

Antonio's
CUCINA ITALIANA

Roman Village
CUCINA ITALIANA est. 1964

Antonio's
PICCOLO RISTORANTE

A family tradition since 1964

Thank you to all the guests that have been patient and understanding and have supported us through this extremely difficult past year. For over 56 years our restaurants have been through countless challenges, from financial recessions to depressions and through it all we have continued to expand and grow and together we have now faced a pandemic.

We are blessed to always find a positive solution to overcome and succeed! This could not be possible without our extended family of staff and their ability to step up to the many challenges with a positive focus on working together unified in one direction and a goal to always move forward Tiriamo Avanti™.

As we begin this brand-new year, we are faced with the unknown in what the restaurant industry as many businesses have been forced to close and hardworking people are now unemployed. One thing is promised, my family and I are looking forward to working, serving and feeding our great community. We remain strong and thank our guests for standing with us. Looking forward to a positive 2021.

Sincerely,

Anthony Rugiero

CEO. President
