Fries Financial Services, LLC

Voted "Best Financial Planner"

108 E. North Ave, Bryan, TX | (979) 846-8395
service@friesfinancial.com | friesfinancial.com

It is with gratitude that we acknowledge our clients and neighbors who nominated us for this recognition. Founded in 1984 as one of the few female-owned financial planning firms in Texas, we have grown from a small local office to representing clients in 37 states. Our mission has always been to make each client, no matter where they are financially, feel welcome, respected, and listened to. Our staff shares their time and talent with each client as if they were our only client.

You may be wondering... do you have to be rich to use a financial planner? Who uses a financial planner, and should it be you? If you care about your financial future, your family's well-being, your retirement, your kids' or grandkids' education, what will happen if you become frail and how your family will manage after your death, then you would benefit from a financial planner. Did you know that, statistically, people who use financial planners have saved twice as much for retirement as people who don't? Having a financial coach encourages you to save, provides the emotional support to avoid "panic selling," and will help you stick to a long-term plan. And once you do reach retirement age, our consultants help our clients know which assets to draw from first for the most tax-efficient income. Vanguard's research suggests that working with a financial advisor can provide an extra ~3% in net returns annually through strategies like portfolio construction, rebalancing, and behavioral coaching (National Financial Educators Council).

Working with a financial advisor helps provide Peace of Mind. Don't you deserve all of these advantages? Call us to schedule a free meeting with our award-winning team.

Fries Financial Services

For 40 years, we have celebrated our milestones by offering matching fundraising grants to local charities. Thus far, we have helped raise over \$1,500,000 for worthy local non-profits. For our 40th anniversary, we helped raise over \$160,000 for:

BCS Together
Sleep in Heavenly Peace
The BEE Community
The REACH Project
Meals on Wheels

Elevate Ukraine
BUILD
OnRamp
Unlimited Potential
Texas Ramp Project

In 2025 we are sponsoring a medical clinic that will be built by Texas A&M University's non-profit student organization, BUILD, and delivered to Ukraine. Contact our offices if you would like to help. Consider making a tax advantaged gift from your IRA.

Combined, our staff and advisors have over 110 years of Financial Services industry experience, offering you a competent, caring team to help navigate the uncertainties of today's market and your family's financial future. We offer cool heads in challenging times.
