VOLUNTEER TOUR GUIDES NEEDED

The Paine House, 7 Station Street in Coventry is looking for volunteer Tour Guides to share this unique historical site with the general public. Can you spare a few hours once or twice a month? All training and materials will be provided, no special skills required. This opportunity is suitable for High School students to adults. Training classes for the 2022 season will begin soon. If interested, call Bob at 439-7513 or email info@westernrihistory.org

SUPPORT OUR VETERANS

The banquet hall at VFW Coventry Memorial Post #9404, is available to rent for all occasions: birthdays, weddings, meetings, memorials, etc. Hall rentals help support local Veterans, Post Operations and Veteran Programs. The hall can accommodate up to 125 people. Call: 401-828-9507 for information or visit our hall rental link on our website at www.vfw9404.org.

COVENTRY SENIOR BAND

The Coventry Senior Band is looking for Musicians. We are an all-volunteer band that plays at Senior Centers, Nursing Homes, etc. Dust off the old instrument and come have some fun with us! Must be 55 years young and have some weekdays free. Call/Text David at 368-6895 or email walshdavid170@gmail.com.

WIDOWS SUPPORT GROUP

Church of the Apostles, 170 Fairview Avenue in Coventry, hosts a support group for widows and widowers to meet and support one another - whether you have lost a loved one recently or some time ago. The group meets the second Saturday of each month at 11:30AM.

by
Jo Ann
Derson

- **A garden manicure is what my mother calls it:** When working with plants and dirt, rake your nails across a bar of soap. The soap prevents dirt particles from lodging under nails, and the soap washes away easily when you are finished. Happy gardening!

- **“If you have a spade with a long handle,** you can transfer common measurements to the handle. Just lay a tape measure alongside the handle, and use a black marker to note common spacing, like feet and inches. Then, when you put in plants, you can check quickly whether they are spaced correctly. Very handy!” — P.E. in Arkansas

- **Here's a recipe for a quickie bird feeder or bath:** Flip over a nice-size flower pot, and place the pot's tray on the top. Fill with seed or water. The birds will thank you — maybe even by eating some nuisance bugs along with the seed.

- **“Garden tool storage doesn't have to be hard.** Fill a wide-mouth bucket with clean sand. Add a half quart of motor oil and stir. Then use the sand to clean and store your garden tools like shovels, rakes or hoes. The sand/oil mixture helps clean the metal surfaces, and the heaviness of the container lets you stick them in the sand without fear of everything falling down, like it would if you leaned them along a wall.” — E. in North Carolina

Thanksgiving Novena to ST. JUDE

O Holy St. Jude Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ. Faithful intercessor of all who invoke this special patronage in time of need. To you I have recourse from the depth of my heart and humbly beg you, to whom God has given such great power to come to my assistance. Help me in my present and urgent petition. In return, I promise to make your name known and cause you to be invoked. Say three Our Fathers, three Hail Marys and three Glory Be's. Publication must be promised. St Jude pray for us and all who invoke your aid. Amen. This novena has never been known to fail. It helped me. Thank you St. Jude for answering my prayers.

How to find the right contractor for your next home renovation

Finding the right contractor for a given job is of the utmost importance, and the following are some tips to help homeowners do just that.

Home renovations are significant undertakings. Though some projects require more sizable investments of time and money than others, all merit homeowners' attention and inspire some excitement when pondering the finished product.

A finished product tends to offer more appeal when the project is overseen and undertaken by a professional contractor. Small projects may be in the wheelhouse of skilled do-it-yourselfers, but most homeowners are best served leaving home renovations to the professionals. Finding the right contractor for a given job is of the utmost importance, and the following are some tips to help homeowners do just that.

• **Seek word-of-mouth recommendations.** Word-of-mouth advertising has long been recognized as an invaluable tool to attract customers, and for good reason. A 2025 report on the state of the roofing industry provided by Roofing Contractor, the official publication for the International Roofing Expo®, found that 79 percent of homeowners identify word-of-mouth as the top way to find a roofing professional. Word-of-mouth is so valued because homeowners can ask friends or neighbors about their experiences with a given professional in a pressure-free setting. Word-of-mouth also can help homeowners cut down on the pool of potential contractor candidates, which is no small

benefit in markets flooded with renovation professionals.

• **Secure multiple written estimates.** It can be time-consuming to speak to multiple contractors and secure written estimates from each one, but such legwork is well worth the effort if the end result is finding the right contractor. Secure multiple estimates even if the first one provided to you is below budget. Multiple estimates allow homeowners to compare what's included, and not included, in each one. Some contractors offering low estimates may not include materials costs or additional factors that will increase the price. Others may seem more expensive initially but may prove more affordable than competitors if their estimates include all of the costs associated with the project. Only a direct comparison of multiple estimates, which should include details specific to the project and

an itemized list of what will be provided and performed by the contractor, can give homeowners an idea of what they're paying for.

• **Stay local when possible.** Hiring local contractors is beneficial for a number of reasons. Hiring locals keeps money in the community and thus supports the local economy. And working with local contractors can make it easier for homeowners to keep lines of communication open. Many projects also require a little post-completion upkeep or even some tweaks, which is more easily accomplished when working with contractors based nearby. And finally, local contractors will be familiar with building codes and other details specific to a given town. That familiarity can ensure a project is done in adherence to codes and not stalled by permit- or inspection-related delays.

• **Confirm their insurance.** Travelers Insurance urges

homeowners to confirm a contractor is properly insured and bonded prior to signing a contract. Contractors should be willing to provide a certificate of insurance (COI) that indicates their provider, policy number and coverage limits. Travelers also notes homeowners can contact insurers directly to verify coverage and ensure the policy is current. Never hire a contractor who is uninsured or unwilling to provide proof of insurance.

Hiring a contractor to perform a home renovation may be a leap of faith, but homeowners can take steps to ensure they find the right professional for the job.

Wise watering strategies to help a lawn thrive

Homeowners hoping to keep their lawns lush and green throughout summer can learn some effective watering strategies to achieve that goal.

A number of factors can affect how well a garden or lawn takes root. Watering is a key element of any landscape care strategy, and one that homeowners should educate themselves about if they want to maintain a lush, healthy lawn throughout spring and summer. Homeowners hoping to keep their lawns lush and green throughout summer can learn some effective watering strategies to achieve that goal.

tip of a pen can waste 6,300 gallons of water per month. Adjust the sprinkler heads so that they only hit the landscape elements rather than sidewalks or driveways. Align the watering schedule with the seasons.

Check the irrigation system
Water Sense®, an EPA Partnership Program, advises following four steps at the start of spring: inspect, connect, direct, and select for clock timer-controlled irrigation systems. Make sure the system doesn't have any clogged, broken or missing sprinkler heads. Examine points where the sprinkler heads attach to pipes or hoses to make sure there are no leaks. The EPA says even a leak as small as the

Invest in an impact sprinkler
An impact sprinkler on a tripod can be an effective option for those without built-in irrigation systems. These sprinklers rotate in circles to help deliver an even spray of water that mimics rainfall. It's easy to adjust their spray pattern and a sprinkler on a tripod can spray over the top of bushes and flower gardens.

Drip irrigation systems are superior
According to Rainbird.com, drip irrigation tubing and emitters slowly distribute water to the right spots of a landscape. They can be placed at ground level or buried underground. Water soaks directly to the roots, minimizing water loss from runoff and evaporation. Some research suggests drip irrigation can effectively cover 25 percent more area than the average sprinkler system. It also tends to deliver more than 95 percent water efficiency.

Skip the schedule
Watering a lawn or garden should not be ruled by a schedule, but other factors that will determine when water is needed, suggests Family Handyman. Daytime temperatures, wind conditions, soil type, lawn type, and recent rainfall will determine how much water the landscape really needs. Overwatering can be just as bad as underwatering. For those with underground watering systems, water sensors can trigger the system to turn on rather than a time on a clock.

Avoid midday watering
The sun is hottest in the middle of the day. Watering during this time means that much of the water will be lost to evaporation before it can get to thirsty lawns and plants.

It pays to be smart about watering. Homeowners also can consider rain collection barrels or well water usage and be more eco-conscious about their watering efforts.

Offer based on individual creditworthiness. Variable rate of interest as low as Prime minus 0.75% as published in The Wall Street Journal 30 days before the date of any rate adjustment. Offer limited to one to four family, owner-occupied primary residence properties only. Property insurance (and flood insurance, if applicable) required. Offer and rate are subject to change at any time without notice. Other terms and restrictions may apply. APR will not exceed 18% with a minimum APR of 6.95%. Existing Wave FCU loans are eligible with at least a \$25,000 line increase. **Applicable trust review fees may apply.

SALVATION PRAYER

Dear Heavenly Father I know that you love me even though I have broken your laws. I have heartfelt sorrow for my sins and I ask that you forgive my sins and direct my life. I believe Jesus shed his blood and died for my sins, was buried and was bodily raised to life on the third day. I ask Jesus to be my Savior and my Lord. I pray in the NAME of JESUS, Your Be-loved Precious Eternal SON. Amen.

PROJECT FRIENDS

Project Friends is a State of RI licensed community-based day service program developed in 1992 for adults with developmental disabilities. Each individual has a plan that offers choices of activities which build independence, adult daily living skills, socialization, self-esteem and confidence. Participants are supported by case aides. If you would like more information about Project Friends, please feel free to call Marlena or Lisa at 822-9144.

FREE ENGLISH TUTORING

Literacy Volunteers of Kent County is offering free English tutoring to individuals 18 and older. In just a few hours per week you can improve your English skills in speaking, reading, and writing. You will be paired with a tutor, who will instruct you, one-on-one, according to your individual needs. Lessons are scheduled at your convenience. All information exchanged remains confidential. For more information, please call or email Literacy Volunteers of Kent County (LVKC). 822-9103, lvkc@coventrylibrary.org

TOWN OF COVENTRY

1ST PUBLIC HEARING – CALL FOR PROPOSALS FOR THE CDBG ANNUAL APPLICATION

The Town of Coventry is considering the filing of applications for the Rhode Island Community Development Block Grant (CDBG) Program Annual Application Funding and Housing Rehab through the rolling application process. Statewide, approximately \$5,100,000 has been made available over a two year funding cycle to undertake a range of activities including:

1. Provision of employment opportunities for low and moderate income persons.
2. Provision of community infrastructure, facilities and public services principally benefiting low and moderate income families and individuals.
3. Planning only activities with a goal of benefitting low and moderate families and individuals.

A Public Hearing will be held on Wednesday, April 23, 2025 at 3:00 p.m. in the conference room located at the Town of Coventry Department of Planning and Development, 1675 Flat River Road, Coventry, RI 02816 for the purpose of obtaining the views of citizens on community development and housing needs; on past program performance and on proposed applications for activity types listed above. At this time, anyone wishing to apply for funding for a qualified activity should be present at the meeting or contact the Community Development Block Grant Program Manager in advance of the meeting. You may also provide comments in advance of the meeting to:

Geri Manning, CDBG Program Manager
Mailing address: 1670 Flat River Road, Coventry, RI 02816
Office Address: 1675 Flat River Road
Phone: (401) 492-9368
Email: CDBG@coventryri.org
Please call Geri Manning, CDBG Program Manager, between the hours of 8:30 and 4:30, Monday-Friday at 401-492-9368 with comments or to request more information.

The Public Hearing will also mark the ending of the 15-business day Comment Period.

The public is welcome to attend. Participation by low-moderate income persons; residents of predominately low-moderate income neighborhoods; minorities; non-English speaking persons; and persons with disabilities is encouraged. If communication assistance is needed or any other accommodation to ensure equal participation, please contact the Town Clerk at (401)822-9173 at least two (2) business days prior to the meeting. The meeting room is handicapped accessible.

FUN FACT:

The little pocket on jeans was originally designed to hold a pocket watch.

HEATING & AIR CONDITIONING

Licensed & Insured

BY JENNIFER COATES

When Steve Schutttert, a lifelong resident of Coventry, was still in high school, his future was headed in an unusual direction. A skilled guitarist and composer of original music, Steve's talents had been noticed by the famous Berklee College of Music when he was only 17. Steve went on to attend this prestigious college in Boston until he ultimately realized that, though his guitar would always play a part in his life, it would not BE his future.

Enter the career Steve Schutttert was born to do ~ a highly sought-after, highly trained technician who now owns his own company, SDS Heating & Cooling, who is constantly growing professionally and working to expand his business, and who holds a dual license as both Master Pipefitter and Master Refrigeration. The same dedication and discipline he demonstrated as a musician,

accompanied by the unbendable work ethic he inherited from his German immigrant great-grandfather, are now the trademarks of this successful heating and cooling specialist.

Today, SDS Heating & Cooling is a premier business that operates throughout the region. Steve officially began his career in 2001 when he earned his Oil Burner license. In 2013, he became a Master Pipefitter, and in 2015, he incorporated SDS Heating & Cooling. Being a licensed Master Pipefitter requires a high level of skill, expertise, and training. As a Master Pipefitter, Steve worked tirelessly to build his business and to stretch himself professionally.

Last year, with years of experience under his belt, Steve completed the strenuous process of earning his Master Refrigeration license. A Master Refrigeration license signifies an even higher level of experience and expertise, allowing technicians like Steve to work without restrictions on the type of refrigeration equipment they can handle.

Meet Steve Schutttert of SDS Heating & Cooling based out of Coventry. Steve is a Master Pipefitter and a Master Refrigeration specialist who will work hard for you, no matter how big or small the job. Call him today at 401-304-6957.

With his years of training and experience, including receiving two national awards in 2024, Steve is licensed in all areas of heating and cooling, from residential to commercial properties. He installs, maintains, and repairs heating, ventilation, air

conditioning and refrigeration systems.

Lately Steve has been busy installing the increasingly popular Mini-split systems, including ducted systems, alongside his "bread & butter" jobs that involve boilers, furnaces, radiant heating and roof-tip replacement air filters, to name but a few. Everything Steve does, he does at a level of excellence that exceeds his competitors.

Steve could be described as the ultimate problem-solver who is reliable, honest, meticulous, and hard-working. To make himself even more accountable to his customers, Steve does an in-person Manual "J" report to determine the most accurate and optimal size of heating and cooling equipment needed for any building.

One of the best business decisions Steve ever made

was to partner with Synchrony Bank to help his clients finance their heating & cooling projects. Nothing should stand in your way.

Steve Schutttert of SDS Heating & Cooling can be reached at 401-419-8752 (cell) or 401-304-6957 (work). You can learn more about SDS at the website www.sdsheating.com or on Facebook and Instagram.

Out of this World
• SPACE FACTS •
By Jason Major
Titan: A Moon With Atmosphere

Most moons in the Solar System — including our Moon — lack any kind of substantial atmosphere. But Saturn's moon Titan has a thick atmosphere made of nitrogen, methane, and layers of hydrocarbon haze. Titan's atmosphere is so thick that the pressure at the surface is 60% higher than it is on Earth!

ARIES (March 21 to April 19) With change dominant this week, don't be surprised to find new emerging facts that could put a slant on a situation and offer you another choice. Think it through before you decide.

TAURUS (April 20 to May 20) There could be some lingering problems from a previous matter that involved a decision you felt you had to make. Resolve the situation with your strong Taurean no-nonsense approach.

GEMINI (May 21 to June 20) The Gemini's carefully made plans could be undone by someone's unexpected decision. Getting the full story behind a surprise move can help you decide how to deal with the matter.

CANCER (June 21 to July 22) Recently uncovered information might put a new light on a situation you thought had been resolved. Keep an open mind about possible changes that you might have to consider.

LEO (July 23 to August 22) With a potential revision of an old agreement, you can't beat the Big Cat for knowing how to sharpen a "clause" to the best advantage. Meanwhile,

RELAY FOR LIFE

someone close could have the news you've been waiting for.

VIRGO (August 23 to September 22) Certain issues in the workplace could put you in the middle of a dispute you'd rather not deal with. Express your honest feelings before the pressure to take sides builds up.

LIBRA (September 23 to October 22) You might feel uneasy disagreeing with someone you've been close to. But your relationship should be able to withstand and even thrive when you confront your true feelings.

SCORPIO (October 23 to November 21) A romantic situation seems to be creating more confusion than you can handle. If so, own up to your feelings. The sooner you do, the better your chances are for working things out.

SAGITTARIUS (November 22 to December 21) With change directing the Archer's aim, consider a second look at your plans and see where

they might benefit from a revision. In other news, a workplace matter is close to a resolution.

CAPRICORN (December 22 to January 19) New contacts help you learn some important information about upcoming developments. The week calls for the Sea Goat to be more flexible than usual in a number of matters.

AQUARIUS (January 20 to February 18) With both change and uncertainty in your aspect, you might feel less confident in a previous decision. This is OK. Check it out and see where it could be modified, if necessary.

PISCES (February 19 to March 20) Old relationships that seemed to be sinking are buoyant again, and new relationships are benefiting from Cupid's loving care. This could be a good time to make a major move!

BORN THIS WEEK: You prefer making your own path, but you'll go out of your way to help someone in need. You define what it means to be a true trailblazer.
