REQUEST FOR ZONING
RECLASSIFICATION

FILE NO.: Z0518-0036
P&Z HEARING DATE: August 27, 2018
COUNCIL DATE: September 4, 2018

GENERAL INFORMATION

APPLICANT: Travis Boghetich on behalf of Scyene Rodeo, LTD
LOCATION: Southwest corner of IH-635 and W. Scyene Road

SITE BACKGROUND

EXISTING LAND USE AND SIZE: The approximately 56 +/- acres is undeveloped.

SURROUNDING LAND USE AND ZONING (see attached maps):
- North: Retail and Restaurant zoned General Retail and Commercial
- East: IH-635
- South: Mesquite Arena zoned PD – Light Commercial
- West: Single family homes zoned R-3, Single Family.

ZONING HISTORY:
- 1951: Annexed and zoned Residential
- 1958: Rezoned to Commercial, Special Use Permit
- 1968: Rezoned to Commercial
- 1984: Light Commercial
- 2005: Rezoned to PD – Light Commercial
- 2006: Rezoned to PD - Townhomes

PLATING: Unplatted.

GENERAL: The applicant is requesting a rezoning of the subject property to allow construction of a commercial and residential development as shown on the Concept Plan (Exhibit B). The proposed development will include trails, water features and landscaping located throughout the commercial and residential portion of the development as shown on the Landscape Concept Plan (Exhibit C). In addition, the applicant as part of the Planned Development (PD) is proposing development standards as shown in Exhibit D. If approved, the proposed development will follow the standard requirements in the Mesquite Zoning Ordinance (MZO) and Mesquite City Code except for those requirements specified in the approved Development Standards and Concept Plan. The development will also continue to be governed by the MA/RE Overlay District.

The property owner is also pursuing a Development Agreement with the City in order to establish a Public Improvement District and to capture revenue generated from the Tax Increment Reinvestment Zone (TIRZ) No. 1. The property owner is requesting these financial incentives in order to alleviate the
cost of public improvements associated with the proposed project. If approved, the development agreement will detail the obligations of both the property owner and the City. The agreement will specify additional standards and conditions that will govern development of the property. These standards and conditions will mirror those requirements in the PD and will include additional standards. The developer made a presentation to City Council on August 20, 2018. This presentation can be viewed online.

The commercial development will consist up to 114,000 square feet of commercial space spread out over three tracts as shown on the Concept Plan. The underlying zoning for the commercial tracts will be based on the Light Commercial zoning district with changes in allowed uses. The proposed PD would allow a bowling alley in Tract 1A. The PD would prohibit check cashing services, auto and motorcycle repair and sales, recycling kiosk, sexually oriented businesses, auto and home supply stores, fuel sales, tobacco stores, funeral services, car rental, medical equipment rental, and bail bond services. The commercial portion of the development will be required to follow the Community Appearance Manual and meet landscaping requirements for the MA/RE Overlay District which is a minimum of 15% of the site.

The residential portion of development will consist 338 dwellings of various product types that include the following:

<table>
<thead>
<tr>
<th>Type</th>
<th>Entry</th>
<th>Lot Size</th>
<th>Dwelling Size</th>
<th>Number</th>
</tr>
</thead>
<tbody>
<tr>
<td>Townhome</td>
<td>Rear Entry</td>
<td>22' by 67'</td>
<td>1,200 sf.</td>
<td>200</td>
</tr>
<tr>
<td>Zero Lot Line</td>
<td>Front Entry</td>
<td>24' by 65'</td>
<td>1,250 sf.</td>
<td>57</td>
</tr>
<tr>
<td>40' wide</td>
<td>Front Entry</td>
<td>40' by 100'</td>
<td>1,250 sf.</td>
<td>30</td>
</tr>
<tr>
<td>40' wide</td>
<td>Front Entry</td>
<td>40' by 65'</td>
<td>1,250 sf.</td>
<td>51</td>
</tr>
</tbody>
</table>

The residential dwellings will follow the City’s masonry requirements for single-family homes which is 90% masonry. Additionally, the PD proposes the front elevation shall not be repeated within three lots for zero-lot line homes and shall not be repeated within two lots for the 40-ft wide lots.

**STAFF COMMENTS**

**Mesquite Comprehensive Plan**

The Mesquite Comprehensive Plan designates the subject property as part of the Rodeo Center which is described as “a regional conference and entertainment district intended to provide a concentration of recreational, entertainment and cultural uses. Development on the adjoining tracts of undeveloped land presents the opportunity to create a unique, diverse entertainment area which complements the existing conference center/exhibit hall and arena facilities.” The Plan further described the area as follows:

Rodeo Center is the area immediately surrounding the Mesquite Arena. In the late 1980’s, the Mesquite Arena-Rodeo Entertainment (MA-RE) overlay was created to encourage the regional entertainment role of the area. In the
1990’s, this role was greatly expanded with the construction of the conference center and exhibit hall facilities anchored by the Hampton Inn. The area offers a unique opportunity for entertainment and/or western-theme development which may be the City’s greatest opportunity to establish/retain a unique identity and image among the growing number of suburban cities in the region. Piecemeal development of business uses on smaller tracts which are not in a consistent design and not of a complimentary theme would be highly detrimental to the overall potential of the area. Development of a concept/design plan for the area could help encourage development of the desired type. Setting additional design standards for the MA-RE overlay could require any development in the area to meet basic design objectives.

Analysis
The commercial portion of the proposed PD is in keeping with the intent of the Mesquite Arena-Rodeo Entertainment Overlay district and the Comprehensive Plan. The commercial portion of the development will provide amenities that include trails, water features and abundance of landscaping as shown on the Concept Plan and Concept Landscape Plan. This portion of the development will provide for a unique and diverse entertainment area as envision by the Comprehensive Plan.

While the Comprehensive Plan did not envision a residential development within the Rodeo Center area, it is appropriate as part of an overall development plan such as the one being proposed. The additional residential density is needed in order to support the additional commercial development being proposed and to create a vibrant environment. As proposed, the mixture of commercial uses combined with different residential product types along with the proposed amenities will provide for a unique and vibrant development that will contribute to making the Mesquite Arena area a regional draw.

RECOMMENDATIONS
Staff recommends approval of the request with the following conditions.

1. Except as provided herein, the plat and site plan for the property shall conform substantially to the Concept Plan (Exhibit B), Landscape Concept Plan (Exhibit C), and PD Development Standards (Exhibit D).

2. The façade of all residential homes shall conform substantially to the Elevations presented and are to be included in the PD Ordinance as shown in Exhibit E.

3. District screening shall be provided in accordance with the PD Development Standards and as shown on the Screening Plan (Exhibit F).

4. No off-premise signs shall be permitted. Pole signs shall be prohibited. All signs shall share a common architecture in design and materials as permitted by the Mesquite Sign Ordinance.

5. A Traffic Impact Analysis (TIA) is required. As part of the TIA, recommended measures
to minimize and/or mitigate the anticipated impacts and determine the adequacy of the development's planned access points. Mitigation measures shall be acceptable to the city engineer and may include, without limitation: an access management plan; transportation demand management measures; street improvements on or off the site; placement of pedestrian, bicycle or transit facilities on or off the site; or other capital improvement projects such as traffic calming infrastructure or capacity improvements. The developer is responsible for making the improvements recommended by the TIA and approved by the City that are necessitated by and proportional to the development.

**PUBLIC NOTICE**

Notices were mailed to property owners within 200 feet of the property. As of the date of this writing, staff received nine returned notices from property owners within 200 feet of the subject properties. Five responses are in favor while four are in opposition to the request.

*Minimum Lot Width is measured along the front building line for all lots.

Zero Lot Line Residential - The plat shall dedicate, a one foot (2') wide Ingress, Egress, Overhang and Drainage Easement within the three foot (3') side setback for the purpose of maintenance, repair, and/or replacement of wall, overhang, roof, and/or eaves, and drainage onto the adjacent property. A minimum of three feet (3') separation between all principal structures must be provided for Zero Lot Line Residential.

No front elevation of a Zero Lot Line Residential shall be repeated any more often than once every 3 lots in a row. No front elevation of Villas and Bungalows Residential shall be repeated any more often than once every 2 lots in a row.

All residential dwellings shall conform to City of Mesquite’s Fire Code. Depending on code and building separation, certain dwellings may need to be sprinklered and/or a higher fire wall may be required.

Parking and Storage of Recreational Vehicles and Equipment. No recreational vehicle, motorhome, watercraft or other equipment greater than six feet (6') in height when mounted on its transporting trailer shall be parked or stored on any lot with a dwelling unit. Regardless of height, no such equipment shall be parked or stored on any street for longer than 24 hours.

Homeowner’s Association. Before the issuance of a Development of Occupancy for a project containing any common areas or community facilities, it shall be necessary to assure the City that provisions have been made for adequate upkeep and maintenance association established to maintain and manage all such common areas, residential front lawns, and community facilities. HOA shall maintain residential areas once per week.

Documents creating such association shall grant the City the right to collect maintenance fees and provide maintenance in the event that the Association fails to do so.

Primary Building Façade Materials

- Front, Side and Rear elevations shall each be 90% brick or stone masonry excluding doors, windows, garage doors, and dormers; other façade materials may be Hardie-board/plank or equivalent.

Screening and Fencing

- In order to create a walkable urban environment, screening shall only be required along arterials and directly adjacent to commercial areas. Where required, screening shall be (i) precast panel wall masonry construction or (ii) masonry construction, minimum eight feet (8') in height. Any further screening may be provided at the discretion of the developer and approved by the City of Mesquite. Wooden fencing shall never be adjacent to Right-of-Way. Wrought Iron Fencing shall be permissible as screening in certain areas given City of Mesquite Approval. Wrought Iron fencing is acceptable behind Tract 1C Lots along Rodeo Drive.

Parking

- 1.) All Residential Units, attached or detached, shall provide two (2) garage spaces per unit. 2.) Front Entry Residential shall provide two (2) off-street parking spaces through use of a minimum eighteen foot (18') by eighteen foot (18') wide driveway and parallel or head in parking. 3.) Rear Entry Residential units, attached or detached, shall provide one and half (1.5) parking spaces for every two (2) units. Parking shall be either designated parallel, head-in, or driveway space.

Tract 1C - Southern Egress

- Second egress point at the southern border of Tract 1C shall be a gated exit per City of Mesquite’s Approval.

Phasing

- Development may be constructed in phases.

B. Residential Landscape, Open Space, and Screening as shown on Landscape Concept Plan.

1. General Landscape Requirements

   a. Landscape areas equal to a minimum of 10 percent of the site area shall be provided.

   b. Calculation of the minimum landscape area may include internal landscaping in parking areas and a required buffer tree line. Adjacent rights-of-way shall
be landscaped, but these areas shall not be included in the calculation of required area.
c. Portions of the site area planned for development as part of a later phase may be excluded from the calculation of minimum landscape area for the portion of the site area being developed as part of the current phase.
d. Adjacent rights-of-ways shall be landscaped with lawn or groundcover, but these areas shall not be included in the calculation of required minimum landscape area.

2. Tree Requirement
   a. One shade tree, or one evergreen tree, or 3 ornamental trees shall be provided for each 500 square feet of required landscape area. Trees provided for internal parking area landscaping and trees in a required buffer tree line may be counted to fulfill this requirement, provided that at least 50% of the required trees are located between the main building and the front and/or exterior side property lines.

3. Individual Lot Landscape Standards
   a. For each single family residential lot - a minimum of one shade tree, or one evergreen tree, or 3 small ornamental trees in the front yard of each dwelling unit; and one gallon shrubs, planted no more than 3 feet on center, along the front of the structure. Plant material to be selected at a later date, by lot builder, and shall satisfy the City of Mesquite required plant schedule outlined by table 1A-500.

4. Tract 1B-1, 1B-2, 1C, 2A, and 3
   a. Required: 10% of total Site Area
   b. 50% of the above landscape requirement to be located between main building and front or side property lines.
   c. 1 tree / 500 sf within a required landscape area

5. Tract 1C (Rodeo Drive) – 6’ concrete sidewalk. Outside of ROW landscaping area will include flowering ornamental trees and landscape berms with shrubs/groundcover where a decomposed granite pathway shall lie. The landscaping will also consist of native grasses for groundcover, Bermuda sod, and a steel cattle themed landscape monument.

6. Tract 2A (Rodeo Drive) – 6’ concrete sidewalk along tract 2A. Outside of ROW landscaping area will include steel cattle themed landscape monuments, a decomposed granite pathway, and a raised water feature. Large canopy trees, planter bed seating area surrounded by ornamental trees, Bermuda sod, and screening shrubs/groundcover.
7. **Tract 3 (Peachtree Road)** –5’ concrete sidewalk. Flowering ornamental tree that will bring color to the area and large canopy trees with seating area. The landscaping will also consist of native grasses used for groundcover, Bermuda sod, and a small screening fence with planter beds.
