**Are you a professional or volunteer working with older adults?**

Join us for a symposium dedicated to the prevention of elder financial exploitation. The event will highlight current financial abuse trends and intervention strategies, all while providing an opportunity to network with peers across the legal, financial, social services and related sectors. The goal is to strengthen our community's referral networks to better protect the older adults we serve.

**As population age, financial exploitation is a growing concern.**

**You will hear presenters from:**

- PA Department of Banking and Securities
- PA Department of Aging
- US Postal Inspectors Office (invited)
- PA Attorney General's Office

**Seating is limited, register by email:**
