Hearing aids do not restore natural hearing. Individual experiences vary depending on severity of hearing loss, accuracy of evaluation, proper fit and ability to adapt to amplification. *Not valid on Audiotone® Pro. **If you are not completely satisfied, the aids may be returned for a full refund within 30 days of the completion of fitting, in satisfactory condition. †Our hearing test and video otoscopic inspection are always free. Hearing test is an audiometric test to determine proper amplification needs only. These are not medical exams or diagnoses nor are they intended to replace a physician's care. If you suspect a medical problem, please seek treatment from your doctor.
