STATE QUESTION NO. 833  
LEGISLATIVE  
REFERENDUM NO. 376

This measure adds a new section, section 9E,  
to article 10 of the Oklahoma Constitution.  
Section 9E will permit the creation of public  
infrastructure districts to provide support,  
organization, operation, and maintenance of  
services. To create such a district, proponents  
for creating the district must file a petition with  
the municipality. The petition must include the  
signatures of one hundred percent of all  
surface property owners falling within the  
district's proposed boundaries. The  
municipality possesses the right to impose  
limitations on the district's powers prior to  
approving the district. Once approved, the  
district will be governed by a board of trustees.

Through the board, the district may issue  
bonds to pay for all or part of all public  
improvements implemented by and for the  
public infrastructure district. The district will be  
limited to issuing bonds issued for such  
improvements not exceeding ten (10) mills. For  
repayment of the bonds, the district, acting  
through its board of trustees, will levy and  
assess a special assessment on all property  
benefiting from the improvements in the  
district. Section 9E also authorizes the  
Legislature to enact laws necessary for the  
implementation of public infrastructure  
districts.
