

Number of airstrikes

The number of airstrikes in Syria has surpassed those in Iraq since the second half of 2016.

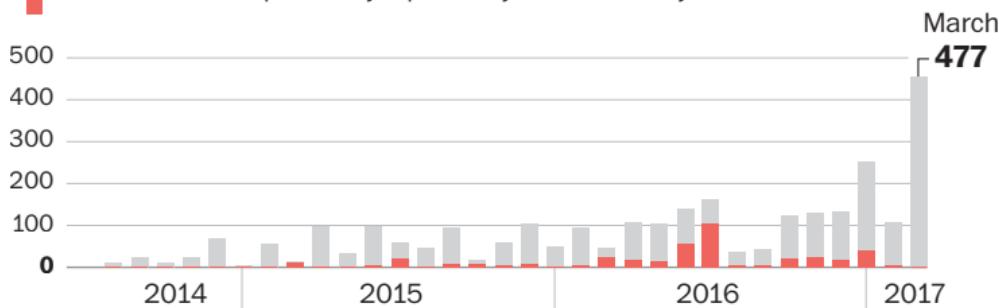

Note: The term "airstrike" is general; any one "strike" may include multiple targets; aircraft actions and even locations; according to U.S. Air Forces Central Command.

Alleged civilian deaths in Syria and Iraq

Strike allegations compiled by Airwars, a watchdog group

REPORTING LEVELS

- **Fair:** Reasonable level of public reporting from two or more credible sources. Also, confirmed coalition strikes nearby for that date.
- **Confirmed:** Responsibility reported by coalition or ally for strike.
