HOUSE No. 4600

The Commonwealth of Massachusetts

**In the One Hundred and Ninety-Third General Court
(2023-2024)**

An Act making appropriations for the fiscal year 2025 for the maintenance of the departments, boards, commissions, institutions, and certain activities of the commonwealth, for interest, sinking fund, and serial bond requirements, and for certain permanent improvements.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is immediately to make appropriations for the fiscal year beginning July 1, 2024, and to make certain changes in law, each of which is immediately necessary or appropriate to effectuate said appropriations or for other important public purposes, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. To provide for the operations of the several departments, boards, commissions and institutions of the commonwealth and other services of the commonwealth and for certain permanent improvements and to meet certain requirements of law, the sums set forth in this act, for the several purposes and subject to the conditions specified, are hereby appropriated from the General Fund unless specifically designated otherwise, subject to the provisions of law regulating the disbursement of public funds and the approval thereof for the fiscal year ending June 30, 2025. All sums appropriated under this act, including supplemental and deficiency budgets, shall be expended in a manner reflecting and encouraging a policy of nondiscrimination and equal opportunity for members of minority groups, women and persons with a disability. All officials and employees of an agency, board, department, commission or division receiving funds under this act shall take affirmative steps to ensure equality of opportunity in the internal affairs of state government and in their relations with the public, including those persons and organizations doing business with the commonwealth. Each agency, board, department, commission and division of the commonwealth, in spending appropriated sums and discharging its statutory responsibilities, shall adopt measures to ensure equal opportunity in the areas of hiring, promotion, demotion or transfer, recruitment, layoff or termination, rates of compensation, in-service or apprenticeship training programs and all other terms and conditions of employment.

SECTION 1A. In accordance with Articles LXIII and CVII of the Articles of Amendment to the Constitution of the Commonwealth and section 6D of chapter 29 of the General Laws, it is hereby declared that the amounts of revenue set forth in this section by source for the respective funds of the commonwealth for the fiscal year ending June 30, 2025 are necessary and sufficient to provide the means to defray the appropriations and expenditures from such funds for said fiscal year as set forth and authorized in this act. The comptroller shall keep a distinct account of actual receipts from each such source by each such fund to furnish the executive office for administration and finance and the house and senate committees on ways and means with quarterly statements comparing such receipts with the projected receipts set forth in this section, and include a full statement comparing such actual and projected receipts in the annual report for said fiscal year pursuant to section 12 of chapter 7A of the General Laws. The quarterly and annual reports shall also include detailed statements of any other sources of revenue for the budgeted funds in addition to those specified in this section.

If there is conflict between the language of this section and the distribution listed below, the distribution below shall control. The specified amounts distributed from said item 7061-0008 of said section 2 and said item 1596-2438 of said section 2F shall be deemed in full satisfaction of the amounts due under chapter 70 of the General Laws.

For fiscal year 2025, a district's school aid shall be calculated according to the provisions of said chapter 70. The foundation budget category of "low-income enrollment" for the purpose of calculating foundation enrollment shall be determined by financial eligibility for certain federal programs, as defined by the provisions of section 2 of said chapter 70, and including a number of students identified and approved as low income through the supplemental claiming system established and posted by the department for that purpose, as well as students identified and approved as homeless for purposes of calculating the McKinney-Vento homelessness grant program administered by the department, consistent with the conditions provided for in said section 2. The assumed special education enrollment percentage for vocational school students shall be set at 4.90 per cent and the assumed special education enrollment percentage for non-vocational school students shall be set at 3.90 per cent.

Foundation budget rates for employee benefits and fixed charges, guidance and psychological services, special education out-of-district tuition, English learners and low-income students shall be increased by three-sixths of the gap between the rates used in fiscal year 2021 and the rates established in tables 1 and 2 of section 3 of said chapter 70, consistent with adjustments prescribed in said section 3 and set at the rates identified in the table below. Required local contributions shall be calculated pursuant to said chapter 70; provided, that municipal revenue growth factors shall be calculated in a manner consistent with calculations made in fiscal year 2024; provided further, that the total statewide target local contribution shall be 59 percent and the effort reduction percentage shall be 100 percent; and provided further that the minimum aid per pupil dollar amount shall be \$104.

The department of elementary and secondary education shall not consider health care costs for retired teachers to be part of net school spending for any district in which such costs were not considered part of net school spending in fiscal year 1994 and for any district that has not accepted the provisions of section 260 of chapter 165 of the acts of 2014; provided, however, that any district for whom such costs are not so considered shall have included as part of net school spending an amount equal to the increase in the foundation budget for the district associated with health care costs of retired teachers.

No payments to cities, towns or counties maintaining an agricultural school under this section shall be made after November 30 of the fiscal year until the commissioner of revenue certifies acceptance of the prior fiscal year's annual financial reports submitted under section 43 of chapter 44 of the General Laws.
