

1 **AN ACT ENHANCING THE HEALTH CARE MARKET REVIEW PROCESS**

2 SECTION 1. Section 16 of chapter 6A of the General Laws, as appearing in the 2022
3 Official Edition, is hereby amended by striking out, in lines 24 to 26, inclusive, the words “, the
4 division of medical assistance and the Betsy Lehman center for patient safety and medical error
5 reduction” and inserting in place thereof the following words:- and the division of medical
6 assistance.

7 SECTION 2. Section 16D of said chapter 6A, as so appearing, is hereby amended by
8 striking out, in lines 22 to 24, inclusive, the words “department of public health established by
9 section 217 of chapter 111” and inserting in place thereof the following words:- health policy
10 commission established by section 16 of chapter 6D.

11 SECTION 3. Section 16N of said chapter 6A is hereby repealed.

12 SECTION 4. Section 16T of said chapter 6A is hereby repealed.

13 SECTION 5. Section 1 of chapter 6D of the General Laws, as so appearing, is hereby
14 amended by inserting after the definition of “Alternative payment methodologies or methods”
15 the following definition:-

16 “Benchmark cycle”, a period of 2 consecutive calendar years during which the projected
17 annualized growth rate in total health care expenditures in the commonwealth is calculated
18 pursuant to section 9 and monitored pursuant to section 10.

19 SECTION 6. Said section 1 of said chapter 6D, as so appearing, is hereby further
20 amended by inserting after the definition of “Fee-for-service” the following definition:-

21 “Financial interest”, when a private equity firm or its corporate affiliate has a direct or
22 indirect ownership share of, or controlling interest in, or is a holder of significant debt from a
23 provider or provider organization or the provider or provider organization’s corporate affiliates.

24 SECTION 7. Said section 1 of said chapter 6D, as so appearing, is hereby further
25 amended by striking out the definition of “Health care cost growth benchmark” and inserting in
26 place thereof the following definition:-

27 “Health care cost growth benchmark”, the projected annualized growth rate in total health
28 care expenditures in the commonwealth during a benchmark cycle, as established in section 9.

29 SECTION 8. Said section 1 of said chapter 6D, as so appearing, is hereby further
30 amended by inserting after the definition of “Health care provider” the following definition:-

31 “Health care resource”, any resource, whether personal or institutional in nature and
32 whether owned or operated by any person, the commonwealth or political subdivision thereof,
33 the principal purpose of which is to provide, or facilitate the provision of, services for the
34 prevention, detection, diagnosis or treatment of those physical and mental conditions
35 experienced by humans which usually are the result of, or result in, disease, injury, deformity or
36 pain; provided, that the term “treatment” shall include custodial and rehabilitative care incident
37 to infirmity, developmental disability or old age.

38 SECTION 9. Said section 1 of said chapter 6D, as so appearing, is hereby further
39 amended by inserting after the definition of “Health care services” the following 2 definitions:-

40 “Health disparities”, preventable differences in the burden of disease, injury, violence or
41 opportunities to achieve optimal health that are experienced by socially disadvantaged
42 populations.

43 “Health equity”, the state in which a health system offers the infrastructure, facilities,
44 services, geographic coverage, affordability and all other relevant features, conditions and
45 capabilities to provide every resident of the commonwealth with the opportunity and reasonable
46 expectation to achieve optimal health and equal access to health care regardless of race,

47 ethnicity, language, disability, age, gender, gender identity, sexual orientation, social class,
48 intersections among such communities or identities or socially determined circumstances.

49 SECTION 10. Said section 1 of said chapter 6D, as so appearing, is hereby further
50 amended by inserting after the definition of “Hospital service corporation” the following 2
51 definitions:-

52 “Management services organization”, a corporation that provides management or
53 administrative services to a provider or provider organization for compensation.

54 “Maximum adjusted debt to adjusted EBITDA ratio”, the highest ratio of total adjusted
55 debt to adjusted earnings before interest, taxes, depreciation and amortization the commission
56 determines that a provider or provider organization is permitted to have without becoming
57 financially unstable; provided, however, that the commission, in consultation with the center,
58 shall establish a standard method of calculating and reporting total adjusted debt and adjusted
59 earnings before interest, taxes, depreciation and amortization; and provided further, that the
60 methodology and reporting shall include capitalized lease obligations.

61 SECTION 11. Said section 1 of said chapter 6D, as so appearing, is hereby further
62 amended by striking out, in line 189, the words “not include excludes ERISA plans” and
63 inserting in place thereof the following words:- include self-insured plans to the extent allowed
64 under the federal Employee Retirement Income Security Act of 1974.

65 SECTION 12. Said section 1 of said chapter 6D, as so appearing, is hereby further
66 amended by inserting after the definition of “Performance penalty” the following 2 definitions:-

67 “Pharmaceutical manufacturing company”, an entity engaged in the: (i) production,
68 preparation, propagation, compounding, conversion or processing of prescription drugs, directly
69 or indirectly, by extraction from substances of natural origin, independently by means of

70 chemical synthesis or by a combination of extraction and chemical synthesis; or (ii) packaging,
71 repackaging, labeling, relabeling or distribution of prescription drugs; provided, however, that
72 pharmaceutical manufacturing company shall not include a wholesale drug distributor licensed
73 under section 36B of chapter 112 or a retail pharmacist registered under section 39 of said
74 chapter 112.

75 “Pharmacy benefit manager”, a person, business or other entity, however organized, that
76 directly or through a subsidiary provides pharmacy benefit management services for prescription
77 drugs and devices on behalf of a health benefit plan sponsor including, but not limited to, a self-
78 insurance plan, labor union or other third-party payer; provided, however, that pharmacy benefit
79 management services shall include, but not be limited to: (i) the processing and payment of
80 claims for prescription drugs; (ii) the performance of drug utilization review; (iii) the processing
81 of drug prior authorization requests; (iv) pharmacy contracting; (v) the adjudication of appeals or
82 grievances related to prescription drug coverage contracts; (vi) formulary administration; (vii)
83 drug benefit design; (viii) mail and specialty drug pharmacy services; (ix) cost containment; (x)
84 clinical, safety and adherence programs for pharmacy services; and (xi) management of the cost
85 of covered prescription drugs; provided further, that pharmacy benefit manager shall include a
86 health benefit plan sponsor that does not contract with a pharmacy benefit manager and manages
87 its own prescription drug benefits unless specifically exempted by the commission.

88 SECTION 13. Said section 1 of said chapter 6D, as so appearing, is hereby further
89 amended by inserting after the definition of “Primary care provider” the following definition:-

90 “Private equity firm”, a publicly traded or non-publicly traded company that collects
91 capital investments from individuals or entities and purchases, as a parent company or through
92 another entity that it completely or partially owns or controls, a direct or indirect ownership share

93 of, or controlling interest in, or otherwise obtains a financial interest in, a provider, provider
94 organization or management services organization; provided, however, that private equity firm
95 shall not include venture capital firms exclusively funding startups or other early-stage business.

96 SECTION 14. Said section 1 of said chapter 6D, as so appearing, is hereby further
97 amended by striking out the definition of “Provider organization” and inserting the following 2
98 definitions:-

99 “Provider organization”, a corporation, partnership, business trust, association or
100 organized group of persons that is in the business of health care delivery or management,
101 whether incorporated or not that represents 1 or more health care providers in contracting with
102 carriers, third party administrators or public payers for the payments of health care services;
103 provided, however, that “provider organization” shall include, but not be limited to, physician
104 organizations, physician-hospital organizations, management services organizations, independent
105 practice associations, provider networks, accountable care organizations, providers that are
106 owned or controlled, fully or partially, by for-profit entities including, but not limited to, private
107 equity firms, and any other organization that contracts with carriers, third party administrators or
108 public payers for payment for health care services; and provided further, that “provider
109 organization” shall not include any integrated care network that is owned and directed by long-
110 term care.

111 SECTION 15. Said section 1 of said chapter 6D, as so appearing, is hereby further
112 amended by inserting after the definition of “Quality measure” the following definition:-

113 “Real estate investment trust”, a real estate investment trust as defined in 26 U.S.C. 856.

114 SECTION 16. Said section 1 of said chapter 6D, as so appearing, is hereby further
115 amended by inserting after the definition of “Total health care expenditures” the following 2
116 definitions:-

117 “Total medical expenses”, the total cost of care for the patient population associated with
118 a provider organization based on allowed claims for all categories of medical expenses and all
119 non-claims related payments to providers.

120 “Unsafe financial actor”, a private equity firm, private equity firm affiliate or real estate
121 investment trust that has a financial interest in a provider or provider organization closing,
122 declaring bankruptcy, or otherwise discontinuing its operations, within 15 years of the private
123 equity firm or real estate investment trust’s financial interest in the provider or provider
124 organization.

125 SECTION 17. Section 2 of said chapter 6D, as so appearing, is hereby amended by
126 striking out subsections (b) and (c) and inserting in place thereof the following 2 subsections:-

127 (b)(1) There shall be a board, with duties and powers established by this chapter, which
128 shall govern the commission. The board shall consist of the following members: the secretary of
129 administration and finance, ex officio; the secretary of health and human services, ex officio; 7
130 members to be appointed by the governor pursuant to paragraph (2), 1 of whom shall serve as
131 chair; and 4 members to be appointed by the attorney general. Each appointment after the initial
132 term of appointment shall serve a term of 5 years; provided, however, that a person appointed to
133 fill a vacancy shall serve for not more than the unexpired term. An appointed member of the
134 board shall be eligible for reappointment; provided, however, that no appointed member shall
135 concurrently hold full or part-time employment in the executive branch. The board shall annually
136 elect 1 of its members to serve as vice-chairperson. Each member of the board shall be a resident

137 of the commonwealth. A member of the board serving ex officio may appoint a designee under
138 section 6A of chapter 30; provided further, however, that designee members shall not serve as
139 chair or vice-chair.

140 (2) The person appointed by the governor to serve as chair shall have demonstrated
141 expertise in health care administration, finance and management at a senior level. The second
142 person appointed by the governor shall be a registered nurse with expertise in the delivery of care
143 and development and utilization of innovative treatments in the practice of patient care. The third
144 person appointed by the governor shall have demonstrated expertise in health plan administration
145 and finance. The fourth person appointed by the governor shall have demonstrated expertise in
146 representing the health care workforce as a leader in a labor organization. The fifth person
147 appointed by the governor shall have demonstrated expertise in development and pricing for
148 pharmaceuticals, biotechnology or medical devices. The sixth person appointed by the governor
149 shall be a primary care physician. The seventh person appointed by the governor shall have
150 demonstrated expertise as a purchaser of health insurance representing business management or
151 health benefits administration. The first person appointed by the attorney general shall have
152 demonstrated expertise in hospitals or hospital health systems administration, finance or
153 management. The second person appointed by the attorney general shall have demonstrated
154 expertise in health care consumer advocacy. The third person appointed by the attorney general
155 shall have expertise in behavioral health, substance use disorder, mental health services and
156 mental health reimbursement systems. The fourth person appointed by the attorney general shall
157 be a health economist.

158 (c) Seven members of the board shall constitute a quorum, and the affirmative vote of 6
159 members of the board shall be necessary and sufficient for any action taken by the board. No

160 vacancy in the membership of the board shall impair the right of a quorum to exercise all the
161 rights and duties of the commission. The appointed members of the board shall receive a stipend
162 in an amount not more than 10 per cent of the salary of the secretary of administration and
163 finance under section 4 of chapter 7; provided, however, that the chairperson shall receive a
164 stipend in an amount not more than 12 per cent of the salary of the secretary; and provided
165 further, that ex officio members and their designees shall not receive a stipend for their service as
166 board members. Appointed members of the board shall be special state employees subject to
167 chapter 268A. An appointed member of the board shall not be employed by, a consultant to, a
168 member of the board of directors of or otherwise be a representative of a health care entity,
169 pharmaceutical manufacturer or pharmacy benefit manager while serving on the board.

170 SECTION 18. Said chapter 6D is hereby further amended by inserting after section 3 the
171 following section:-

172 Section 3A. (a) There shall be within the commission an office for pharmaceutical policy
173 and analysis. The office shall: (i) issue reports including, but not limited to, an annual report
174 pursuant to subsection (b) and analyses of: (A) pharmaceutical spending in the commonwealth;
175 the affordability of and access to pharmaceutical drugs; (B) the potential innovation of high
176 value drugs and orphan drugs; and (C) the impacts of these issues on racially and ethnically
177 diverse populations and individuals with disabilities; (ii) analyze pharmaceutical data collected
178 by agencies of the commonwealth including, but not limited to, pharmaceutical data collected by
179 the center pursuant to sections 8 to 10, inclusive, of chapter 12C and pharmaceutical data
180 available through public and proprietary sources; provided, however, that the commission may
181 solicit additional data and information directly from manufacturers, pharmacy benefit managers
182 and payers to the extent necessary to perform the duties set forth in this section, including, but

183 not limited to, conducting an annual survey of payers on pharmaceutical access and plan design;
184 provided, however, that confidential data shall not be a public record and shall be exempt from
185 disclosure pursuant to clause Twenty-sixth of section 7 of chapter 4 and section 10 of chapter 66;
186 (iii) assess the value and pricing of pharmaceutical drugs used in the commonwealth including,
187 but not limited to, reviewing disclosures submitted pursuant to section 8A; and (iv) advise other
188 state agencies and entities including, but not limited to, the executive office of health and human
189 services, the office of Medicaid, the division of insurance, the group insurance commission, the
190 commonwealth health insurance connector authority, the department of corrections, the
191 Massachusetts Life Sciences Center and the joint committee on health care financing on actions,
192 including any proposed legislation, that may improve the value and pricing of pharmaceutical
193 drugs in the commonwealth.

194 (b) The commission shall compile an annual report concerning trends and underlying
195 factors for pharmaceutical drug spending including, but not limited to, analysis of: (i) prices and
196 utilization; (ii) drugs or categories of drugs with the highest impact on spending; (iii) trends in
197 patient out-of-pocket spending; and (iv) any recommendations for strategies to reduce
198 pharmaceutical spending growth, promote affordability and enhance pharmaceutical access. The
199 report shall be based on: (A) the commission's analysis of information provided at the annual
200 health care cost trends hearings by providers, provider organizations and insurers; (B) data
201 collected by the center for health information and analysis under sections 8 to 10, inclusive, of
202 chapter 12C; and (C) any other information the commission considers necessary to fulfill its
203 duties under this section, as further defined in regulations promulgated by the commission.

204 Annually, not later than December 31, the commission shall submit the report to the chairs of the

205 house and senate committees on ways and means and the chairs of the joint committee on health
206 care financing and shall publish and make the report available to the public.

207 SECTION 19. Said chapter 6D is hereby further amended by striking out section 4, as
208 appearing in the 2022 Official Edition, and inserting in place thereof the following section:-
209 Section 4. There shall be an advisory council to the commission. The council shall advise on the
210 overall operation and policy of the commission. The commission shall convene the council
211 quarterly or more frequently as requested by the commission. Members of the board of the health
212 policy commission shall convene and consult with advisory council members on issues brought
213 before the commission and shall present the views of advisory council members in board
214 meetings. The council shall be appointed by the executive director and reflect a broad
215 distribution of diverse perspectives on the health care system, including, but not limited to,
216 health care professionals, educational institutions, consumer representatives, purchasers of health
217 insurance representing business management or health benefits administration, medical device
218 manufacturers, representatives of the biotechnology industry, pharmaceutical manufacturers,
219 providers, provider organizations, hospitals, community health centers, labor organizations and
220 public and private payers.

221 SECTION 20. Section 5 of said chapter 6D, as so appearing, is hereby amended by
222 inserting after the word “growth”, in line 3, the following words:- and affordability.

223 SECTION 21. Said section 5 of said chapter 6D, as so appearing, is hereby further
224 amended by striking out, in line 10, the words “and (vii)” and inserting in place thereof the
225 following words:- ; (vii) monitor pharmaceutical spending and pricing and patient access to
226 pharmaceuticals; and (viii).

227 SECTION 22. The first paragraph of section 6 of said chapter 6D, as so appearing, is
228 hereby amended by adding the following sentence:-

229 Each pharmaceutical manufacturing company and pharmacy benefit manager shall pay to
230 the commonwealth an amount for the estimated expenses of the center and for the other purposes
231 described in this chapter.

232 SECTION 23. Said section 6 of said chapter 6D, as so appearing, is hereby further
233 amended by striking out, in lines 5 and 36, the figure “33”, each time it appears, and inserting in
234 place thereof, in each instance, the following figure:- 25.

235 SECTION 24. Said section 6 of said chapter 6D, as so appearing, is hereby further
236 amended by adding the following 3 paragraphs:-

237 To the maximum extent permissible under federal law, provided that such assessment
238 will not result in any reduction of federal financial participation in Medicaid, the assessed
239 amount for pharmaceutical manufacturing companies shall be not less than 25 per cent of the
240 amount appropriated by the general court for the expenses of the commission less amounts
241 collected from: (i) filing fees; (ii) fees and charges generated by the commission's publication or
242 dissemination of reports and information; and (iii) federal matching revenues received for said
243 expenses or received retroactively for expenses of predecessor agencies. Pharmaceutical
244 manufacturing companies shall pay such assessed amount multiplied by the ratio of the
245 pharmaceutical manufacturing company’s gross sales of outpatient prescription drugs dispensed
246 in the commonwealth or similar measure determined by the commission consistent with
247 applicable federal requirements.

248 To fund the operations of the commonwealth’s licensure of pharmacy benefit managers
249 and to the maximum extent permissible under federal law; provided, however, that such

250 assessment will not result in any reduction of federal financial participation in Medicaid, the
251 assessed amount for pharmacy benefit managers shall be not less than 25 per cent of the amount
252 appropriated by the general court for the expenses of the commission less amounts collected
253 from: (i) filing fees; (ii) fees and charges generated by the commission's publication or
254 dissemination of reports and information; and (iii) federal matching revenues received for said
255 expenses or received retroactively for expenses of predecessor agencies. Pharmacy benefit
256 managers shall pay such assessed amount multiplied by the ratio of the pharmacy benefit
257 manager's gross revenue related to outpatient prescription drugs dispensed in the commonwealth
258 or similar measure determined by the commission consistent with applicable federal
259 requirements. In no event shall this assessment, when combined with an assessment of pharmacy
260 benefit managers pursuant to section 7 of chapter 12C and a pharmacy benefit manager licensing
261 fee pursuant to section 2 of chapter 176Y, exceed the commonwealth's estimated expense in
262 operating the pharmacy benefit manager licensure program.

263 Each pharmaceutical manufacturing company and each pharmacy benefit manager shall
264 make a preliminary payment to the commission annually on October 1 in an amount equal to 1/2
265 of the initial year's total assessment and, for subsequent years, in an amount equal to 1/2 of the
266 previous year's total assessment. Thereafter, each pharmaceutical manufacturing company and
267 each pharmacy benefit manager shall pay, within 30 days of receiving notice from the
268 commission, the balance of the total assessment for the current year as determined by the
269 commission.

270 SECTION 25. Section 7 of said chapter 6D, as so appearing, is hereby amended by
271 striking out, in line 35, the words "and (vi)" and inserting in place thereof the following words:-
272 (vi) advance health equity; and (vii).

273 SECTION 26. Said chapter 6D is hereby further amended by striking out section 8, as so
274 appearing, and inserting in place thereof the following section:-

275 Section 8. (a) Not later than October 1 of every year, the commission shall hold public
276 hearings based on the report submitted by the center pursuant to section 16 of chapter 12C
277 comparing: (i) the average of the annual growth in total health care expenditures during each
278 year of the most recently concluded benchmark cycle to the health care cost growth benchmark
279 for that benchmark cycle; and (ii) the growth in the affordability index pursuant to said section
280 16 of said chapter 12C to the affordability benchmark. At said hearings, the commission shall
281 examine the costs, prices and cost trends of health care providers, provider organizations, private
282 and public health care payers, pharmaceutical manufacturing companies and pharmacy benefit
283 managers and any relevant impact of private equity firms, real estate investment trusts and
284 management services organizations on such costs, prices and cost trends, with particular
285 attention to factors that contribute to cost growth within the commonwealth's health care system
286 and trends in annual behavioral health expenditures.

287 (b) The attorney general may intervene in such hearings.

288 (c) Public notice of any hearing shall be provided not less than 60 days in advance.

289 (d) The commission shall identify as witnesses for the public hearing a representative
290 sample of providers, provider organizations, payers, private equity firms, real estate investment
291 trusts, management services organizations, pharmaceutical manufacturing companies, pharmacy
292 benefit managers and others, including: (i) not less than 3 academic medical centers, including
293 the 2 acute hospitals with the highest level of net patient service revenue; (ii) not less than 3
294 disproportionate share hospitals, including the 2 hospitals whose largest per cent of gross patient
295 service revenue is attributable to Title XVIII and XIX of the Social Security Act or other

296 governmental payers; (iii) community hospitals from not less than 13 separate regions of the
297 commonwealth; (iv) freestanding ambulatory surgical centers from not less than 3 separate
298 regions of the commonwealth; (v) community health centers from at not less than 3 separate
299 regions of the commonwealth; (vi) the 5 commercial carriers with the highest enrollments in the
300 commonwealth; (vii) any managed care organization that provides health benefits under Title
301 XIX of the Social Security Act ; (viii) the group insurance commission; (ix) not less than 3
302 municipalities that have adopted chapter 32B; (x) not less than 4 provider organizations which
303 shall be from diverse geographic regions of the commonwealth, not less than 2 of which shall be
304 certified as accountable care organizations and 1 of which shall be certified as a model ACO; (xi)
305 at least 1 private equity firms, real estate investment trust or management services organization
306 associated with a provider or provider organization; (xii) the assistant secretary for MassHealth;
307 (xiii) not less than 3 representatives of pharmaceutical manufacturing companies doing business
308 in the commonwealth or trade groups thereof; (xiv) 1 pharmacy benefit manager or trade groups
309 thereof; and (xv) any witness identified by the attorney general or the center.

310 (e) Witnesses shall provide testimony under oath and subject to examination and cross
311 examination by the commission, the executive director of the center and the attorney general at
312 the public hearing in a manner and form to be determined by the commission, including, but not
313 limited to: (i) in the case of providers and provider organizations, testimony concerning payment
314 systems, care delivery models, payer mix, cost structures, administrative and labor costs, capital
315 and technology cost, adequacy of public payer reimbursement levels, reserve levels, utilization
316 trends, relative price, quality improvement and care-coordination strategies, investments in
317 health information technology, the relation of private payer reimbursement levels to public payer
318 reimbursements for similar services, efforts to improve the efficiency of the delivery system,

319 efforts to reduce the inappropriate or duplicative use of technology and the impact of price
320 transparency on prices; (ii) in the case of private and public payers, testimony concerning factors
321 underlying premium cost and rate increases, the relation of reserves to premium costs, efforts by
322 the payer to reduce the use of fee-for-service payment mechanisms, the payer's efforts to develop
323 benefit design, network design and payment policies that enhance product affordability and
324 encourage efficient use of health resources and technology including utilization of alternative
325 payment methodologies, efforts by the payer to increase consumer access to health care
326 information, efforts by the payer to promote the standardization of administrative practices, the
327 impact of price transparency on prices and any other matters as determined by the commission;
328 (iii) in the case of the assistant secretary for MassHealth, testimony concerning the structure,
329 benefits, eligibility, caseload and financing of MassHealth and other Medicaid programs
330 administered by the office of Medicaid or in partnership with other state and federal agencies and
331 the agency's activities to align or redesign said programs in order to encourage the development
332 of more integrated and efficient health care delivery systems; (iv) in the case of private equity
333 firms, real estate investment trusts or management services organization, testimony concerning
334 changes to patient access to health care services or facilities, health outcomes, prices charged to
335 insurers and patients, staffing levels, clinical workflow, financial stability and ownership
336 structure as the result of an acquisition of a provider or provider organization, the amount of debt
337 and equity leveraged in an acquisition of a provider or provider organization, additional debt
338 taken on by a provider or provider organization after an acquisition, dividends paid out to
339 investors, changes to real estate ownership and any leaseback agreements and management of
340 clinical assets and any other matters as determined by the commission; and (v) in the case of
341 pharmacy benefit managers and pharmaceutical manufacturing companies, testimony concerning

342 factors underlying prescription drug costs and price changes including, but not limited to, the
343 initial prices of drugs coming to market and subsequent price changes, changes in industry profit
344 levels, marketing expenses, reverse payment patent settlements, impacts of manufacturer rebates,
345 discounts and other price concessions on net pricing, availability of alternative drugs or
346 treatments, corporate ownership organizational structure and any other matters as determined by
347 the commission. The commission shall solicit testimony from a payer which has been identified
348 by the center's annual report under subsection (a) of section 16 of chapter 12C as: (A) paying
349 providers more than 10 per cent above or more than 10 per cent below the average relative price;
350 or (B) entering into alternative payment contracts that vary by more than 10 per cent. A payer
351 identified by the center's report shall explain the extent of price variation between the payer's
352 participating providers and describe any efforts to reduce such price variation.

353 (f) If the center's annual report pursuant to subsection (a) of section 16 of chapter 12C
354 finds that the average of the annual percentage changes in total health care expenditures during a
355 benchmark cycle exceeded the health care cost growth benchmark for that benchmark cycle or
356 the percentage change in the affordability index exceeded the affordability benchmark, the
357 commission may identify additional witnesses for the public hearing. Witnesses shall provide
358 testimony subject to examination and cross examination by the commission, the executive
359 director of the center and attorney general at the public hearing in a manner and form to be
360 determined by the commission, including, but not limited to: (i) testimony concerning
361 unanticipated events that may have impacted the total health care cost expenditures and
362 affordability, including, but not limited to, a public health crisis such as an outbreak of a disease,
363 a public safety event or a natural disaster; (ii) testimony concerning trends in patient acuity,
364 complexity or utilization of services; (iii) testimony concerning trends in input cost structures,

365 including, but not limited to, the introduction of new pharmaceuticals, medical devices and other
366 health technologies; (iv) testimony concerning the cost of providing certain specialty services,
367 including, but not limited to, the provision of health care to children, cancer-related health care
368 and medical education; (v) testimony related to unanticipated administrative costs for carriers,
369 including, but not limited to, costs related to information technology, administrative
370 simplification efforts, labor costs and transparency efforts; (vi) testimony related to costs due the
371 implementation of state or federal legislation or government regulation; (vii) testimony related to
372 premiums by market segment and community, plan and benefit design and cost sharing,
373 including deductibles and co-pays; and (viii) any other factors that may have led to excessive
374 health care cost growth.

375 (g) The commission shall annually compile a report for the most recently concluded
376 benchmark cycle concerning spending trends, including primary care and behavioral health
377 expenditures, affordability and the underlying factors influencing said spending trends. The
378 report shall be based on the commission's analysis of information provided at the hearings by
379 witnesses, providers, provider organizations, payers, private equity firms, real estate investment
380 trusts, management services organizations, pharmaceutical manufacturing companies and
381 pharmacy benefit managers, registration data collected pursuant to section 11, data collected or
382 analyzed by the center pursuant to sections 8 to 10A, inclusive, of chapter 12C and any other
383 available information that the commission considers necessary to fulfill its duties under this
384 section, as further defined in regulations promulgated by the commission. To the extent
385 practicable, the report shall not contain any data that is likely to compromise the financial,
386 competitive or proprietary nature of the information. The report shall be submitted to the chairs
387 of the house and senate committees on ways and means and the chairs of the joint committee on

388 health care financing and shall be published and made available to the public annually, not later
389 than December 31, of each year. The report shall include recommendations for strategies to
390 increase the efficiency of the health care system and promote affordability for individuals and
391 families and analysis of specific spending trends that may impede the commonwealth's ability to
392 meet the health care cost growth benchmark, together with any drafts of legislation language
393 necessary to implement said recommendations.

394 SECTION 27. Said chapter 6D is hereby further amended by striking out sections 9 and
395 10, as so appearing, and inserting in place thereof the following 3 sections:-

396 Section 9. (a) Not later than April 15 of every year, the board shall establish the health
397 care cost growth benchmark for a benchmark cycle consisting of the 2 calendar years beginning
398 after the year in which the April 15 date occurs.

399 (b) The health care cost growth benchmark shall be equal to the average of the growth
400 rate of potential gross state product established under section 7H½ of chapter 29 for each of the 2
401 calendar years that comprise the benchmark cycle. The commission shall establish procedures to
402 prominently publish the health care cost growth benchmark on the commission's website.

403 (c) For all benchmark cycles through the cycle containing the calendar years 2039 and
404 2040, if the commission determines that an adjustment in the health care cost growth benchmark
405 is reasonably warranted, having first considered any testimony at a public hearing as required
406 under subsection (d), the board of the commission may recommend a modification of the health
407 care cost growth benchmark, in any amount as determined by the commission. The board shall
408 submit notice of its recommendation for any modification to the joint committee on health care
409 financing. Within 30 days of such filing, the joint committee may hold a public hearing on the
410 board's proposed modification to the health care cost growth benchmark. Within 30 days of the

411 public hearing, the joint committee may report its findings and proposed legislation, including its
412 recommendation on whether to affirm or reject the boards' recommendation, to the general court
413 and provide a copy of its findings and proposed legislation to the board.

414 (d) Prior to making any recommended modification to the health care cost growth
415 benchmark under subsection (c), the board shall hold a public hearing on any such recommended
416 modification. The public hearing shall be based on the report submitted by the center pursuant to
417 section 16 of chapter 12C comparing the average of the annual growth in total health care
418 expenditures during each year of the most recently concluded benchmark cycle to the health care
419 cost growth benchmark, any other data provided by the center and such other pertinent
420 information or data as may be available to the board. The hearing shall examine the costs, prices
421 and cost trends of health care provider, provider organization and private and public health care
422 payer and any relevant impact of private equity firms, real estate investment trusts, management
423 services organizations, pharmaceutical manufacturing companies and pharmacy benefit
424 managers on such costs, prices and cost trends, with particular attention to factors that contribute
425 to cost growth within the commonwealth's health care system and whether, based on the
426 testimony, information and data presented at the hearing, a modification in the health care cost
427 growth benchmark is appropriate. The commission shall provide public notice of such hearing
428 not less than 45 days prior to the date of the hearing, including notice to the joint committee on
429 health care financing. The joint committee on health care financing may participate in the
430 hearing. The commission shall identify as witnesses for the public hearing a representative
431 sample of providers, provider organizations, payers, private equity firms, real estate investment
432 trusts, management services organizations, pharmaceutical manufacturing companies, pharmacy

433 benefit managers and such other interested parties as the commission may determine. Any other
434 interested parties may testify at the hearing.

435 (e) Any recommendation of the commission to modify the health care cost growth
436 benchmark under subsection (c) of this section shall be approved by a two-thirds vote of the
437 board.

438

439 Section 9A. Not later than April 15 of every year, the board shall establish a health care
440 affordability benchmark for the following calendar year. The commission shall establish
441 procedures to prominently publish the annual affordability benchmark on the commission's
442 website.

443 Section 10. (a) For the purpose of this section, "Health care entity" shall mean any health
444 care entity identified by the center pursuant to section 18 of chapter 12C.

445 (b) The commission shall provide notice to a health care entity that the commission may
446 analyze the health care spending performance of such health care entity and that such health care
447 entity shall perform certain actions as provided in subsection (c); provided, however, that at the
448 discretion of the commission, the commission may publicly identify the identities and
449 performance results of such health care entity.

450 (c) The commission may require a performance improvement plan to be filed with the
451 commission for a health care entity that is identified by the center under section 18 of chapter
452 12C.

453 (d) In addition to the notice provided under subsection (b), the commission shall provide
454 written notice to a health care entity that it determines must file a performance improvement
455 plan. Within 45 days of receipt of such written notice, the health care entity shall either:

456 (1) file a performance improvement plan with the commission; or
457 (2) file an application with the commission to waive or extend the requirement to file a
458 performance improvement plan.

459 (e) The health care entity may file documentation or supporting evidence with the
460 commission to support the health care entity's application to waive or extend the requirement to
461 file a performance improvement plan. The commission shall require the health care entity to
462 submit any other relevant information it deems necessary in considering the waiver or extension
463 application; provided, however, that such information shall be made public at the discretion of
464 the commission.

465 (f) The commission may waive or delay the requirement for a health care entity to file a
466 performance improvement plan in response to a waiver or extension request filed under
467 subsection (d) in light of all information received from the health care entity, based on a
468 consideration of the following factors:

469 (1) the spending, price and utilization trends of the health care entity over time,
470 independently and as compared to similar entities, and any demonstrated improvement to reduce
471 spending or total medical expenses;

472 (2) any ongoing strategies or investments that the health care entity is implementing to
473 improve future long-term efficiency and reduce spending growth;

474 (3) whether the factors that led to increased spending for the health care entity can
475 reasonably be considered to be unanticipated and outside of the control of the entity. Such factors
476 may include, but shall not be limited to, age and other health status adjusted factors and other
477 cost inputs such as pharmaceutical expenses, medical device expenses and labor costs;

478 (4) the overall financial condition of the health care entity;

479 (5) a significant difference between the growth rate of potential gross state product and
480 the growth rate of actual gross state product, as determined under section 7H¹/₂ of chapter 29; and

481 (6) any other factors the commission considers relevant.

482 (g) If the commission declines to waive or extend the requirement for the health care
483 entity to file a performance improvement plan, the commission shall provide written notice to the
484 health care entity that its application for a waiver or extension was denied and the health care
485 entity shall file a performance improvement plan.

486 (h) A health care entity shall file a performance improvement plan: (A) within 45 days of
487 receipt of a notice under subsection (d); (B) if the health care entity has requested a waiver or
488 extension, within 45 days of receipt of a notice that such waiver or extension has been denied; or
489 (C) if the health care entity is granted an extension, on the date given on such extension. The
490 performance improvement plan shall identify the causes of the entity's excessive spending, and
491 shall include, but not be limited to, specific strategies, adjustments and action steps the entity
492 proposes to implement to improve spending performance. The proposed performance
493 improvement plan shall include specific identifiable and measurable expected outcomes and a
494 timetable for implementation. The timetable for a performance improvement plan shall not
495 exceed 18 months.

496 (i) The commission shall approve any performance improvement plan that it determines
497 is reasonably likely to address the underlying cause of the health care entity's excessive spending
498 and has a reasonable expectation for successful implementation.

499 (j) If the board determines that the performance improvement plan is unacceptable or
500 incomplete, the commission may provide consultation on the criteria that have not been met and
501 may allow an additional time period of not more than 30 calendar days, for resubmission.

502 (k) Upon approval of the proposed performance improvement plan, the commission shall
503 notify the health care entity to begin implementation of the performance improvement plan.
504 Public notice shall be provided by the commission on its website, identifying that the health care
505 entity is implementing a performance improvement plan. Health care entities implementing an
506 approved performance improvement plan shall be subject to additional reporting requirements
507 and compliance monitoring, as determined by the commission. The commission shall assist the
508 health care entity with the successful implementation of the performance improvement plan.

509 (l) Health care entities subject to a performance improvement plan shall, in good faith,
510 work to implement such plan and may file amendments to the performance improvement plan at
511 any point during the implementation of the performance improvement plan, subject to approval
512 of the commission.

513 (m) At the conclusion of the timetable established in the performance improvement plan,
514 the health care entity shall report to the commission regarding the outcome of the performance
515 improvement plan. If the commission finds that the performance improvement plan was
516 unsuccessful, the commission shall either: (i) extend the implementation timetable of the existing
517 performance improvement plan; (ii) approve amendments to the performance improvement plan
518 as proposed by the health care entity; (iii) require the health care entity to submit a new
519 performance improvement plan under subsection (c), including requiring specific elements for
520 approval; or (iv) waive or delay the requirement to file any additional performance improvement
521 plans.

522 (n) Upon the successful completion of the performance improvement plan, the identity of
523 the health care entity shall be removed from the list of entities currently implementing a
524 performance improvement plan on the commission's website.

525 (o) The commission may submit a recommendation for proposed legislation to the joint
526 committee on health care financing if the commission determines that further legislative
527 authority is needed to achieve the commonwealth's health care quality and spending
528 sustainability objectives, assist health care entities with the implementation of performance
529 improvement plans or otherwise ensure compliance with the provisions of this section.

530 (p)(1) If the commission determines that a health care entity has: (i) willfully neglected to
531 file a performance improvement plan with the commission within 45 days as required under
532 subsection (d); (ii) failed to file an acceptable performance improvement plan in good faith with
533 the commission; (iii) failed to implement the performance improvement plan in good faith; or
534 (iv) knowingly failed to provide or falsified information required by this section to the
535 commission, the commission may: (A) assess a civil penalty to the health care entity of not more
536 than \$500,000 for a first violation, not more than \$750,000 for a second violation and not more
537 than \$1,000,000 for a third or subsequent violation; provided, however, that a civil penalty
538 assessed pursuant to one of the above clauses shall be a first offense if a previously assessed
539 penalty was assessed pursuant to a different clause; (B) stay consideration of any material change
540 notice submitted under section 13 of this chapter by the health care entity or any affiliates until
541 the commission determines that the health care entity is in compliance with this section; and (C)
542 notify the department of public health that the health care entity, if applying for a notice of
543 determination of need, is not in compliance with this section. A civil penalty assessed under this
544 subsection shall be deposited into the Healthcare Payment Reform Fund established under
545 section 100 of chapter 194 of the acts of 2011. Except as otherwise expressly authorized under
546 this section, the commission shall seek to promote compliance with this section and shall only
547 impose a civil penalty as a last resort.

548 (2) In lieu of requiring a performance improvement plan pursuant to this section, the
549 commission may assess a civil penalty on a health care entity identified by the center pursuant to
550 section 18 of chapter 12C if the commission determines that a performance improvement plan is
551 not an appropriate remedial measure. The civil penalty may amount to not more than the amount
552 of spending attributable to the health care entity that is in excess of the health care cost growth
553 benchmark and shall be deposited into the Healthcare Payment Reform Fund established under
554 section 100 of chapter 194 of the acts of 2011. Prior to assessing the civil penalty, the
555 commission shall provide the health care entity with written notice of its intent to assess the
556 penalty; provided, however, that the commission shall provide the health care entity not less than
557 10 days to respond to said written notice with a written request for a hearing; provided further,
558 that, if the health care entity requests a hearing, the commission shall hold the hearing within 30
559 days of the commission's receipt of the request; and provided further, that if the health care
560 entity does not request a hearing, the commission shall provide the health care entity with not
561 less than 30 days to respond in writing to said written notice.

562 (q) The commission shall promulgate regulations necessary to implement this section;
563 provided, however, that notice of any proposed regulations shall be filed with the joint
564 committee on state administration and regulatory oversight and the joint committee on health
565 care financing not less than 180 days before adoption.

566 SECTION 28. Section 11 of said chapter 6D, as so appearing, is hereby amended by
567 striking out, in line 3, the words "2 years" and inserting in place thereof the following words:- 1
568 year.

569 SECTION 29. Said section 11 of said chapter 6D, as so appearing, is hereby further
570 amended by striking out subsection (b) and inserting in place thereof the following subsection:-

571 (b) The commission shall require that all provider organizations report information
572 detailed in section 9 of chapter 12C. The commission may specify additional data elements in a
573 given reporting year to support the development of the state health plan or the focused
574 assessments defined in section 22 of chapter 6D.

575 SECTION 30. Said section 11 of said chapter 6D, as so appearing, is hereby further
576 amended by striking out subsection (d) and inserting in place thereof the following subsection:-

577 (d) The commission may enter into interagency agreements with the center and other
578 state agencies to effectuate the goals of this section.

579 SECTION 31. Said chapter 6D is hereby further amended by striking out sections 12 and
580 13, as so appearing, and inserting in place thereof the following 2 sections:-

581 Section 12. (a) The commission shall ensure the timely reporting of information required
582 under section 11. The commission shall notify provider organizations of any applicable reporting
583 deadlines; provided, that the commission shall notify, in writing, a provider organization that has
584 failed to meet a reporting deadline and that failure to respond within 2 weeks of the receipt of the
585 notice may result in penalties. The commission may assess a penalty against a provider
586 organization that fails, without just cause, to provide the requested information within 2 weeks
587 following receipt of the written notice required under this subsection of up to \$10,000 per week
588 for each week of delay after the 2-week period following provider organization's receipt of the
589 written notice; provided, however, that the maximum annual penalty against a provider
590 organization under this section shall be \$500,000 per registration cycle. Amounts collected under
591 this section shall be deposited in the Healthcare Payment Reform Fund established under section
592 100 of chapter 194 of the Acts of 2011.

593 (b) Notwithstanding any general or special law to the contrary, any material change
594 notice submitted under section 13 and any determination of need application submitted under
595 sections 25B to 25G, inclusive, of chapter 111 by a provider organization that has failed to
596 provide required information pursuant to section 11 and section 9 of chapter 12C shall be
597 incomplete until such time as the provider organization has provided such required information.

598 (c) Nothing in this chapter shall require a provider organization which represents
599 providers who collectively receive, less than \$25,000,000 in annual net patient service revenue to
600 be registered if such provider or provider organization is not a risk-bearing provider organization
601 or is not owned or controlled, whether fully or partially, directly or indirectly, by a private equity
602 firm.

603 Section 13. (a)(1) Every provider or provider organization shall, before making any
604 material change to its operations or governance structure, submit notice to the commission, the
605 center and the attorney general of such change not less than 60 days before the date of the
606 proposed change, provided, however, that material changes shall include, but not be limited to:
607 (i) significant expansions in a provider or provider organization's capacity; (ii) a corporate
608 merger, acquisition or affiliation of a provider or provider organization and a carrier; (iii)
609 mergers or acquisitions of hospitals or hospital systems; (iv) acquisition of insolvent provider
610 organizations; (v) significant new for-profit investment in, acquisitions of the assets of or
611 ownership or direct or indirect control of a provider or provider organization by for-profit
612 entities, including, but not limited to, private equity firms and management services
613 organizations; (vi) substantial acquisition or sale of assets for an ownership share or for the
614 purposes of a lease-back arrangement; (vii) conversion of a provider or provider organization
615 from a non-profit entity to a for-profit entity; and (viii) mergers or acquisitions of provider

616 organizations which will result in a provider organization having a dominant market share in a
617 given service or region.

618 Within 30 days of receipt of a completed notice filed under the commission’s regulations,
619 the commission shall conduct a preliminary review to determine whether the material change is
620 likely to result in a significant impact on the commonwealth’s ability to meet the health care cost
621 growth benchmark established in section 9, or on the competitive market. If the commission
622 finds that the material change is likely to have a significant impact on the commonwealth’s
623 ability to meet the health care cost growth benchmark, or on the competitive market, the
624 commission may conduct a cost and market impact review under this section.

625 (2) If the commission determines that a proposed material change is likely to have a
626 significant negative impact on health care consumers in the commonwealth, including through
627 significantly increased costs, significantly reduced quality, or significantly impaired access to
628 health care services, including for at-risk, underserved and government payer patient
629 populations, the commission may recommend modifications to the proposed material change to
630 mitigate such impacts. Notwithstanding any general or special law to the contrary, failure to
631 modify the proposed material change to substantially address such impacts identified by the
632 commission shall constitute an unfair business practice under chapter 93A subject to challenge
633 pursuant to section 4 of said chapter 93A but not pursuant to sections 9 or 11 of said chapter
634 93A. The commission shall notify the office of the attorney general of any provider or provider
635 organization’s failure to modify the proposed material change to substantially address such
636 impacts.

637 (b) In addition to the grounds for a cost and market impact review set forth in subsection
638 (a), if the commission finds, based on the center’s benchmark cycle report under section 16 of

639 chapter 12C, that the average of the annual percentage changes in total health care expenditures
640 during each year of the benchmark cycle exceeded the health care cost growth benchmark for
641 that benchmark cycle, the commission may conduct a cost and market impact review of any
642 provider organization identified by the center under section 18 of said chapter 12C.

643 (c)(1) The commission shall initiate a cost and market impact review by sending the
644 provider or provider organization notice of a cost and market impact review, which shall explain
645 the basis for the review and the particular factors that the commission seeks to examine through
646 the review. The provider or provider organization shall submit to the commission, within 21 days
647 of the commission's notice, a written response to the notice, including, but not limited to, any
648 information or documents sought by the commission that are described in the commission's
649 notice. The commission may require that any provider, provider organization, payer, investor or
650 other party associated with a given transaction submit documents and information in connection
651 with a notice of material change or a cost and market impact review under this section. The
652 commission may also require, for a period of 5 years following the completion of a material
653 change, that any provider or provider organization submit data and information to assess the
654 post-transaction impacts of a material change and compliance with any commitments or
655 conditions agreed to by the parties. The commission shall keep confidential all nonpublic
656 information and documents obtained under this section and shall not disclose the information or
657 documents to any person without the consent of the provider or payer that produced the
658 information or documents, except in a preliminary report or final report under this section if the
659 commission believes that such disclosure should be made in the public interest after taking into
660 account any privacy, trade secret or anti-competitive considerations. The confidential

661 information and documents shall not be public records and shall be exempt from disclosure
662 under clause Twenty-sixth of section 7 of chapter 4 or section 10 of chapter 66.

663 (2) For any material change involving significant new for-profit investment in,
664 acquisitions of the assets of or ownership or direct or indirect control of a provider or provider
665 organization by a for-profit entity, the for-profit entity, and the parent company or person or
666 persons controlling the for-profit entity, if any, will be required to submit, at a minimum, the
667 following information to complete the notice: (i) information regarding the capital structure,
668 general financial condition, ownership and management of the for-profit entity and any person
669 controlling the for-profit entity; (ii) the identity and relationship of every member of the for-
670 profit entity; (iii) fully audited financial information for the preceding 5 fiscal years or for such
671 lesser period as the for-profit entity and any predecessors thereof shall have been in existence;
672 (iv) any plans or proposals to liquidate such provider or provider organization, to sell its assets or
673 merge or consolidate it with any person, or to make any other material change in its business or
674 corporate structure or management; (v) fully audited financial information of all health care
675 entities acquired by the for-profit entity, the parent company and person or persons controlling
676 the for-profit entity, for the preceding 5 fiscal years or for such lesser period as the for-profit
677 entity and any predecessors thereof shall have been in existence as well as other financial
678 information the commission deems relevant, including, but not limited to, bankruptcy filings,
679 sales of non-clinical assets and dividend recapitalizations; (vi) operational information regarding
680 health care entities acquired by the acquiring party or person or persons controlling the acquiring
681 party for the preceding 10 fiscal years or for such lesser period as such acquiring party and any
682 predecessors thereof shall have been in existence, including, but not limited to, reduction or
683 closure of health care services; and (vii) such additional information as the commission may

684 deem necessary or appropriate for the protection of essential health services or to evaluate the
685 material change notice.

686 (d) A cost and market impact review may examine factors relating to the provider or
687 provider organization's business and its relative market position, including, but not limited to: (i)
688 the provider or provider organization's size and market share within its primary service areas by
689 major service category and within its dispersed service areas; (ii) the provider or provider
690 organization's prices for services, including its relative price compared to other providers for the
691 same services in the same market; (iii) the provider or provider organization's health status
692 adjusted total medical expense, including its health status adjusted total medical expense
693 compared to similar providers; (iv) the quality of the services provided by the provider or
694 provider organization, including patient experience; (v) provider cost and cost trends in
695 comparison to total health care expenditures statewide; (vi) the availability and accessibility of
696 services similar to those provided, or proposed to be provided, through the provider or provider
697 organization within its primary service areas and dispersed service areas; (vii) the provider or
698 provider organization's impact on competing options for the delivery of health care services
699 within its primary service areas and dispersed service areas, including, if applicable, the impact
700 on existing service providers of a provider or provider organization's expansion, affiliation,
701 merger or acquisition, to enter a primary or dispersed service area in which it did not previously
702 operate; (viii) the methods used by the provider or provider organization to attract patient volume
703 and recruit or acquire health care professionals or facilities; (ix) the role of the provider or
704 provider organization in serving at-risk, underserved and government payer patient populations,
705 including individuals with behavioral, substance use disorder and mental health conditions,
706 within its primary service areas and dispersed service areas; (x) the role of the provider or

707 provider organization in providing low margin or negative margin services within its primary
708 service areas and dispersed service areas; (xi) consumer concerns, including, but not limited to,
709 complaints or other allegations that the provider or provider organization has engaged in any
710 unfair method of competition or any unfair or deceptive act or practice; (xii) the cumulative
711 impact of mergers, acquisitions, affiliations or joint ventures on the health care market over a
712 reasonable period of time, as defined by the commission; (xiii) alignment with the state health
713 plan and any focused assessments conducted pursuant to section 22; and (xiv) any other factors
714 that the commission determines to be in the public interest.

715 (e) The commission shall make factual findings and issue a preliminary report on the cost
716 and market impact review. In the report, the commission shall identify any provider or provider
717 organization that meets all of the following: (i) the provider or provider organization has, or
718 likely will have as a result of the proposed material change, a dominant market share for the
719 services it provides; (ii) the provider or provider organization charges, or likely will charge as a
720 result of the proposed material change, prices for services that are materially higher than the
721 median prices charged by all other providers for the same services in the same market; and (iii)
722 the provider or provider organization has, or likely will have as a result of the proposed material
723 change, a health status adjusted total medical expense that is materially higher than the median
724 total medical expense of comparable providers in the same area.

725 (f) Within 30 days after issuance of a preliminary report, the provider or provider
726 organization may respond in writing to the findings in the report. The commission shall then
727 issue its final report. The commission shall refer to the attorney general its report on any provider
728 or provider organization that meets all 3 criteria under subsection (e). The commission shall
729 issue its final report on the cost and market impact review within 185 days from the date that the

730 provider or provider organization has submitted a completed notice to the commission under the
731 commission's regulations; provided, however, that the provider or provider organization has
732 certified substantial compliance with the commission's requests for data and information
733 pursuant to subsection (c) within 21 days of the commission's notice or by a later date set by
734 mutual agreement of the provider or provider organization and the commission.

735 (g) Nothing in this section shall prohibit a proposed material change under subsection (a);
736 provided, however, that any proposed material change shall not be completed: (i) until not later
737 than 30 days after the commission has issued its final report; or (ii) if the attorney general brings
738 an action as described in paragraph (2) of subsection (a) or subsection (h), while such action is
739 pending and prior to a final judgment being issued by a court of competent jurisdiction,
740 whichever is later.

741 (h) A provider or provider organization that meets the criteria in subsection (e) has
742 engaged, or through a material change will engage, in an unfair method of competition or unfair
743 and deceptive trade practice subject to challenge pursuant to section 4 of chapter 93A, but not
744 sections 9 or 11 of said chapter 93A. The attorney general may take action under said chapter
745 93A or any other law to protect consumers in the health care market, including by bringing an
746 action seeking to restrain such violation of said chapter 93A. The commission's final report may
747 be evidence in any such action brought by the attorney general.

748 (i) Nothing in this section shall limit the authority of the attorney general to protect
749 consumers in the health care market under any other law.

750 (j) The commission shall adopt regulations for conducting cost and market impact
751 reviews and for administering this section. These regulations shall include definitions of material
752 change and non-material change, primary service areas, dispersed service areas, dominant market

753 share, materially higher prices, materially higher health status adjusted total medical expenses
754 and any other terms as necessary to provide market participants with appropriate notice. These
755 regulations may identify filing thresholds in connection with this section; provided, however,
756 that the commission shall determine that multiple mergers, acquisitions or affiliations over time
757 may together meet such thresholds. All regulations promulgated by the commission shall comply
758 with chapter 30A.

759 (k) Nothing in this section shall limit the application of other laws or regulations that may
760 be applicable to a provider or provider organization, including laws and regulations governing
761 insurance.

762 (l) Upon issuance of its final report pursuant to subsection (f), the commission shall
763 provide a copy of said final report to the department of public health. The final report shall be
764 included in the written record and considered by the department of public health during its
765 review of an application for determination of need under section 25C of chapter 111 and
766 considered where relevant in connection with licensure or other regulatory actions involving the
767 provider or provider organization.

768 SECTION 32. Said chapter 6D is hereby further amended by adding the following 2
769 sections:-

770 Section 22. (a)(1) Not less than once every 5 years, the commission shall develop a state
771 health plan in consultation with the executive office of health and human services, the
772 department of public health, the office of Medicaid, the department of mental health, the division
773 of insurance, the executive office of elder affairs, the center for health information and analysis
774 and other state agencies as appropriate.

775 (2) The state health plan shall identify: (i) the current and anticipated needs of the
776 commonwealth for health care services, providers, programs and facilities; (ii) the existing health
777 care resources available to meet those needs; (iii) recommendations for the appropriate supply
778 and distribution of resources, workforce, programs, capacities, technologies and services on a
779 statewide and regional basis; (iv) major barriers preventing communities and residents from
780 accessing needed health care; (v) priorities for addressing those barriers; and (vi)
781 recommendations for any further legislative or other state action to assist the commonwealth in
782 achieving the recommendations identified in the plan.

783 (3) The state health plan shall be based on data from all available sources, including data
784 collected by the commission, the center for health information and analysis, the executive office
785 of health and human services, the department of public health, the office of Medicaid, the
786 department of mental health, the division of insurance, the executive office of elder affairs, the
787 board of registration in medicine, the bureau of health professions licensure, the office of the
788 attorney general and other state agencies as appropriate. All such agencies shall provide data and
789 information necessary for the commission to create the plan.

790 (4) The state health plan shall include recommendations across a range of health care
791 services, including, but not limited to: (i) acute care; (ii) non-acute care; (iii) specialty care,
792 including, but not limited to, burn, coronary care, cancer care, neonatal care, post-obstetric and
793 post-operative recovery care, pulmonary care, renal dialysis and surgical, including trauma and
794 intensive care units; (iv) skilled nursing facilities; (v) assisted living facilities; (vi) long-term care
795 facilities; (vii) ambulatory surgical centers; (viii) office-based surgical centers; (ix) urgent care
796 centers; (x) home health; (xi) adult and pediatric behavioral health and mental health services
797 and supports; (xii) substance use disorder treatment and recovery services; (xiii) emergency care;

798 (xiv) ambulatory care services; (xv) primary care resources; (xvi) pediatric care services; (xvii)
799 pharmacy and pharmacological services; (xviii) family planning services; (xix) obstetrics and
800 gynecology and maternal health services; (xx) allied health services, including, but not limited
801 to, optometric care, chiropractic services, oral health care and midwifery services; (xxi) federally
802 qualified health centers and free clinics; (xxii) technologies or equipment defined as innovative
803 services or new technologies by the department of public health pursuant to section 25B of
804 chapter 111; (xxiii) hospice and palliative care service; (xxiv) health screening and early
805 intervention services; and (xxv) any other service or resource identified by the commission.

806 (5) The goal of the state health plan shall be to promote the appropriate and equitable
807 distribution of health care resources across geographic regions of the commonwealth based on
808 the needs of the population on a statewide basis and the needs of particular geographic and
809 demographic groups. The state health plan shall seek to support the commonwealth's goals of: (i)
810 maintaining and improving the quality of and access to health care services; (ii) ensuring a stable
811 and adequate health care workforce; (iii) meeting the health care cost growth benchmark
812 established pursuant to section 9; (iv) supporting innovative health care delivery and alternative
813 payment models as identified by the commission; (v) reducing unnecessary duplication of health
814 care resources; (vi) advancing health equity and addressing disparities in the health care system
815 based on the needs of particular demographic factors, including, but not limited to, race,
816 ethnicity, immigration status, sexual orientation, gender identity, geographic location, age,
817 language spoken, ability and socioeconomic status; (vii) integrating oral health, mental health,
818 behavioral and substance use disorder treatment services with overall medical care; (viii)
819 aligning housing, health care and home care to improve overall health outcomes and reduce
820 costs; (ix) tracking trends in utilization and promoting the best standards of care; and (x)

821 ensuring equitable access to health care resources across geographic regions of the
822 commonwealth.

823 (6) The commission shall consult with the advisory council established pursuant to
824 section 4 in the development of the state health plan.

825 (7) In developing the state health plan, the commission, in consultation with the
826 department of public health, shall conduct at least 1 public hearing seeking input on the state
827 health plan and shall give interested persons an opportunity to submit their views orally and in
828 writing. In addition, the commission may create and maintain a website to allow members of the
829 public to submit comments electronically and review comments submitted by others.

830 (8) The commission may require the submission of data and documents from providers,
831 provider organizations and payers to support creation of the state health plan; provided, that the
832 information is not already required to be reported to another state agency and accessible to the
833 commission. Nonpublic clinical, financial, strategic or operational documents or information
834 provided to the commission in connection with this section shall be subject to section 2A.

835 (b)(1) In addition to the state health plan, the commission shall conduct regular, focused
836 assessments of provider supply and distribution in relation to projected need in at least 1 specific
837 service line. Each assessment shall be conducted in consultation with other state agencies as
838 appropriate, including, but not limited to, the executive office of health and human services, the
839 department of public health, the department of mental health, the office of Medicaid, the division
840 of insurance, the center for health information and analysis, the executive office of elder affairs,
841 the board of registration in medicine, the bureau of health professions licensure and the office of
842 the attorney general. All such agencies shall provide data and information necessary for the
843 commission to conduct the assessment. The commission shall consider available state and

844 national data and academic research on health service supply and need and relevant community
845 health needs assessments by non-profit hospitals and other organizations and other individual
846 and community statements of need.

847 (2) Each focused assessment shall examine at least 1 specific service line and at least 1
848 relevant region and may examine other factors in the public interest, such as populations served,
849 as appropriate. The service lines and regions shall be identified and prioritized for assessment by
850 the commission in consultation with the above-referenced agencies, as consistent with available
851 resources. In prioritizing service lines and regions, the commission may consider factors
852 including, but not limited to: (i) services with limited alternatives or substitutions; (ii) services
853 where supply has been shown to be misaligned with need nationally or in academic research; (iii)
854 services or regions undergoing significant changes in ownership, supply, or distribution; (iv)
855 services or regions with evidence of access challenges or barriers, particularly for vulnerable
856 populations; (v) input from the advisory council established pursuant to section 4; and (vi)
857 requests for analysis from the executive office of health and human services or other agencies;
858 provided, that prioritized service lines under this paragraph shall include primary care and
859 behavioral health.

860 (3) Each assessment may include findings that include, but are not limited to: (i) the
861 extent to which supply of a given service line aligns with projected need at the statewide or
862 regional level; (ii) health system factors driving any documented health disparities; (iii) services
863 or providers, including in a specific geographic area, that are critical to the proper functioning of
864 the health care system; (iv) estimates of where and how many additional units of service would
865 be needed in the state or in a specific geographic area to meet projected need; (v) identification
866 of barriers impacting accessibility of available supply by specific populations; and (vi) policy

867 recommendations to address the drivers of disparities, access barriers and areas of misalignment
868 of need and supply.

869 (4) The commission shall consult with the advisory council established pursuant to
870 section 4 in the development of such focused assessments.

871 (5) The commission, in consultation with the department of public health, shall conduct
872 at least 1 public hearing seeking input on each focused assessment and shall give interested
873 persons an opportunity to submit testimony orally and in writing.

874 (6) The commission may require the submission of data and documents from payers,
875 providers or provider organizations that offer a service that is the subject of an assessment
876 conducted under this section; provided, that the information is not already reported to another
877 state agency and made accessible to the commission. Nonpublic clinical, financial, strategic or
878 operational documents or information provided to the commission in connection with this section
879 shall be subject to section 2A.

880 (c) The commission shall publish analyses, reports and interpretations of information
881 collected pursuant to this section to promote awareness of the distribution and nature of health
882 care resources in the commonwealth.

883 (d) Biennially, not later than January 1, the commission shall file a report with the joint
884 committee on health care financing , which shall include, but not be limited to: (i) a summary of
885 the current state health plan and a description of focused assessments conducted during the past 2
886 years; (ii) a summary of actions taken by the commission and progress made toward developing
887 the state health plan and focused assessments during the past 2 years; and (iii) recommendations
888 for further legislative action to assist the commission in its implementation of this section.

889 Section 23. (a) A provider or a provider organization in which a private equity firm has a
890 financial interest shall not: (i) meet or exceed the maximum adjusted debt to adjusted EBITDA
891 ratio; (ii) otherwise become highly leveraged, as determined by the commission; (iii) transact
892 with an unsafe financial actor; (iv) for the period during which the private equity firm has a
893 financial interest in the provider or provider organization, (A) provide capital distributions,
894 including, but not limited, to cash dividends, stock dividends that are not strictly dilutive or any
895 other similar distributions, (B) perform stock buybacks, stock redemptions or similar transactions
896 or (C) pay to a private equity firm management fees or similar fees or costs; or (v) perform any
897 other action or exceed any other metric the commission determines may cause a provider or
898 provider organization to become financially distressed.

899 (b) Within 30 days of the commission receiving a referral from the center pursuant to
900 paragraph (4) of subsection (e) of section 9 of chapter 12C or the commission becoming aware of
901 a potential violation of subsection (a) pursuant to the filing of a completed notice of material
902 change under section 13, the commission shall make a determination of whether there has been a
903 violation. If the commission determines a violation has occurred, the commission shall require
904 the provider to come into compliance with said subsection (a) and may set conditions that the
905 provider or provider organization shall follow to come into compliance. The commission shall
906 notify the provider or provider organization in writing of its determination, conditions, if any,
907 and reasoning. The provider or provider organization shall have not less than 30 days to respond
908 in writing and 10 days to request a hearing from the date of notification. If a hearing is requested,
909 the hearing shall be held within 30 days of the commission's receipt of the request. Within 10
910 days of receiving written comments or holding any requested hearing, whichever is later, the
911 commission shall notify the provider or provider organization in writing that the provider or

912 provider organization is required to come into compliance with section (a) and which conditions,
913 if any, shall go into effect. Upon providing notice, such requirements and conditions, if any, shall
914 go into effect.

915 In making the determinations pursuant to subsection (a), the commission may consider all
916 publicly available data and documents, including information submitted to the commission and
917 the center under any authority. The commission may also solicit additional non-public
918 information from providers to the extent necessary to achieve the purposes of this section. The
919 commission shall keep confidential all nonpublic information and documents obtained under this
920 section, and such information shall not be public records and shall be exempt from disclosure
921 under clause Twenty-sixth of section 7 of chapter 4 or section 10 of chapter 66.

922 (c)(1) Within 3 months, or a shorter reasonable time as determined by the commission,
923 the commission shall determine whether the provider or provider organization has substantially
924 complied with its conditions or if no conditions were set, whether the provider or provider
925 organization has come into compliance with subsection (a). The commission shall notify the
926 provider or provider organization of its determination and reasoning, and the provider or
927 provider organization shall have not less than 30 days to respond in writing and 10 days to
928 request a hearing from the date of notification. If a hearing is requested, the hearing shall be held
929 within 30 days of the commission's receipt of the request. Within 10 days of receiving written
930 comments and holding any requested hearing, whichever is later, the commission shall make a
931 final determination and notify the provider or provider organization of the determination in
932 writing.

933 (2) If the commission makes a final determination that the provider or provider
934 organization has failed to substantially implement the commission's conditions, or, if no

935 conditions were set, to come in compliance with subsection (a), the department of public health
936 may collect the bond deposited. The commission shall notify the department of public health of
937 its determination and refer the provider or provider organization to the attorney general.

938 (3) Failure to substantially implement the commission's conditions, or, if no conditions
939 are set, failure to come in compliance with subsection (a) shall constitute a violation of said
940 chapter 93A. Only the attorney general, or an organization representing workers who: (i) worked
941 for the provider or provider organization; (ii) worked in the provider or provider organization's
942 facilities, if any; or (iii) contracted with the provider or provider organization, may bring an
943 action under chapter 93A for such a violation. The commission's final determination may be
944 used as prima facie evidence of a violation of said chapter 93A.

945 (d) A private equity firm shall deposit, upon submission of a notice of material change
946 pursuant to section 13 of chapter 6D, a bond with the department of public health ensuring that
947 the provisions of subsection (a) shall not be violated; provided, however, that the private equity
948 firm shall not use any of the provider or provider organization's assets or property as security for
949 the bond, pay for the bond by placing debt on the provider or provider organization or otherwise
950 permit the provider or provider organization to pay the bond on the private equity firm's behalf
951 or allow the provider or provider organization to be liable for the bond.

952 SECTION 33. Section 5A of chapter 12 of the General Laws, as so appearing, is hereby
953 amended by striking out, in line 26, the words "or 'knowingly'" and inserting in place thereof the
954 following words:- , "knowingly" or "knows".

955 SECTION 34. Said section 5A of said chapter 12, as so appearing, is hereby further
956 amended by inserting after the definition of "Overpayment" the following definition:-

957 “Ownership or investment interest”, any: (1) direct or indirect possession of equity in the
958 capital, stock or profits totaling more than 10 per cent of an entity; (2) interest held by an
959 investor or group of investors who engages in the raising or returning of capital and who invests,
960 develops or disposes of specified assets; (3) interest held by a pool of funds by investors,
961 including a pool of funds managed or controlled by private limited partnerships, if those
962 investors or the management of that pool or private limited partnership employ investment
963 strategies of any kind to earn a return on that pool of funds; or (4) interest held by a real estate
964 investment trust.

965 SECTION 35. Section 5B of said chapter 12, as so appearing, is hereby amended by
966 striking out, in line 29, the word “or”, the second time it appears.

967 SECTION 36. Said section 5B of said chapter 12, as so appearing, is hereby further
968 amended by inserting after the word “applicable”, in lines 38 and 39, the following words:- ; or
969 (11) has an ownership or investment interest in any person who violates clauses (1) to (10),
970 inclusive, knows about the violation, and fails to disclose the violation to the commonwealth or a
971 political subdivision thereof within 60 days of identifying the violation.

972 SECTION 37. Section 11N of said chapter 12, as so appearing, is hereby amended by
973 striking out, in line 7, the words “or provider organization” and inserting in place thereof the
974 following words:- , provider organization, private equity firm, real estate investment trust,
975 management services organization, pharmaceutical manufacturing company and pharmacy
976 benefit manager.

977 SECTION 38. Said section 11N of said chapter 12, as so appearing, is hereby further
978 amended by striking out subsection (b) and inserting in place thereof the following subsection:-

979 (b) The attorney general may investigate any provider organization referred to the
980 attorney general by the health policy commission under chapter 6D to determine whether the
981 provider organization engaged in unfair methods of competition or anti-competitive behavior in
982 violation of chapter 93A or any other law, and, if appropriate, take action under said chapter 93A
983 or any other law to protect consumers in the health care market, including, but not limited to, an
984 action for injunctive relief.

985 SECTION 39. Section 1 of chapter 12C of the General Laws, as so appearing, is hereby
986 amended by inserting after the definition of “Ambulatory surgical center services” the following
987 definition:-

988 “Benchmark cycle”, a period of 2 consecutive calendar years during which the projected
989 annualized growth rate in total health care expenditures in the commonwealth is calculated
990 pursuant to section 9 of chapter 6D and monitored pursuant to section 10 of said chapter 6D.

991 SECTION 40. Said section 1 of said chapter 12C, as so appearing, is hereby further
992 amended by inserting after the definition of “Fee-for-service” the following definition:-

993 “Financial interest”, when a private equity firm or its corporate affiliate has a direct or
994 indirect ownership share of, or controlling interest in, or is a holder of significant debt from a
995 provider or provider organization or the provider or provider organization’s corporate affiliates

996 SECTION 41. Said section 1 of said chapter 12C, as so appearing, is hereby further
997 amended by striking out the definition of “Health care cost growth benchmark” and inserting in
998 place thereof the following 2 definitions:-

999 “Health care cost growth benchmark”, the projected annualized growth rate in total health
1000 care expenditures in the commonwealth during a benchmark cycle as established in section 9 of
1001 chapter 6D.

1002 “Health care entity”, as defined in section 1 of chapter 6D.

1003 SECTION 42. Said section 1 of said chapter 12C, as so appearing, is hereby further
1004 amended by inserting after the definition of “Health care services” the following 2 definitions:-

1005 “Health disparities”, preventable differences in the burden of disease, injury, violence or
1006 opportunities to achieve optimal health that are experienced by socially disadvantaged
1007 populations.

1008 “Health equity”, the state in which a health system offers the infrastructure, facilities,
1009 services, geographic coverage, affordability and all other relevant features, conditions and
1010 capabilities that will provide all people with the opportunity and reasonable expectation that they
1011 can reach their full health potential and well-being and are not disadvantaged in access to health
1012 care by their race, ethnicity, language, disability, age, gender, gender identity, sexual orientation,
1013 social class, intersections among these communities or identities or their socially determined
1014 circumstances.

1015 SECTION 43. Said section 1 of said chapter 12C, as so appearing, is hereby further
1016 amended by inserting after the definition of “Major service category” the following 2
1017 definitions:-

1018 “Management services organization”, a business that provides management or administrative
1019 services to a provider or provider organization for compensation. “Maximum adjusted debt to
1020 adjusted EBITDA ratio”, the highest ratio of total adjusted debt to adjusted earnings before
1021 interest, taxes, depreciation and amortization the commission determines that a provider or
1022 provider organization can have without becoming financially unstable; provided further, that the
1023 commission, in consultation with the center, shall establish a standard method of calculating and
1024 reporting total adjusted debt and adjusted earnings before interest, taxes, depreciation and

1025 amortization; and provided further, that the methodology and reporting shall include capitalized
1026 lease obligations.

1027 SECTION 44. Said section 1 of said chapter 12C, as so appearing, is hereby further
1028 amended by inserting after the definition of “Patient-centered medical home” the following 3
1029 definitions:-

1030 “Payer”, any entity, other than an individual, that pays providers for the provision of
1031 health care services; provided, that “payer” shall include both governmental and private entities;
1032 provided further, that “payer” shall include self-insured plans to the extent allowed under the
1033 federal Employee Retirement Income Security Act of 1974.

1034 “Pharmaceutical manufacturing company”, an entity engaged in the: (i) production,
1035 preparation, propagation, compounding, conversion or processing of prescription drugs, directly
1036 or indirectly, by extraction from substances of natural origin, independently by means of
1037 chemical synthesis or by a combination of extraction and chemical synthesis; or (ii) packaging,
1038 repackaging, labeling, relabeling or distribution of prescription drugs; provided, however, that
1039 “pharmaceutical manufacturing company” shall not include a wholesale drug distributor licensed
1040 under section 36B of chapter 112 or a retail pharmacist registered under section 39 of said
1041 chapter 112.

1042 “Pharmacy benefit manager”, a person, business or other entity, however organized, that,
1043 directly or through a subsidiary, provides pharmacy benefit management services for prescription
1044 drugs and devices on behalf of a health benefit plan sponsor, including, but not limited to, a self-
1045 insurance plan, labor union or other third-party payer; provided, however, that pharmacy benefit
1046 management services shall include, but not be limited to: (i) the processing and payment of
1047 claims for prescription drugs; (ii) the performance of drug utilization review; (iii) the processing

1048 of drug prior authorization requests; (iv) pharmacy contracting; (v) the adjudication of appeals or
1049 grievances related to prescription drug coverage contracts; (vi) formulary administration; (vii)
1050 drug benefit design; (viii) mail and specialty drug pharmacy services; (ix) cost containment; (x)
1051 clinical, safety and adherence programs for pharmacy services; and (xi) managing the cost of
1052 covered prescription drugs; provided further, that “pharmacy benefit manager” shall include a
1053 health benefit plan sponsor that does not contract with a pharmacy benefit manager and manages
1054 its own prescription drug benefits unless specifically exempted by the commission.

1055 SECTION 45. Said section 1 of said chapter 12C, as so appearing, is hereby further
1056 amended by inserting after the definition of “Primary service area” the following definition:-

1057 “Private equity firm”, a publicly traded or non-publicly traded company that collects
1058 capital investments from individuals or entities and purchases, as a parent company or through
1059 another entity that it completely or partially owns or controls, a direct or indirect ownership share
1060 of or controlling interest in, or otherwise obtains a financial interest in, a provider, provider
1061 organization or management services organization; provided, however, that “private equity firm”
1062 shall not include venture capital firms exclusively funding startups or other early-stage
1063 businesses.

1064 SECTION 46. Said section 1 of said chapter 12C, as so appearing, is hereby further
1065 amended by striking out the definition of “Provider organization” and inserting in place thereof
1066 the following definition:-

1067 “Provider organization”, any corporation, partnership, business trust, association or
1068 organized group of persons, which is in the business of health care delivery or management,
1069 whether incorporated or not, that represents at least 1 health care providers in contracting with
1070 carriers, third party administrators or public payers for the payments of health care services;

1071 provided, that "provider organization" shall include, but not be limited to, physician
1072 organizations, physician-hospital organizations, independent practice associations, provider
1073 networks, accountable care organizations, management services organizations, providers that are
1074 owned or controlled, fully or partially, by for-profit entities, including, but not limited to, private
1075 equity firms, and any other organization that contracts with carriers, third party administrators or
1076 public payers for payment for health care services; and provided, further that "provider
1077 organization" shall not include any integrated care network that is owned and directed by a long-
1078 term care providers.

1079 SECTION 47. Said section 1 of said chapter 12C, as so appearing, is hereby further
1080 amended by inserting after the definition of "Quality measures" the following definition:-

1081 "Real estate investment trust", a real estate investment trust as defined in 26 U.S.C. 856.

1082 SECTION 48. Said section 1 of said chapter 12C, as so appearing, is hereby further
1083 amended by inserting after the definition of "Total health care expenditures" the following 2
1084 definitions:-

1085 "Total medical expenses", the total cost of care for the patient population associated with
1086 a provider organization based on allowed claims for all categories of medical expenses and all
1087 non-claims related payments to providers.

1088 "Unsafe financial actor", a private equity firm or real estate investment trust that had a
1089 financial interest in a provider or provider organization closing, declaring bankruptcy or
1090 otherwise discontinuing its operations within 15 years of the private equity firm or real estate
1091 investment trust's financial interest in the provider or provider organization.

1092 SECTION 49. Section 2A of said chapter 12C, as so appearing, is hereby amended by
1093 inserting after the word “cybersecurity”, in line 9, the following words:- and 1 of whom shall
1094 have experience in health equity advocacy.

1095 SECTION 50. Section 3 of said chapter 12C, as so appearing, is hereby amended by
1096 striking out, in line 11, the word “benchmark” and inserting in place thereof the following
1097 words:- and affordability benchmarks.

1098 SECTION 51. Said section 3 of said chapter 12C, as so appearing, is hereby further
1099 amended by striking out, in line 12, the words “section 9” and inserting in place thereof the
1100 following words:- sections 9 and 9A.

1101 SECTION 52. The first paragraph of section 7 of said chapter 12C, as so appearing, is
1102 hereby amended by adding the following sentence:-

1103 Each pharmaceutical manufacturing company and pharmacy benefit manager shall pay to
1104 the commonwealth an amount for the estimated expenses of the center and for the other purposes
1105 described in this chapter.

1106 SECTION 53. Said section 7 of said chapter 12C, as so appearing, is hereby further
1107 amended by striking out, in lines 8 and 42, the figure “33” and inserting in place thereof, in each
1108 instance, the following figure:- “25”.

1109 SECTION 54. Said section 7 of said chapter 12C, as so appearing, is hereby further
1110 amended by adding following 3 paragraphs:- To the maximum extent under federal law,
1111 provided that such assessment shall not result in any reduction of federal financial participation
1112 in Medicaid, the assessed amount for pharmaceutical manufacturing companies shall be not less
1113 than 25 per cent of the amount appropriated by the general court for the expenses of the center
1114 minus amounts collected from: (i) filing fees; (ii) fees and charges generated by the center's

1115 publication or dissemination of reports and information; and (iii) federal matching revenues
1116 received for these expenses or received retroactively for expenses of predecessor agencies.
1117 Pharmaceutical manufacturing companies shall pay such assessed amount multiplied by the ratio
1118 of the pharmaceutical manufacturing company's gross sales of outpatient prescription drugs
1119 dispensed in the commonwealth or similar measure determined by the center consistent with
1120 applicable federal requirements.

1121 To fund the operations of the licensure of pharmacy benefit managers to the maximum
1122 extent allowed by federal law and to the extent that the assessment will not result in any
1123 reduction of federal financial participation in Medicaid, the assessed amount for pharmacy
1124 benefit managers shall be not less than 25 per cent of the amount appropriated by the general
1125 court for the expenses of the center minus amounts collected from: (i) filing fees; (ii) fees and
1126 charges generated by the center's publication or dissemination of reports and information; and
1127 (iii) federal matching revenues received for these expenses or received retroactively for expenses
1128 of predecessor agencies. Pharmacy benefit managers shall pay such assessed amount multiplied
1129 by the ratio of the pharmacy benefit manager's gross revenue related to outpatient prescription
1130 drugs dispensed in the commonwealth or similar measure determined by the center consistent
1131 with applicable federal requirements. In no event may this assessment, when combined with the
1132 assessment of pharmacy benefit managers in section 6 of chapter 6D and the pharmacy benefit
1133 manager licensing fee in section 2 of chapter 176Y, exceed the commonwealth's estimated
1134 expense in operating the pharmacy benefit manager licensure program. Each pharmaceutical
1135 manufacturing company and each pharmacy benefit manager shall make a preliminary payment
1136 to the center on October 1 of each year in an amount equal to 1/2 of the initial year's and,
1137 subsequently, the previous year's total assessment. Thereafter, each pharmaceutical

1138 manufacturing company and each pharmacy benefit manager shall pay, within 30 days' notice
1139 from the center, the balance of the total assessment for the current year as determined by the
1140 center.

1141 SECTION 55. Section 8 of said chapter 12C, as so appearing, is hereby amended by
1142 inserting after the word "entities", in line 5, the following words:- , including, but not limited to,
1143 private equity firms, real estate investment trusts and management services organizations.

1144 SECTION 56. Said section 8 of said chapter 12C, as so appearing, is hereby further
1145 amended by inserting after the word "statements", in line 23, the following words:- , including
1146 the audited financial statements of the parent organization's out-of-state operations, private
1147 equity firms, real estate investment trusts and management services organizations,.

1148 SECTION 57. Said section 8 of said chapter 12C, as so appearing, is hereby further
1149 amended by striking out, in line 49, the words "and (6)" and inserting in place thereof the
1150 following words:- (6) investments; and (7) information on any relationships with private equity
1151 firms, real estate investment trusts and management services organizations; and (8).

1152 SECTION 58. Said chapter 12C is hereby further amended by striking out section 9, as so
1153 appearing, and inserting in place thereof the following section:-

1154 Section 9. (a) The center, in consultation with the commission, shall promulgate
1155 regulations to require that provider organizations registered under section 11 of chapter 6D
1156 annually report the data as the center considers necessary to better protect the public interest in
1157 monitoring the financial conditions, organizational structure, business practices, clinical services
1158 and market share of each registered provider organization. The center may assess administrative
1159 fees on provider organizations in an amount to help defray the center's costs in complying with

1160 this section. The center may specify in regulations uniform reporting standards and reporting
1161 thresholds as it determines necessary.

1162 (b) The center shall require registered provider organizations to report information
1163 necessary to achieve the goals described in subsection (a), which may include, but shall not be
1164 limited to: (i) organizational charts showing the ownership, governance and operational structure
1165 of the provider organization, including any clinical affiliations and community advisory boards;
1166 (ii) the number of affiliated health care professional full-time equivalents by license type,
1167 specialty, name and address of practice locations and whether the professional is employed by
1168 the organization; (iii) the name and address of licensed facilities by license number, license type
1169 and capacity in each major service category; (iv) the name, address and capacity of all other
1170 locations where the provider organization, or any of its affiliates, delivers health care services,
1171 including those services listed in paragraph (4) of subsection (a) of section 22 of chapter 6D; (v)
1172 counts and capacity estimates of health care equipment as defined by the center, including
1173 imaging equipment; (vi) a comprehensive financial statement, including information on parent
1174 entities, including their out-of-state operations, and corporate affiliates, including private equity
1175 firms, real estate investment trusts and management services organizations, as applicable, and
1176 including details regarding annual costs, annual receipts, realized capital gains and losses,
1177 accumulated surplus and accumulated reserves; (vii) information on stop-loss insurance and any
1178 non-fee-for-service payment arrangements; (viii) information on clinical quality, care
1179 coordination and patient referral practices; (ix) information regarding expenditures and funding
1180 sources for payroll, teaching, research, advertising, taxes or payments-in-lieu-of-taxes and other
1181 non-clinical functions; (x) information regarding charitable care and community benefit
1182 programs; (xi) for any risk-bearing provider organization, a certificate from the division of

1183 insurance under chapter 176U; (xii) information regarding other assets and liabilities that may
1184 affect the financial condition of the provider organization or the provider organization's
1185 facilities, including, but not limited to, real estate sale-leaseback arrangements with real estate
1186 investment trusts; and (xiii) such other information as the center considers appropriate as set
1187 forth in the center's regulations; provided, however, that the center shall coordinate with the
1188 commission and the division of insurance to obtain information directly from the commission;
1189 provided further, that the center shall consider the administrative burden of reporting when
1190 developing reporting requirements. The center may, in consultation with the division of
1191 insurance and the commission, merge similar reporting requirements where appropriate. The
1192 center, in its discretion, may specify additional data elements in a given reporting year to support
1193 the development of the state health plan or the focused assessments defined in said section 22 of
1194 said chapter 6D.

1195 (c) Annual reporting shall be in a form provided by the center. The center shall
1196 promulgate regulations that define criteria for waivers from certain annual reporting
1197 requirements under this section. Criteria for waivers may include operational size of the provider
1198 organization, the provider organization's annual net patient service revenue, the degree of risk
1199 assumed by the provider organization and other criteria as the center considers appropriate.

1200 (d) Notwithstanding the annual reporting requirements under this section, the center may
1201 require in writing, at any time, additional information that is reasonable and necessary to
1202 determine the financial condition, organizational structure, business practices, clinical services or
1203 market share of a registered provider organization.

1204 (e) The center shall develop and maintain an inventory of health care resources on its
1205 website in a form usable by the public; provided, that the extracts must include information on

1206 the geographic distribution of clinicians, facilities, equipment or any other health care resources.
1207 Such inventory shall be derived from all available data, including, but not limited to, data
1208 collected under this section and data collected by other state agencies. Agencies that license,
1209 register, regulate or otherwise collect cost, quality or other data concerning health care resources
1210 shall provide the center and the commission such data and information necessary to develop and
1211 maintain the inventory required by this this section.

1212 (f) The center may enter into interagency agreements with the commission and other state
1213 agencies to effectuate the goals of this section.

1214 (g)(1) The center shall also collect and analyze such data as it considers necessary to
1215 protect the public interest in monitoring financial conditions of registered provider organizations
1216 and compliance with subsection (a) of section 23 of chapter 6D by registered provider
1217 organizations with private equity investment. To effectuate this subsection, the center may: (i)
1218 modify uniform reporting requirements; (ii) require registered provider organizations with
1219 private equity investment to report required information quarterly; (iii) require relevant
1220 information from private equity firms and their affiliates; and (iv) communicate confidentially
1221 with registered provider organizations as the center deems necessary.

1222 (2) The information shall be analyzed on an industry-wide and provider-specific basis
1223 and shall include, but not be limited to: (i) gross and net patient service revenues; (ii) sources of
1224 revenue; (iii) total payroll as a per cent of operating expenses and the salary and benefits of the
1225 top 10 highest compensated employees, identified by position description and specialty; and (iv)
1226 other relevant measures of financial health or distress.

1227 (3) The center shall publish annual reports and establish a continuing program of
1228 investigation and study of financial trends among registered provider organizations, including an

1229 analysis of systemic instabilities or inefficiencies that contribute to financial distress. The reports
1230 shall include an identification and examination of: (i) registered provider organizations that the
1231 center considers to be in financial distress, including any at risk of closing or discontinuing
1232 essential health services, as defined by the department of public health under section 51G of
1233 chapter 111, as a result of financial distress; and (ii) registered provider organizations with
1234 private equity investment that have violated subsection (a) of section 23 of chapter 6D. The
1235 center may provide this information in the report it produces pursuant to subsection (c) of section
1236 8.

1237 (4) The center shall refer to the commission any provider in which a private equity firm
1238 has a financial interest that has violated subsection (a) of section 23 of chapter 6D.

1239 SECTION 59. Section 10 of said chapter 12C, as so appearing, is hereby amended by
1240 inserting after the word “of”, in line 21, the following words:- communities and purchaser.

1241 SECTION 60. Subsection (b) of said section 10 of chapter 12C, as so appearing, is
1242 hereby further amended by striking out clause (8) and inserting in place thereof the following
1243 clause:-

1244 (8) relative prices paid to every hospital or physician group in the payer’s network, by
1245 type of provider, with hospital inpatient and outpatient prices listed separately and product type,
1246 including health maintenance organization and preferred provider organization products.

1247 SECTION 61. Said subsection (b) of said section 10 of said chapter 12C, as so appearing,
1248 is hereby further amended by striking out, in lines 56 to 61, inclusive, the words “and (11) a
1249 comparison of relative prices for the payer’s participating health care providers by provider type
1250 which shows the average relative price, the extent of variation in price, stated as a percentage,
1251 and identifies providers who are paid more than 10 per cent, 15 per cent and 20 per cent above

1252 and more than 10 per cent, 15 per cent and 20 per cent below the average relative price” and
1253 inserting in place thereof the following words:- (11) information about prescription drug
1254 utilization and spending for all covered drugs, including for generic drugs, brand-name drugs and
1255 specialty drugs provided in an inpatient or outpatient setting or sold in a retail setting, including,
1256 but not limited to, information sufficient to show the: (i) highest utilization drugs, (ii) drugs with
1257 the greatest increases in utilization, (iii) drugs that are most impactful on plan spending, net of
1258 rebates, (iv) drugs with the highest year-over-year price increases, net of rebates, and (v) drugs
1259 with the highest cost per prescription both gross and net of rebates; (12) information on clinical
1260 quality, care coordination and patient referral practices; and (13) a comparison of relative prices
1261 for the payer’s participating health care providers by provider type, which shows the average
1262 relative price and the extent of variation in price and identifies providers who are paid more than
1263 10 per cent, 15 per cent and 20 per cent above and more than 10 per cent, 15 per cent and 20 per
1264 cent below the average relative price.

1265 SECTION 62. Subsection (c) of said section 10 of said chapter 12C, as so appearing. is
1266 hereby amended by striking out clause (8) and inserting in place thereof the following clause:-

1267 (8) relative prices paid to every hospital or physician group in the payer’s network, by
1268 type of provider, with hospital inpatient and outpatient prices listed separately and product type,
1269 including health maintenance organization and preferred provider organization products.

1270 SECTION 63. Said subsection (c) of said section 10 of said chapter 12C, as so appearing,
1271 is hereby further amended by striking out, in lines 99 to 104, inclusive, the words “and (11) a
1272 comparison of relative prices for the payer’s participating health care providers by provider type
1273 which shows the average relative price, the extent of variation in price, stated as a percentage and
1274 identifies providers who are paid more than 10 per cent, 15 per cent and 20 per cent above and

1275 more than 10 per cent, 15 per cent and 20 per cent below the average relative price” and inserting
1276 in place thereof the following words:- (11) information about prescription drug utilization and
1277 spending for all covered drugs, including for generic drugs, brand-name drugs and specialty
1278 drugs provided in an inpatient or outpatient setting or sold in a retail setting, including, but not
1279 limited to, information sufficient to show the: (i) highest utilization drugs, (ii) drugs with the
1280 greatest increases in utilization, (iii) drugs that are most impactful on plan spending, net of
1281 rebates, (v) drugs with the highest year-over-year price increases, net of rebates, and (v) drugs
1282 with the highest cost per prescription, both gross and net of rebates; (12) information on clinical
1283 quality, care coordination and patient referral practices; and (13) a comparison of relative prices
1284 for the payer’s participating health care providers by provider type, which shows the average
1285 relative price and the extent of variation in price and identifies providers who are paid more than
1286 10 per cent, 15 per cent and 20 per cent above and more than 10 per cent, 15 per cent and 20 per
1287 cent below the average relative price.

1288 SECTION 64. Said chapter 12C is hereby amended by inserting after section 10 the
1289 following section:-

1290 Section 10A. (a) The center shall promulgate regulations necessary to ensure the uniform
1291 annual reporting of information from pharmacy benefit managers certified under chapter 176Y,
1292 including, but not limited to, data from the most recent calendar year detailing: (i) all discounts,
1293 including the total dollar amount and percentage discount and rebates received from a
1294 manufacturer for each drug on the pharmacy benefit manager's formularies; (ii) the total dollar
1295 amount of all discounts and rebates that are retained by the pharmacy benefit manager for each
1296 drug on the pharmacy benefit manager's formularies; (iii) actual total reimbursement amounts for
1297 each drug the pharmacy benefit manager pays retail pharmacies after all direct and indirect

1298 administrative and other fees that have been retrospectively charged to the pharmacies are
1299 applied; (iv) the negotiated price health plans pay the pharmacy benefit manager for each drug
1300 on the pharmacy benefit manager's formularies; (v) the amount, terms and conditions relating to
1301 copayments, reimbursement options and other payments or fees associated with a prescription
1302 drug benefit plan; and (vi) disclosure of any ownership interest the pharmacy benefit manager
1303 has in a pharmacy or health plan with which it conducts business or any corporate affiliation
1304 between the pharmacy benefit manager and the pharmacy or health plan with which it conducts
1305 business; provided, however, that the center may examine or audit the financial records of a
1306 pharmacy benefit manager for purposes of ensuring the information submitted pursuant to
1307 regulations promulgated under this section is accurate.

1308 (b) The center shall analyze the information and data collected under subsection (a) and
1309 shall publish an annual report summarizing, at minimum, the information collected under said
1310 subsection (a) and comparing the information as it relates to pharmacy benefit managers certified
1311 under chapter 176Y with respect to drugs provided to residents of the commonwealth.

1312 (c) Except as specifically provided otherwise by the center or under this chapter,
1313 pharmacy benefit manager data collected by the center under this section shall not be a public
1314 record under clause Twenty-sixth of section 7 of chapter 4 or chapter 66. The center may
1315 confidentially provide pharmacy benefit manager data collected by the center under this section
1316 to the health policy commission.

1317 SECTION 65. Said chapter 12C is hereby further amended by striking out section 11, as
1318 appearing in the 2022 Official Edition, and inserting in place thereof the following section:-

1319 Section 11. The center shall ensure the timely reporting of information required under
1320 sections 8 to 10, inclusive. The center shall notify entities required to submit data under this

1321 chapter of any applicable reporting deadlines. The center shall notify, in writing, an entity, other
1322 than a public payer required to submit data under this chapter, which has failed to meet a
1323 reporting deadline and that failure to respond within 2 weeks of the receipt of the notice may
1324 result in penalties. The center may assess a penalty against an entity other than a public health
1325 care payer required to submit data under this chapter that fails, without just cause, to provide the
1326 requested information within 2 weeks following receipt of the written notice required under this
1327 paragraph, of not more than \$25,000 per week for each week of delay after the 2-week period
1328 following the reporting entity's receipt of the written notice. Amounts collected under this
1329 section shall be deposited in the Healthcare Payment Reform Fund, established under section 100
1330 of 194 of the acts of 2011. The center shall notify the commission and the department of public
1331 health if a provider or provider organization fails to timely report in accordance with this section,
1332 or if the center has assessed a penalty under this section. Such notification shall be considered by
1333 the commission in a cost and market impact review under section 13 of chapter 6D, and by the
1334 department in determining licensure and suitability in accordance with section 51 of chapter 111
1335 and for a determination of need under section 25C of said chapter 111.

1336 SECTION 66. Section 12 of said chapter 12C, as so appearing, is hereby amended by
1337 adding the following subsection:-

1338 (c) Notwithstanding any general or special law to the contrary, a provider, private health
1339 care payer, public health care payer, agency, department, division, commission, board, authority
1340 or other public or quasi-public entity in the commonwealth that collects patient information,
1341 including personal data as defined in section 1 of chapter 66A, shall, upon a request from the
1342 center, provide such data to the center for any purpose consistent with this chapter; provided,
1343 however, that the disclosure of such information shall be in compliance with federal law.

1344 SECTION 67. Said chapter 12C is hereby further amended by striking out section 14, as
1345 so appearing, and inserting in place thereof the following section:-

1346 Section 14. (a)(1) Not later than March 1 in each even-numbered year, the center, in
1347 consultation with the statewide advisory committee established pursuant to subsection (c), shall
1348 establish a standard set of measures of health care provider quality and health system
1349 performance, hereinafter referred to as the “standard quality measure set”, for use in: (i) contracts
1350 between payers, including between the commonwealth and carriers and between health care
1351 providers, provider organizations and accountable care organizations, which incorporate quality
1352 measures into payment terms, including the designation of a set of core measures and a set of
1353 non-core measures; (ii) assigning tiers to health care providers in the design of any health plan;
1354 (iii) consumer transparency websites and other methods of providing consumer information; (iv)
1355 monitoring system-wide performance; and (v) reducing provider administrative burden related to
1356 quality measure reporting.

1357 (2) The standard quality measure set shall designate: (i) core measures that shall be used
1358 in contracts that incorporate quality measures into payment terms between payers, including the
1359 commonwealth and carriers, and health care providers, including provider organizations and
1360 accountable care organizations, and shall meet the core criteria set by the statewide advisory
1361 committee pursuant to paragraph (3) of subsection (c); and (ii) a menu of non-core measures that
1362 may be used in such contracts. The standard quality measure set shall allow for innovation and
1363 the development of outcome measures for quality and safety. If the standard quality measure set
1364 established by the center differs from the recommendations of the statewide advisory committee,
1365 the center shall issue a written report detailing each area of disagreement and the rationale for the
1366 center’s decision.

1367 (b) The center shall develop uniform reporting requirements for the standard quality
1368 measure set for each health care provider facility, medical group or provider group in the
1369 commonwealth; provided, however, that the center shall prioritize the development of uniform
1370 reporting requirements for primary care and behavioral health providers; and provided further,
1371 that the uniform reporting requirements shall not increase provider administrative burden related
1372 to quality measure reporting.

1373 (c)(1) The center shall convene a statewide advisory committee which shall make
1374 recommendations for the standard quality measure set to: (i) ensure consistency in the use of
1375 quality and safety measures in contracts between payers, including the commonwealth and
1376 carriers, and health care providers in the commonwealth; (ii) ensure consistency in methods for
1377 the assignment of tiers to providers in the design of any health plan; (iii) improve quality and
1378 safety of care; (iv) improve transparency for consumers and employers; (v) improve health
1379 system monitoring and oversight by relevant state agencies; and (vi) reduce administrative
1380 burdens.

1381 (2) The statewide advisory committee shall consist of commissioner of insurance or a
1382 designee, who shall serve as co-chair; the executive director of the health policy commission, or
1383 their designee, who shall serve as co-chair; the executive director of the center; the executive
1384 director of the Betsy Lehman center for patient safety and medical error reduction; the executive
1385 director of the group insurance commission; the secretary of elder affairs; the assistant secretary
1386 for MassHealth; the commissioner of the department of public health; the commissioner of the
1387 department of mental health; and 11 members who shall be appointed by the governor, 1 of
1388 whom shall be a representative of Massachusetts Health and Hospital Association, Inc., 1 of
1389 whom shall be a representative of the Massachusetts League of Community Health Centers, Inc.,

1390 1 of whom shall be a representative the Massachusetts Medical Society, 1 of whom shall be a
1391 registered nurse licensed to practice in the commonwealth who practices in a patient care setting,
1392 1 of whom shall be a representative of a labor organization representing health care workers, 1 of
1393 whom shall be a behavioral health provider, 1 of whom shall be a long-term supports and
1394 services provider, 1 of whom shall be a representative of Blue Cross and Blue Shield of
1395 Massachusetts, Inc., 1 of whom shall be a representative of Massachusetts Association of Health
1396 Plans, Inc., 1 of whom shall be a representative of a specialty pediatric provider and 1 of whom
1397 shall be a representative of consumers. Members appointed to the statewide advisory committee
1398 shall have experience with and expertise in health care quality measurement.

1399 (3) The statewide advisory committee shall meet quarterly to develop recommendations
1400 for the core measure and non-core measures to be adopted in the standard quality measure set for
1401 use in: (i) contracts between payers, including the commonwealth and carriers, and health care
1402 providers, provider organizations and accountable care organizations, including the designation
1403 of a set of core measures and a set of non-core measures; (ii) assigning tiers to health care
1404 providers in the design of any health plan; (iii) consumer transparency websites and other
1405 methods of providing consumer information; (iv) monitoring system-wide performance; and (v)
1406 reducing provider administrative burdens related to quality measure reporting.

1407 (4) In developing its recommendations for the standard quality measure set, the statewide
1408 advisory committee shall incorporate recognized quality and safety measures including, but not
1409 limited to, measures used by the Centers for Medicare and Medicaid Services, the group
1410 insurance commission, carriers and providers and provider organizations in the commonwealth
1411 and other states, as well as other valid measures of health care provider performance and
1412 outcomes, including patient-reported outcomes and functional status, patient experience, health

1413 disparities and population health. The statewide advisory committee shall consider measures
1414 applicable to primary care providers, specialists, hospitals, provider organizations, accountable
1415 care organizations, oral health providers and other types of providers and measures applicable to
1416 different patient populations.

1417 (5) Not later than January 1 in each even-numbered year, the statewide advisory
1418 committee shall submit to the center its recommendations on the core measures and non-core
1419 measures to be adopted, changed or updated by the center in the standard quality measure set,
1420 along with a report in support of its recommendations.

1421 SECTION 68. Section 15 of said chapter 12C, as so appearing, is hereby amended by
1422 striking out, in line 4, the word “injury” and inserting in place thereof the following word:- harm.

1423 SECTION 69. Said section 15 of said chapter 12C, as so appearing, is hereby further
1424 amended by striking out the definition of “Board” and inserting in place thereof the following 3
1425 definitions:-

1426 “Agency”, an agency of the executive branch of the commonwealth including, but not
1427 limited to, a constitutional or other office, executive office, department, division, bureau, board,
1428 commission or committee thereof, or any authority created by the general court to serve a public
1429 purpose, having either statewide or local jurisdiction.

1430 “Board”, the patient safety and medical errors reduction board.

1431 “Healthcare-associated infection”, an infection that a patient acquires during the course of
1432 receiving treatment for other conditions within a health care setting.

1433 SECTION 70. Said section 15 of said chapter 12C, as so appearing, is hereby further
1434 amended by inserting after the definition of “Patient safety” the following definition:-

1435 “Patient safety information”, data and information related to patient safety, including
1436 adverse events, incidents, medical errors or health care-associated infections, that is collected or
1437 maintained by agencies.

1438 SECTION 71. Said section 15 of said chapter 12C, as so appearing, is hereby further
1439 amended by striking out subsection (f) and inserting in place thereof the following 3
1440 subsections:-

1441 (f) Notwithstanding any general or special law to the contrary, the Lehman center and
1442 any agency, provider organization, department, division, commission, board, authority or other
1443 public or quasi-public entity in the commonwealth that collects or maintains patient safety
1444 information may transmit such information, including personal data as defined in section 1 of
1445 chapter 66A, to each other, and shall transmit such information to the Lehman center upon
1446 request from the Lehman center; provided, however, that transmission of such information shall
1447 be governed by an agreement, which may be an interagency service agreement, between the
1448 party transmitting the information and the Lehman center; provided further, that such agreement
1449 shall provide for any safeguards necessary to protect the privacy and security of the information;
1450 and provided further, that the transmission of such information shall be in compliance with
1451 federal law.

1452 (g) The Lehman center may adopt rules and regulations necessary to carry out the
1453 purpose of this section. The Lehman center may contract with any federal, state or municipal
1454 entity or other public institution or with any private individual, partnership, firm, corporation,
1455 association or other entity to manage its affairs or carry out the purpose of this section.

1456 (h) The Lehman center shall report annually to the joint committee on health care
1457 financing regarding the progress made in improving patient safety and medical error reduction.

1458 The Lehman center may seek federal and foundation support to supplement state resources to
1459 carry out the Lehman center’s patient safety and medical error reduction goals.

1460 SECTION 72. Section 16 of said chapter 12C, as so appearing, is hereby amended by
1461 inserting after the word “publish”, in line 1, the following words:- , for the most recently
1462 concluded benchmark cycle, .

1463 SECTION 73. Said section 16 of said chapter 12C, as so appearing, is hereby further
1464 amended by inserting after the word “submitted”, in line 2, the following words:- for that
1465 benchmark cycle .

1466 SECTION 74. Said section 16 of said chapter 12C, as so appearing, is hereby further
1467 amended by striking out, in line 7, the word “benchmark” and inserting in place thereof the
1468 following words:- and affordability benchmarks.

1469 SECTION 75. Said section 16 of said chapter 12C, as so appearing, is hereby further
1470 amended by striking out, in line 8, the words “section 9” and inserting in place thereof the
1471 following words:- sections 9 and 9A.

1472 SECTION 76. Said section 16 of said chapter 12C, as so appearing, is hereby further
1473 amended by striking out, in line 43, the words “and (12)” and inserting in place thereof the
1474 following words:- (12) a standard set of measures of health care affordability in the
1475 commonwealth, including family health care expenditures and an annual index of how such
1476 health care costs compare to the health care affordability benchmark set under section 9A of
1477 chapter 6D; and (13).

1478 SECTION 77. Said chapter 12C of the General Laws is hereby amended by striking out
1479 sections 17 and 18, as so appearing, and inserting in place thereof the following 2 sections:-

1480 Section 17. The attorney general may review and analyze any information submitted to
1481 the center by a provider, provider organization, private equity firm, real estate investment trust,
1482 management services organization, pharmaceutical manufacturing company, pharmacy benefit
1483 manager or payer pursuant to sections 8, 9 and 10 of this chapter, and to the commission under
1484 section 8 of chapter 6D. The attorney general may require that such entities produce documents,
1485 answer interrogatories and provide testimony under oath related to health care costs and cost
1486 trends, factors that contribute to cost growth within the commonwealth's health care system and
1487 the relationship between provider costs and payer premium rates. The attorney general shall keep
1488 confidential all nonpublic information and documents obtained under this section and shall not
1489 disclose the information or documents to any person without the consent of the entity that
1490 produced the information or documents; provided, however, that the attorney general may
1491 disclose such information or documents during (i) the annual hearing conducted under section 8
1492 of chapter 6D, (ii) a rate hearing before the health insurance bureau, or (iii) in a case brought by
1493 the attorney general, if the attorney general believes that such disclosure will promote the health
1494 care cost containment goals of the commonwealth and that the disclosure would be in the public
1495 interest after taking into account any privacy, trade secret or anti-competitive considerations. The
1496 confidential information and documents shall not be public records and shall be exempt from
1497 disclosure under clause Twenty-sixth of section 7 of chapter 4 or section 10 of chapter 66.

1498 Section 18. (a) The center shall perform ongoing analysis of data it receives under this
1499 chapter to identify any health care entity whose: (1) contribution to health care spending levels
1500 and growth, including but not limited to, spending levels and growth as measured by health-
1501 status adjusted total medical expense or total medical expense, is considered excessive and who
1502 threaten the ability of the state to meet the health care cost growth benchmark established by the

1503 commission under section 9 of chapter 6D; provided further, that the center shall identify cohorts
1504 for similar health care entities and establish differential standards for excessive growth rates
1505 within the health care cost growth benchmark established by the commission under section 9 of
1506 chapter 6D, based on factors which may include, but are not limited to, a health care entity's
1507 spending, pricing levels and payer mix; or (2) data is not submitted to the center in a proper,
1508 timely or complete manner.

1509 (b) The center shall confidentially provide a list of the health care entities to the
1510 commission such that the commission may pursue further action under section 10 of chapter 6D.
1511 Confidential referrals under this section shall not preclude the center from using its authority to
1512 assess penalties for noncompliance under section 11.

1513 SECTION 78. Section 10 of chapter 13 of the General Laws, as so appearing, is hereby
1514 amended by striking out the last paragraph and inserting in place thereof the following
1515 paragraph:-

1516 The board may: (i) adopt, amend and rescind such rules and regulations as it deems
1517 necessary to carry out this chapter subject to the approval of the commissioner of public health;
1518 (ii) make contracts and arrangements for the performance of administrative and similar services
1519 required or appropriate in the performance of the duties of the board; and (iii) adopt and make
1520 public rules of procedure and other regulations not inconsistent with other provisions of the
1521 General Laws. The commissioner of public health shall appoint an executive director and a legal
1522 counsel for the board.

1523 SECTION 79. Said chapter 13 is hereby further amended by striking out section 10A, as
1524 so appearing, and inserting in place thereof the following section:-

1525 Section 10A. The commissioner of public health shall review and approve any rule or
1526 regulation proposed by the board of registration in medicine pursuant to section 10. Such rule or
1527 regulation shall be deemed disapproved unless approved within 60 days of submission to the
1528 commissioner pursuant to said section 10.

1529 SECTION 80. Chapter 26 of the General Laws is hereby amended by striking out section
1530 7A, as so appearing, and inserting in place thereof the following section:-

1531 Section 7A. (a) As used in this section, the following words shall, unless the context
1532 clearly requires otherwise, have the following meanings:-

1533 “Bureau”, health insurance bureau.

1534 “Deputy commissioner”, the deputy commissioner of the health insurance bureau.

1535 “Health benefit plan”, any individual, general, blanket or group policy of health, accident
1536 and sickness insurance issued by an insurer licensed under chapter 175; an individual or group
1537 hospital service plan issued by a non-profit hospital service corporation under chapter 176A; an
1538 individual or group medical service plan issued by a nonprofit medical service corporation under
1539 chapter 176B; an individual or group health maintenance contract issued by a health maintenance
1540 organization under chapter 176G, and a dental service plan offered by a dental service
1541 corporation under chapter 176E. Health benefit plans shall not include: (i) accident only, credit
1542 only, limited scope vision if offered separately; (ii) hospital indemnity insurance policies that
1543 provide a benefit to be paid to an insured or a dependent, including the spouse of an insured, on
1544 the basis of a hospitalization of the insured or a dependent, that are sold as a supplement and not
1545 as a substitute for a health benefit plan and that meet any requirements set by the commissioner
1546 by regulation; (iii) disability income insurance; (iv) coverage issued as a supplement to liability
1547 insurance; (v) specified disease insurance that is purchased as a supplement and not as a

1548 substitute for a health plan and meets any requirements the commissioner by regulation may set;
1549 (vi) insurance arising out of a workers' compensation law or similar law; (vii) automobile
1550 medical payment insurance; (viii) insurance under which benefits are payable with or without
1551 regard to fault and which is statutorily required to be contained in a liability insurance policy or
1552 equivalent self-insurance; (ix) long-term care if offered separately; (x) coverage supplemental to
1553 the coverage provided under 10 U.S.C. 55 if offered as a separate insurance policy; (xi) travel
1554 insurance; or (xii) any policy subject to chapter 176K or any similar policies issued on a group
1555 basis, Medicare Advantage plans or Medicare Prescription drug plans. A health plan issued,
1556 renewed or delivered within or without the commonwealth to an individual who is enrolled in a
1557 qualifying student health insurance program under section 18 of chapter 15A shall not be
1558 considered a health plan for the purposes of this chapter and shall be governed by said chapter
1559 15A; provided, however, that travel insurance for the purpose of this chapter is insurance
1560 coverage for personal risks incident to planned travel, including, but not limited to: (A)
1561 interruption or cancellation of trip or event; (B) loss of baggage or personal effects; (C) damages
1562 to accommodations or rental vehicles; or (D) sickness, accident, disability or death occurring
1563 during travel, provided, however, that the health benefits are not offered on a stand-alone basis
1564 and are incidental to other coverages; and provided further, that the term "travel insurance" shall
1565 not include major medical plans, which provide comprehensive medical protection for travelers
1566 with trips lasting 6 months or longer, including for example, those working overseas as ex-patriot
1567 or military personnel being deployed.

1568 "Rate review", any examination performed by the deputy commissioner of the aggregate
1569 rates of payment pursuant to sections 5, 6 and 10 of chapter 176A; section 4 of chapter 176B;
1570 section 16 of chapter 176G; section 6 of chapter 176J; and section 7 of chapter 176K.

1571 (b) There shall be within the division of insurance a health insurance bureau overseen by
1572 a deputy commissioner, whose duties shall include, but not be limited to, rate review of premium
1573 rates for health benefit plans offered, issued or renewed in the commonwealth, administration of
1574 the division's statutory and regulatory authority for oversight of the small group and individual
1575 health insurance market, oversight of affordable health plans, including coverage for young
1576 adults, as well as the dissemination of appropriate information to consumers about health
1577 insurance coverage and access to affordable products. The deputy commissioner shall: (i) protect
1578 the interests of consumers of health insurance; (ii) encourage fair treatment of health care
1579 providers by health insurers; (iii) enhance equity, access, quality and affordability in the health
1580 care system; (iv) guard the solvency of health insurers; (v) work cooperatively with the health
1581 policy commission and the center for health information and analysis to monitor health care
1582 spending; and (vi) consider affordability of health insurance products during rate review.

1583 (c) The deputy commissioner shall develop affordability standards to consider during rate
1584 review; provided, however, that the deputy commissioner's review of a carrier's rates shall
1585 adhere to principles of solvency and actuarial soundness. Such standards shall consider factors
1586 including, but not limited to: (i) affordability for consumers, including the totality of costs paid
1587 by consumers of health insurance for covered benefits including, but not limited to, the enrollee's
1588 share of premium, out-of-pocket maximum amounts, deductibles, copays, coinsurance and other
1589 forms of cost sharing for health insurance coverage; (ii) affordability for purchasers, including
1590 the totality of costs paid by purchasers of health insurance including, but not limited to, premium
1591 costs, actuarial value of coverage for covered benefits and the value delivered on health care
1592 spending in terms of improved quality and cost efficiency; and (iii) the impact of proposed rates
1593 on the commonwealth's performance against the health care cost growth benchmark established

1594 in section 9 of chapter 6D and the affordability benchmark established in section 9A of said
1595 chapter 6D.

1596 (d) The deputy commissioner shall review data and documents submitted to the division,
1597 including, but not limited to, any materials submitted as part of rate reviews, to examine the
1598 causes of premium rate increases and excessive provider price variation.

1599 (e) The commissioner shall appoint, at a minimum, the following employees to the
1600 bureau: a deputy commissioner, a general counsel, a chief health economist, a chief actuary, a
1601 chief research analyst and a chief examiner. The appointed employees shall devote their full time
1602 to the duties of their offices, shall be exempt from chapters 30 and 31 and shall serve at the
1603 pleasure of the commissioner. The commissioner may appoint and remove additional employees,
1604 including, but not limited to, a first deputy, economists, analysts, examiners, assistant actuaries,
1605 inspectors, clerks and other assistants as the work of the division may require. Such additional
1606 employees shall perform such duties as the commissioner may prescribe.

1607 (f) The commissioner shall make and collect an assessment against the carriers licensed
1608 under chapters 175, 176A, 176B, 176E, 176F and 176G to pay for the expenses of the bureau.
1609 The assessment shall be at a rate sufficient to produce \$1,000,000 annually. In addition to that
1610 amount, the assessment shall include an amount to be credited to the General Fund which shall
1611 be equal to the total amount of funds estimated by the secretary of administration and finance to
1612 be expended from the General Fund for indirect and fringe benefit costs attributable to the
1613 personnel costs of the bureau. The assessment shall be allocated on a fair and reasonable basis
1614 among all carriers licensed under said chapters. The funds produced by the assessments shall be
1615 expended by the bureau, in addition to any other funds which may be appropriated, to assist in
1616 defraying the general operating expenses of the division and may be used to compensate

1617 consultants retained by the bureau. A carrier licensed under said chapters shall pay the amount
1618 assessed against it within 30 days after the date of the notice of assessment from the
1619 commissioner.

1620 (g) Notwithstanding any general or special law to the contrary, carriers offering health
1621 benefit plans, including carriers licensed under chapter 175, 176A, 176B or 176G, shall annually
1622 file a summary of negotiated rate increases for their largest providers, by provider group to the
1623 bureau. The deputy commissioner shall confidentially provide such information to the health
1624 policy commission.

1625 Rates of reimbursement or rate increases submitted for review by the bureau under this
1626 section shall be deemed confidential and exempt from the definition of public records in clause
1627 Twenty-sixth of section 7 of chapter 4 or section 10 of chapter 66. The deputy commissioner
1628 shall adopt regulations to carry out this section.

1629 SECTION 81. Subsection (b) of section 7H½ of chapter 29 of the General Laws, as so
1630 appearing, is hereby amended by striking out the first sentence and inserting in place thereof the
1631 following sentence:- Annually, not later than January 15, the secretary of administration and
1632 finance shall meet with the house and senate committees on ways and means and shall jointly
1633 develop a growth rate of potential gross state product for the calendar year that will begin 2 years
1634 following the calendar year in which the January 15 date occurs, which shall be agreed to by the
1635 secretary and the committees.

1636 SECTION 82. Section 9-609 of chapter 106 of the General Laws, as so appearing, is
1637 hereby amended by adding the following subsection:-

1638 (d) Notwithstanding subsection (a), in the case of a debtor that is a hospital licensed by
1639 the department of public health under section 51 of chapter 111 and collateral that is a medical

1640 device, a secured party shall send notice to the debtor and the department of public health not
1641 less than 90 days prior to taking possession of the collateral, rendering equipment unusable or
1642 disposing of the collateral on the debtor's premises pursuant to subsection (a). For the purposes
1643 of this subsection, "medical device" shall have the same meaning as that term is defined in
1644 section 1 of chapter 111N.

1645 SECTION 83. Section 1 of chapter 111 of the General Laws, as so appearing, is hereby
1646 amended by inserting after the definition "Nuclear reactor" the following definition:-

1647 "Party of record", during the pendency of an application for a determination of need, an
1648 applicant for a determination of need, the attorney general, the center for health information and
1649 analysis, the health policy commission, any government agency with relevant oversight or
1650 licensure authority over the proposed project or components therein or any 10 taxpayers of the
1651 commonwealth organized as a group.

1652 SECTION 84. Section 25A of said chapter 111, as so appearing, is hereby amended by
1653 striking out the first 5 paragraphs.

1654 SECTION 85. Section 25C of said chapter 111, as so appearing, is hereby amended by
1655 striking out subsections (g) to (j), inclusive, and inserting in place thereof the following 4
1656 subsections:-

1657 (g) The department, in making any determination of need, shall: (i) assess both the
1658 applicant and the proposed project; (ii) be guided by the state health plan and focused health
1659 assessments pursuant to section 22 of chapter 6D and the health care resources inventory
1660 pursuant to section 9 of chapter 12C; (iii) encourage appropriate allocation of private and public
1661 health care resources and the development of alternative or substitute methods of delivering
1662 health care services so that adequate health care services will be made reasonably available to

1663 every person within the commonwealth at the lowest reasonable aggregate cost; (iv) be guided
1664 by the commonwealth's cost containment and affordability goals; (v) assess the impacts on the
1665 applicant's patients and on other residents of the commonwealth, including, but not limited to,
1666 considerations of health equity and the workforce of surrounding health care providers; and (vi)
1667 take into account any comments and relevant data from the center for health information and
1668 analysis, the health policy commission, including, but not limited to, any cost and market impact
1669 review report pursuant to subsection (f) of section 13 of chapter 6D, and any other state agency
1670 or entity. The department may impose reasonable terms and conditions on the approval of a
1671 determination of need as the department determines are necessary to achieve the purposes and
1672 intent of this section, including, but not limited to, conditions intended to address health care
1673 disparities and better align a project with community needs. The department may recognize the
1674 special needs and circumstances of projects that: (i) are essential to the conduct of research in
1675 basic biomedical or health care delivery areas or to the training of health care personnel; (ii) are
1676 unlikely to result in any increase in the clinical bed capacity or outpatient load capacity of the
1677 facility; and (iii) are unlikely to cause an increase in the total patient care charges of the facility
1678 to the public for health care services, supplies and accommodations, as such charges shall be
1679 defined from time to time in accordance with section 5 of chapter 409 of the acts of 1976. The
1680 department may also recognize the special needs and circumstances of projects that may address
1681 a lack of supply for a specific region, population or service line that has been identified in the
1682 state health plan or focused assessments pursuant to section 22 of chapter 6D.

1683 (h) Applications for such determination shall be filed with the department, together with
1684 other forms and information as shall be prescribed by, or acceptable to, the department. No
1685 provider or provider organization may apply for a notice of determination of need until a

1686 material change notice, if required, has been submitted to the health policy commission under
1687 section 13 of chapter 6D. A duplicate copy of any application together with supporting
1688 documentation for such application, shall be a public record and kept on file in the department.
1689 The department may require a public hearing on any application at its discretion or at the request
1690 of the attorney general. The attorney general may intervene in any hearing under this section. A
1691 reasonable fee, established by the department, shall be paid upon the filing of such application;
1692 provided, however, that such fee shall not exceed 0.2 per cent of the capital expenditures, if any,
1693 proposed by the applicant. The department may adapt the information required and fees required
1694 for applications if it determines a project or class of projects may address a lack of supply for a
1695 specific region, population or service line that has been identified in the state health plan or
1696 focused assessments pursuant to section 22 of chapter 6D. The department may also require an
1697 independent cost analysis be conducted, at the expense of the applicant, by an entity selected and
1698 overseen by the department, including, but not limited to, another state agency, to demonstrate
1699 that the application is consistent with the commonwealth's efforts to meet the health care cost
1700 containment goals established by the commission. Such entity may request, and the applicant
1701 may not unreasonably withhold, confidential data and documents necessary to conduct an
1702 independent cost analysis pursuant to such section; provided, however, that any confidential data
1703 and documents so requested shall be provided to the entity conducting the independent cost
1704 analysis, the department, the health policy commission and the attorney general, but shall not be
1705 disclosed to any other person without the consent of the applicant, except in summary form, or
1706 when the department, health policy commission or attorney general determines that such
1707 disclosure should be made in the public interest after taking into account any privacy, trade
1708 secret or anticompetitive considerations; and provided further, that any confidential data and

1709 documents so provided shall not be public records and shall be exempt from disclosure under
1710 clause Twenty-sixth of section 7 of chapter 4 or section 10 of chapter 66.

1711 (i) Except in the case of an emergency situation determined by the department as
1712 requiring immediate action to prevent further damage to the public health or to a health care
1713 facility, the department shall not act upon an application for such determination unless: (i) the
1714 application has been on file with the department for not less than 30 days; (ii) the center for
1715 health information and analysis, the health policy commission, the office of the attorney general,
1716 the state and appropriate regional comprehensive health planning agencies and, in the case of
1717 long-term care facilities only, the department of elder affairs, or in the case of any facility
1718 providing inpatient services for individuals with intellectual or developmentally disabilities, the
1719 departments of mental health or developmental services, respectively, have been provided copies
1720 of such application and supporting documents and given reasonable opportunity to supply
1721 required information and comment on such application; and (iii) a public hearing has been held
1722 on such application when requested by the applicant, the state or appropriate regional
1723 comprehensive health planning agency, any 10 taxpayers of the commonwealth or any other
1724 party of record. If, in any filing period, an individual application is filed that would implicitly
1725 decide any other application filed during such period, the department shall not act only upon an
1726 individual application.

1727 (j) The department shall so approve or disapprove, in whole or in part, each such
1728 application for a determination of need not more than 6 months after filing with the department;
1729 provided, however, that the department may, on not more than 1 occasion, delay the action for up
1730 to 2 months after the applicant has provided information which the department has reasonably
1731 requested during the 8-month period; provided further, that: (i) the period for review of an

1732 application for which an independent cost analysis is conducted pursuant to subsection (h) shall
1733 be stayed until a completed independent cost analysis is received and accepted by the
1734 department: (ii) the period of review of an application for which the commission conducts a cost
1735 and market impact review shall be stayed until a final cost and market impact review has been
1736 issued: and (iii) the period of review of an application for which the applicant is subject to a
1737 performance improvement plan pursuant to section 10 of chapter 6D shall be stayed until the
1738 commission determines that the applicant is implementing or has implemented said performance
1739 improvement plan in good faith; and provided further, that the commission may rescind its
1740 determination that the applicant is implementing a performance improvement plan in good faith
1741 at any time prior to successful completion of the performance improvement plan. Applications
1742 remanded to the department by the health facilities appeals board under section 25E shall be
1743 acted upon by the department within the same time limits provided in this section for the
1744 department to approve or disapprove applications for a determination of need. If an application
1745 has not been acted upon by the department within such time limits, the applicant may, within a
1746 reasonable period of time, bring an action in the nature of mandamus in the superior court to
1747 require the department to act upon the application.

1748 SECTION 86. Said section 25C of said chapter 111, as so appearing, is hereby further
1749 amended by adding the following 2 subsections:-

1750 (o) Notwithstanding sections (a) through (d), the department may create a process under
1751 which persons or entities proposing a project that would normally require a determination of
1752 need may apply for a waiver of such requirement. Such waiver shall be granted only in cases in
1753 which the person or entity demonstrates the project will address a lack of supply for a specific
1754 region, population or service line that has been identified in the state health plan or focused

1755 assessments pursuant to section 22 of chapter 6D. The department may require a waiver request
1756 be accompanied by forms and information as shall be prescribed by, or acceptable to, the
1757 department. A duplicate copy of any waiver request together with supporting documentation for
1758 such application shall be a public record and kept on file in the department.

1759 (p) A party of record may review an application for determination of need and provide
1760 written comment or specific recommendations for consideration by the department. Whenever a
1761 party of record submits written materials concerning an application for determination of need,
1762 the department shall provide copies of such materials to all other parties of record.

1763 SECTION 87. Section 25F of said chapter 111, as so appearing, is hereby amended by
1764 inserting after the word “care”, in line 7, the following word:- financing.

1765 SECTION 88. Paragraph (4) of subsection (d) of section 51G of said chapter 111, as so
1766 appearing, is hereby further amended by inserting, after the third sentence, the following
1767 sentence:-

1768 The department may seek an analysis of the impact of the closure from the health policy
1769 commission.

1770 SECTION 89. Said subsection (d) of said section 51G of said chapter 111, as so
1771 appearing, is hereby further amended by adding the following 2 paragraphs:-

1772 (7) No original license shall be granted or renewed, to establish or maintain an acute-care
1773 hospital unless: (i) all documents related to any lease, master lease, sublease, license or any other
1774 agreement for the use, occupancy or utilization of the premises occupied by the acute-care
1775 hospital are disclosed to the department upon application for licensure; and (ii) the department
1776 has reviewed such documentation and determined the applicant is suitable for licensure.

1777 (8) No original license shall be granted, nor renewed, to establish or maintain an acute-
1778 care hospital, as defined in section 25B, unless the applicant is in compliance with the reporting
1779 requirements established in sections 8 to 10, inclusive, of chapter 12C.

1780 SECTION 90. Section 51H of said chapter 111, as so appearing, is hereby amended by
1781 striking out the definition of “Facility” and inserting in place thereof the following definition:

1782 “Facility”, a hospital, institution for the care of unwed mothers, clinic providing
1783 ambulatory surgery as defined in section 25B, limited-service clinic licensed pursuant to section
1784 51J, office-based surgical center licensed pursuant to section 51M or urgent care center licensed
1785 pursuant to section 51N.

1786 SECTION 91. Said section 51H of said chapter 111, as so appearing, is hereby further
1787 amended by inserting after the definition of “Healthcare-associated infection” the following
1788 definition:-

1789 “Operational impairment event”, any action, or notice of impending action, including a
1790 notice of financial delinquency, concerning the repossession of medical equipment or supplies
1791 necessary for the provision of patient care.

1792 SECTION 92. Subsection (b) of said section 51H of said chapter 111, as so appearing, is
1793 hereby amended by adding the following paragraph:-

1794 An operational impairment event shall be reported by a facility to the department not later
1795 than 1 calendar day after it occurs. Notwithstanding any general or special law to the contrary, no
1796 contract between a facility and a lessor of medical equipment shall authorize the repossession of
1797 medical equipment or supplies unless the lessor provides a notice of financial delinquency to the
1798 department not less than 90 days prior to repossession of any medical equipment or supplies
1799 necessary for the provision of patient care. Any provision of any contract or other document

1800 between a lessor of medical equipment and a facility which does not comply with this paragraph
1801 shall be void.

1802 SECTION 93. Said chapter 111 is hereby further amended by inserting after section 51L
1803 the following 2 sections:-

1804 Section 51M. (a) As used in this section, the following words shall, unless the context
1805 clearly requires otherwise, have the following meanings:-

1806 “Deep sedation”, a drug-induced depression of consciousness during which: (i) the
1807 patient cannot be easily awakened but responds purposefully following repeated painful
1808 stimulation; (ii) the patient’s ability to maintain independent ventilatory function may be
1809 impaired; (iii) the patient may require assistance in maintaining a patent airway and spontaneous
1810 ventilation may be inadequate; and (iv) the patient’s cardiovascular function is usually
1811 maintained without assistance.

1812 “General anesthesia”, a drug-induced depression of consciousness during which: (i) the
1813 patient is not able to be awakened, even by painful stimulation; (ii) the patient’s ability to
1814 maintain independent ventilatory function is often impaired; (iii) the patient, in many cases, often
1815 requires assistance in maintaining a patent airway and positive pressure ventilation may be
1816 required because of depressed spontaneous ventilation or drug-induced depression of
1817 neuromuscular function; and (iv) the patient’s cardiovascular function may be impaired.

1818 “Minimal sedation”, a drug-induced state during which: (i) patients respond normally to
1819 verbal commands; (ii) cognitive function and coordination may be impaired; and (iii) ventilatory
1820 and cardiovascular functions are unaffected.

1821 “Minor procedures”, (i) procedures that can be performed safely with a minimum of
1822 discomfort where the likelihood of complications requiring hospitalization is minimal; (ii)

1823 procedures performed with local or topical anesthesia; or (iii) liposuction with removal of less
1824 than 500cc of fat under un-supplemented local anesthesia.

1825 “Moderate sedation”, a drug-induced depression of consciousness during which: (i) the
1826 patient responds purposefully to verbal commands, either alone or accompanied by light tactile
1827 stimulation; (ii) no interventions are required to maintain a patent airway; (iii) spontaneous
1828 ventilation is adequate; and (iv) the patient’s cardiovascular function is usually maintained
1829 without assistance.

1830 “Office-based surgical center”, an office, group of offices, a facility or any portion
1831 thereof owned, leased or operated by 1 or more practitioners engaged in a solo or group practice,
1832 however organized, whether conducted for profit or not for profit, which is advertised,
1833 announced, established or maintained for the purpose of providing office-based surgical services;
1834 provided, however, that “office-based surgical center” shall not include: (i) a hospital licensed
1835 under section 51 or by the federal government; (ii) an ambulatory surgical center as defined
1836 pursuant to section 25B and licensed under said section 51; or (iii) a surgical center performing
1837 services in accordance with section 12M of chapter 112.

1838 “Office-based surgical services”, an ambulatory surgical or other invasive procedure
1839 requiring: (i) general anesthesia; (ii) moderate sedation; or (iii) deep sedation and any liposuction
1840 procedure, excluding minor procedures and procedures requiring minimal sedation, where such
1841 surgical or other invasive procedure or liposuction is performed by a practitioner at an office-
1842 based surgical center.

1843 (b) The department shall establish rules, regulations and practice standards for the
1844 licensing of office-based surgical centers. In determining rules, regulations and practice
1845 standards necessary for licensure as an office-based surgical center, the department may, at its

1846 discretion, determine which regulations applicable to an ambulatory surgical center, as defined in
1847 section 25B, shall apply to an office-based surgical center. The department shall consult with the
1848 board of registration in medicine prior to promulgating regulations or establishing rules or
1849 practice standards pursuant to this section.

1850 (c) The department shall issue for a term of 2 years and renew for a like term, a license to
1851 maintain an office-based surgical center to an entity or organization that demonstrates to the
1852 department that it is responsible and suitable to maintain such a center. An office-based surgical
1853 center license shall list the specific locations on the premises where surgical services are
1854 provided. In the case of the transfer of ownership of an office-based surgical center, the
1855 application of the new owner for a license, when filed with the department on the date of transfer
1856 of ownership, shall have the effect of a license for a period of 3 months.

1857 (d) An office-based surgical center license shall be subject to suspension, revocation or
1858 refusal to issue or to renew for cause if, in its reasonable discretion, the department determines
1859 that the issuance of such license would be inconsistent with the best interests of the public health,
1860 welfare or safety. Nothing in this subsection shall limit the authority of the department to require
1861 a fee, impose a fine, conduct surveys and investigations or to suspend, revoke or refuse to renew
1862 a license issued pursuant to subsection (c).

1863 (e) Initial application and renewal fees for the license shall be established pursuant to
1864 section 3B of chapter 7.

1865 (f) The department may impose a fine of up to \$10,000 on a person or entity that
1866 advertises, announces, establishes or maintains an office-based surgical center without a license
1867 granted by the department. The department may impose a fine of not more than \$10,000 on a
1868 licensed office-based surgical center for violations of this section or any rule or regulation

1869 promulgated pursuant to this section. Each day during which a violation continues shall
1870 constitute a separate offense. The department may conduct surveys and investigations to enforce
1871 compliance with this section.

1872 (g) Notwithstanding any general or special law or rule to the contrary, the department
1873 may issue a 1-time provisional license to an applicant for an office-based surgical center licensed
1874 pursuant to this section if such office-based surgical center holds: (i) a current accreditation from
1875 the Accreditation Association for Ambulatory Health Care, American Association for
1876 Accreditation of Ambulatory Surgery Facilities, Inc., or the Joint Commission On Accreditation
1877 of Healthcare Organizations; or (ii) a current certification for participation in either Medicare or
1878 Medicaid. The department may approve such a provisional application upon a finding of
1879 responsibility and suitability and that the office-based surgical center meets all other licensure
1880 requirements as determined by the department. Such provisional license issued to an office-based
1881 surgical center shall not be extended or renewed.

1882 Section 51N. (a) As used in this section, the following words shall have the following
1883 meanings unless the context clearly requires otherwise:-

1884 “Emergency services”, as defined in section 1 of chapter 6D.

1885 “Urgent care center”, a clinic owned or operated by an entity that is not corporately
1886 affiliated with a hospital licensed under section 51, however organized, whether conducted for
1887 profit or not for profit, that is advertised, announced, established or maintained for the purpose of
1888 providing urgent care services in an office or a group of offices, or any portion thereof, or an
1889 entity that is advertised, announced, established or maintained under a name that includes the
1890 words “urgent care” or that suggests that urgent care services are provided therein and is not
1891 corporately affiliated with a hospital licensed under 51; provided, however, that an urgent care

1892 center shall not include: (i) a hospital licensed under said section 51 or operated by the federal
1893 government or by the commonwealth; (ii) a clinic licensed under said section 51; (iii) a limited
1894 service clinic licensed under section 51J; or (iv) a community health center receiving a grant
1895 under 42 U.S.C. 254b.

1896 “Urgent care services”, a model of episodic care for the diagnosis, treatment,
1897 management or monitoring of acute and chronic disease or injury that is: (i) for the treatment of
1898 illness or injury that is immediate in nature but does not require emergency services; (ii)
1899 provided on a walk-in basis without a prior appointment; (iii) available to the general public
1900 during times of the day, weekends or holidays when primary care provider offices are not
1901 customarily open; and (iv) not intended, and should not be used for, preventative or routine
1902 services.

1903 (b) The department shall establish rules, regulations and practice standards for the
1904 licensing of urgent care centers. In determining regulations and practice standards necessary for
1905 licensure as an urgent care center, the department may, at its discretion, determine which
1906 regulations applicable to a clinic licensed under section 51, shall apply to an urgent care center.

1907 (c) The department shall issue for a term of 2 years and renew for a like term, a license to
1908 maintain an urgent care center to an entity or organization that demonstrates to the department
1909 that it is responsible and suitable to maintain such an urgent care center. In the case of the
1910 transfer of ownership of an urgent care center, the application of the new owner for a license,
1911 when filed with the department on the date of transfer of ownership, shall have the effect of a
1912 license for a period of 3 months.

1913 (d) An urgent care center license shall be subject to suspension, revocation or refusal to
1914 issue or to renew for cause if, in its reasonable discretion, the department determines that the

1915 issuance of such license would be inconsistent with or opposed to the best interests of the public
1916 health, welfare or safety. Nothing in this subsection shall limit the authority of the department to
1917 require a fee, impose a fine, conduct surveys and investigations or to suspend, revoke or refuse to
1918 renew a license issued pursuant to subsection (c).

1919 (e) Initial application and renewal fees for the license shall be established pursuant to
1920 section 3B of chapter 7.

1921 (f) The department may impose a fine of up to \$10,000 on a person or entity that
1922 advertises, announces, establishes or maintains an urgent care center without a license granted by
1923 the department. The department may impose a fine of not more than \$10,000 on a licensed
1924 urgent care center for violations of this section or any rule or regulation promulgated pursuant to
1925 this section. Each day during which a violation continues shall constitute a separate offense. The
1926 department may conduct surveys and investigations to enforce compliance with this section.

1927 (g) Notwithstanding any general or special law or rule to the contrary, the department
1928 may issue a 1-time provisional license to an applicant for an urgent care center if such urgent
1929 care center holds: (i) a current accreditation from the Accreditation Association for Ambulatory
1930 Health Care, Urgent Care Association of America or the Joint Commission On Accreditation of
1931 Healthcare Organizations; or (ii) a current certification for participation in either Medicare or
1932 Medicaid. The department may approve such provisional application upon a finding of
1933 responsibility and suitability and that the urgent care center meets all other licensure
1934 requirements as determined by the department. Such provisional license issued to an urgent care
1935 center shall not be extended or renewed.

1936 SECTION 94. Said section 218 of said chapter 111, as so appearing, is hereby further
1937 amended by striking out, in line 28, the words “Maintenance Organizations” and inserting in
1938 place thereof the following word:- Plans.

1939 SECTION 95. Said chapter 111, as so appearing, is hereby further amended by inserting
1940 after section 244 the following section:-

1941 Section 245. (a) Pursuant to section 23 of chapter 6D, a private equity firm shall deposit,
1942 upon submission of a notice of material change pursuant to section 13 of chapter 6D, a bond with
1943 the department of public health.

1944 (b) Until such bond has been deposited, the department of public health shall not issue a
1945 license to such provider or provider organization under this chapter, the department of mental
1946 health shall not issue a license to such provider or provider organization under chapter 19, and
1947 any determination of need application submitted under sections 25B to 25G, inclusive, of said
1948 chapter 111 or material change notice submitted under section 13 of chapter 6D shall be deemed
1949 incomplete. Notwithstanding any general or special law to the contrary, if the bond has not been
1950 deposited, but the department of public health would otherwise be eligible to collect the bond,
1951 the department shall be permitted to collect from the private equity firm the amount it would
1952 have been able to collect had the bond been deposited.

1953 (c) The health policy commission shall determine the amount of the bond, which shall
1954 equal 1 year of the provider or provider organization’s average or estimated operating expenses,
1955 plus the estimated cost of hiring an independent supervisor and reasonable staff to supervise and
1956 facilitate collecting and spending the bond. The private equity firm shall maintain the bond for as
1957 long as it has a financial interest in the provider or provider organization, and for 7 years
1958 thereafter.

1959 (d) The department of public health may collect the bond if the health policy commission
1960 provides the department of public health with notification pursuant to subsection (c) of section
1961 23 of chapter 6D, or if the provider or provider organization in which the private equity firm has
1962 or had a financial interest declares bankruptcy. The department of public health, in consultation
1963 with the health policy commission and the center for health information and analysis, shall use
1964 the bond proceeds to support the continued provision of health services to patients served by the
1965 provider or provider organization. Prior to spending the bond, the department of public health
1966 shall seek input from the public, including, but not limited to, providers, provider organizations
1967 and patients in the affected region, regarding how to spend the bond. The department of public
1968 health may, in consultation with the health policy commission and center for health information
1969 and analysis, select an independent supervisor and reasonable staff to supervise and facilitate
1970 collecting and spending the bond.

1971 SECTION 96. Section 1 of chapter 112 of the General Laws, as so appearing, is hereby
1972 amended by inserting after the third paragraph the following paragraph:-

1973 The commissioner of occupational licensure and the commissioner of public health shall
1974 by regulation define the words “good moral character”, establish a standardized assessment of
1975 “good moral character” for applicants for certification or licensure. Each of the boards of
1976 registration and examination under supervision of the commissioner of occupational licensure
1977 and the commissioner of public health shall apply said standard definition and assessment of
1978 “good moral character” for applicants of certification or licensure. The commissioners shall hold
1979 at least 1 public hearing seeking input on the standard definition and assessment of “good moral
1980 character” for applicants of certification or licensure. In developing the standard definition and
1981 assessment of “good moral character”, the commissioners shall consider factors including, but

1982 not limited to: (i) the nature and gravity of any conduct that would cause concerns about an
1983 applicant’s moral character, including whether the conduct demonstrates a disregard for the
1984 welfare, safety or rights of another or disregard for honesty, integrity or trustworthiness; (ii) the
1985 nature of the job; (iii) the length of time that has passed since the conduct; (iv) the circumstances
1986 surrounding the conduct, including the age of the offender and contributing social conditions and
1987 biases; (v) evidence of rehabilitation, including subsequent work history and character
1988 references; and (vi) racial, ethnic and other inequities in the criminal justice system.

1989 SECTION 97. The sixth paragraph of section 2 of said chapter 112, as so appearing, is
1990 hereby amended by striking out the last sentence and inserting in place thereof the following
1991 sentence:- The renewal application shall be accompanied by a fee determined under the
1992 aforementioned provision and shall include the physician’s name, license number, home address,
1993 office address, specialties, the principal setting of their practice and whether they are an active or
1994 inactive practitioner.

1995 SECTION 98. Said chapter 112 is hereby further amended by inserting after section 4 the
1996 following 2 sections:-

1997 Section 4A. (a) For the purposes of this section and section 4B, the following words shall
1998 have the following meanings unless the context clearly requires otherwise:

1999 “Clinician”, a physician, nurse, physician assistant, psychologist or independent clinical
2000 social worker, who is licensed to provide health services and registered in the commonwealth
2001 pursuant to this chapter to provide such services, and any other individual who is licensed to
2002 provide health services and registered in the commonwealth pursuant to this chapter to provide
2003 such services.

2004 “Clinician with independent practice authority”, a physician registered to practice
2005 medicine in the commonwealth or a nurse practitioner, psychiatric nurse mental health clinical
2006 specialist or nurse anesthetist who is registered to practice nursing in the commonwealth and
2007 who has independent practice authority pursuant to sections 80E, 80H and 80J.

2008 “Health care practice”, a business, regardless of form, through which a clinician with
2009 independent practice authority licensed by the board of registration in medicine or the board of
2010 registration in nursing offers health services; provided, however, that “health care practice” shall
2011 not include any entity that holds a license issued by the department of public health pursuant to
2012 sections 51, 51M, 51N or 52 of chapter 111.

2013 “Management services organization”, a business that provides management or
2014 administrative services to a provider or provider organization for compensation.

2015 “Nurse anesthetist”, an advanced practice registered nurse who is authorized advanced
2016 nursing practice in the commonwealth pursuant to sections 80B and 80H.

2017 “Nurse practitioner”, an advanced practice registered nurse who is authorized in advanced
2018 nursing practice in the commonwealth pursuant to sections 80B and 80E.

2019 “Physician”, a doctor of medicine or doctor of osteopathy who is registered to practice
2020 medicine in the commonwealth pursuant to section 2.

2021 “Provider”, shall have the same definition as in section 1 of chapter 6D.

2022 “Provider organization”, shall have the same definition as in section 1 of chapter 6D;
2023 provided, however, that for the purposes of this section, “provider organization” shall not include
2024 a management services organization.

2025 “Psychiatric nurse mental health clinical specialist”, an advanced practice registered nurse
2026 who is authorized in advanced nursing practice in the commonwealth pursuant to sections 80B,
2027 80E and 80J.

2028 (b) A clinician with independent practice authority may practice medicine or nursing at a
2029 health care practice that is: (i) wholly owned and controlled by 1 or more clinicians with
2030 independent practice authority who hold a certificate of registration that: (1) is issued by the
2031 board of registration in medicine or the board of registration in nursing pursuant to the
2032 requirements of sections 2 and 80B of this chapter; and (2) has not been suspended or revoked;
2033 or (ii) conducted through a business organization, a majority share of which is owned by
2034 clinicians with independent practice authority or a provider or provider organization, and which
2035 is formed as: (1) a professional corporation pursuant to chapter 156A; (2) a nonprofit
2036 organization, a nonprofit hospital services corporation organized under chapter 176A or a
2037 nonprofit medical services corporation organized under chapter 176B; (3) a limited liability
2038 company organized under chapter 156C; provided, however, that there are no limited liability
2039 company’s provisions limiting or eliminating the licensee's liability for intentional tort or
2040 negligence; (4) a partnership organized under chapter 108A, including, but not limited to, a
2041 registered limited liability partnership; provided, however, that the partnership has no provisions
2042 limiting or eliminating the licensee's liability for intentional torts or negligence; or (5) an
2043 organization similar to those organizations described in clauses (i) to (iv), inclusive, and
2044 organized under a comparable law of any other jurisdiction within the United States; provided,
2045 however, that a majority share of the organization shall be owned by clinicians with independent
2046 practice authority or a provider organization.

2047 (c) It shall constitute the unauthorized practice of medicine in violation of section 6 for
2048 any person or entity, on their own or in combination with another person or entity, to own a
2049 majority share in a health care practice other than provider or provider organization that is
2050 substantially engaged in delivering health care to patients in the commonwealth or a clinician
2051 with independent practice authority who: (i) holds a certificate of registration that is issued by
2052 the board of registration in medicine or the board of registration in nursing pursuant to the
2053 requirements of sections 2 or 80B and has not been suspended or revoked; and (ii) is
2054 substantially engaged in delivering health care to patients in the commonwealth through the
2055 practice or managing of the health care practice. This section shall not apply to a health care
2056 facility or entity that holds a license issued by the department of public health pursuant to
2057 sections 51, 51M, 51N or 52 of chapter 111.

2058 (d)(1) Nothing in this section shall prohibit a clinician with independent practice
2059 authority from practicing medicine or nursing as an employee of a health care facility or entity
2060 that holds a license issued by the department of public health pursuant to sections 51, 51M, 51N
2061 or 52 of chapter 111.

2062 (2) Health care facilities or entities that hold a license issued by the department of public
2063 health pursuant to sections 51, 51M, 51N or 52 of chapter 111, providers and provider
2064 organizations shall not, themselves or through a management services organization that the
2065 provider organization fully or partially owns or controls, directly or indirectly interfere with,
2066 control or otherwise direct the professional judgment or clinical decisions of clinicians with
2067 independent practice authority who receive compensation, including, but not limited to, as
2068 employees or independent contractors, from the health care facility, provider, provider
2069 organization or an entity that the provider organization fully or partially owns or controls.

2070 Conduct prohibited under this paragraph shall include, but not be limited to, controlling, either
2071 directly or indirectly, through discipline, punishment, threats, adverse employment actions,
2072 coercion, retaliation or excessive pressure, regarding: (i) the amount of time spent with patients,
2073 including the time permitted to triage patients in the emergency department or evaluate admitted
2074 patients; (ii) the time period within which a patient must be discharged; (iii) decisions involving
2075 the patient's clinical status, including, but not limited to, whether the patient should be kept in
2076 observation status, whether the patient should receive palliative care and where the patient
2077 should be placed upon discharge; (iv) the diagnosis, diagnostic terminology or codes that are
2078 entered into the medical record; or (v) any other conduct the department of public health
2079 determines by regulation would interfere with, control or otherwise direct the professional
2080 judgement or clinical decisions of clinicians with independent practice authority. Such health
2081 care facilities or entities shall not limit the range of clinical orders available to clinicians either
2082 directly or by configuring the medical record to prohibit or significantly limit the clinical order
2083 options available. Nondisclosure or non-disparagement agreements regarding subsections (i)
2084 through (v), inclusive, between clinicians with independent practice authority and health care
2085 facilities or entities that hold a license issued by the department of public health pursuant to
2086 sections 51, 51M, 51N or 52 of chapter 111, providers, provider organizations or their corporate
2087 affiliates shall be considered void and unenforceable. If a court of competent jurisdiction finds a
2088 policy, contract or contract provision void and unenforceable pursuant to this section, the court
2089 shall award the plaintiff reasonable attorney's fees and costs. Nothing in this section shall limit
2090 the ability of any person to bring any action relating to defamation, disclosure of confidential or
2091 proprietary information or trade secrets or similar torts.

2092 (e) All health care practices shall provide written certification that the health care practice
2093 meets the requirements in this section to the board of registration in medicine or the board of
2094 registration in nursing at the time of formation and on a biennial basis thereafter. If a health care
2095 practice's owners consist of individuals registered solely with the board of registration in
2096 medicine or the board of registration in nursing, the health care practice shall provide the
2097 certification to the applicable board. If the practice's owners consist of individuals registered
2098 with both boards, the health care practice shall provide the certification to the board of
2099 registration in medicine, which shall transmit a copy to the board of registration in nursing.
2100 Health care practices shall, at the time that such clinicians with independent practice authority
2101 are hired or affiliated with the practice and within 30 days of providing certification to the
2102 applicable board pursuant to this section, provide a copy of the most recent certification to all
2103 clinicians with independent practice authority who: (i) engage in providing health services at the
2104 health center practice; and (ii) do not hold any ownership interest in the health center practice.

2105 (f) Health care practices shall file with the applicable board a registration application
2106 containing such information as the board may reasonably require, including, but not limited to:
2107 (i) the identity of the applicant and of the clinicians with independent practice authority which
2108 constitute the practice; (ii) any management services organization under contract with the health
2109 care practice; (iii) a certified copy of the health care practice's certificate of organization, if any,
2110 as filed with the secretary of the commonwealth, or any applicable partnership agreement; (iv)
2111 the address of the health care practice; (v) the services provided by the health care practice; and
2112 (vi) any information the board, in consultation with the health policy commission and the center
2113 for health information and analysis, deems relevant for the state health plan and focused
2114 assessments pursuant to section 22 of chapter 6D and the health care resources inventory

2115 pursuant to section 9 of chapter 12C. The application shall be accompanied by a fee in an amount
2116 to be determined pursuant to section 3B of chapter 7. All health care practices registered in the
2117 commonwealth shall renew their certificates of registration with the applicable board every 2
2118 years. The board shall share information relevant to the state health plan and focused
2119 assessments pursuant to section 22 of chapter 6D with the commission and information relevant
2120 to the health care resources inventory pursuant to section 9 of section 12C with the center.

2121 (g) All health care practices with more than 1 clinician with independent practice
2122 authority that constitutes the practice shall designate a clinician with independent practice
2123 authority at the practice to serve as health care director; provided, however, that the designated
2124 clinician shall hold a certificate of registration that: (i) is issued by the board of registration in
2125 medicine or the board of registration in nursing pursuant to the requirements of sections 2 or
2126 80B; and (ii) has not been suspended or revoked. The director shall be responsible for
2127 implementing policies and procedures to ensure compliance with local ordinances and state and
2128 federal laws and regulations governing the practice of medicine or the practice of nursing,
2129 including regulations promulgated and policies established by the applicable board. The board
2130 may impose discipline against the licenses of the director and clinicians with independent
2131 practice authority who own and control the health care practice for failure of the health care
2132 practice to comply with local ordinances and state and federal laws and regulations governing the
2133 practice of medicine or the practice of nursing, including regulations promulgated and policies
2134 established by the applicable board.

2135 (h) The board of registration in medicine and board of registration in nursing may
2136 promulgate regulations to establish minimum requirements for the conduct of a health care
2137 practice, including, but not limited to: (i) compliance with section 4A; (ii) maintenance and

2138 access to medical records; and (iii) in the event of a planned closure of the health care practice or
2139 an unplanned event that prevents the health care practice from continuing operations, the
2140 development of a continuity plan to: (1) ensure access to medical records, (2) provide notice to
2141 patients; and (3) assist patients with transitioning to a new provider. If a practice's owners
2142 consist of individuals registered solely with the board of registration in medicine or the board of
2143 registration in nursing, the practice shall comply with the applicable board's regulations. If the
2144 practice's owners consist of individuals registered with both boards, the practice shall comply
2145 with the regulations issued by the board of registration in medicine. Each board shall consult
2146 with the other when promulgating regulations.

2147 Section 4B. (a) It shall be a violation of this section for a management services
2148 organization to exercise control over clinical decisions. A management services organization, or
2149 any other organization that is not a health care practice, that does any of the following shall be
2150 considered to have control over the clinical decisions of the health care practice: (i) managing,
2151 supervising, evaluating or recommending promotion or discipline of any owner of or clinician
2152 with independent practice authority associated with the health care practice; (ii) negotiating with
2153 third-party payers on behalf of a health care practice without first obtaining informed consent
2154 from the health care practice's owners; (iii) advertising or otherwise presenting as a health care
2155 practice or provider of health care services; or (iv) performing any other functions that the
2156 department of public health determines, by regulation, confers to a management services
2157 organization or any other entity that is not a health care practice the ability to control the clinical
2158 decisions of the health care practice or its clinicians with independent practice authority.

2159 (b) A health care practice shall maintain ultimate decision-making authority over: (i)
2160 personnel decisions involving clinicians, including, but not limited to, employment status,

2161 compensation, hours or working conditions; (ii) coding or billing decisions; (iii) the selection and
2162 use of property, including, but not limited to, real property, medical equipment or medical
2163 supplies; (iv) the number of patients seen in a given period of time or the amount of time spent
2164 with each patient; (v) the appropriate diagnostic test for medical conditions; (vi) the use of
2165 patient medical records; (vii) referral decisions; or (viii) any other function or decision that the
2166 department of public health determines, by regulation, confers to a management services
2167 organization or any other entity that is not a health care practice the ability to control the clinical
2168 decisions of a health care practice or its clinicians with independent practice authority.

2169 (c) It shall be a violation of this section for a management services organization or any
2170 other entity that is not a health care practice to include in an agreement with any health care
2171 practice provisions that would: (i) restrict the ability of the health care practice or practice owner
2172 to exercise complete, unfettered control and discretion over the finances or capital of the health
2173 care practice, including, but not limited to, restricting the ability to create, buy or sell stock, issue
2174 dividends or sell the health care practice; (ii) restrict the ability of a person who owns stock in
2175 the health care practice to transfer, alienate or otherwise exercise unfettered discretion and
2176 control over their stock; (iii) restrict in any way the ability of the health care practice or
2177 clinicians with independent practice authority associated with the health care practice to provide
2178 health care services in any place, for any entity or in any form otherwise permitted by law; (iv)
2179 restrict the ability of the health care practice to contract with another management services
2180 organization for management or administrative services upon expiration of the current contract;
2181 (v) limit the ability of the health care practice or the practice's owners, employees or agents to
2182 publicly discuss the business relationship between the health care practice and the management
2183 services organization; provided, however, that this provision shall not limit the ability of any

2184 person to bring any action relating to defamation, disclosure of confidential or proprietary
2185 information or trade secrets or similar torts; (vi) limit access to, take control from or otherwise
2186 obscure from any clinicians providing services in connection with the health care practice, the
2187 price, rate or amount of the charges for their services; (vii) establish, supervise, manage or
2188 otherwise control the health care practice's officers or directors; or (viii) create any other
2189 situation the department of public health determines, by regulation, could create the possibility of
2190 allowing the management services organization to control the clinical decisions of the health care
2191 practice.

2192 (d) No management services organization shall have any ownership interest in or direct
2193 or indirect control over health care practices for which the management services organization
2194 provides services. No health care practice shall have any ownership interest in or direct or
2195 indirect control over a management services organization unless the management services
2196 organization is fully owned, alone or in combination, by: (i) health care practices substantially
2197 engaged in delivering health care to patients in the commonwealth; (ii) clinicians with
2198 independent practice authority who both: (1) hold a certificate of registration that is issued by the
2199 board of registration in medicine or the board of registration in nursing pursuant to the
2200 requirements of sections 2 and 80B and has not been suspended or revoked; and (2) are
2201 substantially engaged in delivering health care to patients in the commonwealth; or (iii) provider
2202 organizations. For the purposes of this subsection, a de minimis interest in a publicly traded
2203 company held in a mutual fund, index fund or similar financial instrument shall not be
2204 considered an ownership interest.

2205 (e) No person may serve as a director, officer, employee or contractor for both a
2206 management services organization and a health care practice for which the management services

2207 organization provides services; provided, however, that this subsection shall not apply when the
2208 management services organization is fully owned, alone or in combination, by: (i) health care
2209 practices substantially engaged in delivering health care to patients in the commonwealth; (ii)
2210 clinicians with independent practice authority who both: (1) hold a certificate of registration that
2211 is issued by the board of registration in medicine or the board of registration in nursing pursuant
2212 to the requirements of sections 2 and 80B and has not been suspended or revoked; and (2) are
2213 substantially engaged in delivering health care to patients in the commonwealth; or (iii) provider
2214 organizations.

2215 (f) A violation of this section shall constitute the unauthorized practice of medicine in
2216 violation of section 6 or the unauthorized practice of nursing in violation of section 80E, 80H or
2217 80J. Any provision of a contract or agreement that has the effect of violating this section shall be
2218 void and unenforceable. If a court of competent jurisdiction finds a policy, contract or contract
2219 provision void and unenforceable pursuant to this section, the court shall award the plaintiff
2220 reasonable attorney's fees and costs.

2221 (g) The department of public health, in consultation with the health policy commission,
2222 shall promulgate regulations to effectuate the purposes of this section.

2223 SECTION 99. Section 1 of chapter 175 of the General Laws, as so appearing, is hereby
2224 amended by inserting after the definition of "Foreign company" the following definition:-

2225 "Health insurance company", a company that engages in the business of health insurance.

2226 SECTION 100. Said section 1 of said chapter 175, as so appearing, is hereby further
2227 amended by inserting after the definition of "Net value of policies" the following definition:-

2228 "Party of record", for the purpose of a review by the commissioner of a written
2229 agreement for a merger or consolidation of 2 or more health insurance companies, the health

2230 policy commission, the center for health information and analysis, the attorney general, the
2231 center for health information and analysis and any government agency with relevant oversight or
2232 licensure authority over the proposed project or components therein.

2233 SECTION 101. The fourth paragraph of section 5 of chapter 176A of the General Laws,
2234 as so appearing, is hereby amended by inserting after the fourth sentence the following
2235 sentence:- In determining whether rates of payment under this section are excessive, the
2236 commissioner shall consider the affordability for consumers and purchasers of health insurance
2237 products; provided, however, that the commissioner shall not disapprove a carrier's rates solely
2238 on the basis of the affordability standard.

2239 SECTION 102. The second paragraph of section 6 of said chapter 176A, as so appearing,
2240 is hereby amended by adding the following sentence:- In determining whether the rates of
2241 payment under a contract are excessive under this section, the commissioner shall consider the
2242 affordability for consumers and purchasers of health insurance products; provided, however, that
2243 the commissioner shall not disapprove a carrier's rates solely on the basis of the affordability
2244 standard.

2245 SECTION 103. The third paragraph of section 10 of said chapter 176A, as so appearing,
2246 is hereby amended by inserting after the first sentence the following sentence:- In determining
2247 whether the rates of payment under a contract are excessive under this section, the commissioner
2248 shall consider the affordability for consumers and purchasers of health insurance products;
2249 provided, however, that the commissioner shall not disapprove a carrier's rates solely on the
2250 basis of the affordability standard.

2251 SECTION 104. The second paragraph of section 4 of chapter 176B of the General Laws,
2252 as so appearing, is hereby amended by inserting after the second sentence the following

2253 sentence:- In determining whether the rates of payment under an agreement are excessive under
2254 this section, the commissioner shall consider the affordability for consumers and purchasers of
2255 health insurance products; provided, however, that the commissioner shall not disapprove a
2256 carrier's rates solely on the basis of the affordability standard.

2257 SECTION 105. The first paragraph of section 16 of chapter 176G of the General Laws,
2258 as so appearing, is hereby amended by inserting after the second sentence the following
2259 sentence:- In determining whether the rates of payment under a contract are excessive under this
2260 section, the commissioner shall consider the affordability for consumers and purchasers of health
2261 insurance products; provided, however, that the commissioner shall not disapprove a carrier's
2262 rates solely on the basis of the affordability standard.

2263 SECTION 106. Subsection (c) of section 6 of chapter 176J of the General Laws, as so
2264 appearing, is hereby amended by inserting after the second sentence the following sentence:- In
2265 determining whether the proposed changes to base rates of payment are excessive under this
2266 section, the commissioner shall consider the affordability for consumers and purchasers of health
2267 insurance products; provided, however, that the commissioner shall not disapprove a carrier's
2268 proposed changes to base rates solely on the basis of the affordability standard.

2269 SECTION 107. The second paragraph of subsection (g) of section 7 of chapter 176K of
2270 the General Laws, as so appearing, is hereby amended by adding the following sentence:- In
2271 determining whether rates of payment are excessive under this section, the commissioner shall
2272 consider the affordability for consumers and purchasers of health insurance products; provided,
2273 however, that the commissioner shall not disapprove a carrier's rates solely on the basis of the
2274 affordability standard.

2275 SECTION 108. Section 12 of chapter 176O of the General Laws, as so appearing, is
2276 amended by adding the following subsections:-

2277 (g) For an insured member who is stable on a treatment, service or course of medication
2278 as determined by a health care provider and approved for coverage by a previous carrier or health
2279 benefit plan, a carrier or utilization review organization shall not restrict coverage of such
2280 treatment, service or course of medication for at least 90 days upon the insured member's
2281 enrollment unless the previously approved admission, procedure, treatment, service or course of
2282 medication is not a covered benefit under the insured member's new plan; provided, however,
2283 that a carrier may condition coverage of continued treatment by a provider under this subsection
2284 upon the provider's agreeing to accept reimbursement from the carrier at the average in-network
2285 rate and not to impose cost sharing with respect to the insured in an amount that would exceed
2286 the cost sharing imposed if the provider were in network.

2287 (h) Preauthorization approval issued by a carrier for a prescribed maintenance medication
2288 shall be valid for the length of the prescription, as written by the prescriber, up to 1 year. For the
2289 purposes of this section, "maintenance medication" shall mean a prescribed treatment services,
2290 or course of medication intended for chronic disease management.

2291 SECTION 109. The General Laws are hereby amended by inserting after chapter 176X
2292 the following chapter:-

2293 Chapter 176Y. LICENSING AND REGULATION OF PHARMACY BENEFIT
2294 MANAGERS.

2295 Section 1. As used in this chapter, the following words shall have the following meanings
2296 unless the context clearly requires otherwise:

2297 “Carrier”, an insurer licensed or otherwise authorized to transact accident or health
2298 insurance under chapter 175, a nonprofit hospital service corporation organized under chapter
2299 176A, a nonprofit medical service corporation organized under chapter 176B, a health
2300 maintenance organization organized under chapter 176G or an organization entering into a
2301 preferred provider arrangement under chapter 176I; provided, however, that “carrier” shall not
2302 include an employer purchasing coverage or acting on behalf of its employees or the employees
2303 of a subsidiary or affiliated corporation of the employer; and provided further, that unless
2304 otherwise provided, “carrier” shall not include any entity to the extent it offers a policy,
2305 certificate or contract that provides coverage solely for dental care services or vision care
2306 services.

2307 “Center”, the center for health information and analysis established under chapter 12C.

2308 “Commissioner”, the commissioner of insurance.

2309 “Division”, the division of insurance.

2310 “Health benefit plan”, a contract, certificate or agreement entered into, offered or issued
2311 by a carrier to provide, deliver, arrange for, pay for or reimburse any of the costs of health care
2312 services; provided, however, that the commissioner may, by regulation, define other health
2313 coverage as a “health benefit plan” for the purposes of this chapter.

2314 “Pharmacy”, a physical or electronic facility under the direction or supervision of a
2315 registered pharmacist that is authorized to dispense prescription drugs and has entered into a
2316 network contract with a pharmacy benefit manager or a carrier.

2317 “Pharmacy benefit manager”, a person, business or other entity, however organized, that
2318 directly or through a subsidiary provides pharmacy benefit management services for prescription
2319 drugs and devices on behalf of a health benefit plan sponsor, including, but not limited to, a self-

2320 insurance plan, labor union or other third-party payer; provided, however, that pharmacy benefit
2321 management services shall include, but not be limited to: (i) the processing and payment of
2322 claims for prescription drugs; (ii) the performance of drug utilization review; (iii) the processing
2323 of drug prior authorization requests; (iv) pharmacy contracting; (v) the adjudication of appeals or
2324 grievances related to prescription drug coverage contracts; (vi) formulary administration; (vii)
2325 drug benefit design; (viii) mail and specialty drug pharmacy services; (ix) cost containment; (x)
2326 clinical, safety and adherence programs for pharmacy services; and (xi) management of the cost
2327 of covered prescription drugs; and provided further, that “pharmacy benefit manager” shall not
2328 include a health benefit plan sponsor unless otherwise specified by the division.

2329 Section 2. (a) No person, business or other entity shall establish or operate as a pharmacy
2330 benefit manager without obtaining a license from the division pursuant to this section. A license
2331 may be granted if the division is satisfied that the applicant possesses the necessary organization,
2332 background expertise and financial integrity to supply the services sought to be offered. A
2333 pharmacy benefit manager license shall be valid for a period of 3 years and shall be renewable
2334 for additional 3-year periods. The commissioner shall charge application and renewal fees in the
2335 amount of \$25,000. In no event may these fees, when combined with the assessment of
2336 pharmacy benefit managers in section 6 of chapter 6D and section 7 of chapter 12C, exceed the
2337 commonwealth’s estimated operating expenses of the pharmacy benefit manager licensure
2338 program.

2339 (b) A license granted pursuant to this section and any rights or interests therein shall not
2340 be transferable.

2341 (c) A person, business or other entity licensed as a pharmacy benefit manager shall
2342 submit data and reporting information to the center according to the standards and methods
2343 specified by the center pursuant to section 10A of chapter 12C.

2344 (d) The division may issue or renew a license pursuant to this section, subject to
2345 restrictions in order to protect the interests of consumers. Such restrictions may include: (i)
2346 limiting the type of services that a license holder may provide; (ii) limiting the activities in which
2347 the license holder may be engaged; or (iii) addressing conflicts of interest between pharmacy
2348 benefit managers and health plan sponsors.

2349 (e) The division shall develop an application for the licensure of pharmacy benefit
2350 managers that shall include, but not be limited to: (i) the name of the applicant or pharmacy
2351 benefit manager; (ii) the address and contact telephone number for the applicant; (iii) the name
2352 and address of the agent of the applicant or pharmacy benefit manager for service of process in
2353 the commonwealth; (iv) the name and address of any person with management or control over
2354 the applicant or pharmacy benefit manager; and (v) any audited financial statements specific to
2355 the applicant or pharmacy benefit manager. An applicant or pharmacy benefit manager shall
2356 inform the division any material change to the information contained in its application, certified
2357 by an officer of the applicant, within 30 days of such a change; provided, however, that, once
2358 licensed, a pharmacy benefit manager shall inform the division of any material change to the
2359 information contained in its application, certified by an officer of the pharmacy benefit manager.

2360 (f) The division may suspend, revoke, refuse to issue or renew or place on probation an
2361 application or pharmacy benefit manager license for cause, which shall include, but not be
2362 limited to: (i) the applicant or pharmacy benefit manager engaging in fraudulent activity that is
2363 found by a court of law to be a violation of state or federal law; (ii) the division receiving

2364 consumer complaints that justify an action under this chapter to protect the health, safety and
2365 interests of consumers; (iii) the applicant or pharmacy benefit manager failing to pay an
2366 application or renewal fee for a license; (iv) the applicant or pharmacy benefit manager failing to
2367 comply with reporting requirements of the center under section 10A of chapter 12C; or (v) the
2368 applicant or pharmacy benefit manager failing to comply with a requirement of this chapter.

2369 The division shall provide written notice to the applicant or pharmacy benefit manager
2370 and advise in writing of the reason for any suspension, revocation, refusal to issue or renew or
2371 placement on probation of an application or pharmacy benefit manager license. A copy of the
2372 notice shall be forwarded to the center. The applicant or pharmacy benefit manager may make a
2373 written demand upon the division within 30 days of receipt of such notice for a hearing before
2374 the division to determine the reasonableness of the division's action. The hearing shall be held
2375 pursuant to chapter 30A.

2376 The division shall not suspend or cancel a license unless the division has first afforded
2377 the pharmacy benefit manager an opportunity for a hearing pursuant to said chapter 30A.

2378 (g) If a person, business or other entity performs the functions of a pharmacy benefit
2379 manager in violation of this chapter, the person, business or other entity shall be subject to a fine
2380 of \$5,000 per day for each day that the person, business or other entity is found to be in violation.

2381 (h) A pharmacy benefit manager licensed under this section shall notify a health carrier
2382 client in writing of any activity, policy, practice contract or arrangement of the pharmacy benefit
2383 manager that directly or indirectly presents any conflict of interest to the pharmacy benefit
2384 manager's relationship with or obligation to the health carrier client.

2385 (i) The division shall promulgate regulations and adopt policies and procedures necessary
2386 to implement this section.

2387 SECTION 110. There shall be a task force to: (i) study primary care access, delivery and
2388 payment in the commonwealth; (ii) develop and issue recommendations to stabilize and
2389 strengthen the primary care system and the primary care workforce; and (iii) increase the
2390 financial investment in and patient access to primary care across the commonwealth.

2391 (b) The task force shall consist of: the secretary of health and human services or a
2392 designee, who shall serve as co-chair; the executive director of the health policy commission or a
2393 designee, who shall serve as co-chair; the assistant secretary for MassHealth or a designee; the
2394 executive director of the center for health information and analysis or a designee; the
2395 commissioner of insurance or a designee; the chairs of the joint committee on health care
2396 financing or their designees; 1 member from the Massachusetts Academy of Family Physicians,
2397 Inc.; 1 member from the Massachusetts Chapter of the American Academy of Pediatrics; 1
2398 member from the Massachusetts Medical Society with expertise in primary care; 1 member from
2399 the Massachusetts Coalition of Nurse Practitioners, Inc. with expertise in primary care or in
2400 delivering care in a community health center; 1 member from the Massachusetts Association of
2401 Physician Assistants, Inc. with expertise in primary care; 1 member from the National
2402 Association of Social Workers, Inc. – Massachusetts Chapter with expertise in behavioral health
2403 in a primary care setting; 1 member from the Massachusetts League of Community Health
2404 Centers, Inc.; 1 member from the Massachusetts Health and Hospital Association, Inc.; 1
2405 member from the Massachusetts Association of Health Plans, Inc.; 1 member from Blue Cross
2406 and Blue Shield of Massachusetts, Inc.; 1 member from the Association Industries of
2407 Massachusetts; 1 member from the Retailers Association of Massachusetts, Inc.; 1 member from
2408 Health Care For All, Inc.; 1 member from the Massachusetts Chapter of the American College of

2409 Physicians; 1 member from the Massachusetts Primary Care Alliance for Patients; and 1 member
2410 from Massachusetts Health Quality Partners, Inc.

2411 (c) The task force shall develop recommendations to: (i) define primary care services,
2412 codes and providers; (ii) develop a standardized set of data reporting requirements for private
2413 and public health care payers, providers and provider organizations to enable the commonwealth
2414 and private and public health care payers to track payments for primary care services, including,
2415 but not limited to, fee-for-service, prospective payments, value-based payments and grants to
2416 primary care providers, fees levied on a primary care provider by a provider organization or
2417 hospital system of which the primary care provider is affiliated and provider spending on
2418 primary care services; (iii) establish a primary care spending target for private and public health
2419 care payers that reflects the cost to deliver evidence-based, equitable and culturally competent
2420 primary care; (iv) propose payment models to increase private and public reimbursement for
2421 primary care services; (v) assess the impact of health plan design on health equity and patient
2422 access to primary care services; (vi) monitor and track the needs of and service delivery to
2423 residents of the commonwealth; and (vii) create a short-term and long-term workforce
2424 development plan to increase the supply and distribution of and improve working conditions of
2425 primary care clinicians and other primary care workers. The task force may make additional
2426 recommendations and propose legislation necessary to carry out its recommendations.

2427 (d) The task force shall, in consultation with the center for health information and
2428 analysis, define the data required to satisfy the contents of this section. The center for health
2429 information and analysis shall adopt regulations to require providers and private and public
2430 health care payers to submit data or information necessary for the task force to fulfill its duties
2431 with this section. Any data collected shall be public and available through the Massachusetts

2432 Primary Care Dashboard maintained by the center and Massachusetts Health Quality Partners,
2433 Inc.

2434 (e) Not later than March 15, 2025, the task force shall issue its report of the findings and
2435 recommendations under clauses (i) and (ii) of subsection (c) with the clerks of the senate and the
2436 house of representatives, the senate and house committees on ways and means, the joint
2437 committee on health care financing, the center for health information and analysis, the health
2438 policy commission and the division of insurance.

2439 (f) Not later than June 15, 2025, the task force shall issue its report of the findings and
2440 recommendations under clause (iii) of subsection (c) with the clerks of the senate and the house
2441 of representatives, the senate and house committees on ways and means, the joint committee on
2442 health care financing, the center for health information and analysis, the health policy
2443 commission and the division of insurance.

2444 (g) Not later than September 15, 2025, the task force shall issue its report of the findings
2445 and recommendations under clauses (iv) and (v) of subsection (c) with the clerks of the senate
2446 and the house of representatives, the senate and house committees on ways and means, the joint
2447 committee on health care financing, the center for health information and analysis, the health
2448 policy commission and the division of insurance.

2449 (h) Not later than December 15, 2025, the task force shall issue its report of the findings
2450 and recommendations under clauses (vi) and (vii) of subsection (c) with the clerks of the senate
2451 and the house of representatives, the senate and house committees on ways and means, the joint
2452 committee on health care financing, the center for health information and analysis, the health
2453 policy commission and the division of insurance.

2454 SECTION 111. (a) There shall be a task force to study the use of prior authorization for
2455 health care services and its impact on overall costs in the health care system, and delivery of and
2456 access to high quality health care. The task force shall consist of 11 members: the executive
2457 director of the health policy commission or a designee, who shall serve as co-chair; the
2458 commissioner of insurance or a designee, who shall serve as co-chair; the assistant secretary for
2459 MassHealth; the executive director of the group insurance commission; 1 representative from the
2460 Massachusetts Association of Health Plans, Inc.; 1 representative from Blue Cross and Blue
2461 Shield of Massachusetts, Inc.; 1 representative from the Massachusetts Medical Society; 1
2462 representative from the Massachusetts Health and Hospital Association, Inc.; 1 representative
2463 from the Massachusetts Academy of Family Physicians, Inc.; 1 representative from the
2464 Massachusetts League of Community Health Centers, Inc.; 1 representative from Massachusetts
2465 Taxpayers Foundation, Inc.; 1 representative from Associated Industries of Massachusetts; and 1
2466 representative from Health Care For All, Inc.

2467 (b) The task force shall analyze: (i) the services, treatments and medications that require
2468 prior authorization by payers in Massachusetts; (ii) the factors used by payers to determine
2469 whether a service, treatment or medication is appropriate for prior authorization, including
2470 considerations of potential for provider abrasion, adverse impacts on health outcomes, the
2471 availability, and comparative cost and effectiveness of alternative treatment options and risk of
2472 provider overuse of the treatment; (iii) the processes used by payers to obtain prior authorization
2473 for a service, treatment or medication; (iv) the potential for streamlining prior authorization
2474 processes using automation, electronic submissions, gold carding or other means; (v) actuarial
2475 analysis of the impact of prior authorization requirements on the commonwealth's efforts to meet
2476 the health care cost benchmark established under section 9 of chapter 6D; (vi) any state and

2477 federal laws requiring or limiting prior authorization by public or private payers for a service,
2478 treatment or medication; (vii) the feasibility of an easily accessible, publicly available website
2479 with up-to-date information that provides information regarding utilization review requirements
2480 for treatments; (viii) the services that have no or low prior authorization denial rates across
2481 carriers; (ix) administrative barriers preventing active prior authorizations to continue for their
2482 approved duration in instances where an insured individual transitions to a new plan with the
2483 same carrier or to a new carrier; (x) expedited utilization review processes across carriers; and
2484 (xi) barriers to and solutions for providing uniformity in processes or requirements among
2485 different health care segments, including Medicaid, Medicare, fully-insured and self-insured
2486 commercial plans.

2487 (c) The task force shall develop recommendations regarding: (i) simplifying and
2488 standardizing prior authorization for evidence-based treatments, services or courses of
2489 medication; (ii) improving access to medically necessary covered services for patients; (iii)
2490 reducing the response time from a carrier or utilization review organization for prior
2491 authorization approvals and denials; (iv) reducing administrative barriers and costs related to
2492 prior authorization on health care providers; (v) limiting the recoupment and denial of claims for
2493 medically necessary covered services; (vi) increasing transparency for covered benefits and prior
2494 authorization requirements; (vii) standardizing prior authorization processes, forms and
2495 requirements for use across health insurance carriers; (viii) eliminating prior authorization
2496 requirements for services, treatments, procedures and prescription drugs that have low variation
2497 in utilization across providers or low denial rates; (ix) eliminating prior authorization for or
2498 reducing the prior authorization review process to 24 hours for emergency treatments, services or
2499 courses of medication; (x) ensuring any physician or personnel under the supervision of a

2500 physician that is reviewing a prior authorization request for a carrier has the clinical expertise to
2501 treat the medical condition or disease that is the subject of the request; and (xi) removing prior
2502 authorization for certain chronic disease management.

2503 (d) The task force shall develop a report of its findings and recommendations, including
2504 any legislative or regulatory changes necessary to implement its recommendations. The task
2505 force shall file its report with the clerks of the senate and the house of representatives, the senate
2506 and house committees on ways and means and the joint committee on health care financing not
2507 later than July 31, 2025.

2508 SECTION 112. Notwithstanding any general or special law to the contrary, the division
2509 of insurance shall consider the recommendations issued by the task force established in section
2510 111 in developing and implementing rules, regulations, bulletins or other guidance to simplify
2511 health insurance prior authorization standards and processes.

2512 SECTION 113. (a) Notwithstanding any general or special law to the contrary, the
2513 secretary of health and human services shall direct monthly payments to eligible hospitals in the
2514 form of enhanced Medicaid payments, supplemental payments or other appropriate mechanisms.
2515 Each payment made to an eligible hospital shall be allocated in direct proportion to each eligible
2516 hospital's average monthly Medicaid payments, as determined by the secretary, for inpatient and
2517 outpatient acute hospital services for the preceding year or the most recent year for which data is
2518 available; provided, however, that such enhanced Medicaid payments shall not be used in
2519 subsequent years by the secretary to calculate an eligible hospital's average monthly payment;
2520 and provided further, that such payments shall not offset existing Medicaid payments for which
2521 an eligible hospital may be qualified to receive. In any fiscal year, the total sum of all payments

2522 made to eligible hospitals under this section shall not exceed \$45,000,000. Eligible hospitals may
2523 consider expending said payments to strengthen behavioral health supports and services.

2524 (b) The secretary may require as a condition of receiving payment any such reasonable
2525 condition of payment that the secretary determines necessary to ensure the availability, to the
2526 extent possible, of federal financial participation for the payments and the secretary may incur
2527 expenses and the comptroller may certify amounts for payment in anticipation of expected
2528 receipt of federal financial participation for the payments.

2529 (c) The executive office of health and human services may promulgate regulations as
2530 necessary to carry out this section.

2531 (d) For the purposes of this section “eligible hospital” shall mean an acute care hospital
2532 licensed under section 51 of chapter 111 of the General Laws that: (i) has a statewide relative
2533 price less than 0.99, as calculated by the center for health information and analysis according to
2534 data from the most recent available year; (ii) has a public payer mix greater than 63 per cent, as
2535 calculated by the center for health information and analysis according to data from the most
2536 recent available year; and (iii) is not owned by or financially consolidated or corporately
2537 affiliated with a provider organization, as defined by section 1 of chapter 6D of the General
2538 Laws and as reported by the center for health information and analysis in the fiscal year 2022
2539 hospital cost report database: (1) owns or controls 4 or more acute care hospitals licensed under
2540 said section 51 of said chapter 111; or (2) through which the total net assets of all affiliated acute
2541 care hospitals within the provider organization is greater than \$800,000,000.

2542 (e) For the purposes of subsection (d), a clinical affiliation with a provider organization,
2543 absent ownership, financial consolidation or corporate affiliation, shall not disqualify an eligible
2544 hospital from payments authorized under this section.

2545 SECTION 114. (a) Notwithstanding any general or special law to the contrary, for the
2546 purposes of monitoring and enforcing the health care cost growth benchmark for calendar years
2547 2021 to 2025, inclusive, the center for health information and analysis shall apply sections 8, 9,
2548 10, 16 and 18 of chapter 12C of the General Laws as those sections are in effect on December 1,
2549 2024.

2550 (b) Notwithstanding any general or special law to the contrary, for the purposes of
2551 monitoring and enforcing the health care cost growth benchmark for calendar years 2021 to
2552 2025, inclusive, the health policy commission shall apply sections 9 and 10 of chapter 6D of the
2553 General Laws as those sections are in effect on December 1, 2024.

2554 (c) Notwithstanding any general or special law to the contrary, the first benchmark cycle
2555 shall consist of the years 2025 and 2026. The health care cost growth benchmark for that
2556 benchmark cycle shall be the average of the 2025 health care cost growth benchmark that the
2557 health policy commission governing board established in 2024 and the growth rate of potential
2558 gross state product for 2026 established under section 7H½ of chapter 29 of the General Laws.

2559 (d) Notwithstanding any general or special law to the contrary, not later than April 15,
2560 2025, the board shall establish the health care cost growth benchmark pursuant to section 9 of
2561 chapter 6D of the general laws for: (i) the benchmark cycle consisting of the years 2025 and
2562 2026; and (ii) the benchmark cycle consisting of the years 2026 and 2027.

2563 (e) Notwithstanding any general or special law to the contrary, on or before January 15,
2564 2025, the secretary and house and senate committees on ways and means shall jointly develop
2565 growth rates of potential gross state product pursuant to section 7H½ of chapter 29 of the
2566 General Laws for each of the calendar years of 2026 and 2027.

2567 SECTION 115. Notwithstanding any general or special law, rule or regulation to the
2568 contrary, section 13 of chapter 6D of the General Laws, as amended by this act, shall apply only
2569 to material change notices submitted after the effective date of this act; provided, however, that
2570 said section 13 of said chapter 6D shall apply to material changes that meet all of the following
2571 criteria: (i) the health policy commission received a completed material change notice regarding
2572 the material change on or after March 1, 2024; (ii) the health policy commission has not yet
2573 determined whether to conduct a cost and market impact review in regard to the material change;
2574 and (iii) the health policy commission classifies the material change as involving a provider or
2575 provider organization’s merger or affiliation resulting in an increase in net patient service
2576 revenue of \$10,000,000 or more. For such material change notices, the health policy commission
2577 shall be permitted to require submission of a new or revised material change form, request
2578 additional documentation and information and take an additional 30 days to conduct its
2579 preliminary review.

2580 SECTION 116. Notwithstanding any general or special law, rule or regulation to the
2581 contrary, the health policy commission shall submit the first state health plan to the governor and
2582 the general court, as required under section 22 of chapter 6D of the General Laws, on or before
2583 January 1, 2026.

2584 SECTION 117. Notwithstanding any general or special law to the contrary, section 23 of
2585 said chapter 6D shall only apply to private equity firms that obtain a financial interest in a
2586 provider or provider organization and to financial actions taken by registered provider
2587 organizations with private equity investment after the effective date of this act.

2588 SECTION 118. Notwithstanding any general or special law, rule or regulation to the
2589 contrary, section 4B of chapter 112 of the General Laws shall apply only to contracts or

2590 agreements between medical practices and management services organizations entered into after
2591 the effective date of this act.

2592 SECTION 119. Section 17 shall take effect on January 1, 2025.

2593 SECTION 120. Section 67 shall take effect on August 1, 2025.

2594 SECTION 121. All health care practices required to register pursuant to section 4A of
2595 chapter 112 of the General Laws shall register with the board of registration in medicine not later
2596 than January 1, 2026.

2597 SECTION 122. The commissioner of occupational licensure and the commissioner of
2598 public health shall adopt the regulations required under section 96 not later than 6 months after
2599 the effective date of this act.

2600 SECTION 123. The division of insurance shall adopt the rules and regulations required
2601 under section **Error! Reference source not found.**112 not later than 6 months after the task
2602 force established in section 111 issues its final report and recommendations.

2603 SECTION 124. Section 113 is hereby repealed.

2604 SECTION 125. Section 124 shall take effect 2 years from the effective date of this act.
