

Blasting Schedule

Sandy Ridge Quarry

Permit No. 14060301

April 1, 2026 through April 1, 2027

Notice is hereby given that Glenn O Hawbaker Inc. of 1952 Waddle Road, State College, PA proposes to continue to conduct blasting in compliance with all State and Federal laws at its Sandy Ridge Quarry Operation, Permit No. 14060301. The quarry is located in Rush Township, Centre County on lands owned by Glenn O Hawbaker Inc. and Jr. Land Company Inc. The permit area is 90.58 acres and can be found on the Sandy Ridge PA 7.5 Quadrangle off of State Route 3036 near to the town of Osceola Mills. Blasting will be conducted between the hours of sunrise and 8am, 8am and 12noon, 12 noon to 4pm and 4pm to sunset Monday through Saturday. Warning signs will be placed at every entrance to the quarry. Three warning signals with duration of 5 seconds each will be sounded at least one minute, but not more than 2 minutes prior to each blast. An all-clear signal of 10-second duration will be sounded after each detonation has been deemed safe by the blaster in charge. Prior to blast detonation access will be controlled to the immediate area. The above time schedule may vary on occasion, depending on emergency conditions and safety issues such as electrical storms, technical problems and / or equipment breakdowns.
