

Care for All Stages of Life

SRMC Physicians Clinic

SARA SHOLAR, DO

"I am passionate about preventive health, obstetrics, women's health, and whole-person care. I am committed to caring for you like my own family, using evidence-based medicine and shared decision-making while giving you the education you need to prevent and manage medical conditions."

STEVE ROLLS, PA-C

"I have a genuine interest in helping others and enjoy being a part of health care. It is a privilege to be able to provide care to my patients and see improvement in their health."
