Salamanca — The largest graduating class in Salamanca’s history graduated in June 2022.

This year’s class numbered 87, compared to the average of around 50 graduates per class in recent years. The high school principal, Chris Stuber, said the growth was a result of the school’s efforts to increase enrollment.

Stuber said the class was diverse in terms of interests and abilities. “We have students who are interested in finance, engineering, and the arts,” he said. “It’s a great class that is ready for whatever the future holds.”

The high school’s recent improvements, including the new auditorium, were also mentioned as factors in the growth.

The Class of 2022 received diplomas during the graduation ceremony held at the school’s newly renovated auditorium. The ceremony included a speech by the class president, who thanked the school and community for their support during their time at Salamanca.

“I would like to thank everyone who has supported us throughout our time here,” the class president said. “We have enjoyed our time at Salamanca and are excited to move on to the next chapter of our lives.”

Salamanca Superintendent Alicia Fiske said the class had shown great resilience and determination throughout their time at Salamanca.

“Congratulations to the Class of 2022,” Fiske said. “You have shown us what it means to be Salamanca students.”

The Class of 2022 will be remembered for their passion, dedication, and commitment to their community. We wish them all the best as they move on to the next chapter of their lives. Congratulations, Class of 2022!”
