

# In loving memory of Levi Sanchez and Stephen Sanchez

I find myself once more my husband and son  
with my heart broken twice.

The days marked on the calendar is time spent without you

If I could see you both just once more before  
my days are done

Would simply be a miracle from God's begotten Son.

16 years have come and gone, son and  
the fire of pain still burns in my heart

My darling husband the past year has left me  
longing for you how I have missed you. I have had  
to learn how to live without you.

I can hardly wait to see both your faces as my soul so deeply  
yearn for you both

Stephen, Areli never met you, it wasn't meant to be  
she'll know who you were because of you legacy.

It is hers to see, my son

I know you are both in God's care no safer place to be, and  
one day, in God's time, I pray together, we will all be

My only wish is for you to continue to rest peacefully and  
watch over me and your grandchildren.

All my love your wife and mom, grandsons, granddaughter  
and great-granddaughter
