

NOTICE

The Clearfield County Area Agency on Aging, Inc. (CCAAA) is seeking qualified providers to deliver medication box fill services for eligible consumers enrolled in the Pennsylvania Department of Aging's Options Program.

Services will consist of the weekly or biweekly preparation and filling of medication organizers to support safe medication management and adherence for older adults residing in Clearfield County. Providers will be expected to ensure accuracy in accordance with physician orders and pharmacy labeling, and to promptly communicate any discrepancies or concerns to appropriate parties.

CCAAA is interested in partnering with providers who demonstrate:

- Experience in medication management or related healthcare services
- Appropriate licensure and trained staff, as applicable
- Strong quality assurance practices to ensure accuracy and safety
- Capacity to provide consistent and reliable services throughout Clearfield County

Providers interested in offering these services are invited to submit a letter of interest along with documentation outlining qualifications, service capacity, and relevant experience.

For additional information regarding service expectations, reimbursement, and contracting requirements, please contact Kathleen Gillespie at mail@matureresources.life

CCAAA values collaboration with community partners to enhance the health, safety, and independence of older adults and looks forward to your response.
