

Final Concept

Based on input from the third committee meeting, this concept was determined to be an approach for the west side area.

- Focuses neighborhood commercial along Oak Grove, and at key intersections along El Dorado
- Incorporates greenspace to provide stormwater detention as amenities in development
- Buffers existing residential with new residential; densities from 3-6 dwelling units per acre (du/ac)
- Manages mobility and connectivity through interconnected local streets
- Focuses neighborhood commercial west of intersection at Oak Grove and El Dorado
