EXECUTIVE DIRECTOR REPORT

Lori Arce-Torres
Executive Director
Lincoln City Chamber
of Commerce
(541) 994-3070

As the Executive Director for the Lincoln City Chamber of Commerce, I feel very proud to be able to represent Lincoln City and the members of the Lincoln City Chamber of Commerce.

I'd be remiss if I didn't address the COVID-19 pandemic that we find ourselves in this year. There is a lot of scrutiny around every aspect of doing business right now. From mask enforcement, to social distancing, to the number of customers that we can have in our businesses at one time. None of this is easy, but rest assured we are doing everything in our power to keep our visitors and locals safe and healthy. It will take all of us doing our part to "Keep the County Open" and continue to give our businesses the ability to serve the wonderful people who visit and live in Lincoln City.

Whether you are visiting long term, or here for a weekend getaway, we hope you will find it to be as wonderful as we do. Please take time to visit our local shops, enjoy our fine restaurants and hotels, but best of all take a relaxing stroll along our beautiful beaches.

Lincoln City truly is a special place. If it's beauty you're looking for, just look out your window. If it's culture or relaxing by the rhythmic waves, you can't go wrong. When visiting our beautiful area, please be kind, wear your face covering and enjoy your time in Lincoln City.

★ EXPLORE
Lincoln
City®

Explore Lincoln City's current focus is teaching guests how to safely and responsibly enjoy our coastal town. We encourage them to wear masks, social distance, enjoy uncrowded outdoor activities and observe the rules we have in place. We want them to be courteous and smart.

We are helping create and promote safe activities, like the Bijou's drive-in movie experience and the

Secret Take-Out Menu restaurant promotion. We're being proactive with a phased recovery communications plan, giving Lincoln City the ability to move quickly when the time is right to invite guests to visit again.

We are continuing to use public relations efforts to showcase our resilient and innovative business community on television, radio and print. Our city is full of entrepreneurs who

have proven to be both creative and compassionate. We are working to give them recognition, giving people a glimpse of our city's heart and soul.

Once we are past the pandemic, we'll get back to inviting the world to come experience our town. Until then, though, we'll be working hard to make sure that those people who do visit are safe and responsible while they are here.

Lincoln City Open Space Trails

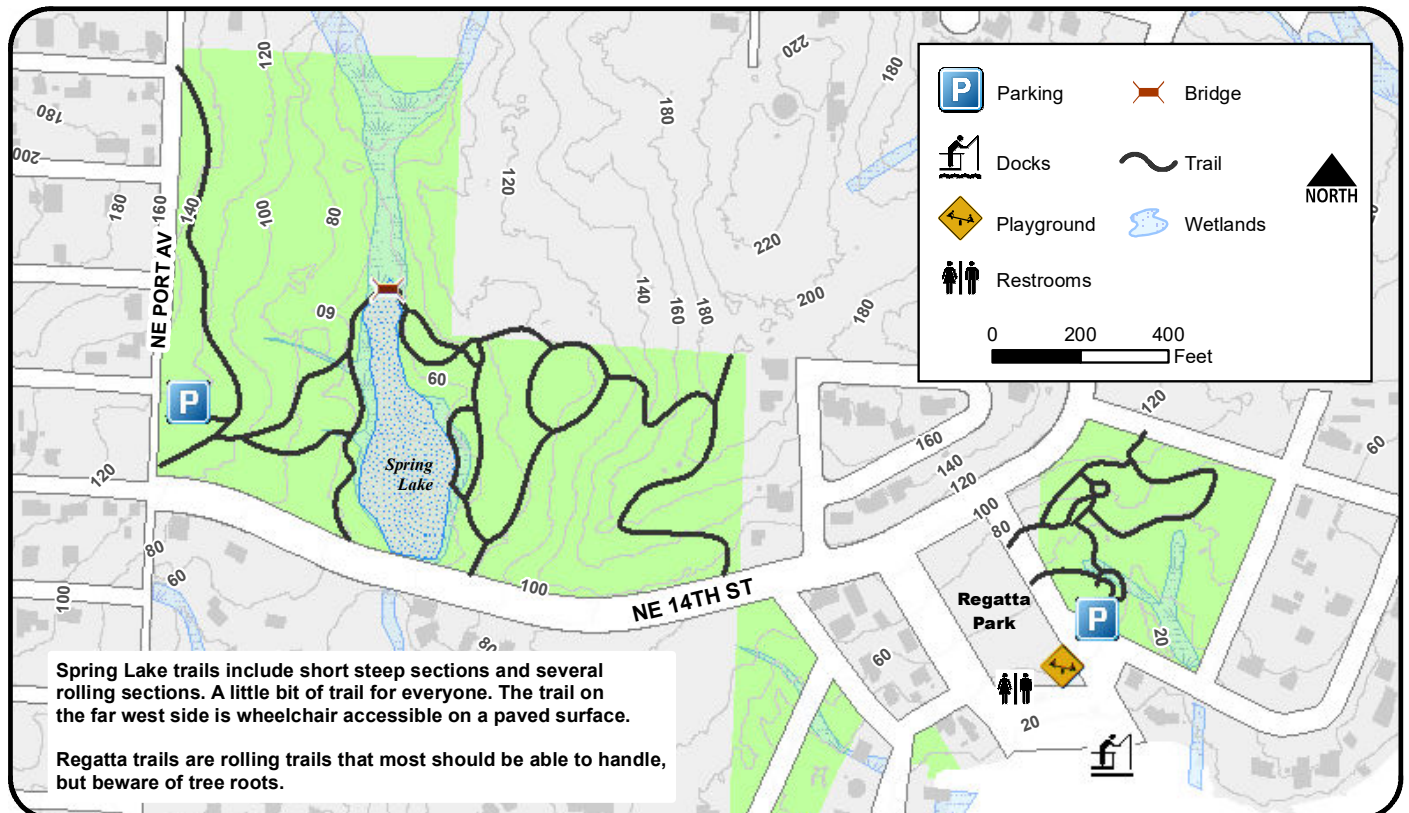

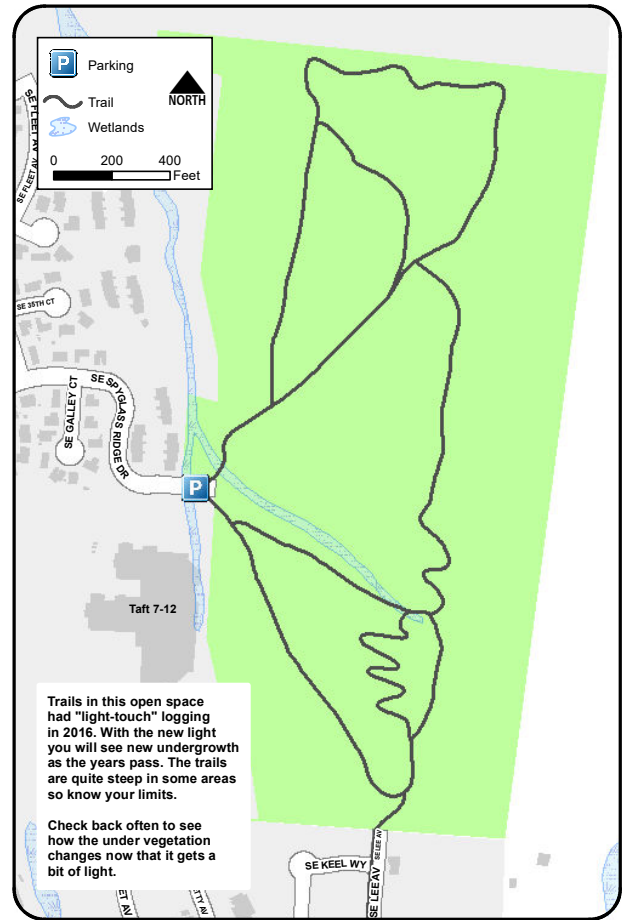

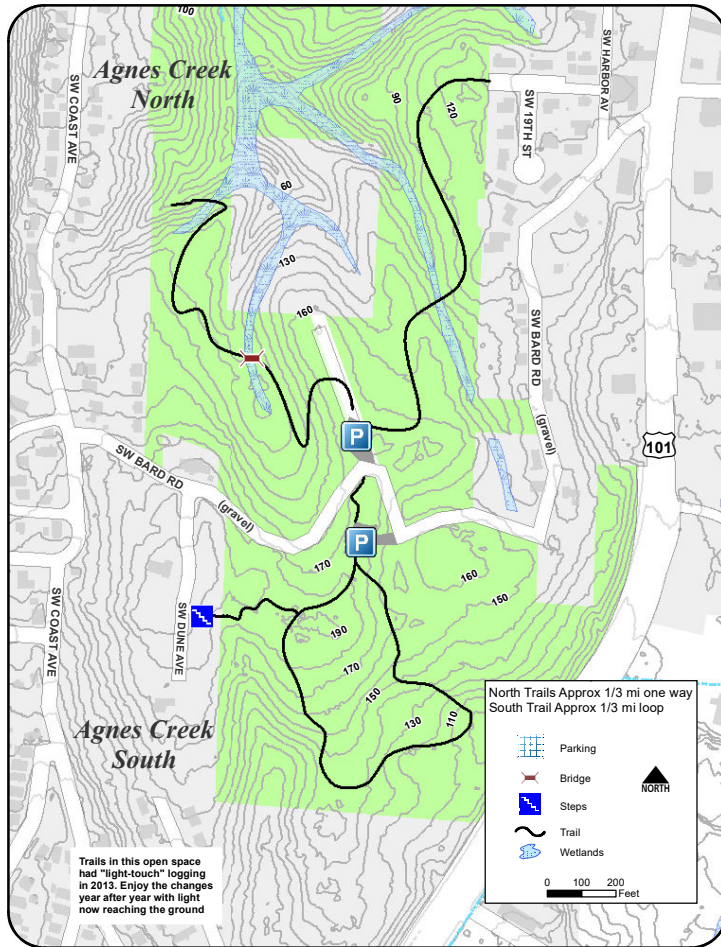

It is our pleasure to introduce you to the growing number of trails in Lincoln City. Under the guidance of our City Council and Parks and Recreation Dept, we are in a time of very active trail building and repair. We hope you enjoy your experience in our open spaces.

The Agnes Creek area underwent light touch logging in 2013 and the Spyglass Ridge area was logged in 2016. Both will see new undergrowth as the years pass due to increased sunlight reaching through the canopy. Please come back often to see the changes.

Meet the newest
RENEWABLE

RENEWABLE NATURAL GAS is made from organic material like wood, food, and even human waste. When all of these materials decompose they produce methane, which can be converted to renewable natural gas. Thanks to advances in technology, this is happening at more than 100 facilities across the U.S., and coming to Oregon this year.

Renewable natural gas — a local energy source, a future of less.

PACIFIC POWER
POWERING YOUR GREATNESS

Welcome to Lincoln County

I grew up in Lincoln County as the daughter of a commercial fishermen. I left for college and returned to Lincoln County for a career in marine science. I worked in that field for 16 years before taking office as a Lincoln County Commissioner. I grew up here, I returned here, and I raise my family here. This place has my heart. It's beautiful, unique, rugged, and has that thing that you can just never quite put your finger on, some might call that magic. I am completely in love with this place and the people that live here. For those of you thinking about moving here, below are some of my favorite things about living here.

The food! Growing up in a commercial fishing family, I always had access to fresh seafood. So much so that when I was in the 4th grade, my mom packed fresh crab in my lunch with a crab cracker and a container of seafood sauce. I cried because I wanted the hot lunch like my friends were having. My teacher took my crab and gave me the \$1.50 for a hot lunch. While I may not have appreciated it as a kid, now I can say that I am a serious seafood snob and being a seafood snob is easy in this place. You can buy fish off the docks in Newport or from many retail seafood shops in Lincoln County. You can also learn to harvest your own seafood, such as digging clams, catching Dungeness crabs, or fishing. Catching fall chinook is absolutely one of my favorite things to do

here. Beyond seafood, you can learn to harvest other wild foods, like berries and mushrooms, though learning from an expert is needed so you avoid the poisonous ones. My big tip for people new to the Oregon coast, buy a freezer, so you can stock it up with amazing food.

The outdoors! This place is beautiful and there is a ton of things to do outside. Lincoln County has several amazing coastal hikes and trails. There are rivers and lakes to kayak and paddleboard. Then there are the beaches! Miles and miles of beaches to walk, as well as waves to surf and rocky intertidal areas to explore. Get your outside on! My big tip for new residents, invest in good rain gear, so you can enjoy that walk on the beach or other outside activities when the weather is not ideal.

The people! I get a little teary eyed when I talk about the people that live here. We have a great community that is heavily connected to the wellbeing of this place. Just about everyone I know gives back to their community in some way. There are many amazing non-profits in this county that provide needed and desired services to residents and visitors. Many of these organizations need volunteers to help fulfill their mission. Volunteering is a great way to both give back to your community but also for you to meet new people and feel more connected to your new home.

Commissioner Kaety Jacobson, Chair

There are things here that are hard, like trying to figure out how exactly rain is getting into your rain jacket, when you have it secured fastened with an air tight seal around your face, and were only dashing from the parking lot to grocery store entrance and somehow have managed to get rain into your rain jacket and down the entire front of your shirt. Though with time, those things find a way to be humorous. They're just par for the course in living in such a beautiful place. For those of you contemplating moving here, reach out to others who currently live here, talk to the chamber who is not only a great source of information on relocating but can also act as the "friend that lives here" if you don't have one of your own. For those of you that have recently moved here, welcome to Lincoln County, I hope you fall in love with this place in the same way I have.

-Kaety

Quality medical care on the central Oregon Coast

podiatry, obstetrics and gynecology, pediatrics, mental and behavioral health, emergency services, hospital care and post-acute transitional care, and more. Laboratory and diagnostic imaging (radiology) services are available with convenient hours, as is a full complement of physical, occupational and speech therapy services. Consulting physicians regularly bring their expertise to the hospital so community members can stay closer to home for specialty care, such as cardiology, oncology, urology, dermatology, ophthalmology and ear, nose and throat.

To establish care with a doctor, visit samhealth.org/FindADoc or call 800-863-5241.

New hospital and remodeled campus

Construction on an all-new hospital building was completed in February 2020, directly east of the previous hospital location. The original hospital was demolished to make room for an environmentally

Tucked away on the scenic shores of Devils Lake, just 1.5 miles off Highway 101 in Lincoln City, you'll find Samaritan North Lincoln Hospital (SNLH). Since 1968, this accredited critical access hospital has been an integral part of our wonderfully diverse coastal community.

The hospital operates within the North Lincoln Health District and is a part of Samaritan Health Services — a non-profit network of five hospitals, 80-plus physician clinics and other health services located in the mid-Willamette Valley and central Oregon Coast. This includes Good Samaritan

Regional Medical Center in Corvallis, with its Level II trauma center, and our sister hospital in Newport, Samaritan Pacific Communities Hospital.

Samaritan North Lincoln hospital is an important economic driver for our community, too, with more than 350 people employed in medical, professional and ancillary positions, ensuring around-the-clock care in Lincoln City.

These caring professionals offer a wide range of high-quality health services to residents and coastal visitors, including family medicine and internal medicine, general and orthopedic surgery,

friendly main parking lot that offers ample and convenient parking for the hospital and other buildings on campus. Although the original building is gone, its memory has been preserved in a display located inside the new hospital. With its efficient and innovative design, the new Samaritan North Lincoln Hospital will continue the tradition of providing personalized and professional care combined with the latest in medical technology.

Visit samhealth.org/NewHospitalLincolnCity to view a time-lapse video of the construction and learn more about the new Samaritan North Lincoln Hospital.

Samaritan Early Learning Center

Unique to the North Lincoln Hospital campus is the Samaritan Early Learning Center, which serves children from 6 weeks to 8 years of age. Staff provide quality early education that promotes family involvement within a community-centered environment. The center's excellence has been recognized with a five-star rating by the Oregon Quality and Rating Improvement System.

for retirees who enjoy scenic ocean vistas and explore the inland forests and waterways. Because older adults often have more complex medical needs, use multiple prescriptions and can suffer from added social and physical challenges, it's important for caregivers to understand these special health care needs. Fortunately, Samaritan North Lincoln Hospital is well-prepared, with its geriatric-accredited Emergency Department that is always open.

To learn more, visit samhealth.org and search "geriatric."

Walk-in care at Samaritan Coastal Clinic

When you need health care right away but it's not a life-threatening emergency, walk-in service is available at Samaritan Coastal Clinic, 825 NW Hwy. 101, conveniently located in the center of Lincoln City. Medical staff

are available to provide care weekdays from 8 a.m. to 8 p.m. and weekends from 9 a.m. to 6 p.m.

Learn more at samhealth.org/CareNow.

Transitional Care Program

After surgery or treatment in the hospital, some people are not quite ready to return home and may require ongoing care. That's when a Transitional Care Program (often called "Swing Bed/Transitional Care") can help. This unit located inside the North Lincoln hospital provides services for patients who need skilled nursing care and/or rehabilitation before returning home after a hospitalization. This includes people who are recovering from a major accident or stroke, who have special wound care needs, or are recovering from major surgery such as joint replacement.

Chambers family keeps Mills Ace Hardware family-owned

In need of hardware, plumbing, electrical, and (especially right now) personal protective equipment?

Look no further than Mills Ace Hardware.

The Mills family bought the South store in Taft in 1972 and slowly expanded it by buying the buildings adjacent. Later, in the 1980s, they added the paint store, which was across the street, and was merged with the South store in 2018. Roughly at the same time in the 1980s, Roger Mills with his son, Ty Mills, added the North store and it has steadily grown ever since.

Recently, the Chambers family purchased Mills Ace Hardware from the Mills family in June of this year. Three members of the Chambers family are now owners in the business.

"Since the Mills family originally bought the business in 1972, they have had a tradition of community support that we hope to continue," said Jeremy Chambers, president, Sound Hardware DBA Mills Ace Hardware. "And [we] will continue to focus on serving the local community. It has been successful because it has focused on its core business of hardware and customizing our offering to the local needs of Lincoln County."

Passing from one family to another, Mills Ace Hardware will continue to be family-operated and hyper local.

"Most people in the US work for a small business. Family business is the backbone of the American economy, and we are able to be flexible and customize what we do to your specific

needs," Jeremy said. "We are different because we do not have a one-size-fits-all approach; we will do whatever it takes to help our customers with whatever problem they bring us."

Mills Ace Hardware stocks and sells hardware, plumbing, electrical, lumber, rental, tools, lawn and garden, paint, cleaning supplies, housewares, PPE, BBQs, seasonal gear, and a whole lot more.

"We hope that our customers have a great shopping experience by enjoying the help from the knowledge of our employees and the wide variety of products. We are here to be helpful," said Jeremy.

Mills Ace Hardware has two locations known locally as the "North" and "South" locations; found in Lincoln City at 2047 NE 22nd St and 4910 SW Hwy 101.

And if you've never stopped in, Jeremy encourage you to do so.

"Give us a try," Jeremy said. "You will be amazed at the friendly staff that is eager to help solve your problem. Besides, hanging out in your local hardware store is cool!"

Travel Awaits: 2021-22 Cruiseline deal available now

When the senior citizens of today, were the kids of yesterday, a vacation was traveling to Grandma's house. My how the times have changed.

Seniors today book cruises around the world, trek across jungles, climb mountains and volunteer where they travel to.

Seniors of today look for life changing experiences that they can share with family and friends. The inter-generational travel experience makes for lasting memories, for the senior, their children, grand and great grandchildren. We hear frequently, "thank you for putting our family together." Many find the best way to travel together is on a cruise ship. A recent client said, "Nobody had to plan the meals, makes the beds, wash the dishes or even plan the daily activities." The guest summed it up by saying "It was all done for us, we just enjoyed."

Travelers of today are concerned about health issues. The current virus has caused untold cancellations in all segments of the travel industry. With the cancellation comes opportunities for the watchful senior traveler. Clients are on the watch for special pricing and added value to their travel experience. Many bookings for 2020 have already been canceled but most people are rolling the reservation to 2021 or 2022. Travel suppliers are offering discounts and added benefits to keep their future business in tack.

The elder traveler recognizes the importance of group travel. The group may be just another couple or a motor coach full of family and new friends. There are a variety of positives in traveling in a group. The first is price. There is savings in numbers. It feels good to have someone else carry your luggage and place it in your room, and if a problem arises there is an expert shepherding the group that may provide the needed guidance.

Mark Twain once wrote, "Twenty years from now, you will be more disappointed by the things that you didn't do than by the ones you did do. So throw off the bowlines, sail away from the safe harbor. Catch the Tradewinds in your sails, Explore, Dream, Discover." For some those trade winds will carry them off to safe harbors across the ocean, for others they will discover the joy of their own back yard. Whichever you choose now is the time to make plans.

Within the Pacific Northwest we find travelers dreaming about Victoria BC. Others are dreaming about traveling overseas. Europe remains at the top of the bucket lists. Recently All Ways Traveling booked group space on Holland America Cruise Line for a 14 day sailing from Amsterdam to Norway. Venture with Holland America up and over the Arctic Circle, discover the world's deepest fjord or find your roots for those who have their heritage in Norway. We will sail the Summer of 2022,

Call for information..

All Ways Traveling specializes in crafting unique travel experiences that cater to your specific interest and, in doing so, unlock your passion for discovery.

Our top picks for 2021 will be a cruise to Alaska, or in the lower 48 states return to our National Parks or sail one of our great rivers, including the Columbia, Mississippi, and Ohio.

All Ways Traveling reminds you to buy trip cancellation insurance. There are several policies available. Some may just cover the cost of your trip, others will cover you while on the trip for lost baggage, trip delay or unforeseen medical expenses.

Family-owned Gerber Tire offers quality service for over 40 years

It's a consumer's worst fear: taking your car in for a tune-up and new tires and overpaying for the service.

But never at Gerber Tire, that's something they pride themselves on.

For over 40 years, Gerber Tire has been serving the Lincoln City community with professionalism, expertise, and a family-oriented mindset in their tire and service business.

"It's very local," Perry Gerber, Gerber Tire Corporate Secretary said. "It runs very un-corporate."

Perry's father Jim Gerber started the business in 1980 and grew it into a four-store chain.

Since that time, three of the locations have been sold off, but Gerber Tire is still family-run.

"My dad is still working," Perry said. "He runs our trailer and truck bed division that we started about 25 years ago."

The family runs their Tire and Service Center at 1605 SW Hwy 101 in Lincoln City, and their Gerber Trailer Sales at 13000 S Pacific Hwy W in Monmouth.

As a family-owned business, Gerber Tire keeps their focus local.

"There's nobody at the top who's collecting money for doing nothing," Perry said of their success over the years. "There's not a super high dollar guy who's trying to suck the life out of it."

Staffing nine employees, Gerber Tire offer tires, wheels, undercar parts and service, brakes, shocks, alignments, batteries, starter, and a full service lube and oil station.

"We're also the biggest 'Interstate' dealer on the Oregon Coast and offer a lot of trailer repair," said Perry.

The Gerber family believes, and holds firm, to fixing things the right way with quality.

"We think we try harder to make people happy," said Perry. "I think we use better parts in most cases. Some shops use the cheaper parts and charge the premium price. We just use the premium parts."

Gerber Tire doesn't settle for cheap or inferior service. So instead of charging a flat rate price for work done in their shop, they pay their crew by the hour. Customers walk away pleased when service is delivered quickly and for a fair price.

"Come check out us. Even though we only use premium parts, compared to the prices I've seen, we are competitive in every way," Perry said.

In the midst of the COVID-19 pandemic, Gerber Tire has also stepped up their safety measures.

"Nothing is reused, ever," Perry explained. "So, every time a guy gets in a car, he has to have a brand new set of gloves, brand new steering wheel cover, brand new seat covers, brand new floor mats. We're really taking care to make sure this is working good."

The service center is once again fully staffed (after slowing a bit during the state-wide quarantine mandate) and can get vehicles in and out quickly.

"We're basically instant service again," said Perry.

Gerber Tire & Service Center is open Monday – Friday 8 am – 5:30 pm; and Saturday 8 am – 4 pm. Contact Gerber Tire at 541-994-2202 or gerbertire@gmail.com

Lincoln County School District

Lincoln County School District (LCSD) is a great place for kids and families!

We have 14 schools and 5500 students living in our beautiful county. The LCSD has 55 miles of scenic coastline..

The LCSD has 6 elementary schools, 1 middle school, and 4 middle-high schools. We are proud of our 3 charter schools: Career Tech High School in Lincoln City, Siletz K-12 in Siletz, and further east, Eddyville K-12 Charter School.

This year is a unique one for LCSD, our staff, families, and students. The Oregon Department of Education has outlined the models we can use for re-opening. At this time of this printing, we are going with the hybrid model since this allows for in-person instruction at least 2 days per week for our students and partnering with parents/guardians for the other three days of distance learning. Updates on plans, opportunities for feedback, and FAQs are on our website under "Fall 2020" on the homepage (www.lincoln.k12.or.us). There is no easy solution. Our community is resilient and we have incredible staff who want to do what is best for our students.

Lincoln County School District has set a vision of "Every Child, Every Day, Future Ready". To that end, we adopted a new and innovative reading curriculum K-10 that we

implemented across the district last year. Next year, we will be adopting a brand new Math curriculum. We are part of the Oregon Coast STEM Hub which stands for Science Technology Engineering and Math. We are connecting our beautiful natural resources with our science and language arts curriculum. Our school district boasts many Career Technical Education Pathways: Commercial Art, Early Childhood Education/Teaching, Culinary Arts, Digital Design, Drafting and Manufacturing, Natural Resource/Forestry, and Visual Design and Communication.

We are an Everyone:1 "teachnology" school district using cutting edge technology to learn and grow. Music and the arts are an important part of our schools and we boast very successful athletic award-winning programs across the district.

Lincoln County School District is diverse with more than 24 different languages being spoken. We are a Positive Behavior and Interventions Systems (PBIS) school district and we support our students to be all that they can be by supporting their power to learn how to choose to be successful. We believe in our students and the power of their potential to achieve their dreams.

Stay safe. Be healthy.

GOVERNMENT

Lincoln City was consolidated in 1965, bringing Cutler City, Taft, Nelscott, Delake and Oceanlake together as one municipality. The city operates under a City Charter, with a paid City Manager acting as chief executive, and a non-paid Mayor and six-member City Council. The City Council is elected from three wards and serves four-year terms. The City also has a seven-member Planning Commission, appointed by the City council. Over 100 active residents make up the many advisory committees of the City, providing valuable input to City Hall.
