Guillermo Rodriguez

OF JIMMY KIMMEL LIVE! ON ABC/HULU

Q: I'm interested to see how Jim-my Kimmel's sidekick Guillermo will do as a contestant on "Dancing With the Stars." Will he have to miss any of "Jimmy Kimmel Live!" for the rehearsals?

A: It's possible that might happen from time to time, but we're confident that his "Dancing" participation is being arranged with the thought that he'll continue to be available for the late-night talk show. It certainly helps that both programs are ABC properties, and also that the sets of both are relatively close to each other ... though anyone who lives in Los Angeles surely knows that traffic can be a challenge around the dinner hour, when "Kimmel" tapes for telecast later the same evening.

That's not to say that other forms of transportation won't be available to Guillermo if needed, and ABC must be happy about the cross-promotion it will get from having him on both shows during

"Dancing's" upcoming Season 25. He certainly seems ready for the challenge, given the glittery dance outfit he wore when his participation in the competition was announced on "Kimmel" in mid-June.

ABC has had situations like this before, a notable one being when Ginger Zee was a "Dancing" participant while also fulfilling her weather duties on "Good Morning America." That stint was more complicated because the shows were done on opposite coasts, but it still worked out even under those circumstances.

We'd venture a strong guess that Kim-mel himself will turn up on "Dancing" as a guest in support of his longtime "Live!" partner, particularly the farther Guillermo gets in the contest. He promised Kimmel that he wouldn't lose too much weight during his "Dancing" run, though the physics of strenuous dancing ultimately may have more to do with that than Guillermo's thought process does.
