Office of the Secretary of Education  
State of Oklahoma

**Attorney General John O'Connor:**

I applaud you for standing up to the Biden Administration and their blatantly unconstitutional actions that put our young students in danger.

That being said, I ask that while you wait to hear back from the courts, you turn your attention toward the State of Oklahoma, where the Stillwater School Board is putting our children in danger for the sake of "wokeness." Specifically, I am asking you to order them to stop putting children in grave danger with their bathroom policies.

As you are aware, leftists like the ones in Stillwater are abusing court precedent and wielding a blatant misinterpretation of Title IX to push their agenda of letting biological males use girls' restrooms. This is the latest in the Left's attempts to move the goalpost. Now school districts like Stillwater are perverting the original meaning of Title IX in a way that puts young girls in danger - subverting the true intent of Title IX. Since the Stillwater School Board will not protect their kids, it is up to you to put an end to this and stop the board from putting our children in harm's way.

I urge you on behalf of all concerned parents and Oklahomans to take action by any legal means necessary to protect the most vulnerable among us, our children.

Sincerely,

A handwritten signature in cursive script that reads "Ryan Walters".
