Class of 2024

"Your education is a dress rehearsal for a life that is yours to lead." — Nora Ephron

As you step out of the familiar halls of high school into the vast world awaiting you, remember this: you are more capable, more resilient, and more ready than you might think. Each lesson learned, each friendship made, and each challenge overcome has equipped you with the strength and wisdom to navigate the journey ahead. Embrace the uncertainty with courage, chase your dreams with passion, and never forget the value of kindness and perseverance.

As you embark on the next chapter of your lives, please consider one last piece of advice from your teachers and administration.

Consider the following:

- Take calculated risks. Overcome your fears and

try new things, even if it means making mistakes. It's important for your personal growth.

- Don't act impulsively. Always consider the consequences of your actions.
- Go out of your way to visit new places, meet new people, and test out various hobbies. You never know when you'll stumble across something you really love.
- Look forward to the future but enjoy the present.
- Join an online or local club, activity, group, or team.
- Build new friendships, but still make time to stay in touch with old friends.
- Be careful about what you post on social networks. Employers will often search for information about job candidates online, so think about how you want

to present yourself before you post anything online.

- The world is vast, filled with opportunities waiting for you to seize them.
- Cherish the memories you've made, the friendships you've formed, and the lessons you've learned.
- Carry with you the knowledge that you are capable of achieving greatness, and don't be afraid to chase your dreams with determination and resilience.
- As you spread your wings and soar into the future, may you always remember the lessons of your past and embrace the journey ahead with courage and optimism.

Congratulations, outgoing seniors, on reaching this milestone. Your adventure begins now!

Valedictorian - Ethan Amato

Valedictorian Ethan Amato is the son of Lisa and Tim Amato of North Bend. He plans on attending the University of Oregon Honors College with the eventual career goal of becoming a pharmacist. Ethan was involved in a variety of extracurricular activities in and out of school, but considers his involvement in the Bulldog Pageant, which raised over \$22,000 for premature babies, to be his most significant contribution to his community. Ethan describes his high school experience as "transformative" and thanks Jennifer Hampel for her influence, constant support, and enthusiasm for teaching that helped him decide on a career in the healthcare field. His biggest regret is not giving himself a break with the academic workload and he would advise underclassmen to get involved with extracurricular activities and have fun. One of

his best memories was attending and assisting with the Civil War tailgate and football game this last fall. Outside of school, Ethan enjoys working on classic cars. He and his dad rebuilt a 1965 Ford Mustang together. We wish Ethan the best of luck as he shifts gears to enter the next chapter in his life!

Valedictorian - Finley Cheal

Valedictorian Finley Cheal is the son of Julie Batchelor and Lawrence Cheal of North Bend. Finley will be attending and swimming for SOCC. His ultimate plan is to attend the United States Coast Guard Academy to major in either Mechanical or Civil Engineering. The most challenging part of high school for Finley was getting over the hurdle presented by COVID-19, which forced students to rebuild academic habits and the way they connected. While at NBHS, he learned that if you want something to work out, it is necessary that you put time into furthering that goal. If you want it, go get it! If Finley could switch lives for one day with someone else, that person would be the comedian Gabriel Iglesias, who owns over 100 Volkswagens! Finley thanks Dustin Hood for being a great

teacher, a mentor, and a friend. Ten years from now, Finley hopes to be in the Coast Guard or have a degree. He will be happy if he can live anywhere there is an ocean. We wish Finley blue skies and favorable winds as he sails out of North Bend High School!

Valedictorian - Alyssa Crook

Valedictorian Alyssa Crook is the daughter of Kayla and Glen Crook of North Bend. Alyssa is planning on attending Oregon State University and majoring in Business Administration. Alyssa was the lone member of the NBHS Speech and Debate Team this year and has qualified for Nationals this summer. As a result of her hard work and outstanding performance, she was awarded the Southern Oregon Student of the Year for Speech and Debate. Alyssa enjoyed high school and learned to manage her time, although she wishes she had started taking college classes earlier in her high school career. She advises the underclassmen to find a schedule for your homework that works for you so that you don't fall behind. When asked whether she would go back to her freshman year and redo high school, Alyssa commented that although there were things she regretted and things she missed

during COVID-19, she still loved the memories and friendships she managed to create. She is happy with her life as it is and wouldn't want to trade it with anyone, even for a day! In ten years, Alyssa hopes to be running her own boba and sweets cafe. Best of luck to Alyssa as she enters a new phase of her life!

Valedictorian - Abigail (Abby) Woodruff

Valedictorian Abigail (Abby) Woodruff is the daughter of Amy and David Woodruff of North Bend. Abby will be attending George Fox University majoring in Kinesiology with the goal of becoming a Physical or Occupational Therapist. She will be part of the Honors College and the track team at George Fox. Abby is the current 4A State Champion in the Women's Pole Vault! Abby was involved in sports, Band, and Student Government while at NBHS. Her most significant accomplishments during the last four years was bringing back the Bulldog Pageant, which raises money for the Children's Miracle Network at Sacred Heart Medical Center,

and being part of the two-time State Championship Band. Although Abby is self-motivated, she found that her teachers and coaches who put in their time and effort also motivated her to put work into her academics and sports. Although she describes her high school experience as "fluctuating", she also learned that if you see a problem with something, don't just sit around- go do something about it. She advises underclassmen to have confidence and learn to be comfortable with independence, and attributes her own growth and confidence to the grace of God. Abby gives special thanks to Dustin Hood, her College U.S. History teacher and swim coach, as well

as Library Assistant Susan LaBounty. May God abundantly bless Abby and may His light shine upon her!

Valedictorian - Emma Spalding

Valedictorian Emma Spalding is the daughter of Carly and Michael Spalding of Coquille. Emma will be attending SOCC to major in Education and to play volleyball. During her four years at NBHS, Emma was heavily involved in sports, playing volleyball, softball, basketball, soccer, and football. She is proud of being a Student-Athlete and is humbled by having her hard work in the classroom and on the field recognized by adults and her peers. Emma describes her high school experience as "process" and was challenged with finding a happy balance between

schoolwork, athletics, and life. Her motivation came from herself, her parents, and her brother, and she credits Math Teacher Simmie Muth with being a role model for her. Emma appreciates all her teammates who helped her become a leader and who pushed her to become the best version of herself. She was most rewarded by giving back to her community by coaching future generations of athletes through working with the middle school volleyball teams. Ten years from now, Emma hopes to be married with kids, teaching in an elementary school, and coaching sports. May all

Emma's hopes and dreams come true!

Valedictorian - Sophia Hutcherson

Valedictorian Sophia Hutcherson is the daughter of Erica Street and Sean Hutcherson. After graduation, Sophia plans on working and going to the beach- and then heading to Reed College in the fall to major in English and Sociology. She is grateful to be sharing the experience of being a Valedictorian with so many passionate, intelligent, and creative peers. Although Sophia's list of extracurriculars is long, she considers the free self-care packages she and the Z-Club created for NBHS students to be

her most rewarding volunteer opportunity. During her four years as an NBHS student, Sophia was motivated by her dream of traveling the world. She learned to live for herself and how to focus on learning, not the grade. Sophia hopes that she is able to live her life as joyfully and kindly as Library Assistant Susan LaBounty. Her most challenging part of high school was finding her most authentic self and showing the world who she truly is. Best of luck to Sophia as she takes off on her new journey!

Valedictorian - Grace Stephens

Valedictorian Grace Stephens is the daughter of Tiffany and Gabriel Stephens of North Bend. Grace will be attending the University of Michigan in Ann Arbor, Michigan, where she will major in Biomedical Engineering. Grace's list of high school activities is extensive. Not only does she participate in a multitude of organizations, but she is often found in a leadership position within the organization. Her biggest high school regret is that she did not always enjoy participating in events as she was always running them! Grace is proud of her participation in the Bulldog Pageant, which brought a sense of community back to NBHS, as well as

raising over \$20,000 for the Children's Miracle Network. She also counts as significant her work in the NBHS Clothes Closet. During her time at NBHS, Grace learned to balance academics, social life, and mental health, along with learning to never compare herself to others. Everyone has different strengths and abilities, so that collaboration is the key to making new discoveries. Grace gives special thanks to her sister Faith, who taught her to never settle and to never doubt her abilities. She also appreciates Susan LaBounty for the influence and impact she made on Grace's life. In ten years, Grace hopes to be living a life full of passion and

purpose. May the coming years fill Grace's life with the passion and purpose she desires!

Valedictorian - Wendy Quiroz-Garcia

Valedictorian Wendy Quiroz-Garcia is the daughter of Gloria Garcia Quiroz and Jose Luis Quiroz of North Bend. Wendy's academic and extracurricular achievements earned her a four-year full-ride scholarship to Johns Hopkins University, where she will major in neuroscience with a goal of becoming a family medicine physician. Wendy will also earn an Associate's degree from SOCC, which she considers her most significant accomplishment over the last four years. Balancing extracurricular activities with a demanding course load was Wendy's most challenging part of high school, but she credits her parents with continuing to moti-

vate her. Wendy is thankful for Jennifer Hampel's healthcare courses and for the way she reinforced Wendy's passion for the medical field. Her favorite high school memory will always be dissecting fetal pigs in Body Structures and Functions! Wendy wishes that she had not put so much pressure on herself to get perfect grades and she advises underclassmen to be present, to live in the moment, and to not overstress about getting perfect grades as everything will work out. We are proud of Wendy's accomplishments and look forward to her continued success in college and beyond!

Valedictorian - Leland Rodrigues

Valedictorian Leland Rodrigues is the son of Laura Hain and Eli Rodriguez. He will be attending the University of Oregon and majoring in Human Physiology in hopes of becoming a dentist. Leland was a member of the two-time State Championship Band under the direction of Amber Yester, whose influence he appreciates. His biggest regret is that he did not join any clubs, so his advice to freshmen is to prioritize the social aspects of high school since it is a once-in-a-lifetime experience. He fondly remembers a lunch during cross-country season his junior year where everyone was laughing as hard

as they could. He doesn't remember why, just that it was such a fun and lasting memory of being with friends. If Leland could switch lives for one day with someone else, it would be Batman. Why? Because he's Batman! The person who impacted Leland the most during his four years at NBHS was Custodian Mike Fitzhenry. Even though Mike was always overworked cleaning up messes that he did not make, he always had a positive attitude with students and was never too busy to take the time to talk with them and make sure they were noticed. We wish many fun experiences and challenging classes for Leland as

he embarks on a new chapter of his life!

Valedictorian - Garrett Vetter

Valedictorian Garrett Vetter is the son of Mindy and Doug Vetter of North Bend. He will be attending Oregon State University and majoring in Computer Engineering focusing on Cybersecurity. His peers recognized his leadership abilities by electing him as Senior Class President. Garrett is most proud of starting the Fishing Club at NBHS. Balancing academics, extracurricular activities, work, and personal life was challenging, but Garrett found it rewarding to see his hard work pay off. These experiences have taught him the importance of savoring every moment and keeping sight of what truly matters in life. Garrett wishes he had embraced his true self earlier and allowed himself to have more fun along the way. If given the chance to switch lives, he would choose to be someone who owns a serene lake, fishing gear, and a free afternoon!

Even though Garrett's freshman year was non-existent due to COVID-19, he wouldn't change a thing and stands by everything he's done. He sees himself in ten years with a lovely family living in a community which he can serve. May the coming years bring Garrett much success, happiness, and numerous large fish!

Valedictorian - Eleanor Tonn

Valedictorian Eleanor Tonn is the daughter of Becky and Derek Tonn of Coos Bay. Eleanor will be attending Reed College in Portland and majoring in English with a Creative Writing focus. She hopes to ultimately work in publishing. Eleanor participated in both Symphonic and Jazz Band and was a two-time State Champion. Asked to describe her high school experience in one word, she chose "change". During her time at NBHS, Eleanor learned how to take pride in her schoolwork and how to stay consistent with her effort, but she also learned that one assignment doesn't determine everything. Eleanor credits her mother Becky, Susan LaBounty, and Sophia Hutcherson for motivating her and helping her find joy and self-worth in both her academic and personal lives. If Eleanor

were to switch lives with someone for a day, it would be the novelist and essayist Donna Tartt. She would enjoy experiencing her writing process and getting a glimpse of her unfinished projects. We wish Eleanor success and happiness in the years ahead and may she never be plagued with writer's block.!

KAYLEIGH ACEVEZ

LANDIN ACEVEZ

COUPE ALLEN

VANESA
ALVAREZ-PIMENTEL

Valedictorian - Adara Goslin

Valedictorian Adara Goslin is the daughter of Joanna and Seth Goslin of North Bend. Adara will be attending Bushnell University in Eugene to study Music Composition. As you can imagine, her extracurricular activities were focused on Music- and Dungeons and Dragons. Adara's passion for music kept her motivated throughout high school. Although she describes her high school experience as "chaotic", she also learned to form her own opinions and not allow others to form them for her. Adara encourages underclassmen to be brave, to try new things, and enjoy the age you are currently. Mistakes are opportunities for personal growth. She thanks teachers Erica Street and Amber Yester for enriching her high

school experience. We wish a life of perfect pitch for Adara as she graduates from North Bend High School and continues composing the melody of her life!

Salutatorian - Payden Johnston

Salutatorian Payden Johnston is the son of Leah and Bryan Johnston of North Bend. Payden will be majoring in Music at Oklahoma Christian University in Norman. He is hoping to pursue a music career and build up a music brand. During his high school years, Payden focused his time on Choir, Esports (State Champion 2024), and acting at the Little Theatre on the Bay. His favorite memory of high school was going to Disneyland with the Choir. Payden was most influenced by his former Choir Director Ken Graber and the Choir upperclassmen. He wishes he would have reached out to more people and would advise underclassmen to keep making friends as high school is only four years long. He also sug-

gests to try hard when you need to, but take the time to relax. Payden envisions himself in ten years making music with his favorite artists, touring, and seeing success. May the score of Payden's next years be full of high notes!

Class of 2023

Marshfield High School Graduates

Salutatorian - Spencer Pederson

Salutatorian Spencer Pederson is the son of Ryan and Tonya Pederson. He is a younger brother of McKena and Mason Pederson, who have both been prominent students at Marshfield High School, and the older brother of Devon and Brooklyn. He is a four-year varsity member of the soccer and tennis teams, and two-year varsity wrestler. He was team captain for two years on the tennis team and placed sixth at state his sophomore year in wrestling. He is involved in SNHS where he serves as Vice President, NHS, and the Marshfield Charity Program. Spencer

spent 4 years in journalism, serving one year as the managing editor and one year as the opinion editor. Pederson has a 3.95 GPA. He enjoys camping and fishing with his family. He loves to give fist bumps and hang out with his friends. Taking challenging classes, (Anatomy and AP U.S. History) and being ASB President pushed him to be a hard worker. Spencer is all-in when it comes to school spirit, willing to go to extremes in assemblies and on spirit days. After high school Spencer plans to go to BYU Provo to study business management. After one year of

college, he will serve a two-year mission for the Church of Jesus Christ of Latter-Day Saint. Upon returning from his mission, he plans to finish his education at BYU.

Valedictorian - Gabriel Darnell

Valedictorian Gabriel Darnell is the son of Jacquelyn and Donald Darnell. He has received several academic awards including Trigonometry Student of the Year. Gabriel has also volunteered for Ocean Ridge Assisted Living as a part of a Senior mentorship program and still continues to volunteer, despite the program being over. He has also volun-

teered much of his time to the Oregon Coast Artisan & Trade Education Collective (OCATEC) non-profit. In addition, he has also dedicated much of his life to the martial arts, achieving the rank of Black belt in Taekwondo. After graduating, Gabriel plans to attend University of California-Davis in order to pursue a career in engineering.

Valedictorian - Kiri Goodson

Valedictorian Kiri Goodson is the daughter of Jason and Tanya Goodson, and the sister of Elijah Goodson. She was born and raised in Coos Bay and has spent her time in high school as the President of ZClub, the Marshfield Choir, and National Honor Society, as well as being Vice President of the Key Club. Outside of the classroom, Kiri had an internship where she assisted

in conducting original research in cognitive development, as well as shadowing multiple physicians in the Bay Area Hospital. When she's not studying, Kiri enjoys playing music and performs any opportunity she gets. Next year, Kiri plans to attend Princeton University in the fall and eventually go to medical school to become an Anesthesiologist.

Valedictorian - Jake Green

Valedictorian Jake Green was born in Alaska and moved to Allegany at age four with his parents Mick Green and Melissa Green. Jake's involvement in school activities includes the National Honor Society, Science National Honor Society, National Technical Honor Society, KMHS Radio Management, Marshfield Varsity Tennis, and the Outdoor Club. Jake received honors and awards for State Skills USA, Science, Spanish,

and CERT Certification, as well as completing over 30 hours of college credits through SOCC, and many hours of community volunteer service both in Allegany and Coos Bay. Jake's passion for adventure and travel prompted him to spend a semester of his junior year near Naples, Italy, attending an art school while living with a local host family. Jake has been accepted into University of Oregon's 5-year Bachelor of Architecture professional

degree program, with great plans to help build the future.

Valedictorian - Danner Wilson

Valedictorian Danner Wilson is the son of Richard and Mindie Wilson. He has been a member of National Honor Society, Science National Honor Society, the MHS Charity Program, co-president of the Outdoor Adventure Club, and attended Younglife. He has also participated in high school sports such as football for two years, basketball for

three years, and track and field for four years. Danner excelled in the pole vault, taking multiple podium finishes at large meets such as the Oregon Relays and the OSAA state championship meets. Next year Danner plans to attend Oregon State University to study Pre-Med in hope of becoming an emergency medicine physician.

Coos Bay Student Loan Fund

The Coos Bay Student Loan Fund (CBSLF) is an independent fund, which offers low-interest loans with deferred repayment to help students meet the cost of higher education. This revolving loan fund has offered loans to Coos Bay School District graduates for over 75 years.

The fund is administered by a board of local citizens.

For more information go to
<http://coosbaystudentloan.org> or
email us at cbstudentloan@gmail.com

Class of 2024

Powers High School - Class of 2024

The graduating class of 2024 at Powers High School consists of five very special, unique young people. They are all poised to enter the world beyond high school and begin the next chapter of their lives. Charles Shorb, the valedictorian of the class of 2024, will be attending Linfield University next fall and playing football for the Wildcats. He plans to pursue a Business Degree in Sports Management. Skylar Thompson, the class salutatorian, is planning to pursue her passion of livestock management at Chico State next fall. Skylar has been showing animals and winning numerous awards through her 4-H program for years. Bailey Krantz is planning to pursue education and training to continue her work with the US Forest Service. She has been working there in her school-to-work job shadow during her senior year. Harlee VanFossen is planning to jump into the work force as soon as she can, but is interested in pursuing technical skill training, like earning a welding certificate. Harlee is very good with her hands and a hard worker. Lola Hutton is planning to work this summer with the Powers Elementary Summer School program. She loves working with young kids and the outdoors and plans to help with the new greenhouse and gardening program that the school is starting. She is also hoping to pursue her interest in photography. The Powers High School class of 2024 is ready to successfully transition to the post-secondary world!

Matt Shorb - Superintendent

BAILEY KRANTZ
