At Sebastopol Gallery you'll find a unique selection of high quality fine art in a variety of mediums by several artists who have had their works and murals featured at museums and businesses throughout the United States. Owner Teri Sloat is an artist and also an author of children's books. Walking through the gallery is a delightful experience that showcases the best its member artists have been inspired to create.

Lindy Anderton and her mother Dean Winegarner are the happy owners of Page Books on the Green in Windsor. Since 2004, they've been your local, family owned, independent bookstore. You'll find a great selection of books covering a variety of genres, including an extensive children's selection. Their family has been teachers in the local schools throughout Windsor for decades. Supporting and caring about their community is a top priority at Page Books on the Green.

Flakey Cream donuts and coffee is the perfect one-stop shop in downtown Healdsburg. Established in 1960, Flakey is one of Healdsburg's oldest cafe shops making it rich with hospitality, originality and flavor. Manager Nikki Khlok, and her cousin, Rena Khin, have been providing care to their customers for over five years. Flakey Cream has struggled during the pandemic but has been able to manage due to the local support of loyal customers stated Khlok.

Cloverdale Nursery is adorned with the fresh smell of flowerbeds and full of pure sunlight. The nursery provides a fresh selection of indoor and outdoor plants as well as the perfect decorations to spruce up your garden. You can find a fair selection of water-wise gifts and plants native to California, Australia and South Africa that can adapt to our modern environmental landscape. Owners Gary Forsman, Ashley Porter and Scott East can provide their professional knowledge and aid in a variety of horticulture topics.
