MAY SUPERINTENDENT REPORT

- As a small token of our support for our staff, the board provided our annual meal for the staff as we participated in national "Staff Appreciation Week". Our staff was very appreciative, not only of the meal, but the gifts and deserts that the community shared during that week.
- All senior activities (Baccalaureate, Senior Awards Night, and Graduation) went very well. Preschool graduation and 6th grade promotion were also great events. I would like to praise the faculty, students and families that participated in these events. The programs were very organized and celebratory of our students for important milestones.
- We have two staff members who will be retiring this year (Billie Prince and Stephanie Shelton) Friends, family and staff shared stories and congratulate them in various events. Each of them will be missed, but we wish them the best as they pursue other endeavors in the future.
- We have already begun to work to complete the things that need to be done to our facilities this summer. We feel the schools will be in excellent shape for the fall.
