Sunday sleuth

CBS moves 'Elementary' to a new night

By Kyla Brewer
TV Media

Sherlock buffs beware: the world's greatest detective is on the move. Fans looking for their Thursday night Sherlock fix are in for a mystery this week — he'll disappear, at least from Thursday nights.

Viewers must tune in earlier in the week to catch British actor Jonny Lee Miller ("Trainspotting," 1996) as an eccentric modern-day version of Sir Arthur Conan Doyle's classic character, as "Elementary" moves to Sundays, beginning March 20, on CBS. The series also stars Lucy Liu ("Charlie's Angels," 2000) as Sherlock's apprentice, Dr. Watson, who began working with Holmes as his sober-living companion after the detective's stint in rehab for drug addiction.

The cast also includes Aidan Quinn ("Legends of the Fall," 1994) as NYPD Capt. Tommy Gregson, Jon Michael Hill ("Detroit 1-8-7") as Det. Marcus Bell and new addition John Noble ("Fringe") as Holmes' estranged father, Morland.

Now in its fourth season, much of the success of the series relies on the interaction between Miller and Liu. Despite what many TV viewers might expect, Watson and Sherlock aren't romantically linked and it doesn't look as if the writers have any plans to have them hook up any time soon. Show creator and producer Robert Doherty has described their relationship as a "bromance," in which one of the "bros" is really a woman. Things are strictly platonic, at least so far. In a recent interview with the New York Post, Miller explained why.

"Holmes and Watson's relationship is sacred," said Miller. "The fact that one's a man and one's a woman is irrelevant; it's who they are as people that's important. The original Holmes and Watson were not romantically involved and, therefore, neither should we [be]."

The lack of chemistry between them is in line with the source material as Conan Doyle's original Sherlock had little interest in romance anyway. In "The Adventure of The Lion's Mane," the detective explained: "Women have seldom been an attraction to me, for my brain has always governed my heart." In the absence of that will-they-won't-they tension employed by so many television dramas and comedies, the show relies on solid acting and clever dialog as the mysteries unfold each week. While acting as a consultant for the NYPD, Holmes leads Watson through an investigation, which offers viewers many twists and turns before a final resolution as Holmes nabs the bad guy or gal in true Sherlock Holmes fashion.

In fact, the modern Holmes pays tribute to the original in many ways. In addition to inheriting his uncanny powers of deduction, Miller's Holmes boasts many other attributes of Doyle's detective. He seems to have a good grasp of forensics and often uses this knowledge to solve cases that, for whatever reason, baffle NYPD detectives. Much like the initial Holmes, "Elementary's" sleuth is financially secure, thanks no doubt to his business consultant father. Even Sherlock's penchant for drugs factors into the CBS adaptation — Doyle's Watson disapproved of his colleague's cocaine use, however, with the exception of a relapse at the end of season 3, Miller's Holmes isn't an active user in the CBS drama.

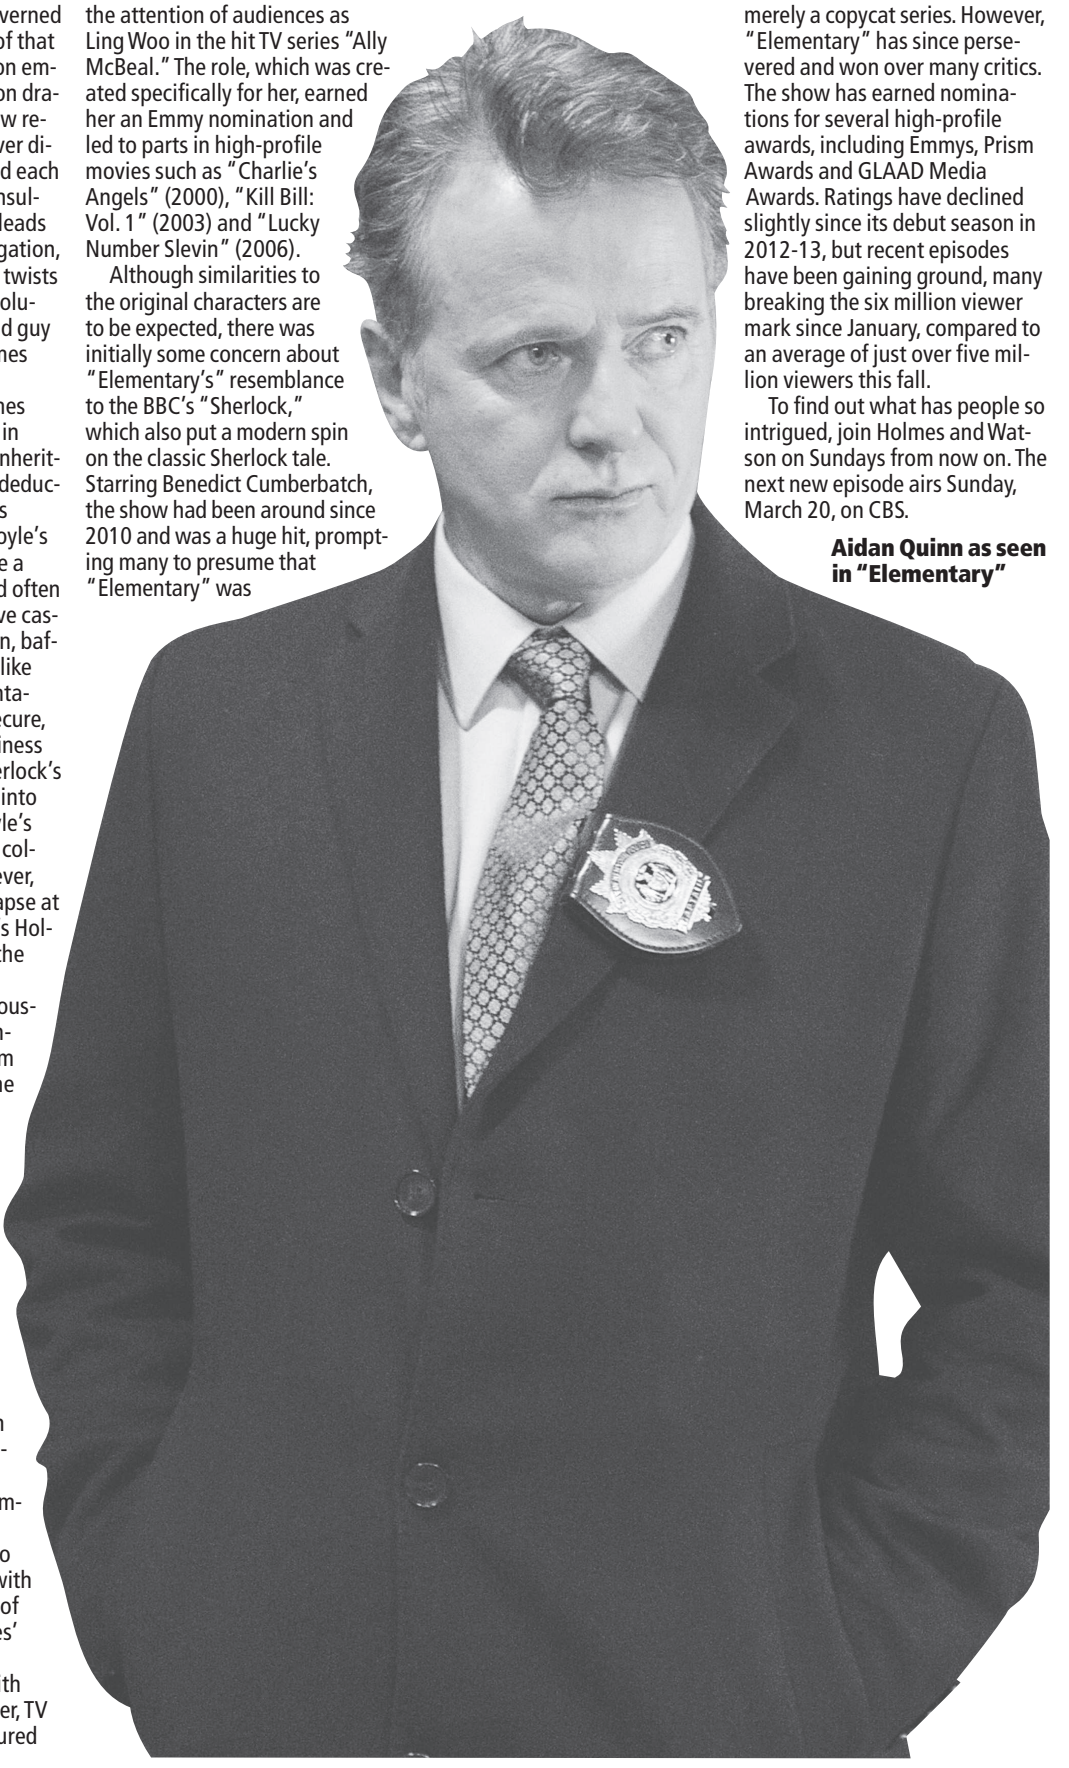

Interestingly, Miller famously rose to prominence as another addict in the 1996 film "Trainspotting," in which he starred as con artist Sick Boy. He's also widely remembered for his role in the cult classic "Hackers" (1995), which featured a young Angelina Jolie ("Girl, Interrupted," 1999).

Liu's Watson bears some similarity to Doyle's original as well. Both characters are medical doctors, though the modern Watson left the profession after losing a patient, which is how she came to work with Holmes as his sober-living companion. Doyle's Watson also occasionally shared a flat with Holmes, and both versions of the character revere Holmes' ability to solve crimes.

After paying her dues with roles in commercials, theater, TV and movies, Liu really captured the attention of audiences as Ling Woo in the hit TV series "Ally McBeal." The role, which was created specifically for her, earned her an Emmy nomination and led to parts in high-profile movies such as "Charlie's Angels" (2000), "Kill Bill: Vol. 1" (2003) and "Lucky Number Slevin" (2006).

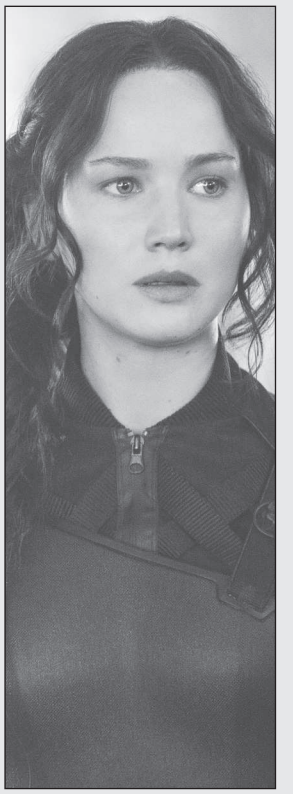

Although similarities to the original characters are to be expected, there was initially some concern about "Elementary's" resemblance to the BBC's "Sherlock," which also put a modern spin on the classic Sherlock tale. Starring Benedict Cumberbatch, the show had been around since 2010 and was a huge hit, prompting many to presume that "Elementary" was merely a copycat series. However, "Elementary" has since persevered and won over many critics. The show has earned nominations for several high-profile awards, including Emmys, Prism Awards and GLAAD Media Awards. Ratings have declined slightly since its debut season in 2012-13, but recent episodes have been gaining ground, many breaking the six million viewer mark since January, compared to an average of just over five million viewers this fall.

To find out what has people so intrigued, join Holmes and Watson on Sundays from now on. The next new episode airs Sunday, March 20, on CBS.

Drama with heart

NBC's new medical series is based on reality

By Andrew Warren
TV Media

Drama with heart: The network that brought audiences "ER," the runaway hit and awards show darling that wrapped in 2009 after 15 seasons, is looking to the heart of the medical field for its newest show — literally. "Heartbeat" — which airs a special sneak peek Tuesday, March 22, and officially premieres Wednesday, March 23, on NBC — uses the life of a real-life heart transplant surgeon as its source material.

Dr. Kathy Magliato is a world-renowned surgeon, and is one of the few women in a medical field dominated by men. Her 2011 memoir, "Heart Matters," is the main inspiration for the peacock network's new drama.

That's inspiration, not subject matter: "Heartbeat" is no biography. The main character may take her initial cues from the real-life Dr. Magliato, but the fictional Dr. Alexandra Panttiere, played by Melissa George, is her own woman.

George is an NBC veteran, having appeared last year in the network's short-lived series "The Slap" in a role she was intimately familiar with, having played the same character in the original Australian version the series. She was nominated for a Golden Globe in 2009 for her role in HBO's "In Treatment," and has popped up in "Grey's Anatomy," "Friends" and "Alias."

As for the big screen, she's been a fixture in creepier fare for a while, starring in "Dark City" (1998), "The Amityville Horror" (2005) and "30 Days of Night" (2007).

Of course, a medical drama needs more than one doctor, and "Heartbeat" has a whole hospital's worth. Dave Annable ("Red Band Society"), Shelley Conn ("Terra Nova"), Don Hany ("White Collar Blue"), D.L. Hughley ("Studio 60 on the Sunset Strip") and Jamie Kennedy ("Son of the Mask," 2005) all co-star.

"Heartbeat," inspired by the life of Dr. Kathy Magliato, premieres Wednesday, March 23, on NBC.

Modern faith: It's a story that lays the foundations of Christianity itself: Jesus Christ's last hours on Earth before his crucifixion at the hands of the Romans. These events are known as the Passion, and they're coming to Fox in a modern-day take on these ancient happenings.

On Palm Sunday, March 20, "The Passion," a live two-hour event, is airing on Fox. To many, the story is a familiar one: the last supper, the betrayal of Jesus by Judas and ultimately his crucifixion. This is a modern-day retelling set in today's New Orleans, though, with musical numbers set in many of the city's most iconic locations.

Naturally, any live musical needs top-tier musical talent, and "The Passion" doesn't disappoint on that front. Country superstar and cooking show host Trisha Yearwood ("Trisha's Southern Kitchen") stars as Mary, the mother of Jesus, while Christ himself is played by award-winning singer/actor Jencarlos Canela ("Telenovela").

Acclaimed actor, filmmaker and New Orleans native Tyler Perry ("Gone Girl," 2014) serves as both the host and narrator of "The Passion."

Gospel singer Yolanda Adams, rocker Chris Daughtry ("American Idol"), singer/actor Shane Harper ("God's Not Dead," 2014), singer Prince Royce and British singer/songwriter Seal all round out the cast of biblical characters.

The events of the Passion have found great success on the screen before: 2004's "The Passion of the Christ" was a massive theatrical hit, despite its R rating and use of subtitles.

Airing on a major network in a prime-time slot, "The Passion" should be a far less bloody retelling of the final hours of Jesus' life. The live, modern take is happening Sunday, March 20, on Fox.

Now witness this: Julianne Nicholson is returning to USA Network. The actress, who starred in last year's "Black Mass," has joined the cast of "Eyewitness," a new thriller that was picked up with a straight-to-series order by USA earlier this year.

Nicholson previously starred in "Law & Order: Criminal Intent," and has also starred in "Boardwalk Empire," "Masters of Sex" and "The Red Road."

In "Eyewitness," which is based on the Norwegian show "Oyevitne," she plays a loving wife, foster mom and big-city homicide detective who's just taken a new job as a small-town sheriff.

Just as she's settling into her quiet new life and starting to bond with her new foster son, though, things are turned upside down.

The troubled teenager finds himself falling in love with another boy from school, and while the two of them are in the forest, they witness a gruesome quadruple murder.

Fearful of their secret romance being outed, they swear each other to secrecy, even though his foster mother is desperate to find any clues that will help her solve the crime.

Up-and-coming actor Tyler Young ("Empire") stars as the foster son, while casting is still ongoing for the remainder of the show's lineup.

With the casting still in its early days, USA Network's "Eyewitness" is still a while away from a premiere date.

Melissa George stars in "Heartbeat"

Q&A Hollywood

By Adam Thomlison

Q: I would like to know if "Hotel Hell" and "Melissa & Joey" will return. Also, what about "The Night Shift"?

A: First of all, let me congratulate you on your diverse taste in TV shows. Now let me give you a majority of good news: "Hotel Hell" and "The Night Shift" are both returning soon. Sadly, though, we've seen the last of "Melissa & Joey."

After a very long hiatus, "Hotel Hell" is due to return in May. Host/chef/head profanity distributor Gordon Ramsay said so himself on his Twitter account, where he also confirmed that filming has already wrapped (so if you were hoping to nominate your own least favorite hotel, you're too late for season 3).

"The Night Shift," a medical drama about former military medical personnel running a hospital in Texas, was renewed for a third season last spring. There's been no word yet on a return date.

You're right to wonder about all three — they would normally have returned by now. "Hotel Hell" hasn't aired a new episode since 2014 — which is fair, since Ramsay has been busy filling up the rest of Fox's schedule with his various other hospitality-related reality shows. "The Night Shift" has yet to find a home on NBC's schedule — its most recent season premiered last February, in which case it's already overdue, however its first season aired over the summer. That now seems like the most likely scenario for season 3.

As for "Melissa & Joey," it also would have been back by now — its fourth season premiered in October 2014 — had it been renewed by its network, Freeform (formerly ABC Family). But it wasn't.

Q: I recently ordered the 1970s Saturday morning show "Shazam" and I am enjoying it all over again as an adult. It made me wonder if its sister show, "Isis," would ever be available again on DVD — the entire series, not just a couple of episodes.

A: You're right to say "again" — "The Secrets of Isis" (the show's full title) was available on DVD a few years ago, but has since gone out of print.

If you're an Internet viewer, you can watch the whole series online on Amazon.com, but there seem to be no plans to re-release it physically.

That's a little surprising, since as you say "Shazam" was re-released just a couple of years ago. The two aired together for the extent of "Isis's" two-year run from 1975 to 1976, comprising what CBS called "The Shazam!/Isis Hour." It's also surprising since Hollywood's in the midst of a bit of a superhero trend right now, as you may have noticed.

However, there are a couple of explanations. For one, there were only 22 episodes made in total, which makes for a slim DVD set. Also, Isis was a character created for TV — she didn't originate in comics.

Q: Where did Oprah get her start? Seems like she got her talk show before earning her dues.

A: Well, it depends how you define "earning her dues." She described her first big job in TV, as a news anchor in Baltimore, as humiliating.

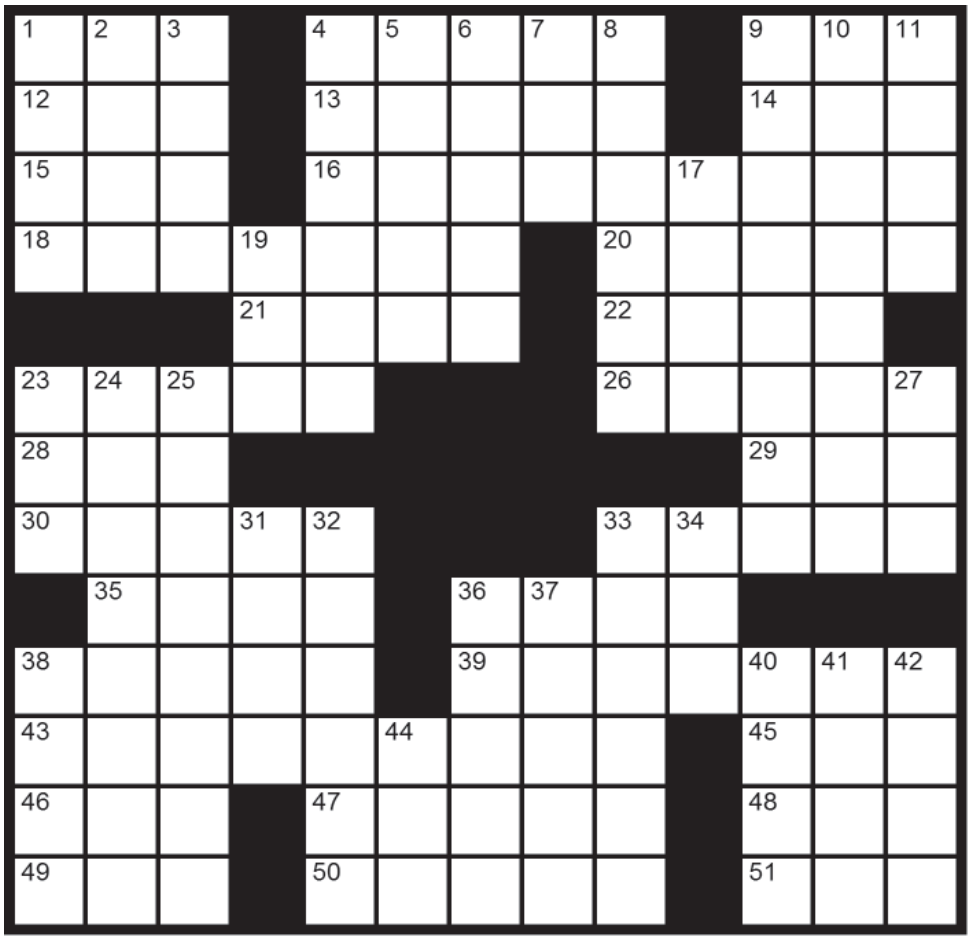

In a 2011 interview with The Baltimore Sun, she describes being "humiliated" in the job, as a young woman paired with an experienced male anchor who openly tried to drive her out of the business. Others say the animosity was driven by the fact that Oprah was too informal for evening news.

After that, she moved to a daytime chat show in Baltimore called "People Are Talking," which was a little better, but on which she said she was occasionally exploited by producers, and which received bad reviews (despite strong ratings).

She then moved to Chicago, where she hosted another local talk show, "A.M. Chicago." She stayed there for two years, from 1984 to 1986, before launching the nationally syndicated "The Oprah Winfrey Show." The rest is the history of daytime talk, which she had a big hand in shaping.

The only bump in the road is the difficulty that he and his wife (Cardellini) are having conceiving. His happy life is threatened, though, when his wife's ex-husband (Wahlberg) shows up unexpectedly in an attempt to win back his wife and kids. Brad quickly finds himself struggling to keep up with this motorcycle-riding, tree house-building bad boy. *Director: Sean Anders. Stars: Will Ferrell, Mark Wahlberg, Linda Cardellini. 2015. 96 min. What he finds is a woman as vulnerable as everyone else, but who remains uplifting. *Director: William Riead. Stars: Juliet Stevenson, Max von Sydow, Rutger Hauer. 2014. 114 min. Drama.*
