

Do you have leg pain?

It is estimated that 25% of women and 15% of men suffer from vein disease. Symptoms can include:

- Varicose veins, restless legs and venous ulcers
- Aching, fatigue or heaviness in legs
- Cramping, swelling and numbness in leg
- Throbbing or burning leg pain

Vein Clinic specialists at Regional Medical Center will conduct

FREE VEIN SCREENINGS*

to check for the presence of vein disease.

WHEN: Tuesday, September 10 or
Tuesday, September 24
(Beginning at 4:00 pm)

WHERE: RMC Annex Building | Upper Level
3000 St. Matthews Rd | Orangeburg

HOW: **Appointments Required;**
please call **803-395-4555**
(SC Toll Free: 800-476-3377, ext. 4555)

Julius Babb, MD, FACS
MEDICAL DIRECTOR
RMC VEIN CLINIC

**Any follow-up testing or treatment diagnosed as a result of this FREE screening will be the patient's responsibility.*
