

“Living at The Langford has provided me with *security, friendships*, and help with the little things every day.”

— THE LANGFORD RESIDENT
Nancy Lasell

Where *independence* meets *connection*.

In The Lone Star State, we're known for our independent spirit, but we understand a full life requires connection to one another. In 1962, Methodist Retirement Communities was founded on Texas values to combat loneliness with fellowship and uphold independence. Here, we believe growing old should be just that ... growing. With deep Texas roots and faith-based, steadfast leadership, **The Langford** offers a bright future to those who call it home.
