

## **PRESS RELEASE – FOR IMMEDIATE RELEASE**

### **SENATOR FRYE-MUELLER ISSUES STATEMENT ON REINSTATEMENT**

**Rapid City, SD (Feb.3, 2023)** – The South Dakota Senate has reinstated Senator Julie Frye-Mueller, with a public censure and restricting her interactions with the Legislative Research Council. Senator Julie Frye-Mueller has issued another statement:

Press Statement: Senator Frye-Mueller made the decision to withdraw her federal lawsuit, as initially filed. She was given extremely short notice “suspending” the Senator from her elected office based upon unsubstantiated hearsay.

The Senator’s counsel is reviewing both the unauthorized actions of the Senate as a body, and Senate President Pro Tempore, Lee Schoenbeck, individually, in interfering with the Senator’s ability to fulfill her duties of office. She was stripped of her committee assignments; her Senate email account was closed to thwart communication with her constituents; she was barred from introducing or guiding legislation in the face of fast-approaching legislative deadlines; and was prohibited from casting any votes on behalf of District 30.

The Senator adamantly denies accusations which were deliberately undisclosed until just prior to a very public hearing on the matter, as they were simultaneously presented to the press. The Senate’s “reinstatement” of Senator Frye-Mueller’s elected office has proven a hasty but nominal announcement to save face, given the absence of any authority to “suspend” the Senator’s office. As of the date of this release, the Senator has not been restored to her committee assignments (which committees have simultaneously been stacked with questionable legislation) and has been given an undefined restriction on her use of essential legislative staff and resources, effectively hamstringing her ability to steer legislation on behalf of District 30.

Senator Frye-Mueller greatly appreciates the outpouring of support and is determined to continue serving the constituents of District 30 and the State of South Dakota.
