Due to Covid19, we were unable to hold our annual gently used Brighton handbag auction soooooo---we've had an idea. Anyone with a gently used Brighton handbag can place it up for bid. Each handbag will have a minimum opening bid of $50. If you are placing bags up for bid, be sure you are ok with the minimum bid in case that is the only amount bid. If your bag does not receive any bids, you will be called so you can pick up your bag.

If you want to bid on a handbag, place one bid for what you are willing to pay. The highest bid purchases the bag. When you place your bid, you will supply your credit card information. If you win the bid, we will run your card info. We will then notify you that you can pick up your bag. In case of a tie bid, we will call you and give you another chance to place a bid. The highest bid gets the bag.

Organizer bags have a minimum bid of $35. The money from the sold bags go to the accounts of the owners placing the bags for sale to use on the purchase of another Brighton handbag or luggage.

You may place your bag up for bid between August 5-August 15. Bids will be accepted between August 17-August 30, during which time bidders may come in and examine the bags or request pictures if they don’t want to come in. Those placing the handbags for bids or those whose bids win, will be contacted by September 7. Please examine the bag carefully. Bags are sold as is. No warranty transfers with any bags.
