Taylor Moritz is a SRJC student, enrolled in their community engagement class that lets students earn credits for their volunteer work. She was very eager to donate her time for the Cloverdale Senior Multipurpose Center at their puzzle exchange, which takes place in the center every other month. Volunteering is a great way to make a difference in the lives of others and Taylor had a lot of fun meeting and engaging the many seniors who attended the exchange.

Six-year-old Alayah Martinez of Healdsburg smiles as she puts a penny from her dad's pocket into a fairy house in front of the Healdsburg Senior Center. Fairy doors like this one can be found throughout town.

Lots of fun was had by all who attended the Windsor Chamber Chili Cook Off on Sept. 11. Local resident, Kellan Conneely, age 6, got in the spirit of the event and came dressed up as a red hot chili pepper. The smile on his face tells us he had a great day.

Biff Varner knows how to have a good time when you have a boat and there's a severe drought. He's pictured here driving an ATV, while hauling a fishing boat with the happy children experiencing dry boating in Sebastopol. Local residents, Paisley and Rosemary Matulich, Megan Nolen and Greyson and Adelynn Matulich had a ball.
