

Exceptional Dermatology Care at Mount Nittany Health

Mount Nittany Health is proud to announce the opening of our new Sandy Drive location, providing our community with expanded access to exceptional dermatology care. With an enhanced dermatology team and the addition of Mohs surgery services, we are dedicated to delivering advanced, personalized care close to home.

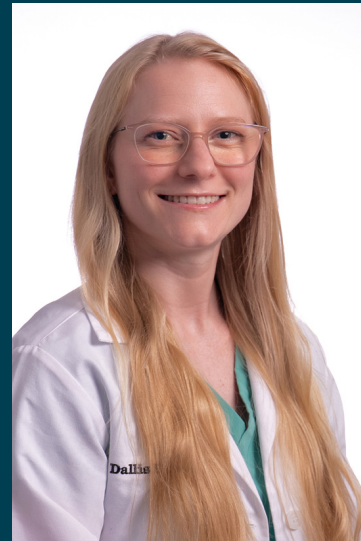

Mount Nittany Health – Dermatology and Mohs Surgery

2188 Sandy Dr.

State College, Pa. 16803

Joining our team is Dr. Jacobs, a skilled dermatologist with expertise in the diagnosis and treatment of skin cancer. Her addition strengthens our dermatology team as we introduce Mohs micrographic surgery and expand access to advanced skin cancer care.

Visit us at Sandy Drive, where comprehensive dermatology services and advanced skin cancer treatment are now closer than ever.
