteed.

Section 6500 – Penalties:

- A. Permit fees under this Ordinance are doubled for any use or work commenced prior to approval of a required permit. A Penalty Fee will not be assessed if work performed without a permit arises out of an emergency and the County Highway Superintendent or a designee concludes the work was necessary to protect public health, welfare, or safety. The Pennington County Board of Commissioners may waive penalty fees if mitigating factors are present.
- B. Any person, firm, corporation, or association violating any provision of this ordinance, or failing to comply with the conditions of an approved permit, is punishable by a fine not to exceed \$500.00 for each violation or imprisonment for a period not to exceed 30 days for each violation, or both.
- C. In addition to all other remedies available to Pennington County to prevent, restrain, or correct violations (or threatened violations) of this Pennington County Ordinance, the County Highway Superintendent may seek injunctive relief pursuant to SDCL Chapter 21-8 against any property owner, Permittee, or other person in violation of this Ordinance or in violation of the conditions of an approved permit.

STATE OF SOUTH DAKOTA)
)SS
COUNTY OF PENNINGTON)

THE HONORABLE BOARD
OF COUNTY COMMISSIONERS
OF PENNINGTON COUNTY

RESOLUTION NO._____

IN THE MATTER OF THE APPLICATION
OF **BLACK HILLS ELECTRIC
COOPERATIVE, INC.**, FOR APPROVAL
OF A FRANCHISE/PERMIT PURSUANT
TO SDCL 31-26.

**RESOLUTION GRANTING
PERMIT/FRANCHISE**

WHEREAS on the 10th day of JUNE, 2016, Black Hills Electric Cooperative, Inc., a South Dakota corporation, with its principal place of business at Custer, South Dakota applied to the Board of County of Commissioners of Pennington County, South Dakota, for the right and privilege of maintaining a franchise for electric power lines constructed on certain highways and roadways in said County, as more particularly set out in the Petition for franchise on file in the Auditor's office of said County, which Petition is hereby made a part of this resolution; and

WHEREAS, the electric transmission, telegraph and telephone companies operating lines in, near or adjacent to said highways and roadways were duly notified by the County Auditor for Pennington County that a hearing would be held on the Application in accordance with SDCL §-31-26; and

WHEREAS, the Board of Commissioners of Pennington County have examined said Application and found:

1. That said Application is in the form and contains the information required by law.

2. That the Application was appropriately filed with the Pennington County Auditor and that all persons, firms or corporations owning transmission, telegraph, and telephone lines within Pennington County were notified by registered or certified mail at least ten (10) days prior to the Pennington County Board of Commissioner's hearing on said Application and that said Notice stated the time and place when and where such Petition would be heard.

3. That the Pennington County Board of Commissioners has considered the complaints of all parties appearing, and has adjusted all differences between Black Hills Electric Cooperative, Inc., and the owner or owners of any transmission, telegraph or telephone lines affected by the Board's decision upon said petition.

THEREFORE BE IT RESOLVED by the Board of County Commissioners of Pennington County, South Dakota, that Black Hills Electric Cooperative, Inc., a corporation organized and existing under and by virtue of the laws of the State of South Dakota, qualified and authorized to operate and transact business in the State of South Dakota, its successors and assigns hereinafter called the grantee be and hereby are authorized and granted a right-of-way permit/franchise to construct, operate, and maintain as wherever necessary, electric transmission and distribution lines on and along all public highways in Pennington County, South Dakota. That this permit/franchise is granted specifically pursuant to SDCL §31-26-12, authorizing a general grant as to all public highways for rural electrification purposes; and it is found and resolved hereby that the grantee, Black Hill Electric Cooperative, Inc., is operating its entire system primarily and principally for rural electrification purposes.

BE IT FURTHER RESOLVED that this permit is subject to the following conditions and such other reasonable conditions and regulations as the South Dakota legislature may hereinafter prescribe:

1. The grantee shall not have the exclusive right to use such highway(s) for the construction of electricity.
2. The poles, fixtures and transmission line shall be constructed so as not to prevent the public use of any road or the navigation of any stream.
3. When any highway along which such a line has been constructed shall be changed, grantee shall upon ninety (90) days notice in writing, remove such line to the highway as changed.
4. Grantee shall construct and maintain said poles, wires and line in accordance with the National Electric Safety Code adopted by the Bureau of Standards of the United States Department of Commerce.
5. This right-of-way permit/franchise shall be effective and in full force for a period of twenty (20) years from the date hereof.
6. That the grantee shall notify the County in writing at least thirty (30) days prior to the construction of any additional transmission or distribution lines along and on all public highways in Pennington County, South Dakota, and apply for a permit and approval with the Pennington County Highway Superintendent to complete the proposed construction.

Approved at the regular meeting of the Pennington County Board of County Commissioners held on the 10th day of JUNE, 2016.

TO SDCL 31-26.)

NOTICE OF HEARING

NOTICE IS HEREBY GIVEN that Black Hills Electric Cooperative, Inc. of Custer, South Dakota has filed with the County Auditor of Pennington County, South Dakota an application which seeks a franchise/permit, in accordance with South Dakota Codified Law Chapter 31-26, from the County of Pennington, State of South Dakota, granting the applicant the authority to maintain existing transmission system/structures and to erect and maintain further poles, wires, electric transmission lines and to bury underground cable in and along public highways in Pennington County for rural electrification, including lighting, heating and power, throughout Pennington County, South Dakota.

Said Application has been filed with the Pennington County Auditor and made a part hereof by this reference showing the route of the existing electric lines.

Said application has been set for hearing and will be heard by the Board of County Commissioners of Pennington County, South Dakota at 10 o'clock A.M. on the 10th day of June, 2016 in the Commission Chambers located at 130 Kansas City Street in Rapid City, S.D. at which time and place any person may appear and show cause why said petition for this franchise should not be granted.

Dated in Pennington County, Rapid City, South Dakota on this 16th day of May, 2016.

OF THE BLACK HILLS ELECTRIC)
COOPERATIVE, INC., FOR APPROVAL)
OF A FRANCHISE/PERMIT PURSUANT)
TO SDCL 31-26.)

APPLICATION

Black Hills Electric Cooperative, Inc., a South Dakota corporation with its headquarters located at 25191 Cooperative Way, Custer, South Dakota 57730, submits this Application to the Honorable Pennington County Commissioners seeking approval of a permit/franchise to erect and maintain poles, wires, electric transmission lines and to bury underground cable on and along the public highways of Pennington County, South Dakota pursuant to and in accordance with the provisions of SDCL §31-26. Applicant was previously granted a permit/franchise by the Board of Commissioners of Pennington County, South Dakota on the 16th day of July, 1996 for said purposes and has operated in accordance with that permit subject to the conditions set forth under South Dakota Law, Chapter 31-26.

In furtherance of this Application, Applicant states as follows:

1. This permit/franchise request is governed by SDCL Chapter 31-26.
2. This application is specifically submitted pursuant to SDCL §31-26-12 in that Black Hills Electric Cooperative, Inc. seeks to construct and maintain lines and underground cable for rural electrification throughout Pennington County in the State of South Dakota. Attached hereto as Exhibit "A" is a map of the current location of the rural electric lines in Pennington County owned and operated by Black Hills Electric Cooperative, Inc.

3. Applicant seeks approval to construct and maintain lines and underground cable for purposes of rural electrification pursuant to SDCL §31-26-1 for a period of twenty (20) years.

4. That the operation, maintenance and construction of the electric transmission lines will be in accordance with all requirements established by law and in consideration of the public's interest.

Based on the foregoing, Applicant respectfully requests that the Pennington County Auditor 1) present this application to the board of county commissioners within thirty days after filing of the application and 2) that the Pennington County Auditor give at least ten (10) days' notice by mail of the foregoing application and the time and place, when and where, said application will be heard to all persons, firms, or corporations entitled to notice thereof pursuant to SDCL §31-26-13.

Respectfully submitted this 26 day of April, 2016.

BLACK HILLS ELECTRIC COOPERATIVE, INC.

IN THE MATTER OF THE APPLICATION
OF WEST RIVER ELECTRIC
ASSOCIATION, INC., FOR APPROVAL
OF THE FRANCHISE PURSUANT TO
SDCL 31-26.

**RESOLUTION GRANTING
PERMIT/FRANCHISE**

WHEREAS on the 19th day of April, 2016, West River Electric Association, a South Dakota corporation, with its principal place of business at Wall, South Dakota applied to the Board of County of Commissioners of Pennington County, South Dakota, for the right and privilege of maintaining a franchise for electric power lines constructed on certain highways and roadways in said County, as more particularly set out in the Petition for franchise on file in the Auditor's office of said County, which Petition is hereby made a part of this resolution; and

WHEREAS, the electric Transmission, Telegraph and Telephone companies operating lines in, near or adjacent to said highways and roadways were duly notified that a hearing would be held pursuant to the above Petition in accordance with SDCL §-31-26; and

WHEREAS, the Board of Commissioners of Pennington County have examined said Petition and found:

1. That said Petition is in the form and contains the information required by law.
2. That the Petition was appropriately filed with the Pennington County Auditor and that all persons, firms or corporations owning transmission, telegraph, and telephone lines with Pennington County were

notified by registered or certified mail at least ten (10) days prior to the Pennington County Board of Commissioner's hearing on said Petition and that Notice stated the time and place when and where such Petition would be heard.

3. That the Pennington County Board of Commissioners has considered the complaints of all parties appearing, and has adjusted all differences between West River Electric Association, Inc., and the owner or owners of any transmission, telegraph or telephone lines affected by the Board's decision upon said petition.

THEREFORE BE IT RESOLVED by the Board of County Commissioners of Pennington County, South Dakota, that West River Electric Association, Inc., a corporation organized and existing under and by virtue of the laws of the State of South Dakota, qualified and authorized to operate and transact business in the State of South Dakota, its successors and assigns hereinafter called the grantee be and hereby are authorized and granted a right-of-way permit/franchise to construct, operate, maintain as wherever necessary, electric transmission and distribution lines on and along all public highways in Pennington County, South Dakota. That this permit/franchise is granted specifically pursuant to SDCL §31-26-12, authorizing a general grant as to all public highways for rural electrification purposes; and it is found and resolved hereby that the grantee, West River Electric Association, Inc., is operating its entire system primarily and principally for rural electrification purposes.

BE IT FURTHER RESOLVED that this permit is subject to the following conditions and such other reasonable conditions and regulations as the South Dakota legislature may hereinafter prescribe:

1. The grantee shall not have the exclusive right to use such highway for the construction of electricity.

2. The poles, fixtures and transmission line shall be constructed so as not to prevent the public use of any road or the navigation of any stream.

3. When any highway along which such a line has been constructed shall be changed, grantee shall upon ninety (90) days notice in writing, remove such line to the highway as changed.

4. Grantee shall construct and maintain said poles, wires and line in accordance with the National Electric Safety Code adopted by the Bureau of Standards of the United States Department of Commerce.

5. This right-of-way permit/franchise shall be effective and in full force for a period of twenty (20) years from the date hereof.

6. That the grantee shall notify the County in writing at least thirty (30) days prior to the construction of any additional transmission or distribution lines along and on all public highways in Pennington County, South Dakota, and apply for a permit and approval with the Pennington County Highway Superintendent to complete the proposed construction.

Approved at the regular meeting of the Pennington County Board of
County Commissioners held on the 19th day of April, 2016.

RE: Ordinance 11 Amendment – Criteria for the Installation, Relocation, Repair, or Expansion of Utilities or any Ground Disturbing Activity Within Public Right-of-Ways Under Pennington County's Jurisdiction

Dear Pennington County Board of Commissioners:

Black Hills Energy would like to first recognize our long-standing relationship with Pennington County. Over the past several decades, we have partnered to serve our residents and customers, navigating unprecedented growth in the county and many significant natural disasters along the way. Our relationship with Pennington County is strong and we know it will continue for many decades to come.

Black Hills Energy extends its thanks to Joseph Miller, Pennington County Highway Superintendent, and department staff for meeting with us on January 5, 2026, to discuss potential amendments to *Ordinance 11 - Criteria for the Installation, Relocation, Repair, or Expansion of Utilities or any Ground Disturbing Activity Within Public Right-of-Ways Under Pennington County's Jurisdiction*.

Black Hills Energy has proudly served electric customers in the Black Hills Region for over 140 years. We have a right and an obligation to serve all customers in our service territory, and we work diligently every day to provide safe, reliable, and cost-effective service. Part of providing that service is securing rights-of-way for our electric infrastructure. In many cases, we work proactively with private landowners to secure private utility easements for our infrastructure. Other times, we must cross or use public rights-of-way for utility installation as private easements are not feasible. In that light, Black Hills Energy respectfully submits the following comments for consideration in amending Ordinance 11.

Section 102 Policy - Part G

The Permittee must be the company or individual performing the work and will be responsible for the actions and/or inactions of any contractors or subcontractors secured for the purpose of permitted work in accordance with the permit's terms.

Black Hills Energy's comments: Black Hills Energy performs work on its infrastructure with both internal employees and external contractors. This is dependent on the type of work required and availability of resources. We respectfully request that we, as the Owner/Operator of the infrastructure, be required to obtain all permits on behalf of the work done in County rights of way. Any subcontractors performing work on behalf of Black Hills Energy will be included in permitting materials, and Black Hills Energy will ultimately be responsible for the performance of the work. Additionally, we request that a subcontractor working under contract of Black Hills Energy not be required to obtain a separate permit (with related fees) for the same project. Often Black Hills Energy and its contractors each perform portions of the work to be completed on a single project. As the ordinance is currently written, it can be interpreted as the contractor needing to obtain a permit, in addition to the Owner/Operator obtaining a permit for different parts of work performed on the same project.

A suggested modification of the ordinance language could include, "*The Permittee must be the company or individual seeking to operate and/or perform work within the right of way. The Permittee will be responsible for the actions and/or inactions of any contractors or subcontractors secured for the purpose of permitted work in accordance with the permit's terms.*"

Section 400 Schedule of Fees – Part A

Permittee may be required to post a performance bond with the Pennington County Highway department at the discretion of the County Highway Superintendent or designee, prior to commencing work... The performance bond must be in an amount equal to the estimated cost of construction in the right of way. An itemized schedule showing all costs of labor, materials, and equipment must be submitted as part of the permit application when a performance bond is required.

Black Hills Energy's comments: Black Hills Energy respectfully requests that this section of the ordinance be revised from "*the performance bond must be in an amount equal to the estimated cost of construction in the right of way,*" to "*the performance bond must be in an amount equal to the estimated cost of **restoring the right of way to preconstruction conditions***." Typical utility construction projects include costs for labor and materials of the utility infrastructure, along with and costs for the restoration of the right of way post construction... grading, revegetation, etc. Black Hills Energy

believes it is appropriate for performance bonding to cover costs to restore the right of way to its preconstruction condition but not for the cost of the infrastructure installed.

Finally, as written, the need for a performance bond is left to the sole discretion of the Highway Superintendent or their designee. While we respect the expertise and authority of the Superintendent, this discretionary measure creates ambiguity in the planning and permitting process. We recommend adding, "*the discretion of the County Highway Superintendent or designee, **in accordance with published County guidelines***" to offer transparency and consistency better allowing for planning and cost identification.

Thank you for your thoughtful consideration of our comments.

Sincerely,

Michael Pogany
General Manager, Operations
Black Hills Energy

MEMO

TO: BOARD OF COMMISSIONERS

DATE: FEBRUARY 17, 2026

FROM: JOSEPH MILLER
SUPERINTENDENT

RE: CONSTRUCTION CHANGE ORDER NO. 16
P 6403(10) PCN 08P3 SOUTH ROCHFORD ROAD RECONSTRUCTION

The attached change order is in relation to inaccurate plan quantities for materials and costs associated with improving drainage that was damaging a landowner's property.

The contractor had shot rock crushed per plan quantities that was not all needed. This product is only crushed by quarries on an as needed basis so the contractor was not able to return the materials. Therefore, we agreed to keep the excess material and stockpile it as an inventory item in three different locations throughout the County to have available for future projects rather than forfeiting it to the quarry and still paying for it. We were credited for the material overage as related to the as-built construction costs on Construction Change Order #15 in the amount of \$264,759.17. The costs associated with the shot rock material on this change order are considered non-participating as they were not used on the project and the County took possession of the materials.

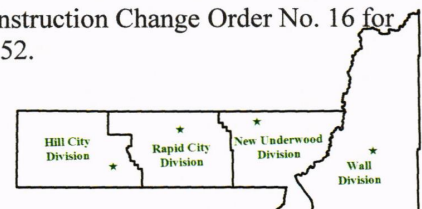

In addition, the plan quantities for base course were insufficient for the project so the contractor had to source additional base course from another quarry that required additional haul time.

Due to design changes, an upstream ditch and approach pipe were insufficient to handle the volume of water which created a negative impact to a landowner's approach and property. We hired an independent engineering firm to evaluate the drainage and provide a design solution that was agreeable to the landowner. This change order includes the contractor's costs to install the new drainage structure.

The net cost for this project to date, including this change order, is an overall increase of \$661,198.18. The excess shot rock was paid for in 2025 as a road and bridge supply as it was received in 2025. The remaining amount of this change order is considered participating as related to the construction project and will be included in our State Infrastructure Bank Loan or Surface Transportation Block Grant Program funds and will not come out of the 2026 Highway 201 budget.

Motion is requested to authorize the Highway Superintendent to approve Construction Change Order No. 16 for the South Rochford Road Reconstruction Project in the amount of \$267,295.52.

PCN	08P3		
Project No	P 6403(10)	County	Pennington
Type of Work	Grading, Drainage, Base Course, Asphalt Concrete Surfacing		
Contractor	LOISEAU CONSTRUCTION, INC.		
Contract Amt	\$23,381,920.13		

The following change in plans and/or specifications for the subject project is hereby made:

Excess Shot Rock

Instruction: The quantity of shot rock left over from the plans quantity that is still in H&S's quarry (5,205.9 Tons) will be loaded by H&S into County furnished trucks so that the County can haul the material to locations where they can use the material for future use by the County. The Contractor will be compensated for the cost incurred for producing this material and loading the material into the trucks. All costs for this work will be included in Line No. 136N.

Reason: The Contractor had the aggregate quarry crush and stockpile the plan quantity of shot rock early on in the project so that it would be readily available as needed on the project. This quarry typically doesn't make shot rock and it would have been a timely and costly operation to bring in the equipment every time that shot rock was needed on the project. Due to the project not requiring the use of the entire plan quantity and the quarry not having any use for this material, the County purchased this material and hauled it off to stockpile locations that they own and will use it in the future.

The Contractors submitted price for furnishing and loading the material with applicable markups is favorable when compared to the unit bid price to furnish, load, haul and place the material.

Line No. 136 N	Eliminated Materials, Excess Shot Rock	117,132.970 @ 1.000 / LS	New
-----------------------	---	---------------------------------	------------

Extra Haul Base Course

Instruction: The Contractor will be compensated for extra haul for having to haul 2,199.5 Tons of Base Course to the project from Simon's Centennial Quarry located at the intersection of US Hwy 85 and Crooked City Rd. Extra haul will be compensated at the rate specified in the Special Provision for Price Schedule For Miscellaneous Items. The difference in haul length (extra haul) from the H&S Quarry to the project and from the Centennial Quarry to the project is 22.0 miles.

Extra Haul = 22.0 miles x 2199.5 Tons = 48,389.0 Ton/Mile x \$0.20 = \$9,677.80

Reason: The plan quantity of base course was insufficient to construct the roadway templet according to the plans typical. An additional 2,199.5 Tons was required. The Contractor's original quarry had produced and stockpiled the plan quantity early on in the project. That quarry did not have the crushing equipment on hand to produce the additional material and would have delayed the project waiting for the equipment to return to the quarry. In order to keep the project on schedule, the extra material was sourced from another quarry. The haul from the new quarry was longer then from the original quarry, thus requiring compensation for the extra haul.

Line No. 128 P	Extra Haul	48,389.000 @ 0.200 / TM	New
-----------------------	-------------------	--------------------------------	------------

PCN 08P3
 Project No P 6403(10) County Pennington Contract Amt \$23,381,920.13
 Type of Work Grading, Drainage, Base Course, Asphalt Concrete Surfacing
 Contractor LOISEAU CONSTRUCTION, INC.

Parcel 18a Drainage

Instruction: The Contractor will install rock check dams, CMP storm sewer piping, precast drop inlets, ditch blocks and a gabion outlet structure as shown on the attached drawings. All costs to install the drop inlets will be included in Line No. 137P. All costs for constructing the ditch blocks will be included in Line No. 135P. The Contractor will also fill and grade the inslope on Parcel 18a between roughly Sta. 231+00 and 232+50 Lt after the pipe work is completed as directed by the Engineer. The fill material will come from the excavation generated from the pipe and inlet installation. All of the rocky material previously deposited on Parcel 18a from erosion that happened upstream from Parcel 18a will be removed. All costs to remove the rocky material, and fill and grade the inslope will be included in Line No. 134P. Concrete collars will be constructed to connect the pipe to the drop inlets as detailed on the attached drawing. Wire mesh will not be required in the collars. Class M6 concrete will be used for the collars. All costs to construct the collars will be included in Line No. 138P. The existing fence between roughly Sta. 230+85 and 235+30 Lt. will be removed to allow work to be completed and reset after the work is completed as directed by the Engineer. 15' of the fence will not be reset as the landowner wanted the beginning of the fence shifted to give better approach access. Approximately 25' of the existing cross pipe at Sta. 232+33 will need to be removed at the outlet end in order to install the new drop inlet at Sta. 230+41.3 Lt. and connect the pipe to it. All costs for removing this pipe will be included in Line No. 024P. All of the pipe and drop inlets will be furnished by the County. Base course will be placed on the approach at Sta. 230+78 Lt. after the new pipe installed across the approach. Once all work as described above is completed, all disturbed areas will be seeded and final stabilization installed. All costs to mobilize labor, equipment and materials to project to complete this work will be included in Line No. 132P.

Reason: Due to the design of the new roadway and increased drainage, the as designed upstream ditch and approach pipe at Sta. 230+78 Lt. was insufficient to handle the volume of water coming down the ditch and hitting the approach. Through the duration of the project, this ditch and approach had been washed out several times and rebuilt to no avail. The eroded material would end up on the landowners property and would have to be removed each time. This would require disturbance of the vegetated ground and create a mess on the landowners property. The County contracted with a Consultant to evaluate this drainage and come up with a solution. After many iterations and several meetings with the landowner, the design on the attached sheets was what was agreed upon and approved to fix the drainage issue.

A lump sum price for Line No. 132P Mobilization was established and seems reasonable for labor, equipment, lodging, and per diem necessary to come back to the project for 2 weeks to complete this work.

A unit bid price for Line No. 131P was established and is reasonable compared to the original bid price and taking into the account that this pipe is deep storm sewer where the bid price was for shallow cross pipe, and taking into account, 2 years of price escalation.

A unit bid price for Line No. 130P was established and is reasonable compared to the original bid price and taking into account 2 years of price escalation.

A unit bid price for Line No. 129P was established and is reasonable compared to the original bid price for 24" CMP Elbow and 2 years of price escalation.

A unit bid price for Line No. 133P and 138P was established and compares favorable to the 2024 Average Unit Price Report.

A unit bid price for Line No. 134P and 135P was established and is reasonable when compared to force account methods for labor and equipment necessary to complete the work.

A lump sum price for Line No. 137P was established for installing 3 precast drop inlets. This price is reasonable when compared to the 2024 Average Unit Price Report for installing Precast Cattle Pass sections which are of similar size.

GABION DETAILS

STANDARD SIZES					
SIZE	LENGTH	WIDTH	HEIGHT	NUMBER OF CELLS	CAPACITY (Cu. Yd.)
A	6'-0"	3'-0"	3'-0"	2	2.0
B	9'-0"	3'-0"	3'-0"	3	3.0
C	12'-0"	3'-0"	3'-0"	4	4.0
D	6'-0"	3'-0"	1'-6"	2	1.0
E	9'-0"	3'-0"	1'-6"	3	1.5
F	12'-0"	3'-0"	1'-6"	4	2.0
G	6'-0"	3'-0"	1'-0"	2	0.7
H	9'-0"	3'-0"	1'-0"	3	1.0
I	12'-0"	3'-0"	1'-0"	4	1.3

GENERAL NOTES:

Above dimensions subject to mill tolerances.

Lacing and internal connecting wire will be 0.0866 inch diameter steel wire ASTM A641, Class 3 soft temper measured after galvanizing and for PVC coated gabions will be 0.0866 inch diameter steel wire measured after galvanizing but before PVC coating.

The lacing procedure is as follows:

1. Cut a length of lacing wire approximately $1\frac{1}{2}$ times the distance to be laced but not exceeding 5 feet.
2. Secure the wire terminal at the corner by looping and twisting.
3. Proceed lacing with alternating single and double loops at a spacing not to exceed 6 inches.
4. Securely fasten the other lacing wire terminal.

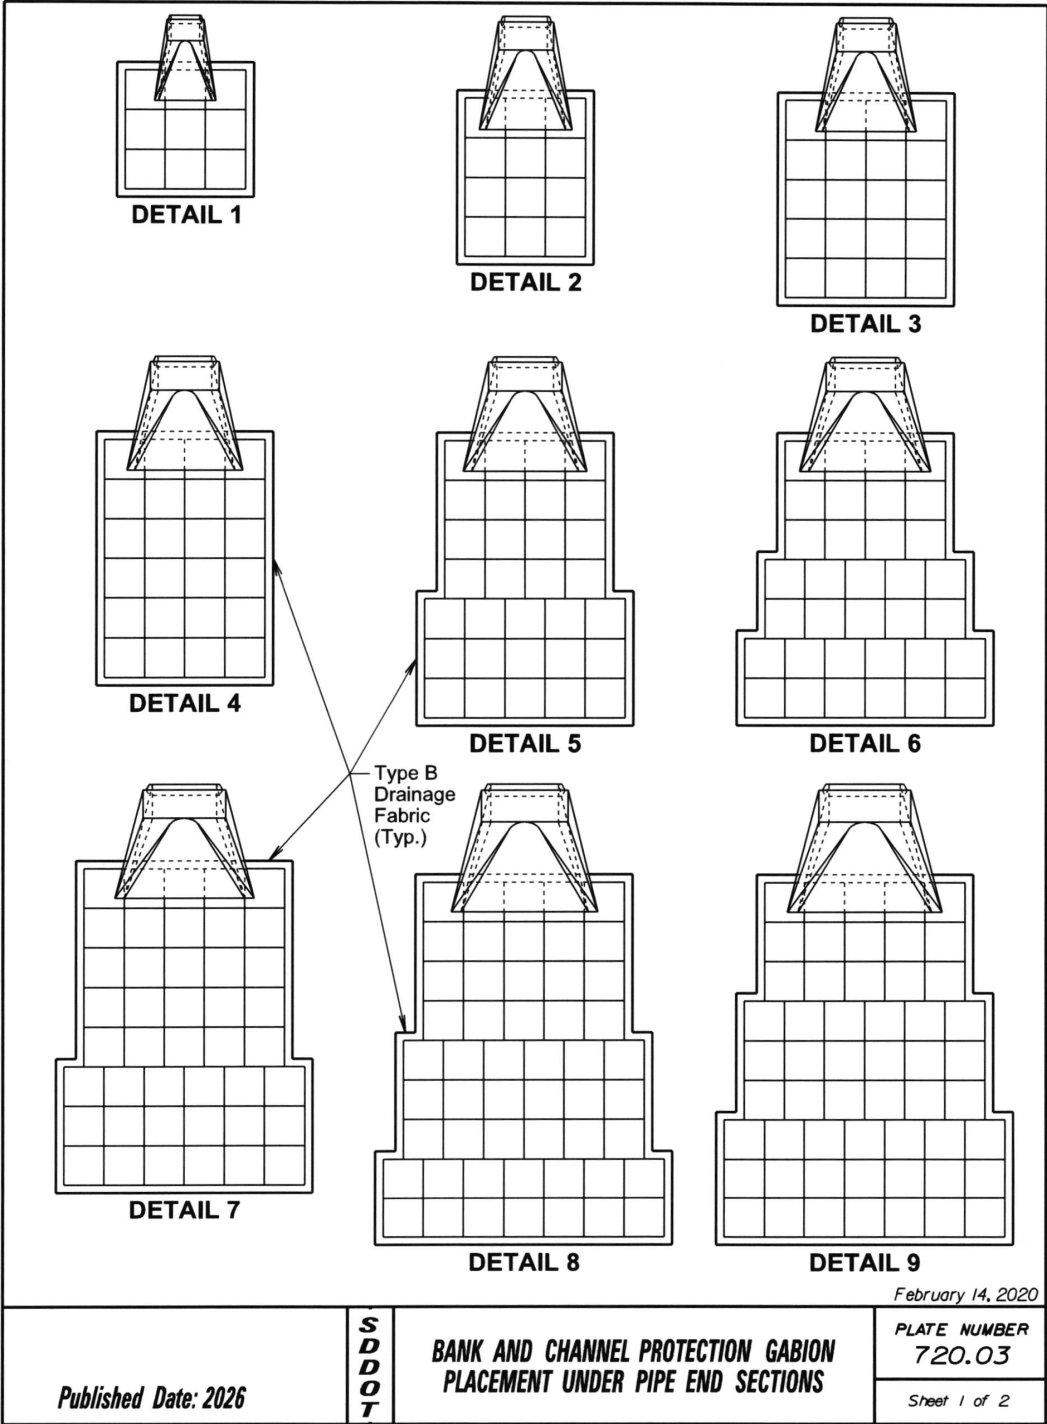

Wire lacing or interlocking type fasteners will be used for gabion assembly and final construction of gabion structures. Interlocking fasteners for galvanized gabions will be high tensile 0.120 inch diameter galvanized steel wire measured after galvanizing. The galvanizing will conform to ASTM A641-92, Class 3 coating. Fasteners will also be in accordance with ASTM A764, Class II, Type III.

Interlocking fasteners for PVC coated gabions will be high tensile 0.120 inch diameter stainless steel wire conforming to ASTM A313, Type 302, Class 1. The spacing of the interlocking fasteners during all phases of assembly and construction will not exceed 6 inches.

All fasteners will be placed where the mesh weaves around the selvage wire at the vertical and horizontal joints.

	7 72	21.5	57
	8 78	26.0	68
	9 84	27.0	70

GENERAL NOTES:

Gabions at outlets of CMP and RCP will be placed under the end section a distance of 2 feet from the outlet end. For CMP end section installations, the upper fabric of the gabions will be modified to accommodate the metal end section as approved by the Engineer.

- * Gabion and type B drainage fabric quantities on this standard plate are based on standard gabion sizes D, E, and F as depicted on standard plate 720.01.

Type B drainage fabric will be placed under the gabions and around the exterior sides (perimeter) of the gabions as approved by the Engineer. The type B drainage fabric will be in conformance with Section 831 of the Specifications. Measurement and payment of the type B drainage fabric will be in conformance with Section 720 of the Specifications.

PCN	08P3		
Project No	P 6403(10)	County	Pennington
Type of Work	Grading, Drainage, Base Course, Asphalt Concrete Surfacing		Contract Amt
Contractor	LOISEAU CONSTRUCTION, INC.		\$23,381,920.13

The following change in plans and/or specifications for the subject project is hereby made:

Asphalt for Tack

Instruction: The Contractor will apply tack to the bottom lift of asphalt surfacing at a higher rate than the plan as directed by the Engineer.

Reason: The bottom lift of asphalt moved and shoved during paving operations because the base course was not required to be primed and the lift thickness was only 2". This moving and shoving created minor cracking in the bottom lift of asphalt. In an effort to seal the cracks, the tack rate was increased.

Line No. 033 P	SS-1h or CSS-1h Asphalt for Tack	5.500 @ 1,010.100 / Ton
----------------	----------------------------------	-------------------------

Asphalt Paving

Instruction: The below items will be adjusted from plan quantity to as-built quantity.

Reason: The quantity of the below items was less than what was estimated in the plans to construct the surfacing to the specified thickness and width as detailed in the typical sections.

Line No. 030 P	PG 64-28 Asphalt Binder	-36.400 @ 984.380 / Ton
Line No. 031 P	Class E Asphalt Concrete	-99.800 @ 71.930 / Ton

Base Course

Instruction: The Contractor will place the plans quantity of base course on the roadway in accordance with the typical sections. After the plans quantity has been placed, the Engineer will direct the placement of additional material.

Reason: After base course laydown operations began, it became apparent that the plans quantity was insufficient to get the full 12" of base course. Because the cost overrun would have been large if all 12" of base course was placed, it was decided to only overrun the plans quantity enough to get 10" of base course placed. The surfacing will function as intended with 10" of base course due to the low traffic and truck volume this road sees.

Line No. 112 P	Base Course, Modified	1,656.500 @ 34.500 / Ton
----------------	-----------------------	--------------------------

Erosion Control

Instruction: The below items will be adjusted from plan quantity to as-built quantity.

Reason: The items below were utilized as necessary throughout the project in order to comply with the SWPPP.

Line No. 011 P	Remove Sediment	-86.700 @ 50.000 / CuYd
Line No. 085 P	12" Diameter Erosion Control Wattle	-18,862.000 @ 6.300 / Ft
Line No. 086 P	Remove and Reset Erosion Control Wattle	-5,603.000 @ 3.150 / Ft
Line No. 089 P	Shaping for Erosion Control Blanket	-450.000 @ 2.100 / Ft
Line No. 091 P	Mucking Silt Fence	-1,560.000 @ 2.100 / CuYd
Line No. 092 P	Repair Silt Fence	-5,610.000 @ 1.050 / Ft

PCN 08P3
Project No P 6403(10) County Pennington Contract Amt \$23,381,920.13
Type of Work Grading, Drainage, Base Course, Asphalt Concrete Surfacing
Contractor LOISEAU CONSTRUCTION, INC.

Minor Deviations

Instruction: The below items will be adjusted from plan quantity to as-built quantity.

Reason: The below items will be adjusted from plan quantity to as-built quantity and should be considered minor deviations in project quantity.

Line No. 062 P	Type 3 Right-of-Way Fence	-231.000 @ 6.040 / Ft
Line No. 079 P	Cover Crop Seeding	-1.000 @ 157.500 / Bu
Line No. 084 P	Type 1 Erosion Control Blanket	-22.500 @ 4.200 / SqYd
Line No. 103 P	Water for Dust Control	1.600 @ 25.000 / MGal

Mulching

Instruction: The below items will be adjusted as shown.

Reason: CCO#6 added an estimated quantity of fiber mulch in order to mulch slopes that are not traversable with farming equipment and small areas not accessible with farming equipment. This CCO adjusts the estimated quantity to the actual quantity utilized on the project to fiber mulch areas inaccessible with straw mulch.

Line No. 082 P	Mulching	-26.800 @ 420.000 / Ton
Line No. 107 P	Fiber Mulching	13.400 @ 2,885.000 / Ton

Pilot Car

Instruction: The below item will be adjusted from plan quantity to as-built quantity.

Reason: Less hours were required then estimated in order to convey traffic through the work zones for the duration of the project.

Line No. 071 P	Pilot Car	-241.500 @ 43.870 / Hour
----------------	-----------	--------------------------

Refurbish Mailbox

Instruction: The Contractor will refurbish all of the mailbox's along the project.

Reason: There were additional mailboxes along the project that were not identified in the plans that needed to be refurbished.

Line No. 094 P	Refurbish Single Mailbox	4.000 @ 236.250 / Each
----------------	--------------------------	------------------------

PCN	08P3		
Project No	P 6403(10)	County	Pennington
Type of Work	Grading, Drainage, Base Course, Asphalt Concrete Surfacing		Contract Amt
Contractor	LOISEAU CONSTRUCTION, INC.		\$23,381,920.13

ROW Fencing

Instruction: The below items will be adjusted as shown.

Reason: The below items are being adjusted to the quantity utilized to construct the ROW fence according to how the Forest Service wanted their fence built on their parcels, what was required per ROW agreements with landowners, and fitting actual field conditions.

Line No. 060 P	Type 1 Right-of-Way Fence	-6,404.000 @ 4.990 / Ft
Line No. 061 P	Type 2 Right-of-Way Fence	4,733.000 @ 5.520 / Ft
Line No. 063 P	Modified Type 6 Right-of-Way Fence	703.000 @ 7.350 / Ft
Line No. 064 P	2 Post Panel	14.000 @ 472.500 / Each

Seeding

Instruction: The below items will be adjusted from plan quantity to as-built quantity.

Reason: The quantity of the below items are adjusted to the actual quantity utilized on the project to seed, fertilize, and mulch the disturbed area within the project limits.

Line No. 080 P	Type E Permanent Seed Mixture	172.000 @ 38.850 / Lb
Line No. 081 P	Fertilizing	-29.750 @ 1,207.500 / Ton
Line No. 082 P	Mulching	-36.000 @ 420.000 / Ton

Shot Rock

Instruction: The below item will be adjusted from plan quantity to as-built quantity.

Reason: Less quantity was required to construct the shot rock sections as detailed in the typical sections then what was estimated in the plans.

Line No. 098 P	Shot Rock	-5,348.670 @ 49.500 / Ton
----------------	-----------	---------------------------

Type 3 Blanket

Instruction: The Contractor will install Type 3 erosion control blanket as directed by the Engineer.

Reason: CCO#14 added Type 3 blanket with an estimated quantity of how much blanket would be needed to stabilize areas. This CCO adjusts the estimated quantity to the actual quantity utilized on the project to stabilize areas and comply with the SWPPP.

Line No. 125 P	Type 3 Erosion Control Blanket	6,657.400 @ 5.360 / SqYd
----------------	--------------------------------	--------------------------

Water for Embankment

Instruction: The below item will be adjusted from plan quantity to as-built quantity.

Reason: The excavated material had sufficient moisture in it such that water was not needed to get the material to specified moisture content.

Line No. 018 P	Water for Embankment	-1,240.400 @ 25.000 / MGal
----------------	----------------------	----------------------------

Water for Granular

Instruction: The below item will be adjusted from plan quantity to as-built quantity.

Reason: Less water was required then estimated in order to achieve specified moisture content in the granular material used on the project.

MEMO

TO: BOARD OF COMMISSIONERS

DATE: FEBRUARY 17, 2026

FROM: JOSEPH MILLER 
SUPERINTENDENT

RE: AUTHORIZATION TO PURCHASE EQUIPMENT

Our Equipment Purchase Plan, approved by the Board on November 6, 2024 includes the purchase of one new truck, one new mini excavator and one new skid steer in 2026. Lead time on this equipment varies greatly, therefore, we are seeking authorization to purchase now so that the equipment can be delivered this year. The equipment purchases are allowed for in our 2026 budget. In order to save on advertising, administrative costs and to avoid any projected price increases, we propose to utilize cooperative purchasing for these purchases.

Floyd's Truck Center, an authorized dealer for Daimler Truck North America, has provided the attached quote for one new 2027 Freightliner 114SD Plus utilizing the Sourcewell Cooperative Purchasing Contract. The new truck would be delivered in May or June of 2026. The snow removal equipment needed to build this truck is out approximately 260-290 days. We will not be declaring a truck surplus from the fleet once this truck is delivered as we transferred the truck it will replace to Buildings and Grounds.

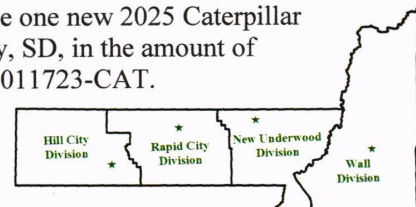

Proposed Motion #1

Motion is requested to authorize the Highway Department to purchase one new 2027 Freightliner 114SD Plus truck from Floyd's Truck Center, Rapid City, SD, in the amount of \$150,519.00 from the Sourcewell Cooperative Purchasing Contract #032824-DAI.

Butler Machinery Company, an authorized dealer for Caterpillar, Inc., has provided the attached quote for one new mini excavator utilizing the Sourcewell Cooperative Purchasing Contract. The new mini excavator would be delivered in a couple of weeks as they have one in stock. We plan to declare a 1998 backhoe surplus for the purpose of auction once the new mini excavator arrives.

Proposed Motion #2

Motion is requested to authorize the Highway Department to purchase one new 2025 Caterpillar 309-08A CR Excavator from Butler Machinery Company, Rapid City, SD, in the amount of \$134,382.85 from the Sourcewell Cooperative Purchasing Contract #011723-CAT.

RDO Equipment Company, an authorized dealer for John Deere, has provided the attached quote for one new skid steer utilizing the Sourcewell Cooperative Purchasing Contract. The new skid steer would be delivered in three to four months. We plan to declare a 2005 skid steer as surplus for the purpose of auction as the new skid steer will replace it in our fleet.

Proposed Motion #3

Motion is requested to authorize the Highway Department to purchase one new 2026 John Deere 330P skid steer from RDO Equipment Company, Rapid City, SD, in the amount of \$83,240.14 from the Sourcewell Cooperative Purchasing Contract #011723-JDC.

2025-2034 EQUIPMENT PURCHASE PLAN NARRATIVE

This plan assists the Highway Department with fleet management and budgetary forecasting for equipment which requires bid letting or purchase from a government cooperative purchasing program. Our equipment budget is estimated at approximately \$1,350,000 per year.

MOTOR GRADERS

- Ten units in current fleet
- Seven-year warranty on new units
- Average use 800 hours/year per unit
- Goal: Purchase one unit every other year and two units in opposite years. This will keep motor graders under warranty and newer than seven years reducing ownership cost liability and increases trade-in or public auction values

TRUCKS

- Begin alternating replacement of 4x2 and 4x4 chassis trucks every other year
- Currently have ten trucks in fleet older than 20 years
- Goal: Keep fleet newer than 20 years

VACUUM BROOMS

- Two units in current fleet that are 22 and 24 years old
- Currently high maintenance costs due to worn out engines and components
- Goal: Add a reconditioned unit to the fleet and keep oldest unit as a spare until a new unit can be purchased in 2029

PNEUMATIC ROLLERS

- Three units in current fleet; two of the units are 32 years old
- Operator safety concerns, limited parts availability, and poor reliability with older units
- Goal: Replace the two older units before in-house chip seal work in 2025; Keep fleet newer than 20 years

TRAILERS

- Current fleet in good condition due to replacement plan implementation from prior years
- Goal: Continue maintenance on current fleet and look to start replacing side dumps in 2028

MOWERS

- Ten units in current fleet with two of them over 22 years old
- Goal: Purchase one new unit every four years due to limited parts availability

MINI EXCAVATORS

- Two units in current fleet
- Have become a high use piece of equipment due to versatility
- Goal: Purchase one additional unit in 2026 and 2027 so that one unit can be stationed in each division to reduce transportation costs and scheduling conflicts

PICKUPS

- 18 units currently have more than 150,000 miles
- Recently lost six units unexpectedly due to engine and transmission issues and the fire in Wall
- Goal: Purchase three new units in 2025; from thence forward, replace two units every other year

SKID STEERS

- Seven units in current fleet with the oldest being 30 years old
- Highly used equipment
- Goal: Replace one unit every other year

LOADERS

- Seven units in current fleet with four of them being 26 to 38 years old
- Aging components result in high maintenance costs
- Goal: Update fleet as budget allows; Keep fleet newer than 30 years

SNOW BLOWER ATTACHMENT (LOADER)

- Current heavy-duty self-propelled snow equipment fleet is aging with parts only obtainable through the used market; Breakdowns in the field require expensive recovery efforts and delays in snow removal during large storm events
- Goal: Purchase snow blower attachments for loaders to replace aging heavy-duty self-propelled equipment as budget allows

Note

Base machines must be properly configured with other mandatory and optional items from the price list before they are considered operational.

All new machines are subject to a commodity surcharge of up to 30% (in some cases, increased tire costs may cause this number to be greater)

All new attachments (CAT work tools) are subject to a commodity surcharge of up to 25%

Dealer costs (example: pre delivery inspection, assembly, freight to final location, etc.) are not subject to list discount

Attachments (CAT work tools) purchased with new machine on same invoice are subject to same list discount as machine

Non-Attached CAT OEM Work Tools are attachments sold on a standalone order without a machine purchase

Parts and Service is offered by the servicing dealer at local rates

**DRAFT MINUTES
PENNINGTON COUNTY PLANNING COMMISSION
February 9, 2026 @ 9:00 a.m.**

County Commissioners' Meeting Room - Pennington County Administration Building

MEMBERS PRESENT: Mikal Lewis, Kevin Kuehn, Lori Litzen, Matt Schmahl, John Santana, and Deb Hadcock.

STAFF PRESENT: Brittney Hand, Kelsey Rausch, Christine Phillip, Jason Theunissen, TJ Doreff, and Jeri Ervin.

1. ROLL CALL
2. APPROVAL OF THE JANUARY 26, 2026, MINUTES
Moved by Santana and seconded by Litzen to approve the Minutes of the January 26, 2026, Planning Commission meeting. Vote: unanimous 6 to 0.
3. APPROVAL OF THE AGENDA
Moved by Kuehn and seconded by Schmahl to approve the Agenda of the February 9, 2026, Planning Commission meeting. Vote: unanimous 6 to 0.
4. APPROVAL OF THE CONSENT AGENDA
Moved by Litzen and seconded by Schmahl to approve the Consent Agenda of the February 9, 2026, Planning Commission meeting. Vote: unanimous 6 to 0.

CONSENT AGENDA

The following items have been placed on the Consent Agenda for action to be taken on all items in accordance with staff's recommendation by a single vote. Any item may be removed from the Consent Agenda, by any Planning Commissioner, staff member, or audience member for separate consideration. The findings of this Planning Commission, on certain items from this agenda, are recommendations to the Pennington County Board of Commissioners who will make the final decision.

- 4a. **CONDITIONAL USE PERMIT REVIEW / CUR 14-34:** James and Ethel Whitcher.
To review a single-wide mobile home to be used as a permanent residence in an Agriculture District in accordance with the Pennington County Zoning Ordinance.

All Less RR Row, Less Lot H1 of NE1/4, less Lot H1 of NW1/4 and less Hwy ROW, Section 7, T4S, R15E, BHM, Pennington County, South Dakota.

To approve Conditional Use Permit Review / CUR 14-34 with the following seven (7) conditions:

- 1 **That a Building Permit be obtained for any structure exceeding 144 square feet or permanently anchored to the ground, which requires a site plan to be reviewed and approved by the Planning Director;**

2. That the address continue to be properly posted on both the residence and at the approach from 185th Avenue, so it be visible in both directions in accordance with Pennington County's Ordinance #20;
3. That the subject property continually remains free of debris and junk vehicles;
4. That the mobile home installed on the property continue to have a peaked non-reflective type roof and wood or simulated wood-type siding that are continually maintained;
5. That the minimum setback requirements of an Agriculture District be continually maintained on the property;
6. That two (2) off-street parking spaces be continually provided on the subject property, in accordance with Section 310 of the Pennington County Zoning Ordinance; and,
7. That this Conditional Use Permit be reviewed on a complaint basis, or as directed by the Pennington County Board of Commissioners and/or Planning Commission to verify that all Conditions of Approval are being met.

Vote: unanimous 6 to 0.

- 4b. CONDITIONAL USE PERMIT REVIEW / CUR 16-39:** Pam Troxel; Troxel Properties LLC. To review a Vacation Home Rental in a Rural Residential District in accordance with the Pennington County Zoning Ordinance.

Lot B of NW1/4NE1/4 and 1/2 Vac Rd Adj to Said Lot, Section 16, T1N, R6E, BHM, Pennington County, South Dakota.

To approve Conditional Use Permit Review / CUR 16-39 with the following eighteen (18) conditions:

1. That the maximum overnight occupancy, based on SD DANR approval, continue to be limited to 4 people and the maximum daytime occupancy be limited to 8 people;
2. That the applicant continue to provide a landline in case of an emergency, which will be verified by the Planning Department;
3. That if any additions to the structure and/or if the on-site wastewater treatment system is upgraded in the future, this Conditional Use Permit be reviewed so that the maximum occupancy may be adjusted accordingly, which will require approval from SD DANR;
4. That a Building Permit be obtained for any structure exceeding 144 square feet or permanently anchored to the ground, which requires a site plan to be reviewed and approved by the Planning Director;

5. That an On-site Wastewater Construction Permit be obtained for any upgrades or changes to the existing on-site wastewater treatment system;
6. That the applicant maintain current licenses with the South Dakota Department of Health (Vacation Home License) and the Department of Revenue (Sales Tax License) and that copies of these licenses be provided to the Planning Department prior to operation of the Vacation Home Rental;
7. That the minimum of two off-street parking spaces continue to be provided on-site, each measure a minimum of nine feet by eighteen feet and surfaced with gravel, concrete, or asphalt and maintained in a dust-free manner in accordance with § 310 of the Pennington County Zoning Ordinance;
8. That an interior information sign continue to be posted in accordance with the requirements of Pennington County Zoning Ordinance § 319-G, with 9-1-1 and (605) 394-4139 listed as contacts for Fire Department and Sheriff's Department respectively, during operation of the VHR. The interior informational sign must also contain a color map illustrating the Special Flood Hazard Area, as determined by FEMA;
9. That the existing driveway remains gravel so as the inlet, outlet, and pumping access ports for the septic tank are accessible;
10. That the lot address continue to be posted at all times so it is clearly visible from Hisega Drive, in accordance with Pennington County's Ordinance #20;
11. That the applicant ensure the VHR is continually operating in accordance with the requirements of Pennington County Zoning Ordinance §319-F (Performance Standards) at all times;
12. That prior to any disturbance within the boundaries of the Special Flood Hazard Area, an approved Floodplain Development Permit be obtained;
13. That if the person designated as the Local Contact is ever changed from Pam Troxel, the interior information sign be updated and the applicant notify the Planning Department and surrounding landowners within 500 feet via letters sent First Class mail;
14. That the proper permits be obtained prior to utilizing a fire pit on the property and all fire restrictions be followed at all times;
15. That the applicants shall provide the phone number and/or internet address to clients regarding the current day's fire condition, as pertaining to the use of the fire pit;
16. That each review of Conditional Use Permit / CU 15-05, be subject to a \$100 fee per review;

17. That all applicable Federal, State, and local regulations be adhered to at all times, including South Dakota Administrative Rule 44:02:08, which regulates Vacation Home Rentals; and,
18. That this Conditional Use Permit be reviewed in three (3) years, on a complaint basis, or as directed by the Pennington County Board of Commissioners or Planning Commission to verify that all Conditions of Approval are being met.

Vote: unanimous 6 to 0.

- 4c. **CONDITIONAL USE PERMIT REVIEW / CUR 19-18:** Deerfield Cabins, LLC; Deon Wynia. To review a Vacation Home Rental in a Rural Residential District in accordance with the Pennington County Zoning Ordinance.

Lot 47 Revised, Burns Placer MS 697, Section 14, T1S, R4E, BHM, Pennington County, South Dakota.

To approve Conditional Use Permit Review / CUR 19-18 with the following sixteen (16) conditions:

1. That the maximum overnight occupancy, based on South Dakota Department Agriculture and Natural Resources (SD DANR) approval, be limited to 12 people and the maximum daytime occupancy be limited to 24 people, per Pennington County Zoning Ordinance (PCZO) § 319(F)(1) and (13);
2. That all necessary permits are obtained prior to any additions and/or alterations to the structure or upgrades/alterations to the on-site wastewater treatment system;
3. That each review of Conditional Use Permit / CU 19-18, be subject to PCZO Section 511(F)(4), which includes a \$100 fee per review;
4. That the applicants continually maintain current licenses with the South Dakota Department of Health (Vacation Home License) and the Department of Revenue (Sales Tax License) and that copies of these licenses be provided to the Planning Department upon request;
5. That the applicant maintains an Evacuation (Emergency) Plan and provide copies to all overnight guests in case there is a need to evacuate guests from the property in the event of an emergency;
6. That a minimum of 4 off-street parking spaces continually be provided on-site, per Pennington County Zoning Ordinance (PCZO) § 310(A)(9)(gg), with each measuring a minimum of 9-feet by 18-feet and surfaced with gravel, concrete, or asphalt and maintained in a dust-free manner;

7. That the lot address (12283 Deerfield Road) be continually posted on the residence at all times and so it is clearly visible from Placer Place, in accordance with Pennington County's Ordinance #20;
8. That the applicant ensure the Vacation Home Rental is continually operated in accordance with the requirements of PCZO § 319(F) (Performance Standards) at all times;
9. That if the person designated as the Local Contact is ever changed from Chuck Klafka, the interior informational sign be updated and the applicant re-notify the Planning Director and surrounding landowners within 500 feet via notices sent by First Class Mail;
10. That all applicable Federal, State, and local regulations be adhered to at all times, including South Dakota Administrative Rule 44:02:08, which regulates Vacation Home Rentals;
11. That an approved Sign Permit be obtained prior to the placement of any sign(s);
12. That an approved Building Permit be obtained for any structure(s) exceeding 144 square feet or permanently anchored to the ground, which requires a site plan to be reviewed and approved by the Planning Director;
13. That the applicant obtains proper permits prior to utilizing a fire pit on the subject property and all fire restrictions be followed at all times. A copy of said permit shall be filed with the CUP documents at the Pennington County Planning Department;
14. That the applicant provides the phone number and/or internet site address to clients, so they may be made aware of the current day's fire conditions and restriction, as pertaining to the use of a fire pit;
15. That an interior informational sign be updated and posted in accordance with the requirements of PCZO § 319(G), with 9-1-1 and contact information of the Pennington County Sheriff Department and the nearest Fire Department respectively, during operation of the Vacation Home Rental, as well as floodplain map per § 319(G)(1)(n); and;
16. That this Conditional Use Permit be reviewed in three (3) years, on a complaint basis, or as directed by the Pennington County Planning Commission or Board of Commissioners to verify that all Conditions of Approval are being met.

Vote: unanimous 6 to 0.

- 4d. **CONDITIONAL USE PERMIT REVIEW / CUR 21-70:** Theodore and Lucie Huettl. To review a carport as a primary structure in an Agriculture District in accordance with the Pennington County Zoning Ordinance.

Lot 33, Cleghorn Canyon Subdivision, Section 7, T1N, R7E, BHM, Pennington County, South Dakota.

To approve Conditional Use Permit Review / CUR 21-70 with the following six (6) conditions:

1. That an approved Floodplain Development Permit be obtained prior to any disturbance within the boundaries of the Special Flood Hazard Area located on the subject property;
2. That the minimum setback requirements for an Agriculture District be maintained on the property or the appropriate Variance(s) be obtained;
3. That the property remains free of junk and debris;
4. That a Building Permit be obtained for any structure exceeding 144 square feet or permanently anchored, which requires a site plan to be reviewed and approved by the Planning Director;
5. That the applicant adheres to Pennington County Zoning Ordinance § 510; and,
6. That this Conditional Use Permit be reviewed on a complaint basis, or as directed by the Pennington County Planning Commission or Board of Commissioners to verify that all Conditions of Approval are being met.

Vote: unanimous 6 to 0.

- 4e. **CONDITIONAL USE PERMIT REVIEW / CUR 23-39:** Donovan Pallato; 605 Excavating Corp. To review a shop building on the subject property to store commercial equipment in a Suburban Residential District-1 in accordance with the Pennington County Zoning Ordinance.

Lot 3A, Block 6, Ashland Subdivision No. 2, Section 15, T2N, R8E, BHM, Pennington County, South Dakota.

To approve Conditional Use Permit Review / CUR 23-39 with the following twelve (12) conditions:

1. That the shop only be used for storage, and no office space or sales is permitted on the premise;
2. That any commercial equipment be completely contained within the proposed shop building;

3. That any bulk chemicals, fuel, and liquid refuse stored on the site have secondary containment;
4. That a Building Permit be obtained for any structure exceeding 144 square feet or permanently anchored to the ground, which will require a site plan to be reviewed and approved by the Planning Director;
5. That the property remains free of junk and debris at all times;
6. That all-natural drainage paths be continually maintained;
7. That dust control measures be implemented to reduce the amount of dust from trucks and equipment leaving and entering the storage yard;
8. That any lighting to be installed is maintained to minimize spillage of light outside of the area, so as not to create a nuisance. Lighting must be effectively shielded to prevent beams or rays from being directed towards any portion of the traveled ways and must not be of such intensity or brilliance as to cause glare or impair the vision of any motor vehicle drivers;
9. That the minimum number of required parking spaces shall be provided in accordance with Pennington County Zoning Ordinance § 310(A).
10. That an address be posted at the entrance to the storage yard in accordance with Ordinance #20;
11. That the Planning Director may allow additional uses, which are consistent with the uses approved in this permit. Significant changes in the use or impacts on adjacent lands shall require an amendment to this permit; and,
12. That this Conditional Use Permit be reviewed on a complaint basis, or as directed by the Pennington County Planning Commission or Board of Commissioners to ensure compliance with the PCZO and Conditions of Approval.

Vote: unanimous 6 to 0.

END OF CONSENT AGENDA

5. REGULAR AGENDA

- 5a. CONDITIONAL USE PERMIT / COCU 26-0001: Montez Family Trust; Scott Montez. To allow an Accessory Dwelling Unit on the subject property in a Suburban Residential District-1 in accordance with the Pennington County Zoning Ordinance.

Lot 5, Raspberry Ridge Subdivision, Section 31, T1N, R7E, BHM, Pennington County, South Dakota.

Rausch reviewed the Staff Report indicating the applicant has applied for a Conditional Use Permit to allow an Accessory Dwelling Unit on the subject property.

Staff recommended approval of Conditional Use Permit / COCU 26-0001 with the following nineteen (19) conditions:

1. That only one Accessory Dwelling Unit (ADU) be allowed;
2. That the ADU *not* exceed two stories, two bedrooms, or 700 square feet;
3. That the ADU has a residential appearance;
4. That a separate address be assigned to the ADU and that it and the main address be posted on the residences and at the end of the driveway where it intersects with Jasmine Lane, so they are clearly visible, in accordance with Pennington County Ordinance #20;
5. That the On-site Wastewater Treatment System (OSWTS) complies with the requirements set forth by the City of Rapid City Public Works Department;
6. That all utilities for the ADU be extended from the primary residence and be on one (1) meter, unless the utility provider requires otherwise and proof of that requirement is provided to the Planning Director;
7. That home occupations in the ADU are prohibited;
8. That the ADU meets the rental requirements of PCZO §324(B);
9. That at least one (1) off-street parking space be provided for the ADU;
10. That the ADU be continually utilized and maintained in accordance with all requirements of § 324 of the Pennington County Zoning Ordinance;
11. That a Building Permit be obtained for any structure exceeding 144 square feet or permanently anchored to the ground, which will require a site plan to be reviewed and approved by the Planning Director;
12. That a Building Permit be obtained for the new structure to be used as an Accessory Dwelling Unit within 60 days of approval of this Conditional Use Permit;
13. That the new structure must maintain setbacks for Suburban Residential District-1 or obtain an approved Variance;
14. That the ADU uses the same Approach as the principal dwelling;

15. That the applicant utilize the existing Easement for a Permanent Driveway as recorded in Book 149, Page 6300, which permits access to up to 150 feet of the existing driveway;
16. That all natural drainage ways be continually maintained;
17. That the drainfield for the principal dwelling is protected during construction of the ADU;
18. That the applicant signs the Statement of Understanding within 30 days of approval of this Conditional Use Permit; and,
19. That this Conditional Use Permit be reviewed in one (1) year, on a complaint basis, or as directed by the Planning Director, Pennington County Planning Commission, or Board of Commissioners to verify that all Conditions of Approval are being met.

Discussion followed.

Moved by Litzen and seconded by Schmahl to approve Conditional Use Permit / COCU 26-0001 with the following nineteen (19) conditions:

- 1. That only one Accessory Dwelling Unit (ADU) be allowed;**
- 2. That the ADU *not* exceed two stories, two bedrooms, or 700 square feet;**
- 3. That the ADU has a residential appearance;**
- 4. That a separate address be assigned to the ADU and that it and the main address be posted on the residences and at the end of the driveway where it intersects with Jasmine Lane, so they are clearly visible, in accordance with Pennington County Ordinance #20;**

- 6. That all utilities for the ADU be extended from the primary residence and be on one (1) meter, unless the utility provider requires otherwise and proof of that requirement is provided to the Planning Director;**
- 7. That home occupations in the ADU are prohibited;**
- 8. That the ADU meets the rental requirements of PCZO §324(B);**
- 9. That at least one (1) off-street parking space be provided for the ADU;**
- 10. That the ADU be continually utilized and maintained in accordance with all requirements of § 324 of the Pennington County Zoning Ordinance;**

11. That a Building Permit be obtained for any structure exceeding 144 square feet or permanently anchored to the ground, which will require a site plan to be reviewed and approved by the Planning Director;
12. That a Building Permit be obtained for the new structure to be used as an Accessory Dwelling Unit within 60 days of approval of this Conditional Use Permit;
13. That the new structure must maintain setbacks for Suburban Residential District-1 or obtain an approved Variance;
14. That the ADU uses the same Approach as the principal dwelling;
15. That the applicant utilize the existing Easement for a Permanent Driveway as recorded in Book 149, Page 6300, which permits access to up to 150 feet of the existing driveway;
16. That all natural drainage ways be continually maintained;
17. That the drainfield for the principal dwelling is protected during construction of the ADU;
18. That the applicant signs the Statement of Understanding within 30 days of approval of this Conditional Use Permit; and,
19. That this Conditional Use Permit be reviewed in one (1) year, on a complaint basis, or as directed by the Planning Director, Pennington County Planning Commission, or Board of Commissioners to verify that all Conditions of Approval are being met.

All voting aye, the Motion carried 6 to 0.

- 5b. CONDITIONAL USE PERMIT / COCU 26-0002: Todd Lankenau. To allow an Efficiency Dwelling Unit on the subject property in a Suburban Residential District-1 in accordance with the Pennington County Zoning Ordinance.

Plot 2 of Tract 16, 19, and 20 of Clear Creek Tracts, Section 22, T1N, R5E, BHM, Pennington County, South Dakota.

Theunissen reviewed the Staff Report indicating the applicant has applied for a Conditional Use Permit to allow an Efficiency Dwelling Unit on the subject property.

Staff recommended to continue Conditional Use Permit / COCU 26-0002 to the February 23, 2026, Planning Commission meeting to allow the applicant time to mail the required property owner notifications.

Discussion followed.

Moved by Schmahl and seconded by Kuehn to continue Conditional Use Permit / COCU 26-0002 to the February 23, 2026, Planning Commission meeting to allow the applicant time to mail the required property owner notifications.

All voting aye, the Motion carried 6 to 0.

- 5c. VACATION OF PLAT / COVPL 26-0001: Kenneth Davis; Ron Davis – Agent. To vacate a portion of Right-of-Way along Log Porch Road in accordance with SDCL 11-3-21.1.

Beginning at the Northwest Corner of Lot G of Steven Reems Lot located in the NE1/4 of NE1/4 of Section 8, T1N, R6E, BHM, which is a 1/2-inch rebar, Thence S 09°40'21" E a distance of 205.04' to the TRUE POINT OF BEGINNING; Thence S 70°42'48" E a distance of 15.42', Thence S 09°40'21" E a distance of 79.76', Thence S 04°40'25" W a distance of 43.85', Thence N 81°22'32" W a distance of 2.76', Thence N 09°40'21" W a distance of 128.84' to the TRUE POINT OF BEGINNING containing 1,467 square feet.

vacate a portion of Right-of-Way along Log Porch Road.

Staff recommended approval of Vacation of Plat / COVPL 26-0001 with the following one (1) condition:

1. That all necessary resolutions for Vacation of Plat / COVPL 26-0001 be recorded by the applicant at the Register of Deeds' Office.

Moved by Hadcock and seconded by Kuehn to approve Vacation of Plat / COVPL 26-0001 with the following one (1) condition:

1. That all necessary resolutions for Vacation of Plat / COVPL 26-0001 be recorded by the applicant at the Register of Deeds' Office.

All voting aye, the Motion carried 6 to 0.

6. EXECUTIVE SESSION CONTRACTUAL/PENDING LITIGATION PER SDCL § 1-25-2(3).

Executive Session was not needed.

7. COUNTY BOARD REPORT
No items from the January 26, 2026, Planning Commission meeting needed to be heard at the February 3, 2026, Board meeting.

8. ITEMS FROM THE PUBLIC

No motions or actions were taken at this time.

9. ITEMS FROM THE STAFF

A. Building Permit Report. Hand reviewed the January 2026 Building Permit Report.

10. ITEMS FROM THE MEMBERSHIP

Commissioner Litzen stated she will be appearing by Zoom for a few upcoming meetings.

11. ADJOURNMENT

Moved by Litzen and seconded by Santana to adjourn.

All voting aye, the Motion carried 6 to 0.

The meeting adjourned at 9:34 a.m.

REPORT BY:	Brittney Hand

II. RECOMMENDATION

- A. Staff recommends approval of Vacation of Plat / COVPL 26-0001 with the following condition:
1. That all necessary resolutions for Vacation of Plat / COVPL 26-0001 be recorded by the applicant at the Register of Deeds' Office.

III. SOUTH DAKOTA CODIFIED LAW 11-3-21.1

- A. Vacation procedure within Planning Commission jurisdiction.
 - 1. If a plat sought to be vacated lies within the platting jurisdiction of a municipality or county which has in existence a statutory Planning Commission, said Plat may be vacated pursuant to the procedures outlined in §§ 11-3-20.2 to 11-3-20.4, inclusive.

IV. CRITERIA REVIEWED

Criteria	Findings	
	Yes	No
1. Does the new plat describe all previous plats sought to be vacated (book and page or document number)?	✓	
2. All required information listed in SDCL 11-3-20.3 submitted?	✓	

V. EXISTING CONDITIONS

- A. Stevens Reems Lot was originally platted in 1953.
 - 1. “Community Hall Road” was originally identified on this plat.
- B. In 1992, additional Right-of-Way was platted along Community Hall Road.
- C. Community Hall Road’s name was changed to Log Porch road in 2005.

VI. PROPERTY HISTORY

- A. Tax ID 14739 – Lot G of Stevens Reems Lot
 - 1. 2.14 acres.
 - 2. *Structures.*
 - a. Single-family residence – built in 1960 per Department of Equalization (DOE) records.
 - b. Cabin – built in 1928 per DOE records.
 - c. Shop – built in 1955 per DOE records.
 - d. Lean-to – built in 1955 per DOE records.
 - 3. *Onsite Wastewater Treatment System.*
 - a. Construction Permit – COSD14-0069.
 - b. Operating Permit – 2012COOP0414 and COOP15-0077.

II. PROPOSED LOT

- A. Lot G Revised of Stevens Reems Lot
 - 1. ~2.18 acres.
 - 2. *Structures.*
 - a. Single-family residence – built in 1960 per Department of Equalization (DOE) records.
 - b. Cabin – built in 1928 per DOE records.
 - c. Shop – built in 1955 per DOE records.
 - d. Lean-to – built in 1955 per DOE records.

Agenda Item #5c
Ken Davis
February 9, 2026

3. *Onsite Wastewater Treatment System.*
 - a. Construction Permit – COSD14-0069.
 - b. Operating Permit – 2012COOP0414 and COOP15-0077.

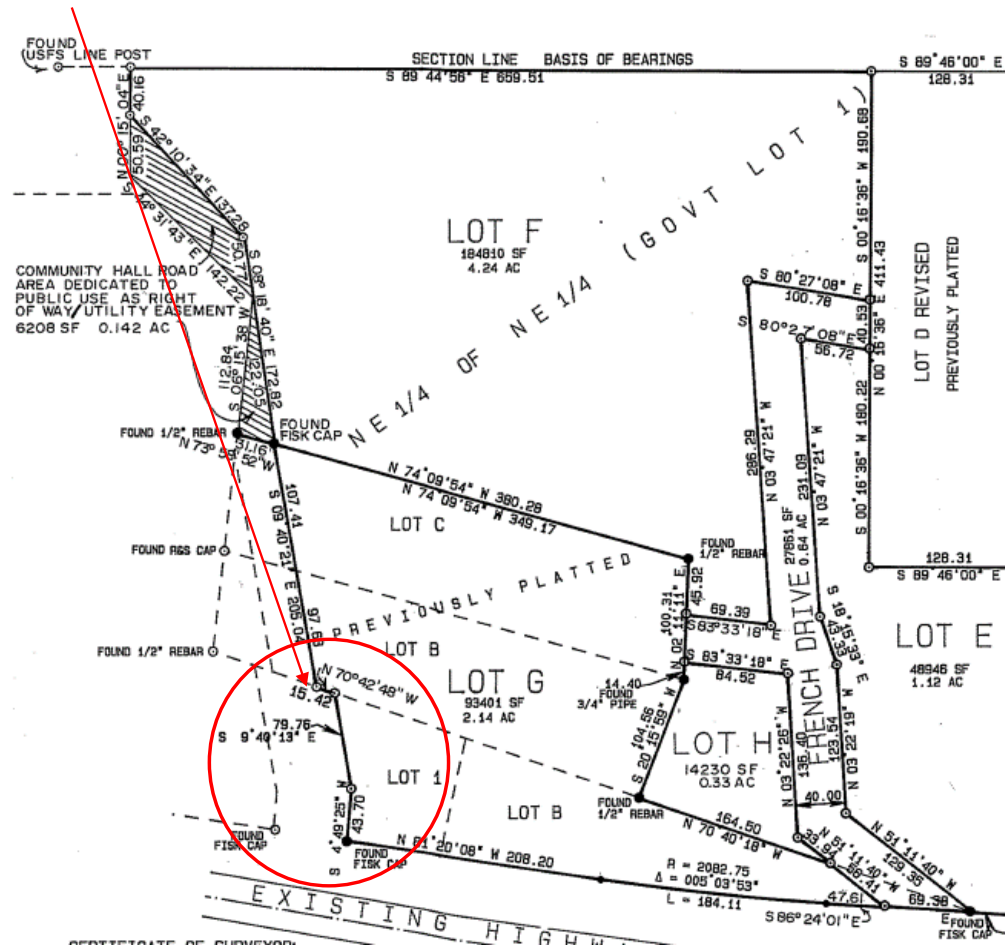

IV. INTERDEPARTMENTAL REVIEW

- A. *The request was routed to: County Highway Department, County Fire Administrator, County Planning, Emergency Services (911), County Ordinance Enforcement, Register of Deeds and Department of Equalization:*
 1. County Highway
 - a. The DOT would need to sign off on the portion in their ROW and Penn. Co. would need to sign off on the remaining area.

IV. ANALYSIS

- A. The applicant is requesting to vacate a portion of right-of-way along Log Porch Road.
 1. A well serving Proposed Lot G Revised is located within this portion of Right-of-Way
- B. The Morse Place Road District (maintains Log Porch Road) has no objection to the Vacation request.

Plat filed December 22, 1992 creating additional Right-of-Way along Log Porch Road
(formally Community Hall Road)

PLANNING DEPARTMENT

MEMORANDUM

TO: PENNINGTON COUNTY BOARD OF COMMISSIONERS

FROM: PENNINGTON COUNTY PLANNING DEPARTMENT

ITEM: PUBLIC HEARING OF COMPREHENSIVE PLAN AMENDMENT / COCA 26-0001 - APPROVAL BY RESOLUTION: Pennington County. To amend the existing Comprehensive Plan “View to 2040” Section 3 “Land Use & Housing Element” [to amend and supersede the existing Section 3 “Land Use & Housing Element”].

Staff recommended to continue Comprehensive Plan Amendment / COCA 26-0001 to the March 3, 2026, Board of Commissioner’s meeting, due to advertising.

MEMORANDUM

RE:
Comprehensive Plan

Date:
02/17/2026

From:
Brittney Hand
Planning Director

To:
**Pennington County
Board of
Commissioners**

CC:
**Tyler Sobczak
Jordan Neeb**

Pennington County's Comprehensive Plan is the County's long-term guide for growth and development through the year 2040. The Plan currently addresses alternative energy development in two sections. Section 3, the Land Use Element, identifies areas intended for different types of land use, including energy generation. Section 11, the Implementation Element, outlines the policies and actions used to carry out the goals of the Comprehensive Plan, including those related to alternative energy projects. Together, these sections guide how utility-scale solar and wind projects are evaluated within the County.

Over time, the Board of Commissioners has discussed how and where utility-scale solar and wind projects should be located. The Board has expressed a preference for limiting these types of projects to industrial zoning districts. The current language of the Comprehensive Plan does not clearly reflect this preference, as it allows for broader consideration of these projects in other areas.

The proposed amendment updates the Land Use and Implementation Elements of the Comprehensive Plan to clarify that utility-scale solar and wind projects are intended to be located within industrial zoning districts. This amendment helps ensure the Comprehensive Plan clearly reflects the Board's direction, provides greater clarity to the public and applicants, and continues to guide energy development in a manner consistent with County priorities.

GENERAL INFORMATION:

REQUEST:

COMPREHENSIVE PLAN AMENDMENT / COCA 26-0001: To amend the existing Comprehensive Plan “View to 2040” Section 3 “Land Use & Housing Element” [to amend and supersede the existing Section 3 “Land Use & Housing Element”].

REPORT BY:

Brittney Hand

GENERAL DESCRIPTION:

To update the Land Use & Housing Element of the Comprehensive Plan.

RECOMMENDATION: Staff recommends to continue Comprehensive Plan Amendment / COCA 26-0001 to the March 3, 2026, Board of Commissioner’s meeting, due to advertising.

Land Use & Housing Element

3

LUH-8.3 ~~The County should support efforts, when appropriately sited, for the development and use of alternative energy resources, including wind, solar, geothermal, bio-fuels and co-generation.~~ The County should support appropriately sited efforts for the development and use of alternative energy resources within industrial zoning districts, including wind, solar, geothermal, biofuels, and co-generation.

LUH-8.4 The County should continue to integrate energy efficiency and conservation into all County functions.

Goal LUH-9

The County should provide on-going administration and implementation of the Pennington County Comprehensive Plan.

LUH-9.1 The County shall maintain the Comprehensive Plan as needed to ensure that it reflects the needs and desires of those who live, work, and vacation in Pennington County.

LUH-9.2 The County shall review and revise other County planning documents to ensure consistency with the Comprehensive Plan.

MEMORANDUM

RE:
**Employee Feedback
Survey Approval
Request**

Date:
02/10/2026

From:
Walter McDuff
Risk Manager

To:
**Board of
Commissioners**

Purpose

The Human Resources Department is requesting approval to distribute a brief employee feedback survey regarding recent changes to work hours, time-tracking procedures, and the updated overtime policy.

Background

Recent operational adjustments have been implemented affecting employee work schedules, timekeeping methods, and overtime administration. In order to evaluate these changes and identify any areas requiring clarification or operational improvement, Human Resources has developed a standardized feedback survey.

Intended Use of Results

Survey responses will be reviewed in aggregate by Human Resources to:

- Assess overall employee understanding of current practices.
- Identify trends or common areas of confusion.
- Inform potential training, communication, or administrative improvements.

No individual responses will be used for disciplinary or performance-related purposes.

Motion could read as follows:

Move to approve Human Resources to distribute the Employee Feedback Survey regarding recent changes to work hours, time-tracking procedures, and the updated overtime policy.

MEMORANDUM

RE:
**Preview of New
County Website and
Document Center**

Date:
02/17/2026

From:
Cody Wiseman
Marketing Manager

To:
**Board of
Commissioners**

Over the past year, the Website Committee and I have been working to develop a new Pennington County website designed to be more user friendly, welcoming, and efficient for the public. I am pleased to provide you with a preview before the site is launched countywide.

A primary goal of this redesign was to simplify the structure of the website. We significantly reduced the total number of pages by consolidating related content into single locations. This approach reduces the number of clicks required to find information and improves overall navigation. The focus throughout this process has been clarity, accessibility, and ease of use.

The site is currently undergoing a detailed review by both myself and each department to ensure that all information has been transferred accurately. Our target launch window is late February to early March. The exact timing will depend on the completion of any core edits that impact functionality or accuracy. Cosmetic issues may still be present at launch, as content was migrated from the previous site, but these will continue to be refined after go live.

This website is intended to be a living platform. It will be continuously updated and optimized to ensure we provide the best possible digital experience for our residents.

In addition to the website preview, I will also introduce the new Document Center. This centralized hub is designed to house public documents in one searchable location. With enhanced search capabilities, residents will be able to quickly locate specific documents without navigating multiple department pages. The goal is improved transparency and easier access to public information.

3.18 Compensation Administration

Definitions

New Hire	A new employee to Pennington County, even if they have worked for Pennington County in the past.
Promotion	Employee movement with a higher position classification or greater skill/responsibility with the same position classification.
Demotion	Employee being placed into a position with a lower classification voluntarily or due to performance issues.
Transfer	Employee transferring their current position or reclassifying to a new position between different divisions within the same County department, or between different departments.

New Hire:

New hires are to begin at the 1st step of the appropriate rating for the classification of their position. The Department Head may adjust the starting rate for new employees up to step 12 of the scale based on documented, verifiable experience. The 12 steps may be applied at point of hire or during the first 12 months in role.

To place a new hire above step 12, or grant in excess of 12 steps in the employee's first year the Department Head shall appear before the Board of County Commissioners, accompanied by the County Human Resources Director, to provide supporting documentation and to discuss the reason(s) for exceeding policy guidance.

**Exception: If less than twelve (12) months have passed since the most recent seasonal layoff, returning seasonal employees may be hired at their prior pay level with the possibility of one step granted at the time of hire each year.*

Promotions

Employees being promoted to a job with a higher classification rating or to a position of greater skill or responsibility within the same classification will be placed on the applicable classification rating and step where their pay increases at least 2% but may not be in excess of 10%. The 10% may be exceeded if promoted to a job with a higher classification and Step 1 exceeds 10%. In this case the employee would be placed at Step 1 of the higher classification rating.

The Department Head may adjust the employee's wage up to 12 steps during the first 12 months in the new role consistent with the new hire policy.

Employees being moved to a supervisory role may be placed at the applicable classification rating and step where their pay increases to more than those being supervised * at the department head's discretion.

**Exception: the pay of long-term or highly qualified employees at or near the top of the wage rating may not be considered when determining the new supervisor's pay.*

Demotions:

Employees being demoted to a position with a lower classification rating or the same classification rating with less skill or responsibility voluntarily or due to performance-related issues, shall have their pay decreased. The employee's rate of pay will be reduced within the range established for the position demoted to at the discretion of the department head.

If an employee had been promoted within the past twelve (12) months and is currently demoting to a previously held classification, the employee will be placed at the rate of pay for the classification rating and step the employee would have been at if they had never been promoted.

Transfers:

The transferring employee may or may not have their pay adjusted up or down upon transfer and the department head may grant 12 steps in the first 12 months in the new position in the same manner as a new hire. This shall be left to the discretion of the hiring department head, with the final decision resting with the employee accepting the position.

Step Increases:

All step increases are subject to Board approval, budget availability, and organizational needs.

Employees are not eligible for a step increase while on a Performance Improvement Plan (PIP) at the time of their anniversary. Eligibility may be restored upon successful completion of the PIP.

When approved, step increases take effect on the first day of the first pay period of the month of the employee's anniversary.

Step increases are not automatic and must be reviewed and approved in accordance with established compensation procedures.

Formatted: Highlight

Formatted: Font: Times New Roman, 10 pt

Time of Service Differential (TOS Bonus):

TOS bonuses are to recognize career benefitted (FTB and PTB) employees beginning the year they have achieved 10 years of continuous benefitted service to Pennington County, based on their most recent anniversary date. TOS bonuses will be paid in the 1st full pay period following the employee's current employment anniversary date. For full-time employees TOS bonus shall be determined by multiplying \$50.00 by the number of continuous years the employee has worked for Pennington County. The TOS bonus for part-time benefitted employees will be set at \$35.00 for each year of continuous service to Pennington County.

TOS bonuses shall not be granted in advance of the employee achieving their anniversary date, and shall not be awarded in advance for employees terminating employment in the month of their anniversary.

Employees who are retiring and eligible for an unreduced retirement under the provisions of SDRS are eligible for their TOS bonus if they are retiring the same month as their anniversary. The TOS will be included in the retiring employee's final pay check.

Compensation Levels for Elected Officials:

Pennington County Board of County Commissioners shall review, and by resolution, set the compensation levels for Elected Officials annually by the 1st Commission meeting of the calendar year to mirror any wage rating adjustments made for the same year. Elected Officials are not participants in the County wage rating. An annual review of the Elected Official compensation levels shall be completed by the County Human Resources department, with the data provided to the Board of County Commissioners during the annual budget cycle period so it may be considered during annual budget work and formally applied at the 1st Board meeting of the following calendar year.

Compensation Rating Review

Pennington County shall budget for and conduct a formal review of the employee pay rating at intervals of 5 years, or as needed if significant market changes occur. In the interim periods, ~~the Compensation Committee~~ Human Resources shall review market wage data annually to ensure equitable compensation levels are maintained. Partnership with external vendors shall be sought if wage rating complexity requires it.

Out of Class Pay

Out of Class Pay may be used to compensate non-exempt employees who perform substantial work requiring additional training, responsibilities, risk and/or knowledge above and beyond those of their job description and normally assigned duties.

The following are items that a department may pay Out of Class Pay for:

- Employees assigned as acting supervisors by the Department Head may be compensated an additional \$2.00/hr.
- Employees assigned as trainers by the Department Head may be compensated at a rate of an additional \$1.00/hr while training and/or developing training materials.
- Employees performing ancillary duties for the Sheriff's Office such as Coroner, serving on the Dive Rescue Team, Special Response Team or Mobile Response Team may be compensated at a rate of an additional \$1.00/hr.
- An employee shall not receive more than \$3.00/hr for any combination of the above items.

Payroll Items

- All Out of Class Pay will be for an entire shift during which the Out of Class Pay was performed.
- Out of Class Pay will not be applied to any leave benefit time.

Exception

- Certified Tower Climbers will be compensated at a rate of \$50/hr while performing tower climbing duties.

Any department using Out of Class Pay must have a work rule detailing how it is administered; a copy of which will be maintained by the County Auditor's Office and the Human Resource Department.

**Board of
Commission**

Following the retirement of the former Human Resources Director, and as the County moves forward with the organizational restructure at the Board's direction, I respectfully request to be formally appointed as the Interim Director of the Human Resources Department.

Since the Director's retirement, I have been overseeing the daily work of the department to ensure that services and support for County employees continue without interruption. While the department has remained fully operational, not having an officially appointed Interim Director has made it more difficult to clearly define leadership responsibilities and decision-making as we move through this transition.

Formally naming an Interim Director would provide a clear point of leadership for staff, department heads, and employees. It would also ensure important HR matters – such as policy decisions, employee issues, and department direction – can be handled efficiently and with appropriate authority.

In addition to managing daily operations, the department is currently working on several major priorities, including updates to payroll and benefits practices and the implementation of a County-wide performance evaluation program. These projects require consistent leadership to stay on track and be completed successfully.

The County has allowed this same approach in other departments when a director position has become vacant due to retirement, resignation, or medical leave. Interim leaders have been appointed in Highway (2018), Planning & Zoning (2019), the State's Attorney Office (2022), JSC (2025), and most recently the Auditor's Office (2025). In some cases, interim appointments led to permanent leadership roles, and in others they did not.

In conjunction with this appointment, I am asking for a temporary pay increase in accordance with the Compensation Administration policy, which states "Employees being moved to a supervisory role may be placed at the applicable classification rating and step where their pay increases to more than those being supervised". I am currently paid less than two of the employees I am supervising. For reference, my current step/grade is P4.2, Step 1 (\$43.54/hour), and the HR Director starting salary is P5.2, Step 1 (\$52.95/hour).

PENNINGTON COUNTY HUMAN RESOURCES

Phone: (605) 721-6112 | Email: HR@PennCo.org

900 Concourse Dr. Suite 140 Rapid City, SD 57703 | PennCo.org

With 15 years of human resources experience, including eight years in a titled role with Pennington County, I am prepared to provide steady leadership during this period.

I anticipate serving as Interim Director until a new Director is selected and begins their tenure with Pennington County.

Thank you for your consideration. I remain committed to supporting Pennington County and its employees during this transition.

Respectfully,

Sandy Sortland

Requested Action: Motion:

Move to appoint Sandy Sortland as the interim HR Director, effective February 15, 2026. (If the Commission will include a pay increase for the appointment, the motion should state the current rate and approved rate for reference)

PENNINGTON COUNTY HUMAN RESOURCES

POSITION TITLE: HR Director

DEPARTMENT: Human Resources

REPORTS TO: Board of Commissioners

☒ Full-Time

☒ Exempt

Rating: P52

☐ Part-time

☐ Non-exempt

POSITION OBJECTIVE:

Under general direction of the Pennington County Board of Commissioners, the Human Resources Director plans, develops, leads, and coordinates the County's Human Resources policies, programs, activities and procedures ensuring compliance with all applicable federal, state and local laws and/or regulations. The Human Resources Director works with the Board of Commissioners, advising them whenever employment actions or new regulations warrant, and when policies are implemented or updated. Additionally, the Human Resources Director works with all other Elected Officials and Department Heads to provide support in the areas of staff development, employment law and employee relations. This position's duties are directly related to the management and general operations of the Pennington County Human Resources Department.

ESSENTIAL FUNCTIONS:

- Plan, develop, lead, and coordinate the County's Human Resources policies, programs, activities and procedures ensuring compliance with all applicable federal, state and local laws and/or regulations. Provides direction through strategic short and long-term goal setting and planning.
- Collaborate with Elected Officials and Department Heads to understand organizational and/or departmental goals and strategies related to staffing, recruiting, and retention.
- Oversee and support the recruitment, applicant tracking, selection process, interviewing, background and reference checking, hiring, orientation and records management of County employees.
- Supervise and coordinate the work of the Human Resources Department staff; hires, trains, provides work direction and oversight, and evaluates job performance.
- Monitor and ensure compliance with federal, state, and local employment laws and regulations, and recommended best practices; reviews and modifies policies and practices to maintain compliance.
- Direct the County in a manner that ensures compliance with applicable ordinances and laws through research and application of applicable state and federal human resource, employment, and benefits related legislation.
- Advise Elected Officials and Department Heads and employees regarding employment-related matters such as compensation, hiring, orientation, motivation, performance reviews, training and disciplinary processes. Serve as a mediator to resolve inter and intra-department conflicts.
- Develop and administer training programs for Elected Officials and Department Heads and employees including harassment prevention, non-discrimination, customer service, wellness, performance review processes, recruitment and selection, reference checking, management and leadership.
- Oversee the Risk Management and Insurance programs of the County.
- Oversee and support the Family and Medical Leave Act (FMLA) administration process.
- Oversee the design, administration, compliance, and ongoing evaluation of all County employee benefit programs, including health, dental, life, SDRS-Retirement, deferred compensation, Retirement Health Savings, paid leave, and employee assistance programs. Analyze financial data, manage claims processes, ensure compliance with federal legislation, negotiate contracts, manage RFPs, and communicate benefits effectively to County employees. Recommend revisions to benefit plans or related policies for approval by the Board of Commissioners.
- Direct and manage the County's compensation program, including collecting and analyzing market data, developing pay structures, recommending adjustments, and ensuring internal pay equity. Provide leadership in implementing fair and competitive compensation practices that support the County's strategic goals. Recommend revisions to compensation plans or related policies for approval by the Board of Commissioners.

- Develop and manage the Human Resources Department budget by forecasting needs, developing annual budget and monitoring expenditures.
- Oversee ADA accommodations for the County, ensuring compliance with all aspects of the Americans with Disabilities Act, including grievance resolution.
- Maintains compliance with all County policies and procedures.

EDUCATION AND/OR EXPERIENCE REQUIRED:

- Bachelor's Degree in human resources management, public or business administration or related field is required.
- Ten years of progressively-responsible work experience in the human resources management field with experience managing other employees and other managers is required.
- A documented combination of relevant training, education and work experience that provides the required knowledge, skills and abilities may be considered.
- Professional certification, i.e. PHR/SPHR and/or SHRM-CP/SHRM-SCP, is required. If not currently certified, must attain within twelve (12) months of placement in position.

WORKING ENVIRONMENT:

- Most work is performed indoors in an office where noise and interruptions often occur.
- Occasional nights and weekend hours may be required to meet project deadlines and attend after-hour meetings.
- Some travel may be required for training and meetings.

PHYSICAL REQUIREMENTS:

- Ability to safely and successfully perform the essential job functions consistent with the ADA, FMLA, and other federal, state and local standards, including meeting qualitative and quantitative productivity standards
- Ability to maintain regular, punctual attendance consistent with the ADA, FMLA, and other federal, state and local standards
- This position frequently remains stationary for long periods of time and needs to occasionally move about inside the office to access file cabinets, office machinery, etc.
- Constantly operates a computer and other office productivity machinery such as a calculator, copy machine and printer.
- Must be able to move up to 20 pounds unassisted, and move 40 pounds with assistance.
- Must be able to communicate clearly and effectively in presentations, on telephone, in-person and in writing.

ADDITIONAL DUTIES

POSITION TITLE: HR Director

DEPARTMENT: Human Resources

REPORTS TO: Board of Commissioners

ADDITIONAL DUTIES in support of County Human Resources Department Essential Functions

- Provide direct support to Elected Officials and Department Heads and/or Assistant Department Heads in times of leadership vacancies.
- Partner with Elected Officials and Department Heads to presenting personnel topics in Board of Commissioners Executive Sessions
- Occasionally attend User Board Meetings for departments to stay informed on department operations
- Occasionally attend Annual SHRM National Conferences and SDSHRM Annual Conference; as well as other Human Resource professional organizations
- Network with Human Resource professionals in the community and State
- Other duties as assigned by Board of Commissioners

This position specification should not be construed to imply that these requirements are the exclusive duties of the position. Incumbents may be required to follow any other instructions, and to perform any other related duties, as may be required.

PERFORMANCE STANDARDS:

- Job Knowledge and Competence
- Quality and Accuracy of Work
- Accountability and Dependability
- Customer Service and Public Interaction
- Communication and Teamwork

POSITION TITLE: Senior Human Resource Manager

DEPARTMENT: Human Resources

REPORTS TO: Human Resources Director

☒ Full-Time

☒ Exempt

Rating: P42

☐ Part-time

☐ Non-exempt

POSITION OBJECTIVE:

Under the direction of the Human Resources Director, the Senior Human Resources Manager is responsible for overseeing HR day-to-day operations, ensuring alignment with department objectives, and fostering a positive and productive work environment. This position performs and oversees a variety of complex technical and administrative duties relating to human resources, and may include supervision of staff. This role requires exceptional leadership and hands-on expertise in HR practices to serve as a consultant to advise and assist County Elected Officials, Department Heads, and employees with employment law and best practices for personnel risk management. This position's duties are directly related to the management and general operations of the Pennington County Human Resources Department.

ESSENTIAL FUNCTIONS:

- **HR Policies and Compliance:** Collaborate with County Elected Officials and Leadership to develop, implement, and update HR policies and procedures to ensure legal compliance and consistency. Possess HR expert level understanding, interpretation, and application of labor laws and regulations to minimize risks. Provide information to County employees, external agencies and the general public for human resource programs, policies, and procedures.
- **Performance Management:** Administer NeoGov Perform to oversee performance management processes, including goal setting, performance evaluations, and development plans. Provide guidance to leadership in addressing performance-related matters.
- **Employee Relations:** Manage employee relations issues, ensuring a fair and respectful work environment. Address conflicts, grievances, and disciplinary matters through conflict resolution management in compliance with County policies and legal regulations.
- **Training and Development:** Identify training needs, design training programs, and facilitate learning opportunities to enhance employee skills and career growth, including leadership and supervisor training.
- **Talent Acquisition and Management:** Administer NeoGov Insight and Onboard to lead end-to-end recruitment processes, ensuring the acquisition of top-tier talent that matches the company's needs. Partner with HR Marketing Manager to develop strategies for talent retention and succession planning.
- **Compensation and Benefits:** Collaborate with the Compensation Committee and Health Care Trust Board to design and manage competitive compensation and benefits programs that attract and retain top talent. Administer various employee benefit programs such as medical/dental/vision insurance (to include coordination and management of annual open enrollment process and COBRA); retirement, and wellness programs.
- **Change Management:** Lead HR-related change management initiatives, ensuring smooth transitions during organizational changes.
- **HR Analytics:** Utilize HR data and metrics to derive insights and inform decision-making. Provide regular reports to leadership on HR key performance indicators.
- **Diversity and Inclusion:** Champion diversity and inclusion initiatives, promoting a diverse workforce and an inclusive work culture.
- Perform related duties as assigned by supervisor
- Maintain compliance with all County policies and procedures

EDUCATION AND/OR EXPERIENCE REQUIRED:

- Bachelor's Degree with an emphasis in Human Resources, Industrial or Organizational Psychology, Business Management or related field.
- Five or more years of experience performing Human Resource Generalist responsibilities.
- A combination of education and experience may be considered.
- Professional certification, i.e. PHR/SPHR or SHRM-SP/SHRM-SCP is required, or must obtain within 12 months of position placement. Advanced professional certification preferred.
- Proficient in using HR software, tools, and systems for data analysis, reporting, and talent management.
- Ability to collaborate across departments and work effectively in a team environment.
- Ability to work independently and efficiently with minimal supervision to meet deadlines.
- Possess excellent interpersonal, organizational, and presentation skills.
- Possess advanced analytical and problem-solving skills, and can apply them as needed.
- Demonstrates active listening and communication skills, ability to follow oral and written instructions, and able to apply independent judgment as needed.

WORKING ENVIRONMENT:

- Most work is performed indoors in an office where noise and interruptions often occur.
- Some travel may be required for training and meetings.
- Working outside normal business hours may be required to meet project deadlines.

PHYSICAL REQUIREMENTS:

- Ability to safely and successfully perform the essential position functions consistent with the ADA, FMLA, and other federal, state and local standards, including meeting qualitative and quantitative productivity standards
- Ability to maintain regular, punctual attendance consistent with the ADA, FMLA, and other federal, state and local standards
- This position frequently remains stationary for long periods of time and needs to occasionally move about inside the office to access file cabinets, office machinery, etc.
- Constantly operates a computer and other office productivity machinery such as a calculator, copy machine and printer.
- Must be able to move up to 20 pounds unassisted, and move 40 pounds with assistance.
- Must be able to communicate clearly and effectively on telephone, in-person and in writing.

ADDITIONAL DUTIES

POSITION TITLE: Senior Human Resources Manager

DEPARTMENT: Human Resources

REPORTS TO: Human Resources Director

ADDITIONAL DUTIES in support of County HR Department Essential Functions

- Support Risk Manager and risk management programs through data collection and analysis, policy interpretation, education, and training efforts.
- Act as Secretary for Health Care Trust Board; attending, participating in, and taking minutes for meetings as required.
- Lead the HR Solutions Team, appointed as Chair.
- Present in the Board of Commission Meetings on behalf of the Compensation Committee and HR in the absence of the HR Director.
- Attend committee meetings as assigned by the HR Director.
- Perform miscellaneous clerical functions and special project work as assigned.
- Process HR department payroll and vouchers in Administrative Assistant's absence.
- Approve payroll and vouchers in HR Director's absence.
- Exercise sound judgment and maintain confidentiality in maintaining critical and sensitive information, records, and reports.

This position specification should not be construed to imply that these requirements are the exclusive duties of the position. Incumbents may be required to follow any other instructions, and to perform any other related duties, as may be required.

MEMORANDUM

RE:
**County Payroll
Operations**

Date:
02/17/26

From:
Jordan Neeb
Director,
Commission Office

To:
**Board of
Commissioners**

As part of the County's ongoing evaluation of Human Resources operations and organizational structure, staff have identified payroll administration as an area requiring near-term stabilization and clearer administrative oversight. Following the recent transfer of payroll responsibilities from the Auditor to HR, as well as associated staffing transitions, the County is currently operating without a fully stabilized supervisory structure for payroll functions.

Payroll is a cross-functional operation intersecting personnel administration, financial controls, compliance, and County-wide policy implementation. Given the operational risk associated with payroll accuracy and timeliness, ensuring clear oversight and accountability is essential.

The Issue

Organizationally, payroll operations can reasonably be housed within Human Resources, the Auditor's Office, or even under Commission Office oversight. At present, broader HR restructuring discussions are ongoing, and long-term organizational placement of payroll remains under consideration. However, staff consensus from discussions across HR and the Auditor's Office indicates that interim centralized oversight would assist in stabilizing training, system configuration (Tyler Technologies ERP), financial controls, and process standardization.

Placing payroll under the administrative supervision of the Commission Office on an interim basis would provide direct policy alignment, centralized oversight, and cross-departmental coordination while the County continues evaluating long-term structure.

This proposed action is not intended to predetermine the permanent organizational home of payroll operations. Rather, it is intended to provide operational stability during a transitional period.

Fiscal Impact

Because the requested move would be a transfer of existing employees from one department to another (no additional FTEs are being requested), there would be no overall financial impact to the 2026 budget. However, depending on how the positions will need to be accounted for in the general ledger, individual budgets may need to be adjusted appropriately.

Logistics

If the organizational transfer is approved, there would be a significant benefit in having the payroll employees physically located in the Commission Office. Separate from the ongoing HR restructure research, the Commission Office

PENNINGTON COUNTY BOARD OF COMMISSIONERS

Phone: (605) 394-2171 | Email: jordan.neeb@PennCo.org

Physical: 900 Concourse Dr. Suite 100 Rapid City, SD 57703

Mailing: P.O. Box 6160 Rapid City, SD 57709 | Website: PennCo.org

has been discussing renovations to the Commission Office area to address security concerns. The renovations can be performed by Buildings & Grounds staff and implemented in phases to provide uninterrupted Commission and Payroll operations. These renovation plans can be discussed, if desired.

We will also have to approve new job descriptions, but I have not yet been able to conduct a full review of duties and responsibilities to provide a draft of recommended changes.

Requested Action

Staff recommends that the Commission consider administratively reassigning payroll operations to the Commission Office effective immediately on an interim basis, with a formal review of the organizational placement of payroll to occur as part of the 2027 budget process.

Recommended Motion: Move to assign administrative oversight of County payroll operations to the Commission Office effective immediately on an interim basis. The organizational placement of payroll shall be formally reviewed by the Commission during the 2027 budget process to determine whether the interim arrangement should be continued, modified, or made permanent.

MEMORANDUM

RE:
**Ambulance
Districts**

Date:
02/17/2026

From:
Jordan Neeb
Director,
Commission Office

To:
**Board of
Commissioners**

The Rapid City Fire Department currently provides ambulance service to:

- Unincorporated areas of Pennington County
- The City of Box Elder
- The City of New Underwood

This coverage area is depicted on Map #1 (light red area).

Rapid City Fire has indicated that it intends to reduce its ambulance response area at the end of 2026 unless formal funding agreements are established to support service delivery in certain rural portions of the County. As a result, the Commission may want to consider structural options to ensure continued ambulance service coverage. *Note: there is currently no statutory requirement for the County to provide ambulance services to County residents.*

Pennington County currently contains four established ambulance taxing districts formed under SDCL Chapter 34-11A:

- Hill City Ambulance District
- Keystone Ambulance District (serving portions of Pennington and Custer Counties)
- Scenic-Conata Basin Ambulance District
- Eastern Pennington County Ambulance District

Hill City is reviewing a potential minor annexation, Keystone is not anticipating expansion, Scenic-Conata Basin receives service from Rapid City Fire, and Eastern Pennington County receives service from Wall Ambulance. No significant district expansion is currently expected.

Potential Ambulance Service Options

Option 1: Contractual Funding Model (No New District Formation)

Under SDCL 34-11-1, the County may:

1. Provide or contract for ambulance services; and
2. Contract with another political subdivision or provider to financially support ambulance services.

Under this model:

- The existing service footprint could remain intact.
- The County and potentially affected municipalities (Box Elder and New Underwood) would negotiate funding agreements with the current provider.
- No election would be required.

This option maintains operational continuity while adjusting funding mechanisms.

PENNINGTON COUNTY BOARD OF COMMISSIONERS

Phone: (605) 394-2171 | Email: jordan.neeb@PennCo.org

Physical: 900 Concourse Dr. Suite 100 Rapid City, SD 57703

Mailing: P.O. Box 6160 Rapid City, SD 57709 | Website: PennCo.org

Option 2: Formation of New Ambulance Taxing District(s)

Under SDCL Chapter 34-11A, the Commission may initiate formation of ambulance districts by resolution. This process would:

- Establish defined geographic districts;
- Require public notice and hearing;
- Require voter approval;
- Authorize a dedicated property tax levy within the district.

Municipalities (Box Elder, New Underwood, Hermosa) may join a district either:

1. By petition of 20% of registered voters, or
2. By municipal governing body resolution.

To-date, two district concepts are being discussed:

1. Hermosa / South Central Pennington / Eastern Custer Concept: A proposed multi-county district involving portions of Pennington and Custer Counties, including the City of Hermosa. Multi-county formation requires joint commissioner action and coordinated hearings.
2. Box Elder / New Underwood / Central Pennington Concept: A proposed district generally aligned with the Box Elder and New Underwood Fire Protection District footprints, potentially involving coordination with Meade County for certain townships.

No formal resolutions have been adopted at this time.

Impacted Areas

If service boundaries are reduced and no district or contractual arrangement is implemented, the following general areas may require alternative coverage planning:

- Black Hawk / Sturgis Road corridor
- Rapid Valley / Highway 44 corridor
- Johnson Siding / Big Bend / Hisega
- Pactola
- Rockerville (outside Keystone District)
- Southeastern Pennington County outside Scenic-Conata Basin
- Whispering Pines / Sheridan Lake area outside Hill City District
- Additional rural northwest and northeast corridors

This list reflects geographic exposure and does not represent formal proposals.

Election and Timeline

Formation of new ambulance taxing districts requires an election under state law. Staff is seeking clarification regarding election deadlines, publication requirements, and ballot timing. It has not yet been determined whether Commission action would need to occur immediately to preserve placement on a primary or general election ballot. The fiscal timing of levy establishment and first revenue collection (e.g., taxes payable 2027 versus 2028) is also under review. Additional information will be provided to the Commission once statutory and election timelines are confirmed.

PENNINGTON COUNTY BOARD OF COMMISSIONERS

Physical: 900 Concourse Dr. Suite 100 Rapid City, SD 57703

Mailing: P.O. Box 6160 Rapid City, SD 57709 | Website: PennCo.org

Requested Action

At this point, this item is presented for discussion only, but the Commission may take any action that it deems necessary, such as:

- Provide direction to pursue contractual discussions;
- Direct staff to continue analyzing district formation;
- Request additional financial modeling; or
- Take no action at this time pending further legal and election analysis.

Petition Circulation Code of Conduct

RE:
**Petition
Circulation**

Date:
02/17/2026

From:
Ken Langenbau
Finance & Policy
Analyst

To:
**Board of
Commissioners**

Since relocating to 900 Concourse Drive, the Petition Circulator Code of Conduct has not been updated to include this facility. With 2026 being a significant election year, updating the policy in a timely manner will provide clarity to petition circulators and ensure consistent application moving forward.

The proposed designated petition circulator location at 900 Concourse Drive is:

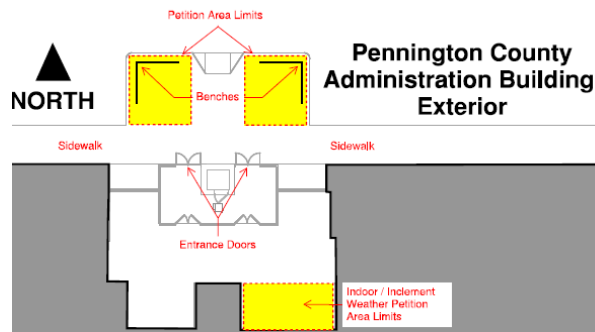

“Petition circulation is permitted on the north sidewalk area near the main entrance doors where the concrete benches are located.”

This location maintains clear access to the primary public entrance and minimizes disruption to pedestrian traffic entering and exiting the building.

During prior discussions, the possibility of allowing an indoor location during inclement or severe weather was raised. The draft policy does not currently include interior language; however, if the Board wishes to designate an indoor area, the following language could be added:

“In the event of inclement or severe weather, petitioning is permitted inside the building in the eastern lobby area directly across from the front doors.”

A color-coded map outlaying the location is below:

If the Board elects to authorize an interior location, it will be necessary to define what constitutes “inclement” or “severe weather.” Without clear parameters, petition circulators may interpret standard or seasonal weather conditions as qualifying, which could lead to inconsistent enforcement and operational challenges

PENNINGTON COUNTY BOARD OF COMMISSIONERS

Phone: (605) 394-2171 | Email: Kenneth.langenbau@PennCo.org

Physical: 900 Concourse Dr. Suite 100 Rapid City, SD 57703

Mailing: P.O. Box 6160 Rapid City, SD 57709 | Website: PennCo.org

PENNINGTON COUNTY CAMPUS
PETITION CIRCULATOR CODE OF CONDUCT

The Pennington County Commission has approved the following Petition Circulator Code of Conduct. All petition circulators must abide by this Code of Conduct while circulating petitions on the Pennington County Campus.

Pennington County buildings are public facilities that exist to accommodate the business of county government and the courts. In an effort to preserve public safety and provide citizens the opportunity to conduct business without unnecessary disruption or inconvenience, circulators of petitions may use specifically designated areas at select facilities on the Pennington County Campus to gather signatures. The select facilities are defined as the Pennington County Courthouse located at 315 St Joseph Street, Pennington County Justice Center located at 130 Kansas City St, and the Pennington County Administration Building located at 900 Concourse Drive.

AREAS WHERE SIGNATURE GATHERING IS PERMITTED

Pennington County Courthouse –315 St Joseph Street

Outside

Petition circulation is permitted on the south sidewalk area near the main entrance doors as specifically depicted on the attached color-coded map.

Pennington County Justice Center – 130 Kansas City Street

Outside

Petition Circulation is allowed in the areas described as “the elevated entrance area outside the 2nd floor main entrance doors past the covered awning” and “the south sidewalk area below the 2nd floor main entrance doors” as specifically depicted on the attached color-coded map.

Pennington County Administration Building – 900 Concourse Drive

Outside

Petition circulation is permitted on the north sidewalk area near the main entrance doors where the concrete benches are located, as specifically depicted on the attached color-coded map.

CONDUCT DURING SIGNATURE GATHERING

Petition circulators are notified:

- That a petition circulator may approach people for the purpose of politely asking them to sign a petition, provided the petition circulator is within the area designated for signature gathering;
- That a petition circulator may engage in discussion, but may not verbally or physically harass, threaten, or intimidate anyone for any reason;
- That a petition circulator must respect the rights of people to decline to sign a petition;
- That a petition circulator may not follow a potential signer into any area of the facility where petition circulation is prohibited;

- That a petition circulator may not at any time prevent access to the facility or block pedestrian flow to and from the entrance/exit doorways;
- That inclement or severe weather conditions do not alter or expand the areas designated for petition circulation;
- Per SDCL 12-18-3, no person may engage in any practice which interferes with the voter's free access to the polls or disrupts the administration of the polling place, or conduct any petition signature gathering, on the day of an election, within one hundred feet of a polling place. For the purposes of this section, the term "polling place" means a designated place voter may go to vote on the day of the election or to vote absentee.

USE OF COUNTY SERVICES, EQUIPMENT OR SUPPLIES PROHIBITED DURING PETITION CIRCULATION

Petition circulators are notified:

- That a petition circulator may not use any County or Courthouse telephone, equipment, supplies, or services when gathering signatures.

All petition circulators must abide by this Code of Conduct while circulating petitions. Failure to follow the above described Code of Conduct will result in the petitioner being asked to leave County property. Failure to abide by all laws or leave County property upon request may result in removal or arrest by law enforcement officials.

Approved this ____ day of _____, 2026.

By:
Pennington County Board of Commissioners

Ron Weifenbach, Chairman

PENNINGTON COUNTY CAMPUS

PETITION CIRCULATOR CODE OF CONDUCT

The Pennington County Commission has approved the following "Petition Circulator Code of Conduct." All petition circulators must abide by this Code of Conduct while circulating petitions on the Pennington County Campus.

Pennington County buildings are public facilities that exist to accommodate the business of county government and the courts. In an effort to preserve public safety and provide citizens the opportunity to conduct business without unnecessary disruption or inconvenience, circulators of petitions may use specifically designated areas at select facilities on the Pennington County Campus to gather signatures. The select facilities are defined as the Pennington County Courthouse located at 315 St Joseph Street, Pennington County Justice Center located at 130 Kansas City St, and the Pennington County Administration Building located at 900 Concourse Drive.

AREAS WHERE SIGNATURE GATHERING IS PERMITTED

Pennington County Courthouse – 315 St Joseph Street

Outside

Petition circulation is permitted on the south sidewalk area near the main entrance doors as specifically depicted on the attached color-coded map.

Pennington County Justice Center – 130 Kansas City Street

Outside

Petition Circulation is allowed in the areas described as "the elevated entrance area outside the 2nd floor main entrance doors past the covered awning" and "the south sidewalk area below the 2nd floor main entrance doors" as specifically depicted on the attached color-coded map.

Pennington County Administration Building – 900 Concourse Drive

Outside

Petition circulation is permitted on the north sidewalk area near the main entrance doors where the concrete benches are located, as specifically depicted on the attached color-coded map.

CONDUCT DURING SIGNATURE GATHERING

Petition circulators are notified:

- That a petition circulator may approach people for the purpose of politely asking them to sign a petition, provided the petition circulator is within the area designated for signature gathering;
- That a petition circulator may engage in discussion, but may not verbally or physically harass, threaten, or intimidate anyone for any reason;
- That a petition circulator must respect the rights of people to decline to sign a petition;
- That a petition circulator may not follow a potential signer into any area of the facility where petition circulation is prohibited;

- That a petition circulator may not at any time prevent access to the facility or block pedestrian flow to and from the entrance/exit doorways;
- That inclement or severe weather conditions do not alter or expand the areas designated for petition circulation;
- Per SDCL 12-18-3, no person may engage in any practice which interferes with the voter's free access to the polls or disrupts the administration of the polling place, or conduct any petition signature gathering, on the day of an election, within one hundred feet of a polling place. For the purposes of this section, the term "polling place" means a designated place voter may go to vote on the day of the election or to vote absentee. ~~A violation of this section is a Class 2 Misdemeanor.~~

USE OF COUNTY SERVICES, EQUIPMENT OR SUPPLIES PROHIBITED DURING PETITION CIRCULATION

Petition circulators are notified:

- That a petition circulator may not use any County or Courthouse telephone, equipment, supplies, or services when gathering signatures.

All petition circulators must abide by this Code of Conduct while circulating petitions. Failure to follow the above described Code of Conduct will result in the petitioner being asked to leave County property. Failure to abide by all laws or leave County property upon request may result in removal or arrest by law enforcement officials.
