

# More than Health Care

Through both economic prosperity and challenging times, hospitals remain a bedrock source of jobs and economic growth in America's communities.

- Orange City Area Health System generates nearly 700 jobs that add \$26.8 million to the region's economy. Our employees spend \$6.4 million on retail sales and contribute nearly \$400,000 in state sales tax revenue.

*Throughout 2013, we will continue to fulfill our promises to the people of Northwest Iowa: top quality healthcare services ... a total healing environment ... stewardship of environmental resources ... and being an important part of all the communities we serve through good jobs and a values-driven culture.*

Orange City Area  
Health System
