WELCOME TO OCEANA COUNTY

Explore Oceana is the name for the Oceana County Fact Book. Our intention with the fact book was to create a single publication that would answer all of your questions about Oceana County. We quickly gave up on that idea, but we have tried to give you all the names of the people who might be able to answer the questions that come up, if you live in, own property in or are just visiting the area.

Within these pages, you will find detailed information about all county departments and services as well as information on the townships and communities that make-up Oceana County.

The Oceana County Fact Book is updated yearly to keep things up-to-date and relevant. If you want extra copies and can't find them, stop by the Oceana's Herald-Journal in Hart and we'll have some on hand. And, if you want some for your business, call 873-5602 and we'll bring them out to you. Either way, we want this book to be useful and serve a good purpose. Any ideas are welcome.

Oceana County is one of Michigan's 83 counties and is located in West Michigan, with the county's western border formed by Lake Michigan.

According to the Clarke Historical Library at Central Michigan University, Oceana County's name was originally thought to

be derived from its location next to Lake Michigan, yet new research attributes the name to political essayist James Harrington's 1656 book "Oceana".

Before the county was founded by European Americans in 1840, it was part of Ojibwe territory. It was formally organized in 1851, and then reorganized in 1855.

Oceana County is bordered by Mason County to the north, Lake County to the northeast, Newaygo County to the east and Muskegon County to the south.

The estimated 2022 population of the county was 26,973. Geographically Oceana County is 536 sq. miles in size; featuring 43 parks and recreation areas and 20 miles of bike paths. The county includes 16 townships, six villages, one city and one stop light. Census.gov indicates that in 2022 there were 9,789 households and there were 15,654 housing units.

Though the county was first built on the lumber trade, it is now predominately agricultural, with county farmers producing apples, cherries, peaches, corn, soybeans, and much more. Oceana County is known as the "Asparagus Capitol of the World" for its high production of asparagus. The City of Hart, the county seat, hosts the National Asparagus Festival each year during the second full weekend of June.

OCEANA ATTRACTIONS

With its roots dating back to 1872, the Oceana County Fairgrounds are owned and operated by the Oceana County Agricultural Society.

For 150 years the four-day county fair has taken place in late August at the northwest corner of State Street and Polk Road in Hart. The Fair this year is set for Aug. 18-24.

The fair features 4-H livestock exhibits and auctions, agricultural and other exhibits, harness racing, a demolition derby, a midway complete with amusement rides, and plenty of food.

Make plans to spend a day or two, or attend the whole week, to experience all the Oceana County Fair has to offer. Get up close and personal in the livestock barns with a variety of animals raised by area 4-H participants. View the creative, skillful and sometimes mouth-watering exhibits in the exhibition halls. Satisfy your hunger for good food and thrilling fun at the midway in the heart of the fairgrounds. And don't miss the exciting main events that occur every day at the grandstand.

The Oceana County Fair has something for everyone, so bring the whole family.

National Asparagus Festival

In celebration of one of Oceana County's most famous crops – asparagus – the annual National Asparagus Festival takes place the weekend of June 14-15.

This year, the festival marks its 51st year of celebrating the crop and its impact on the county.

Previously alternated between Hart and Shelby each year, most festival activities now are in Hart.

The festival features a queen, dinners, a food show featuring asparagus, arts and crafts fair, kids activities, farm tours, a parade, an entertainment tent and a fly-in breakfast at the Oceana County Airport.

For more information about the NAF visit www.nationalasparagus-festival.org.

William Field Memorial Hart-Montague Bicycle Trail State Park

One of Oceana and northern Muskegon counties' gems known as the William Field Memorial Hart to Montague Bicycle Trail State Park's had its 22.5 mile trail surface re-paved and widened a few years ago.

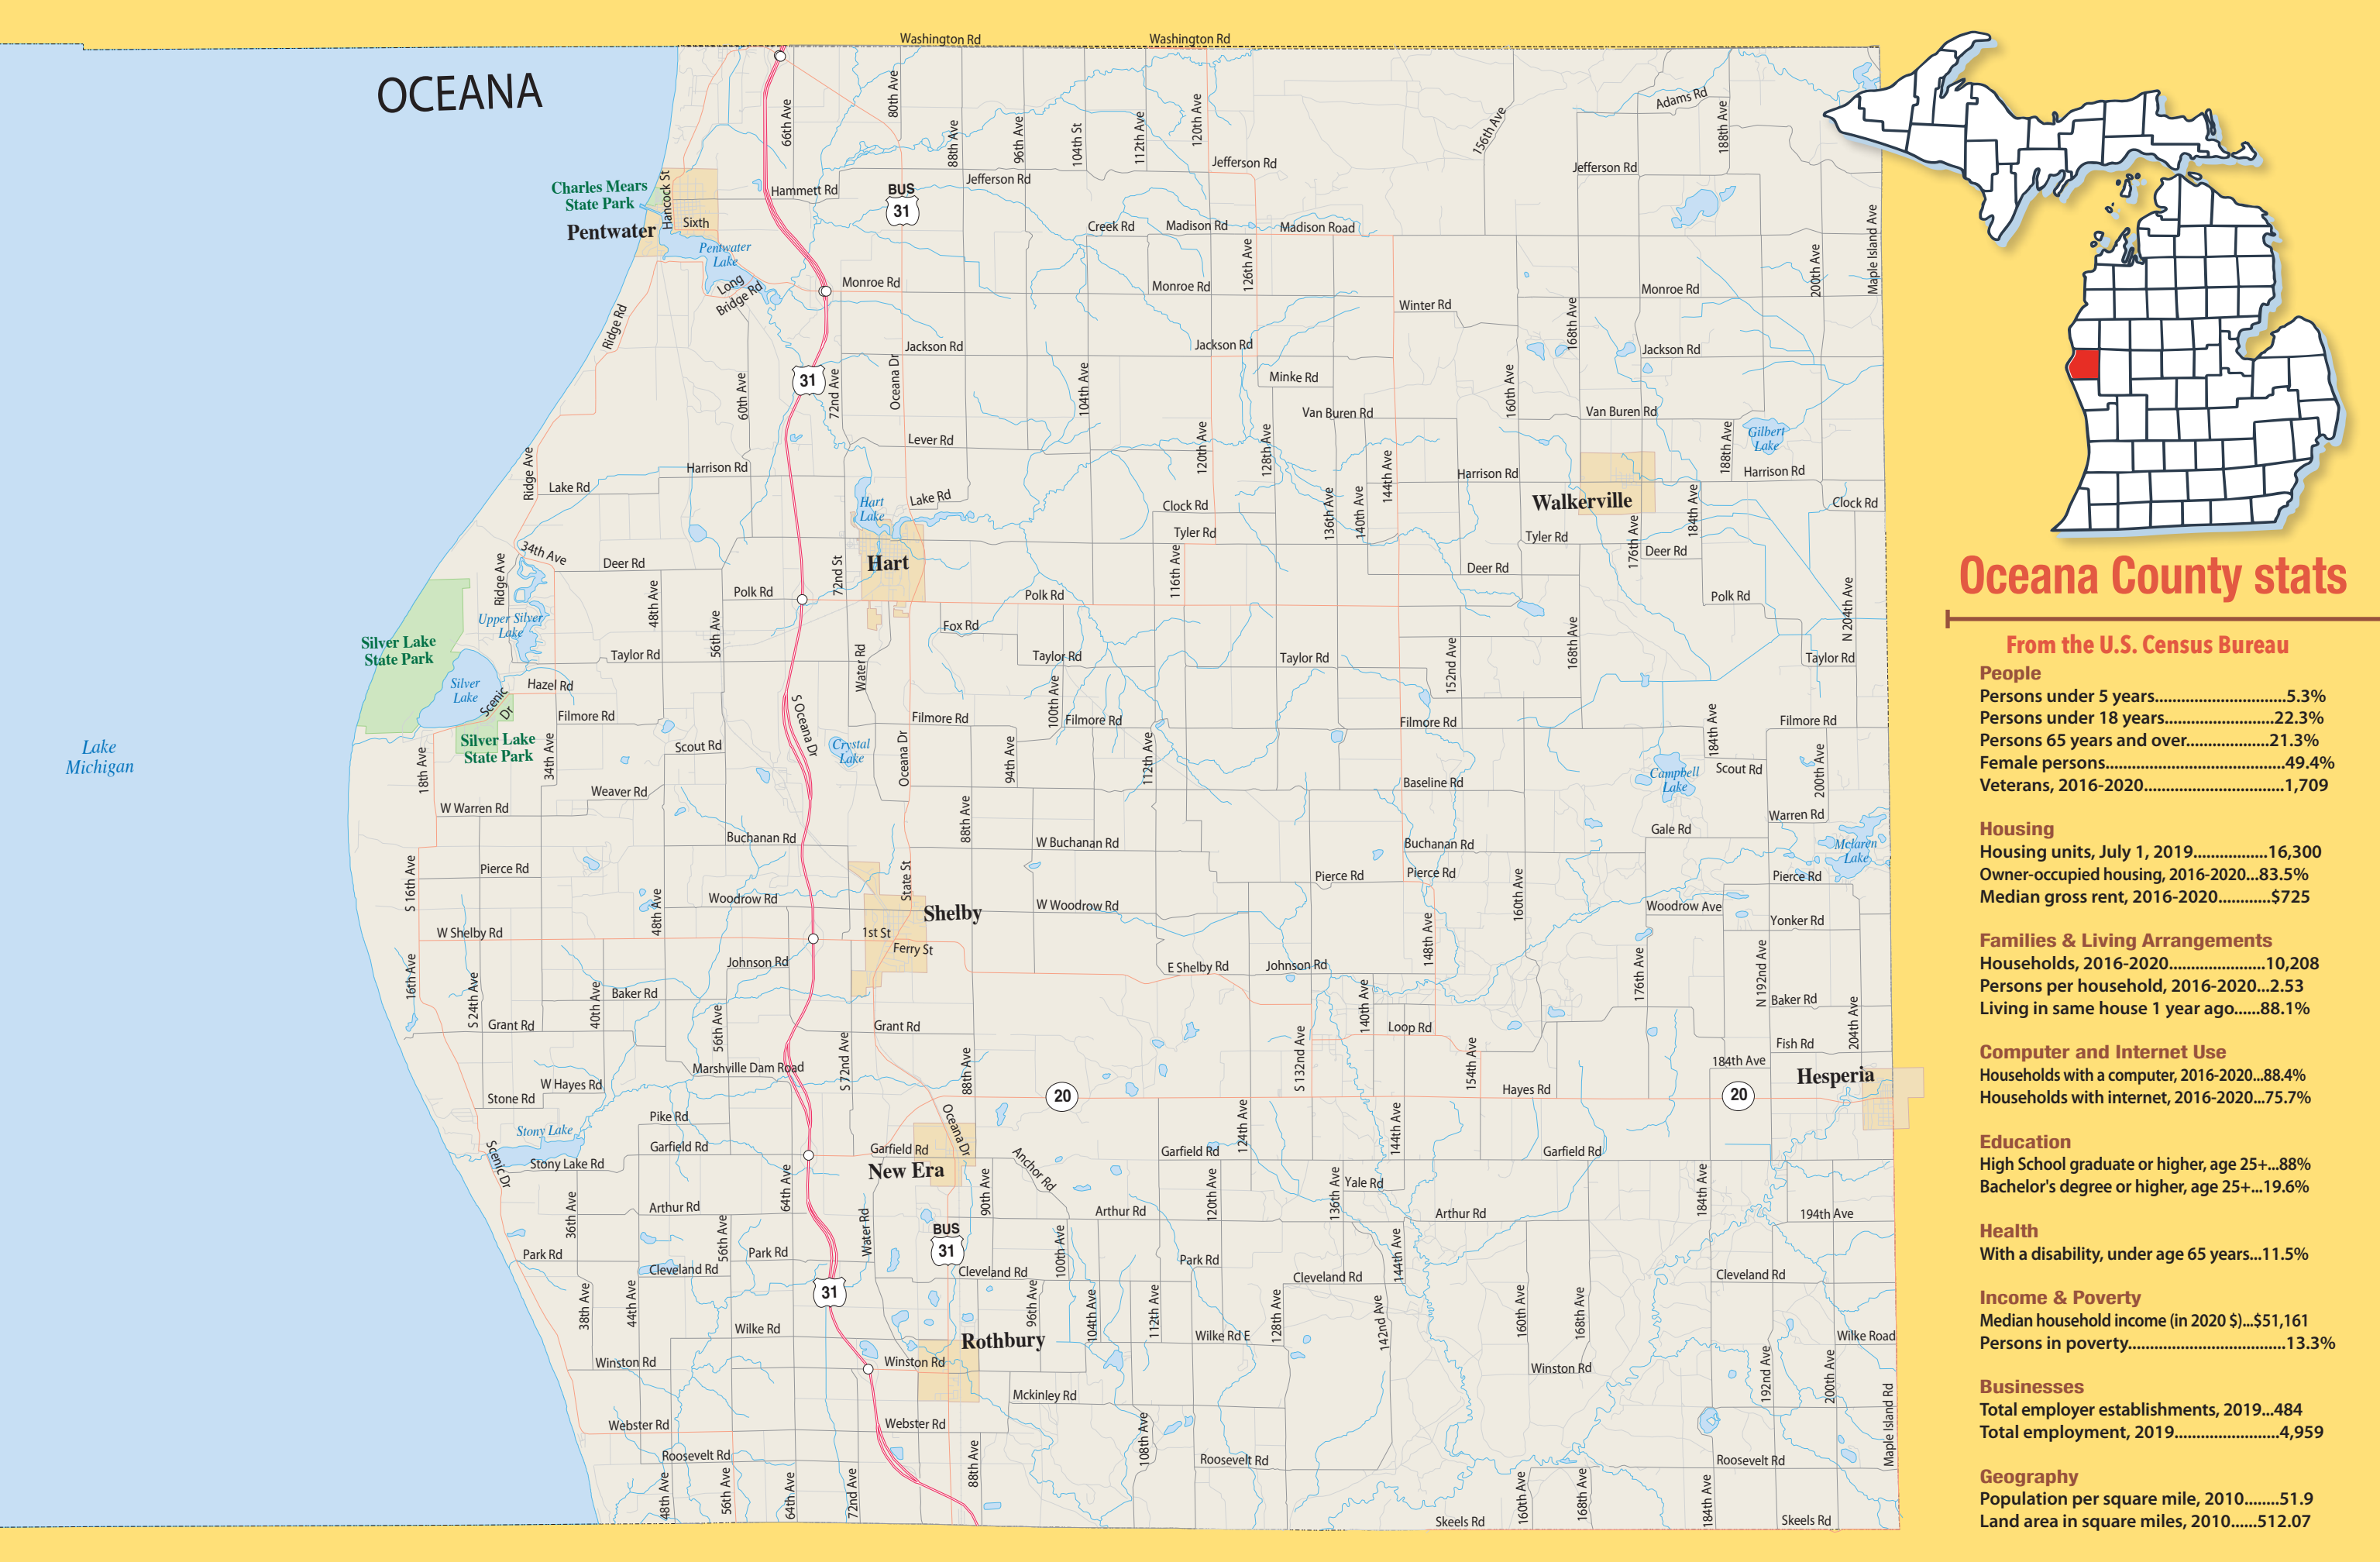

The rail trail connects Muskegon and Oceana counties, passing through some of the most scenic countryside in West Michigan. The origins of the trail go back to 1872, when county residents pooled their resources and donated \$30,000 and the land for the right-of-way to make the area part of a railroad that ran from Grand Rapids to Pentwater. It took another 10 years for the Hart community to raise an additional \$12,000 to get the railroad line to go into Hart. The ensuing bicycle trail was one of the first "Rails to Trails" projects in the State of Michigan. In 1996, it became one of the first two trails to be designated a Michigan Trailway. It also has the proud distinction of being Michigan's first linear state park.

Electric Forest music festival

Originally called the ROTHBURY music festival in 2008 and 2009, The Electric Forest Festival took off in 2011 after a one-year hiatus to become a premier camp-in music festival at the Double JJ Resort in Rothbury.

The festival features Electronic Dance Music (EDM) and other genres on multiple stages throughout the grounds, along with many interpretive activities, drawing more than 40,000 people from across the country.

The 2025 event is scheduled for June 19-22 with dozens of acts, artists and vendors.

OCEANA ATTRACTIONS

Little Sable Point Lighthouse

Oceana County is home to one of the state's most historic lighthouses, full of lore, deeply identified with the community and as iconic as castles are to Europe. It also celebrates 150 years this year.

The red brick Little Sable Point Lighthouse near Mears stands 107-foot-tall. It was constructed in 1874 and includes 139 stairs.

Little Point Sable (as it known colloquially) occupies the western-most points of land in Michigan's Lower Peninsula and is set in forested dunes with sandy beaches that attract thousands of visitors each year.

The Sable Points Lighthouse Keepers Association (SPLKA) opens the lighthouse for tours and climbing May through September. Each summer SPLKA hosts a weekly concert series, Wednesday Night at the Light, at the base of the lighthouse.

Silver Lake Apple and BBQ festival

Started in 2004 as the Silver Lake Apple Fest, the annual second weekend of September event has grown considerably through the years to become known now as the Silver Lake Apple and BBQ Festival, returning on Sept. 5-6 in 2025.

The festival includes a vendors selling various types of BBQ, an apple pie contest, arts/crafts show and farm fresh apples of Oceana County. There also is a classic auto and truck show and dune buggy show. Most of the activities are at the Golden Township Park at the Silver Lake Sand Dunes.

Silver Lake Sand Dunes

With nearly 3,000 acres, there's plenty to keep you busy at the Silver Lake Sand Dunes in Oceana County.

The off-road park, which is open from April through October, not only features the magnificent sand dunes, it also takes in the Little Point Sable Lighthouse along Lake Michigan, which is open for tours during the summer months.

The dune area is divided into three sections. Approximately 500 acres on the far northern end is open to personal off-road vehicles where everything from motorcycles, all-terrain vehicles, 4x4 trucks, Jeeps and speciality-built dune buggies play all day. The high rolling hills also offer spectacular views of Lake Michigan. Rental vehicles are available for those wanting to tackle the dunes themselves.

If driving a motor vehicle on the dunes doesn't suit your taste, you can still experience the dunes in a more pedestrian way. The middle section is reserved for hiking and exploring, and people can fill an afternoon walking through the shifting sands from the Silver Lake shoreline to Lake Michigan.

The far southern end is reserved for Mac Wood's Dune Rides, which has provided a means for people to see the dunes since 1930. The approximately 40-minute ride rolls through the hills in speciality-built dune trucks, and knowledgeable drivers not only provide a history of the area, but also understand the physical components of the ever-changing sand dunes.

Heroes on the Dunes

This event, which takes place July 19 this year, was started to honor and show appreciation to injured soldiers and their immediate families with a day at the Silver Lake Sand Dunes. Honored guests will have the

opportunity to ride on the dunes, enjoy lunch there and partake of a "Heroes Dinner" later in the evening. There will also be a Heroes Parade down the Lake Michigan beach (in the ORV riding area) and kids activities.

EXPLORE PARKS & NATURE PRESERVES

Oceana County has several county parks and a nature preserve to provide opportunities for recreation, enjoyment and spending in time in the great outdoors for residents and visitors.

Black Lake County Park

Located on 100 acres in Colfax Township. There are 15 campsites and the park provides great swimming and fishing, as well as a playground for the children. Every campsite has a picnic table and a fire ring.

Marshville Dam County Park

An undeveloped park area in Benona Township. It is used mainly for fishing and hiking.

Mill Pond County Park

Located on Loop Road in Ferry Township. This is an eight-acre facility with access to the White River. The park has a picnic area with tables and grills. Porta-johns are provided.

Stony Lake County Park

Located in Claybanks Township, and provides access and a boat launch to Stony Lake. A picnic area with portable toilet facilities is available.

Otto Nature Preserve

This local gem is located in Benona Township. Trail map signs were recently installed by the Oceana Conservation District. The signs are at three locations along the trails to guide hikers through the 80-acre old-growth forest. Trails are marked with orange arrows along the 0.7 mile Oak Trail, and blue arrows along the 0.9 mile Beech-Maple Trail. Most impressive are the two large interpretive signs which provide information about Northern Mesic Forests and the wildlife that call the forest their home. Four new benches were installed along the trails this spring. Signs and benches have been funded by the Community Foundation for Oceana County and local donors.

The trails at Otto Nature Preserve are open to the public year round from dawn to dusk. Visitors are kindly asked to enjoy the woods on foot only, treat it as their own, and please refrain from littering and vandalism.

Cedar Point County Park

Located on Ridge Road, on the border of Golden and Pentwater townships. The park is approximately 205 acres and provides steps to access 133 feet of sandy Lake Michigan beach. Paved parking and porta-johns are provided. This is a great park for picnicking and swimming.

Crystal Valley County Park

Located on Madison Road in Crystal Township. The park provides a baseball/soccer field, tennis/basketball court, picnic area with covered pavilion and fishing deck on Crystal Pond. Well and porta-johns are available.

Doolittle County Park

Consisting of 40 acres located near Gales Pond in Elbridge Township. It is used mainly for hiking and nature trails.

Gales Pond County Park

Located on Filmore Road in Elbridge Township and is just under 19 acres in size. The park has a 2,500-foot handicap-accessible boardwalk that extends across the pond and links up with nature trails along the back portion of the park.

DEPARTMENTS & SERVICES

Animal Control

2185 W. Baseline, Shelby, MI 49455
Phone: (231) 861-5395 **Fax:** (231) 861-0185
E-mail: oceanashelter@yahoo.com

Hours: Monday - Friday 8:30 a.m. to noon and Sat. 8 a.m. to 1:30 p.m.

Appointments can be made for afternoons on weekdays

The Oceana County Animal Control Department is under the supervision of the county administrator's office. Responsibilities include dealing with cases of animal cruelty, animal abandonment and animals running at large.

Lost Pets: Call animal control if you have lost your pet or have found a stray pet in the area. Animal control keeps a list of lost-and-found pets in hopes of reuniting pets with their owners.

Adopting a Friend: Law requires that all dogs and cats adopted from a shelter be spayed or neutered. Please remember also that all dogs must be licensed and be vaccinated for rabies.

Dogs and Puppies: The adoption fee for dogs and puppies that are not neutered or spayed is \$95, which includes a \$50 certificate to go towards the spay/neutering and a \$10 towards a rabies vaccine.

Cats and Kittens: The adoption fee for cats and kittens that are not spayed or neutered is \$35, which includes a \$25 certificates towards the spay/neuter and a \$10 certificate towards a rabies vaccine.

Dog License Information: Dog licenses will become available on the first business day in January of each year. Michigan Law requires dogs that are four (4) months or older must be licensed. One year license rates include: \$15 (\$8 spayed or neutered). Three year license rates include: \$40 (\$20 spayed or neutered). Dog licenses will be renewable upon expiration of the rabies vaccination. Dog owners will be required to obtain either a one-year or three-year license based on the dog's rabies vaccination date. A late fee will be imposed if the dog owner does not obtain a dog license by the last day of the month in which the dog's current rabies vaccination expires pursuant to MCL 287.266(3) (f). All spayed or neutered dogs must have proof of sterilization signed by an accredited veterinarian.

Kennel Licenses: The fee schedule for the purchase of kennel licenses is \$10 a year for 10 dogs or less and \$25 a year for more than 10 dogs effective the first business day in January of each year. A fee of double the original license fee will be charged for each previously licensed kennel if the kennel license is applied for after June 1 of each year.

The Oceana County Drain Commissioner's Office provides for the public health, safety, and welfare of citizens through careful management of the waters and drainage infrastructure of the county. All actions taken through the drain office are governed by principles of environmental stewardship, cost effectiveness, and long-term economic sustainability through proper planning and leadership. Department responsibilities include flood control measures, the development review process, soil erosion control and water quality programs. Another important function of the drain office is the review of all new platted subdivisions, site condos, private roads and all new commercial and industrial sites, checking for adequate drainage for the prevention of future water and drainage problems. The office also administers the Soil Erosion and Sedimentation Control Program, Part 91, as established by the Natural Resources and Environmental Protection Act, 1994 PA451, as amended. This act is designed to keep the soils and sedimentation of the State of Michigan from being deposited into Michigan's lakes and streams.

Mary Lou Phillips - Treasurer

Monica Otis - Chief Deputy Treasurer

Mindy Whitney and Samantha Tienda - Accounting Clerks II

The office of county treasurer was established by the Michigan state constitution (article VII, section 4). The four-year term of office is filled by partisan election. The duties and powers of the county treasurer are provided by state law and by authorization of the county board of commissioners. The two main roles of the treasurer are as the custodian of all county funds and the collector of taxes. Additionally, the treasurer fulfills many other duties. The county receives money from several sources. The principal source of revenue is an ad valorem property tax. Other income is received from state and federal grants, interest income and various service and license fees. Many of the county's departments collect money in the course of their business. This money is periodically transmitted to the treasurer. Besides revenue items, the treasurer is responsible for large amounts of money in various trust and agency funds.

The circuit court is referred to as the “trial court of general jurisdiction” in Michigan because of its very broad powers. Circuit Court has jurisdiction over all actions except those given by state law to another court. Generally speaking, Circuit Court has original jurisdiction in all civil cases involving more than \$25,000; in all criminal cases where the offense involves a felony or certain serious misdemeanors; and in all family cases and domestic relations cases such as divorce, paternity actions, juvenile proceedings and adoptions. Circuit judges are elected for six-year terms on non-partisan ballots. A candidate must be a resident of the circuit in which the candidate is running, a qualified elector, licensed to practice law in Michigan and at the time of election less than 70 years of age. The Family Division, a division of Circuit Court, has exclusive jurisdiction over all family matters such as divorce, custody, parenting time, support, paternity, adoptions, name changes, juvenile proceedings, emancipation of minors, parental consent and personal protection proceedings. The Family Division also has ancillary jurisdiction over cases involving guardianship and conservatorships and proceedings involving the mentally ill or developmentally disabled.
