Welcome *to the* Best of Nevada County

Bridget Grant
Special Sections Manager

There is no better view, than the view of the Aurora Borealis seen over Bridgeport, to make time stand still between the intersection of human creation and natural beauty. In 2024 we saw some incredible efforts, big changes, and works of art in nature. Congratulations to all the people and businesses who were nominated, you truly represent the Best of Nevada County! To the Winners and Runners Up, a mark of excellence has been awarded to you by your fellow locals and friends.

The Union's Best of Nevada County has been a reputable directory of the best Nevada County has to offer for 26 years and 2024 was a year of amazing achievements. Now the website acts as a locals' service directory for ALL the best businesses in Nevada County on <https://www.theunion.com/bestof2024/> The Union's website for the Best of Nevada County contest.

Out of everyone who was nominated we wish they could all be winners, especially, the Citizens of the Year, the everyday people who were nominated for their incredible efforts last year, notably, **Bob Martin** for his continued commitment to cleaning up highways in his

community as a founder of Citizens Who Care and the CWC recycling project in Lake Wildwood, **Tom Durkin** of Nevada City for his efforts housing low-income residents of Nevada County, **Dr. Scott Neeley** the president and CEO of Sierra Nevada Memorial Hospital, who recently instituted a community wide wellness program to encourage healthy living with the goal of keeping people out of the hospital, implemented a program to retain doctors, as well as top notch management, **Shannon Buehler** for being in service of the community that she loves, as a dedicated volunteer, the Branch Manager and Mortgage Advisor at Stanford Mortgage, co-owner of beautiful downtown Grass Valley boutique, Gypsy Rose Trading Post, **Terry Brown** the acclaimed soloist who carries a tune with a song in his heart and inspires others to contribute to local nonprofit classical music organization, Music in the Mountains (MIM), and **Chris Maher**, BriarPatch Food Co-op General Manager, for his commitment in his career to helping educate people about the transformative co-op model for the food industry toward better transparency, equity and sustainability.

Thanks, to all the people who make Nevada County the Best!

Citizen *of the* Year Winner

Tom Durkin

Out of all the deserving nominees, the Citizen of the Year in 2024, goes out to Tom Durkin of Nevada City for his incredible work to house low-income residents in Nevada County, especially in 2024!

Donn Harris, Nevada County resident, former Chair of the California Arts Council, and an engaged member of the local Arts Council, the non-profit Color Me Human and the Equity and Inclusion Leadership Alliance nominated Durkin, and says:

“For more than a decade, Tom writes a freelance column every other week for *The Union*, and has done so without pay—tackling interesting and sometimes challenging topics that invite debate and spark civic engagement. His voice is respected by community members, elected officials, and local government employees, and is always a voice of reason when he attends public meetings, a much-needed example in divided times.

Tom’s main focus in 2024 was to work within the system to get the County to pass an “All Homes on Wheels” ordinance to allow RVs, trailers and certain other enclosures on wheels to be temporarily permitted living spaces if they meet certain minimum requirements. His on-the-ground knowledge of the homeless and their plight gives his advocacy special authenticity. He was instrumental in the recent Board of Supervisors vote that passed the “Tiny Homes on Wheels” ordinance, which Tom sees as the beginning of a comprehensive policy that covers ALL of our unhoused neighbors. He is one of the reasons this issue is now on the front burner for the Supervisors. Given the importance of this issue, locally and statewide, even nationally, Tom’s progress in this area is worthy of high-level recognition.

Taking this further, Tom wrote a grant under the California Arts Council’s Creative Corps program, Governor Newsom’s ambitious reimagining of FDR’s Public Works programs of the 1930s-1940s era, meant to get artists employed in the service of the state’s priorities. As the Creative Director of the

Tom Durkin

“No Place To Go Project,” Tom employed actors, filmmakers, and the homeless to create a comprehensive view of homelessness and its victims. They produced a half-dozen original songs and a series of short videos giving a face to the issue rarely glimpsed. Tom fulfilled an important aspect of this project by involving the non-profit Sierra Roots. A film from this experience is still in the editing room.

Tom often brings a group of speakers with him to Supervisors’ meetings, who are respectful, on-point, and exercising the best of democratic tradition. He is setting an example for effective democracy in action, and in this vein, the work he did with former Supervisor Ed Scofield deserves mentioning. From opposite ends of the political spectrum, they nevertheless worked together to tackle the tough issue of homelessness and the results will be seen soon in new legislation. The rarity of bipartisan collaboration is in itself a cause for optimism.

Tom has had a huge impact, been selfless and unpaid through most of the time on this project, and has been in Nevada County for almost three decades. He is a worthy candidate for this annual award.”

TRIPP'S AUTO BODY

Tripp's Auto Body - Three Generations of Quality Work and Customer Service! A family business, Tripp's has been offering full and complete collision repair for over 70 years. Originally, at their Stewart Street location in Downtown Grass Valley and now at their new larger location for the past 8 years at 600 Freeman Lane. The move has allowed them to expand and better serve their customers!

Tripp's specializes in collision repair, paint match and finish. Three generations of the Tripp family have had a hand in running the business.

Arlie Tripp opened the auto body shop on Stewart Street in 1954. Sons David and Darrol eventually joined him; David's son Todd followed in 1988. After Darrol's passing last year, Todd has taken over and is still actively running the family business.

David Tripp retired over 11 years ago, after nearly five decades at the business, leaving Darrol and Todd Tripp as the co-owners of the shop. Today, Tripp's Auto Body has about 27 employees and is officially recognized by Assured Performance, FCA, GM, Hyundai, Nissan, Ford Infinity and Subaru.

Tripp's is also recognized as a Gold Class shop, an elite designation that only 10 percent of collision repair shops have been awarded by I-Car, a nonprofit training organization founded by the collision repair industry.

To become certified and officially recognized by the various automakers, Tripp's Auto Body

Shop passed a rigorous certification process essential to help ensure a proper and safe repair of the new generation of advanced vehicles.

Less than 5 percent of body shops across the nation are able to meet the stringent requirements to become officially certified and recognized.

The Tripp family is also dedicated to their community, often donating time and sponsoring many local groups including Little League, Nevada Union High School, and Bear River High School.

They make it their mission to treat people the way everyone wants to be treated, pleasantly

and honestly, and their main goal is to provide unbeatable customer service and repairs.

"We are your neighbors and friends, so it is important to provide our customers with the peace of mind that their vehicles are being repaired correctly by highly trained professionals that care about them," said Darrol Tripp.

WINNER PROFILE****MARIA'S MEXICAN RESTAURANT**

As we celebrate 33 wonderful years of Maria's Mexican Restaurant, I want to take a moment to express my heartfelt gratitude to all of you in our community. Without your support, love, and loyalty, we would not be the success we are today.

When I opened the doors of Maria's in 1992, my dream was to create a place where families and friends could come together over delicious, homemade Mexican food. Every dish we serve is crafted from scratch, made with love and care, because I believe that good food should nourish both the body and the soul. It has always been my ultimate desire to provide not just great meals, but also a warm and welcoming atmosphere where memories are made, stories are shared, and laughter fills the air.

Through the challenges of the past few years, I've been especially grateful for our dedicated staff.

I truly appreciate our team who has stood by us during those tough times, their resilience and commitment have kept us going. I'm equally thankful for the new staff members who have joined our family, bringing fresh energy and enthusiasm into the restaurant. Together, they have created an

environment that reflects the heart and soul of our vision.

As I reflect on the past 33 years, I am filled with gratitude for each of you who has walked through our doors. Your support has meant the world to me and my family, and it inspires us to keep going, to keep serving, and to keep creating delicious memories together. Thank you for being a part of our journey. Here's to many more years, we couldn't have done it without you!

SmarterBROADBAND

A heartfelt congratulations to SmarterBroadband's Staff for achieving the well-deserved title of "Best of the Best" once again this year! Since its establishment in 2005, SmarterBroadband has been a pillar of reliability and innovation, bringing high-speed internet services to the rural and hard-to-reach areas of Nevada, Placer, and Yuba Counties.

What sets SmarterBroadband apart is not just its cutting-edge fiber-fed line of site technology but also the unwavering

dedication of its local staff. In the face of challenging circumstances, such as catastrophic storms or power outages, SmarterBroadband stands strong, ensuring uninterrupted service for its valued customers.

The commitment to customers' satisfaction is truly commendable. SmarterBroadband not only maintains service during adverse conditions but goes above and beyond by prioritizing customer needs. The decision to increase bandwidth without raising monthly fees is a testament
