Cargill Celebrates Safe to Start Week!

During the week of October 27th Cargill Wyalusing celebrated Safe to Start Week.

The mission of Safe to Start week was to engage, inspire, and empower all levels of our workforce to ensure we are Safe to Start: Protecting What Matters by eliminating and mitigating critical risks across the company for a safer, more resilient future. We recognized and celebrated the progress we made protecting our people, products, communities, and the environment throughout the week.

Activities for the week included crossword and

word search puzzles, a Health Services quiz with winners receiving safety baskets, facility wide "Pink Out Day" in honor of Breast Cancer Awareness, Halloween candy handout for all, and pie in the face events that benefited the Susan G. Komen Foundation and Janet Weiss Children's Hospital in Danville.

We want to thank all our employees for their commitment to safety during Safety Week and every day. We appreciate their hard work and dedication to keeping our workplace safe!
